Hi Gil,

Hope all is well! Dan forwarded me your email about the Wayfinding Signage in Hollywood and the Montalban. Though the Montalban is on the map, it isn't listed on directional signage. I have since been in talks with the sign fabricator and they can add the Montalban to the nearby signs. I will keep you posted on their efforts and let you know when it's been added.

Thank you and please feel free to contact me with any and all questions!

Hi Kerry,

I'm meeting BOE at Hollywood/Gower next Wednesday 4/25 at 12 PM to look at the benches. Can you join?

Thanks,

Dan Halden

I would have to give this some thought. It's not something that we can do ourselves, and we're trying to get out of the business of fundraising – which is how we've produced all our events to date, but our new CEO does not think that is a good use of our time. It is very challenging – I know that! Most of our events are produced for under $15,000 – some are even done on about $5000 or less. So I don't have experience fundraising on the level that you would need.

Andrew – so sorry to hear that this might not work out the way it was envisioned. I do hope you are able to move forward somehow.

If there's anything else I can do to help, please don't hesitate to ask.

Sincerely,

Devin

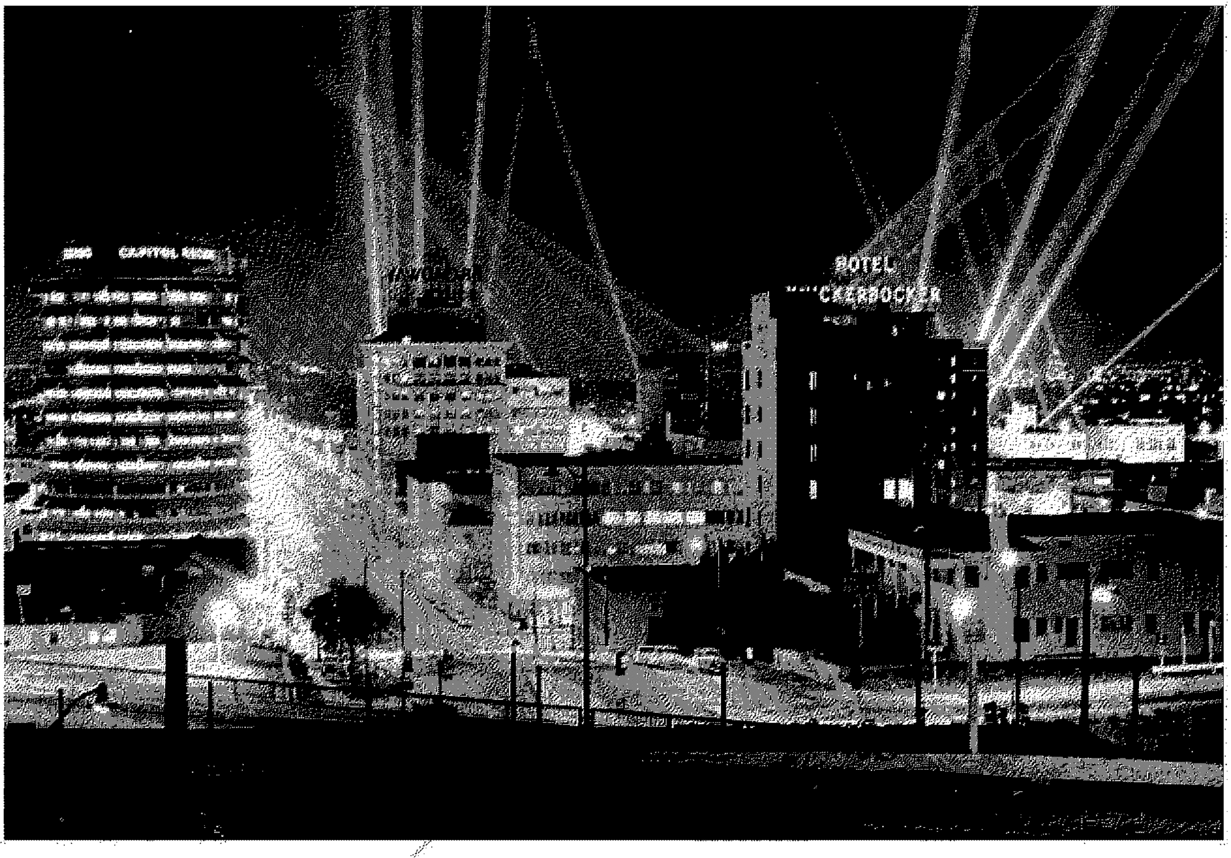
Hollywood Entertainment District
Lighting Master Plan



Request for Proposals
April 26, 2019

Section One: Summary

The Hollywood Property Owners Alliance (HPOA) is seeking to contract with an experienced lighting design company to develop a comprehensive lighting master plan for the Hollywood Entertainment District business improvement district (BID). Following a successful pilot program which introduced festoon lighting installed over the street along Cahuenga Ave. between Selma Ave. and Sunset Blvd., the BID in conjunction with local partners, government, and property owners are interested in developing a lighting master plan (PLAN) that captures the theatric allure of world-famous Hollywood, California, highlights its historic features, responds to Hollywood's various contexts and sub-district identities, and elevates the perception of safety within the BID.

Section Two: Submittal Instructions

A digital copy of your proposal should be submitted in PDF format by 5 p.m. May 24, 2019, and directed to:

Hollywood Property Owners Alliance
Kristopher Larson, President & CEO
kris@hollywoodbid.org

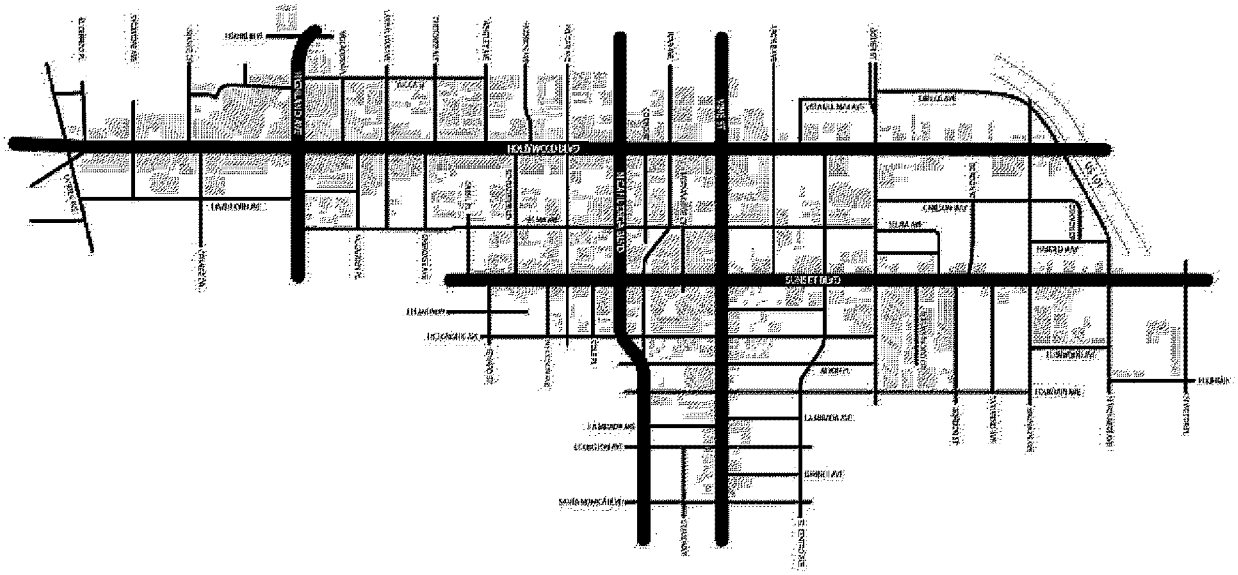
Qualified vendors are encouraged to send an email ASAP indicating their intent to submit a quote or proposal.

Faxed submittals are not acceptable. Late bids are not acceptable and will not be considered in this process.

Any questions regarding this Request for Proposals (RFP) should be emailed to Kristopher Larson at kris@hollywoodbid.org. Answers will be forwarded to all vendors whom sent an email indicating their intent to submit. Phone calls and other solicitation discouraged.

Proposals should include: Project understanding and approach, firm profile, portfolio of three (3) exemplary projects, proposed scope, cost, and vendor availability / timeline for completion. Brevity is encouraged.

Section Three: Area Description and Intent



The HPOA, a 501(c) 6 organization, is responsible for the administration of the BID. A map of the district is included above. Generally, the BID is bounded by La Brea to the west, Yucca to the north, US101 to the east, and Santa Monica to the south. As shown in the map above, those boundaries are not hard and fast as the BID is shaped more so as an inverted triangle rather than a rectangle. Any improvements proposed within the PLAN must be located within the BID.

The HPOA seeks proposals from qualified vendors to develop a lighting master plan that incorporates the vision and priorities of area stakeholders and uses lighting installations to advance placemaking, spotlight area buildings and features, enable positive, ambient experiences, and increase overall lighting to improve perception of public safety and deter crime within the BID. To that end, the HPOA is issuing this RFP with the intent that upon review of all submissions, a vendor will be selected to enter into negotiations, resulting in a contract for services with options to advance individual PLAN components in accordance to HPOA's desired implementation timeline.

Section 4: Scope of Services

The Scope of Services shall include:

A. Evaluation

1. Vendor will become familiar with current conditions of the site and surrounding areas. This will be best achieved by the Vendor visiting the project areas by day and by night to evaluate the streetscape, adjacent building facades and people/usages.

2. Vendor will create a photo documentation of the site area by day and by night.

3. Vendor to document the existing street lighting on each street and block to identify inconsistencies.

4. Vendor to document streetlight light levels and types of lighting currently installed.

5. Vendor will identify and review the latest City requirements and lighting-related documents.

6. Vendor will identify buildings with façade lighting potentially eligible for LED lighting improvements / upgrades through programs available from LADWP.

7. Vendor will engage with stakeholders within 3 special focus areas to develop and understanding of area opportunities, challenges, and history. HPOA shall select special focus areas and coordinate stakeholder engagement efforts.

B. Master Plan Development

1. Based on the site analysis evaluation, Vendor will develop a lighting existing conditions report on a street by street basis for those streets located within the BID.

2. The analysis will include streetlighting, façade lighting opportunities, building signage lighting including building surface LED signs, up-lighted signage, roof lighting, digital billboards, klieg lights, illuminated pylons, and parking lot lighting.

3. Vendor will create a Good Neighbor report with guidelines and general recommendations (possibly to be circulated to adjacent building owners).

4. Vendor will develop a PLAN that includes recommendations and for improvements from existing conditions plus 3 special focus areas which include

area renderings following proposed lighting improvements. Special focus area recommendations shall also include initial feasibility analysis and implementation cost estimates. PLAN shall also include conceptual lighting design, renderings, and budget options for three (3) historic facades located within the BID. HPOA will select the three facades.

5. Vendor will review the Master Plan report with the Client.

6. Vendor will provide a final report revision to adjust to ensure proper integration and coordination.

7. Vendor to attend up to three (3) conference calls/GoToMeetings and five (5) in-person coordination meetings.

Section Five: Evaluation, Budget and Selection Process

Each proposal shall be evaluated based upon all information submitted. **The overall cost of providing lighting design consulting services is one element in the evaluation process. However, *cost will not be the only factor* used to evaluate proposals and select a vendor.**

The budget for the proposed lighting master plan development services is $50,000.

An ad-hoc selection committee (Committee), and ultimately the Board of Directors for the HPOA, will hire a vendor who understands the mission of the BID, the objectives of the program as described herein, and has designed an approach that addresses the unique characteristics and challenges associated with enhancing the Hollywood experience through lighting in the public right-of-way. Additionally, the Committee is interested in exploring innovative approaches to lighting in the BID.

Selection Process / Timeline

The Committee will be established to review and evaluate all proposals submitted in response to this RFP. The Committee will be comprised of individuals representing property owners, partners, government agencies, and others.

The Committee members will evaluate the proposals according to:

- Company experience and expertise in developing lighting plans for public and iconic places,
- Demonstrated ability through comparable project success,
- Proposed scope / project approach,
- Proposed budget, and

- Vendor availability for completing the PLAN in a timely fashion.

If needed, the Committee will invite a maximum of three companies to meet in a face-to-face interview. The Committee, as a result of the evaluation, interviews and subsequent reference checks, will then recommend a vendor for consideration by the HPOA Board of Directors. It is currently anticipated that the HPOA Board of Directors will consider the Committee's recommendation in June, 2019. It is desired that the PLAN development, including final deliverables, be completed before the end of 2019.

Agenda
Hollywood Entertainment District
Ad hoc H.E.A.R.T. of Hollywood Committee
Tuesday, March 19, 2019
10:00 a.m. to 11:00 a.m.
LOCATION: 6501 Fountain Ave.

Committee Members: Leslie Blumberg, David Gajda, Michael Gargano, Evan Kaizer, Chad Lewis, Larry Wilkes, Tony Zimbardi

Advisory Members: Officer Ben Thompson, Hollywood Chamber of Commerce, Hollywood Heritage

All,
Friendly reminder regarding upcoming deadlines for CPRA requests:

DUE TOMORROW, WEDNESDAY, MARCH 23RD
(This means I need it BEFORE tomorrow, with the proper redactions, etc. -- Call me if you have any questions about this.)

-All communications between CD13 and anyone at Central City Association (CCA) between January 1, 2015 and February 29, 2016

DUE NEXT THURSDAY, MARCH 31ST
(This means I need it BEFORE this day, with the proper redactions, etc. -- Call me if you have any questions about this.)

-All communications between CD13 and anyone at Veronica Perez & Associates OR anyone at the domain veronicaperez.com between July 1, 2013 and January 21, 2016

-All communications to/from Marie Rumsey about CF 13-1493 or sidewalk vending generally, ***including emails with YOU as a CC***. Emails about this topic(s) that do NOT involve Marie are ***NOT*** responsive. But anything you have that is to/from Marie WOULD be responsive.

Please let me know if you have any questions. Please be sure to take the initiative from your end to make sure we comply with the deadlines. And **THANK YOU** to everyone who has already responded. :)

All,
Friendly reminder regarding upcoming deadlines for CPRA requests:

DUE TOMORROW, WEDNESDAY, MARCH 23RD
(This means I need it BEFORE tomorrow, with the proper redactions, etc. -- Call me if you have any questions about this.)

-All communications between CD13 and anyone at Central City Association (CCA) between January 1, 2015 and February 29, 2016

DUE NEXT THURSDAY, MARCH 31ST

(This means I need it __BEFORE__ this day, with the proper redactions, etc. -- Call me if you have any questions about this.)

-All communications between CD13 and anyone at Veronica Perez & Associates OR anyone at the domain veronicaperez.com between July 1, 2013 and January 21, 2016

-All communications to/from Marie Rumsey about CF 13-1493 or sidewalk vending generally, ***including emails with YOU as a CC***. Emails about this topic(s) that do NOT involve Marie are ***NOT*** responsive. But anything you have that is to/from Marie WOULD be responsive.

Please let me know if you have any questions. Please be sure to take the initiative from your end to make sure we comply with the deadlines. And **__THANK YOU__** to everyone who has already responded. :)

I can swing by at like 11:30 to grab your CPRA docs if someone can meet me on Main underneath the bridge, and if the docs are redacted where necessary. Let me know if that will work for you guys and I will make it work from my end. (Remember, it's just the CCA emails I need today so if Veronica Perez is not done thats OK, that's due next week)

Subject: Saturday Work Sites

Adrian,

1. Councilmember O'Farrell has requested that you make your first stop at the Silver Lake Blvd underpass on Saturday morning, before you proceed to Hollywood for the rest of your work day. There is at least one shopping cart full of litter on the east side of the street.

Saturday: Field Deputy Dan Halden: Hollywood

2. East side of Vine St from Eleanor Ave to Santa Monica blvd: Remove weeds, litter and debris from sidewalk and gutter.

3. N Cherokee Ave from the entire front of the U.s. Post Office at 1425 N. Cherokee Ave to Sunset Blvd: Remove all litter and debris from sidewalk and gutters.

4. Sunset Blvd from Highland Ave to Seward St: Please remove all litter and debris from sidewalk and gutters.

I'LL BE AROUND IN HOLLYWOOD ON SATURDAY, SO CALL ME IF YOU NEED ANYTHING.

Thank you!

Dear Mr. Riskin,
The documents you have requested as part of your CPRA request have been compiled and are available for pickup.

There is a $0.10-per-page fee. Your request totaled 317 pages, so when you come to pick up the documents please bring a check for $31.70 made payable to the City of Los Angeles.

You can come pick up the documents at our City Hall office:

200 N. Spring Street, Room 450
Los Angeles, CA 90012

You can arrange parking, if necessary, through my colleague William Ayala, who is CCed here.

Best Regards,

Dan Halden

Hi Adrian,
In response to your request, I am including the email addresses for the requesters, below. I also located another CPRA from January 2015 that we mistakenly did not include in the earlier. I have **highlighted** that request below.

01/09/2015 - John E. Marose; Correspondence, records, etc. from CD13 related to Cosmo Lofts/Airbnb
Contact: jay@iprthingsgood.com

01/27/2015 - Emily Alpert; Correspondence between CD13 and representatives or lobbyists for Live Nation, representatives or lobbyists for Nederlander, and representatives or lobbyists for AEG from 10/01/2014 - present
Contact: emily.alpert@latimes.com

02/16/2015 - Robert Silverstein; Documents related to Millennium Hollywood Project
Contact: robert@robertsilversteinlaw.com, lillian@robertsilversteinlaw.com

03/05/2015 - Robert Silverstein; Documents related to Allesandro Riverfront Creative Campus located at or near 2960-2990 Allesandro Street between 01/01/2011 - present
Contact: robert@robertsilversteinlaw.com, lillian@robertsilversteinlaw.com

04/30/2015 - Peter Jamison; All documents and communications received, sent, created or maintained by CD13 between 08/01/2013 and 04/30/2015 related to the revision of the flood plain map of the Los Angeles River; the addition of any parcels in the cities of Los Angeles, Burbank or Glendale to a Special Flood Hazard Area as defined by the Federal Emergency Management Agency; or the possibility of changes in flood insurance rates for properties in the cities of Los Angeles, Burbank or Glendale. These documents and communications include but are not limited to maps, illustrations, graphics, PowerPoint presentations, memoranda, emails, text messages, spreadsheets, databases, letters and notes of meeting or phone conversations.
Contact: peter.jamison@latimes.com

05/27/2015 - Jack Humphreville; Communications between all City Council members and their staff, as well as Mayor, Chief Legislative Analyst, City Administrative Officer and City Attorney, and the L.A. County Federation of Labor, L.A. Alliance for a New Economy, and the Raise the Wage Coalition related to minimum wage proposals before the City of Los Angeles from the Labor Day 2014 announcement of Mayor Garcetti's proposal to the present.
Contact: jackh@targetmediapartners.com

07/01/2015 - David Lawrence Bell; Documents related to an affordable housing project ("Coronel Apartments Project") by the Hollywood Community Housing Corp.
Contact: dlawrencebell@gmail.com

07/06/2015 - Anna M. Barvir; Documents related to Council File 14-1553 (Proper Storage of Firearms)
Contact: abarvir@michellawyers.com

09/18/2015 - Robert Silverstein; Documents related to the Sunset Gordon project in Hollywood regarding various entitlement approvals, short-term rentals/unpermitted uses, park, and anything related to litigation
Contact: robert@robertsilversteinlaw.com, jennifer@robertsilversteinlaw.com

09/28/2015 - Emily Alpert; Documents related to Orly Maciborski, Leeor Maciborski, Richard Maciborski and CD13 from 07/01/2013 - present
Contact: emily.alpert@latimes.com

12/04/2015 - Trey Harrison; Documents related to complaints regarding homeless encampment located at Sunset and Silver Lake between 01/01/2015 - 11/30/2015
Contact: trey@treyharrison.com

12/10/2015 - Gary Scott; List of all public records requests made to CD13 in the past six months (6/10/2015 - 12/10/2015)
gary.scott@kcrw.org

I do not have exact dates for the following but were responded to:

09/2015 - Robert Silverstein; Documents related to the Target on Sunset & Western in East Hollywood

09/2015 - gwade@milsteinadelman.com; Documents related to Antwon Jones v. City of Los Angeles.

Dear Dan,

There is absolutely no rush whatsoever. Please take as long as you'd like, and I hope you feel better.

When you do check with the City Attorney, I'm guessing they'll assert the public interest exemption to justify redacting some email addresses. If they do, can you mention that I'm interested in contacting these people about potential legislation regarding access to public records in the city of LA, and that therefore there is some public interest in releasing the names. My feeling is that they won't buy that argument, so maybe you can also ask them if, as a compromise between the competing interests, if it'd be reasonable for you to forward a message from me to them which would include my email so they could get in touch with me if they so desired? It's just a thought.

Thanks again for your patience and help,

Adrian

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to inspect (or have copies of) all records pertaining to any plans for CD13 to fund (or not to fund) extended BID Patrol hours in the Hollywood Entertainment District BID from between February 19 and March 8. If it would be easier you could skip the letter I sent to your boss, as I already have a copy of that.

Thanks,

Adrian

Subject: Fwd: CPRA request

This is a CPRA I received in Dec from KCRW for all requests received 6 mths prior... it includes Adrian Riskin's older requests.

I have more to add, but thought this list could be helpful.

How should I get them to you?

Hi Gary:

The following are the public record requests our office received in the last 6 months:

07/01/2015 - David Lawrence Bell; Documents related to an affordable housing project ("Coronel Apartments Project") by the Hollywood Community Housing Corp.
07/05/2015 - Adrian Riskin; Documents related to CD13 staff, the Hollywood Property Owners Alliance and a lease of Cherokee retail space
07/06/2015 - Anna M. Barvir; Documents related to Council File 14-1553 (Proper Storage of Firearms).
09/02/2015 - Adrian Riskin; Documents related to the conversion of Selma Park in to a childrens only park.
09/18/2015 - Robert Silverstein; Documents related to the Sunset Gordon project in Hollywood regarding various entitlement approvals, short-term rentals/unpermitted uses, park, and anything related to litigation
09/28/2015 - Emily Alpert; Documents related to Orly Maciborski, Leeor Maciborski, Richard Maciborski and CD13 from 07/01/2013 - present.
10/05/2015 - Adrian Riskin; Documents related to CD13 emails and various Hollywood organizations (Hollywood Chamber, Hollywood Property Owners Alliance, Hollywood Media District BID, East Hollywood BID, Andrews International, UniversalPro) between 1/31/2015 - 10/5/2015.
10/8/2015 - Adrian Riskin; Documents related to CD13 and the subject of nightclubs in Hollywood.
11/24/2015 - Adrian Riskin; Documents/question - why do City employees usually begin emails with "Good morning, Mr. X" and "Good afternoon, Mrs. X" etc.
12/04/2015 - Trey Harrison; Documents related to complaints regarding homeless encampment located at Sunset and Silver Lake between 01/01/2015 - 11/30/2015.
12/07/2015 - Adrian Riskin; Documents/information related to Marie Rumsey's classification when she left CD13 in Dec 2014.
12/23/2015 - Adrian Riskin; Documents related to CD13 emails and various Hollywood organizations between 10/6/2015 - 12/31/2015.
12/23/2015 - Adrian Riskin; Documents related to the Hollywood Street Closure Committee - guidelines, membership, decisions made in 2015.
12/23/2015 - Adrian Riskin; Documents related to CD13 emails and Fox News in 2015.

I do not have exact dates for the following but were responded to:

09/2015 - Robert Silverstein; Documents related to the Target on Sunset & Western in East Hollywood.
09/2015 - gwade@milsteinadelman.com; Documents related to Antwon Jones v. City of Los Angeles.

Please let me know if you have any questions.

Thank you and happy new year!

Jeanne,

On behalf of KCRW radio, I would like to request a list of all public records requests made to your office in the past 6 months.

All we are asking for is the name of the person requesting documents and a basic description of what documents were requested.

Let me know if there is more information needed.

A digital response (via email) is acceptable.

Thank you,
Gary Scott

Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to emails involving CD13 and Central City Association, including emails to and from the domain ccala.org.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before **March 23, 2016.**

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Jeanne, Dave and Marisol:
Please see below from Adrian Riskin. I need to know if there is **ANYTHING ELSE** regarding the meeting MOF had w/ Bill Farrar a few weeks ago. Any emails regarding setting it up, etc. Please send to me ASAP.

We have sent him the BID's proposal regarding increasing Security, but we need to make sure there are no emails on the topic either. As far as I know there are not, but please let me know ASAP if there is anything pertaining to this meeting.

Thanks,

To: Dan Halden <daniel.halden@lacity.org>

Thank you, Dan. That's very helpful. Are there no emails or other records concerning this? I believe that Bill Farrar and John Tronson met with your boss to discuss this plan. Perhaps there's stuff related to that meeting?

Let me know, and thanks again for your help,

Adrian

Dear Adrian,

This letter is in response to your three requests made on December 23, 2015, seeking records pertaining to A) emails between CD13 and various domains; B) records related to the Hollywood Street Closure Committee; and C) emails between CD13 and Fox News. This request is pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request(s), as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request(s).

We expect to make a determination concerning your request(s) on or before January 15, 2016.

If you have any questions, please feel free to reach me at (213) 207-3015. I hope you are enjoying the holiday season.

Best Regards,

FYI – REQUESTS FROM 12/23/15

A
I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, or ehbid.org from between October 6, 2015 and December 31, 2015.

B)
I'd like to inspect sufficiently many records to help me understand how the Hollywood Street Closure Committee works. Maybe there's a charge, a mission statement, guidelines on whom the membership comprises, and so on. I just want to know who gets to be on it and what they're supposed to be doing. I'd also like to see the agendas and minutes, meeting notes, or whatever records are kept of the proceedings for 2015.

Also, I know that Eric Garcetti ran this as an advisory committee, which weighed in on major closures before he took a position. Perhaps CM O'Farrell does the same? Anyway, I'd also like records that will allow me to determine for all of 2015 first, what position the Hollywood Street Closure Committee took on each street closure it considered and second, what position the CM took in whatever forum it is that CMs take official positions on street closures. I realize that it's possible that at least part of this request will be covered by the agendas and minutes or meeting notes, if there are any.

C)
I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at Fox News in 2015. I have no idea what the scope of this request might be. If it's outrageously huge, I don't know, more than 1000 pages, let me know and I'll limit it appropriately.

Subject: Re: Public Records Act request (CD13.2016.01.21) - Marie Rumsey &sidewalk/street/park vending & CF 13-1493

Anything that is to/from Marie about CF 13-1493 or sidewalk vending generally, including emails with you as a CC, would be responsive. But emails that are NOT involving Marie would not be responsive. Per the City Attorney.
Basically: if Marie's included in the email chain, and it's about this topic, it qualifies.

Subject: Public Records Act request (CD13.2016.01.21)
To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to inspect all CD13 records related to both Marie Rumsey and Council File 13-1493 or anything else to do with sidewalk/street/park vending. These might include emails sent or received by her on the subject, memos, letters, analyses, etc., prepared or used by her which relate to this issue, and so on.

Thanks for your time and assistance,

Adrian

Subject: Public Records Act request (CD13.2016.02.18)

Dear Dan,

I'd like to inspect all records relating to the CM's plan to fund HPOA's night-time deployment of Andrews International security guards in the Hollywood Entertainment District. This request is meant to encompass but not be limited to emails discussing this plan, other types of correspondence, memos, minutes of meetings, phone records, policy statements, and so on, to or from CM O'Farrell, or any CD13 staff, or anyone at the HPOA, the LAPD, the City Attorney's office, the City Clerk's office, and anyone else who might be involved in this discussion.

I understand that discussion of this subject is ongoing, and that this request is of necessity limited to records through today. I'd like to request further records at some agreeable interval, so if you could suggest one I won't have to bother you with, e.g., weekly requests if biweekly would do, or if it's possible just to have a tacit understanding that I'm making a request every so often. I'm willing to do whatever you suggest to maximize your convenience in this regard.

Thanks so much for all your help,

Adrian

Government Code section 6253(c). Unusual circumstances exist because of

the

need to search for, collect, and appropriately examine a voluminous

amount

of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before

February 14, 2016.

If you have any questions, you may reach me at (213) 207-3015. We greatly

appreciate your courtesy and cooperation in this matter.

Very truly yours,

Team,

Friendly reminder that the CPRA Request is due this upcoming Monday. I can take charge of compiling the various documents, but please don't leave everything for Monday. If you haven't already done so, please give me any pertinent documents by the end of the day tomorrow, Friday 2/20. :)

To refresh, here's what we need:

*a) copies of all emails concerning council file **13-1493** sent or received by anyone in the CD13 office to or from anyone at the domains hollywoodbid.org, mediadistrict.org, or ehbid.org*

*b) copies of all emails on any subject whatsoever sent or received by anyone in the CD13 office to or from anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, or ehbid.org **between December 1, 2014 and January 30, 2015***

Please disregard if this does not apply to you, or if you have already given me the documents.

Thank You!!

> Thanks!

Dear Dan,

I'd like to inspect all CD13 records related to both Marie Rumsey and Council File 13-1493 or anything else to do with sidewalk/street/park vending. These might include emails sent or received by her on the subject, memos, letters, analyses, etc., prepared or used by her which relate to this issue, and so on.

Thanks for your time and assistance,

Adrian

Please see below. We need to provide all records that we still have related to Marie and CF 13-1493 **or anything else to do with sidewalk/street/park/vending.** Though Marie is no longer with our office, please go through your emails and files and check to see if you were CCed (or CCed her) or ANY correspondence related to this subject. If you have it, it needs to be included as part of this request.

We are going to give the requester a hard deadline of **MARCH 31, 2016.** We **MUST** respond to him by this date.

Please let me know if you have any questions.

Dear Dan,

I'd like to inspect all correspondence, digital or analog, received from
or sent to anyone at Veronica Perez & Associates or anyone at the domain

veronicaperez.com by anyone at CD13 between July 1, 2013 and January 21, 2015. If there are inordinately many records responsive to this request, please let me know and I'll find a way to limit it.

Thanks again,

Adrian

Jeanne, et. al.:
Again, we have another pending CPRA request that I've spoken to some of you about. Again, leg team - please take note in particular.

Please see below. We need to provide all records that we still have related to Marie and CF 13-1493 **or anything else to do with sidewalk/street/park/vending.** Though Marie is no longer with our office, please go through your emails and files and check to see if you were CCed (or CCed her) or ANY correspondence related to this subject. If you have it, it needs to be included as part of this request.

We are going to give the requester a hard deadline of **MARCH 31, 2016.** We **MUST** respond to him by this date.

Please let me know if you have any questions.

Subject: Appeal of hotel conversion for 1850 N. Cherokee- ENV-2015-2684-MND/ZA-2015-2683 (CU) (ZV) (ZAA)

Hi Chris,

I believe that the last time this matter came up was when I saw you at the meeting regarding the folks at Yucca/Argyle and we agreed to have a sit-down meeting in the future to properly discuss the issues involved with Cherokee since they fit into a much broader citywide discussion-one that is part of Councilmember O'Farrell's stated housing platform and his commitment to preventing displacement, which you mentioned in a previous email. Having not had the opportunity to discuss the matter, how would the Councilmember be prepared to take or not take a position on this issue?

The conversion of RSO housing to hotels is a matter that is of particular sensitivity to me. But please understand that the work that I am doing here is with community and constituent support. It is uncompensated and in the matter of public interest and on behalf of a group of people who were bullied by a Landlord and slipped through the cracks, while everyone believes them to have been properly protected by the requirements under Ellis Act law. I have promised to help and be an advocate for them and I keep my promises.

The HHWNC approved this project by one vote, indicating that this was a contentious topic and had the NC split down the middle. They did so with the condition that the matter of the relocation waivers would be investigated. I understand that you asked HCID about their legitimacy, but this is the office that originally approved them so it is not surprising for them to continue to validate them. I asked for a meeting with you in order to provide you evidence of the contrary but so far that request has not been granted.

If the city's stance is that those relocation waivers are valid, then we must work together to close the loophole that allows for someone to be evicted from their home with no relocation assistance 5-10 years after they were asked to sign a waiver under the guise of a project that never ends up moving forward. These people were left to fend for themselves in a rental market that had vastly changed from the time they took occupancy. No one can foresee that far ahead that they will be priced out of their neighborhood and even city. Relocation assistance is largely the only mitigation measure provided to protect affected tenants and should not be subject to waiver. At the very least, Councilmember O'Farrell has the power to help right this wrong.

I hope that you will reconsider having a sit-down meeting as tomorrow is the last day that I would be available, prior to the APC appeal on Feb. 23.

Respectfully,
Sylvie Shain

Subject: Re: 1850 N. Cherokee CUP- ENV-2015-2684-MND/ ZA-2015-2683 (CU) (ZV) (ZAA)

Hi Sylvie,

According to Anna Ortega, HCID's Director - Rent Stabilization Division: "the waivers were valid at the time of the Ellis filing in May 2013. Although it's an interesting question, the Ellis removal, relocation determinations & waivers were correct and in compliance with the RSO based on the known facts at the time. The Ellis process was completed about September 2013, and the units are now withdrawn from the rental market. The subdivision exception applied at the time of the evictions."

I am sorry if this is not the response that you were hoping for, however, this definitely raises an important issue and we will look at opportunities to address this as we revisit the RSO because, as you know, the Councilman is strongly committed to addressing housing displacement and increasing the City's affordable housing supply.

Hi Chris,

Please let me know is there are any updates and when I can schedule to meet with you regarding Cherokee. Can you confirm whether the ZA is waiting to hear from you before closing the record?

I had a lunch meeting with an attorney this weekend and I brought up the waivers. In addition to what I said with regards to the inapplicability of the waivers for the current plan (CUP hotel conversion) that is being proposed, this attorney informed me of a case regarding a relocation waiver that was deemed invalid because it was presented at the same time as the lease was signed...a situation identical to this one. According to the ruling, LAMC 151.09, under subsection G regarding exceptions requires that written notice be given PRIOR to entering into an agreement, and that a waiver that was an addendum to the lease would not meet that requirement, as it was deemed not have been given PRIOR.

Also, we discussed the issue regarding use of the Ellis Act to hotel conversions. I'd like to have further discussion with you on this matter. The city is abetting the circumvention of Ellis re-rental provisions by allowing hotel use. The city may have to adopt a resolution to restrict this use in the future.

Best,
Sylvie

Hi Chris,

I tried give you as much info as possible in one of my previous emails. I think it would be far more effective if we could have a sit-down and suss this out, as I have spent a great deal of time on this and it would be easier to go over things in person. There really are a number of issues here: the waivers and also conforming to Ellis re-rental provisions in a hotel use, something that I think was a bit too technical for the NC to fully grasp

Something that I had hoped to do but had not yet was to do a public records request from HCIDLA to get copies of all the Ellis-related paperwork that was filed. Is that something you could do and get a quicker response coming from the Councilman's office?
That would help in this investigation.

I will likely be at City Hall tomorrow afternoon and Wednesday morning...would you have time either of those days?

Thank you,
Sylvie

Hi Chris,

It would be fine to set up a meeting for us to talk more about it next week, however, the sense of urgency lies in the fact the administrative record for this case, as I understand it is set to close at the end of the day tomorrow and the current request is for it to remain open.

The HHWNC board was split on this project, due to a number of the complexities that I outlined in my email and they ended up voting to approve it by one vote (although there was no formal roll-call and there are now questions as to whether the vote was properly tabulated, which would have made it a tie.

Regardless, the approval came with a motion to request for Councilman O'Farrell to request for the administrative record to remain open, pending a formal investigation into some of the issues raised. One of the owner's reps had expressed concerns for the project ending up in a appeals process, which is more likely if the record is closed without further review.

I've cced Dan Halden, with whom I spoke briefly last night. Cyd, the HHWNC VP has also said he'd reach out to Dan.

I look forward to hearing from either of you on this matter.

Thank you,
Sylvie

On Wed, Nov 18, 2015 at 4:47 PM, Shain Sylvie <spacestashain@yahoo.com> wrote:

Hi Chris,

I left you a voicemail message earlier today. I was hoping to talk to you as soon as possible regarding 1850 N. Cherokee and the CUP application to convert it to a hotel. I know that you expressed that the Councilman has not taken a position on it. The HHWNC will be voting on it tonight and many of the board members have expressed concern that if they do not approve this project (although it represents pretty terrible public policy for reasons I will explain below) that the building will be torn down for a condo project that had been approved in 2009. I do not believe that the condo plan is a viable option, but as an active preservationist, I understand and support the desire for the original Hollywood Regency style building to be preserved. I just believe that it should be to provide housing and that it sets a terrible precedent to pit preservation against public policy. I am also concerned about the manner in which the tenants were evicted, with more than half not receiving relocation benefits, as they were made to sign waivers (attached) and I would like there to be an investigation into the matter, before the record is closed and approvals are given. It is in the public interest to do so.

Would the councilman's office request for the administrative record to be kept open, pending further investigations into the non-payment of relocation and other matters? And could a stay on the issuance of demo permits (which would allay the NC's concerns on the loss of a historic structure) be granted during that time? Is an ICM to stop the demo of RSO units for condo projects possible, given the currently high occupancy rates.

The owner's rep has expressed concerns over the matter going into an appeals process but if these issues are not properly addressed with a formal investigation, it very likely may.

This reason this conversion is such a contentious issue is this one project touches on a wide array of the problems that the city at large is facing, such as: lack of affordable housing, homelessness, veteran homelessness, mass eviction, the Ellis Act, and preservation.

The current project proposal which seeks to take 18 RSO units and convert them to commercial hotel use, justifying doing so by the fact the units were removed from rental housing through the Ellis Act. This obviously is one of the reasons Ellis is being used so indiscriminately as these types of conversions incentivize the use of Ellis. There is a regulatory issue created by the use of an Ellised property to hotel use that HCIDLA is currently considering in their proposals on regulation of Ellis. A short-term "hotel" occupant becomes a "tenant" if they remain 30 days or more. Long-terms stays are a trend that have been identified by the hotel industry, and this would lead to circumvention of Ellis law by essentially creating tenancies at a de-regulated amount in lieu of the original, displaced tenants.

The loss of 1850 Cherokee represents yet another reduction of the rent-stabilized housing stock, which accounts for a substantial amount of the "affordable" housing that is available to low and especially middle-income residents. A vietnam vet was displaced from there and is now currently living in Victorville, away from his kids. Another tenant has been unable to secure permanent housing since he was displaced in 2013, and has been, for periods of time now, homeless. Other folks had to leave Los Angeles or move to neighborhoods that they describe as "unsafe".

What makes this project particularly egregious is the fact that more than half the tenants (anyone who signed lease agreements after 2008) were asked to sign waivers of relocation benefits, which is allowed under an exception in the municipal code LAMC 151.09 G.4.b if:

The tenant received actual written notice, prior to entering into a written or oral tenancy agreement, that an application to subdivide the property for ***condominium, stock cooperative or community apartment*** *purposes was on file with the City or had already been approved, whichever the case may be, and that the existing building would be demolished or relocated in connection with the proposed new subdivision, and the termination of tenancy is based on the grounds set forth in Subdivision 10. of Subsection A. of this section*

The project being proposed here to convert to a hotel, would not have met the criteria to qualify for this waiver. In this regard, impact to the displaced residents was not properly mitigated.

There has been a significant amount of opposition to this project, as concerns for the cumulative impacts to the street it is on, which is surrounded by mostly RSO-buildings, as this could pave the way for more hotel conversions, further reducing housing units when we so desperately need them. This is just terrible policy. The fact that the city's CEQA thresh-hold for impact to housing in requiring an EIR is only triggered for a building of 25 or more units, when that identifies barely 30% of our rental housing means that, according to the city of LA, the loss of 70% of our rental units would have no impact. A project like this needs an EIR to fully understand the total impact it will have because it WILL lead to more hotel conversions, at the same time that we have 2000+ new hotel units becoming available in central Hollywood in the next 2 years. A new hotel project down the street on Hollywood and Cherokee, was just announced. With 2 hotels that will essentially be book-ending this street, how can we not consider that we will lose more buildings on this street alone to conversion? The Alexa Artiste building on Cherokee has been operating one of the more well-publicized illegal airbnb operations...they might just decide to convert to a hotel legally.

I am attaching a copy of the petition with 80 signatures collected in a just few hours yesterday by mostly folks who live around the that area.

Please let me know what actions can be taken on this issue and call me if you have more questions.

I really hope that in the larger scope this conversation can lead to the crafting of a sound housing policy for Hollywood and LA- in both the short and long-term that Councilman O'Farrell will support.

Respectfully,
Sylvie Shain

Subject: Re: Public Records Act request (CD13.2016.02.04)

Dear Adrian,
Pursuant to your request, the following are the public record requests our office received in 2015 (other than yours). Please clarify if this is what you were looking for and/or let me know if you have any questions.

01/27/2015 - Emily Alpert; Correspondence between CD13 and representatives or lobbyists for Live Nation, representatives or lobbyists for Nederlander, and representatives or lobbyists for AEG from 10/01/2014 - present

02/16/2015 - Robert Silverstein; Documents related to Millennium Hollywood Project

03/05/2015 - Robert Silverstein; Documents related to Allesandro Riverfront Creative Campus located at or near 2960-2990 Allesandro Street between 01/01/2011 - present

04/30/2015 - Peter Jamison; All documents and communications received, sent, created or maintained by CD13 between 08/01/2013 and 04/30/2015 related to the revision of the flood plain map of the Los Angeles River; the addition of any parcels in the cities of Los Angeles, Burbank or Glendale to a Special Flood Hazard Area as defined by the Federal Emergency Management Agency; or the possibility of changes in flood insurance rates for properties in the cities of Los Angeles, Burbank or Glendale. These documents and communications include but are not limited to maps, illustrations, graphics, PowerPoint presentations, memoranda, emails, text messages, spreadsheets, databases, letters and notes of meeting or phone conversations.

05/27/2015 - Jack Humphreville; Communications between all City Council members and their staff, as well as Mayor, Chief Legislative Analyst, City Administrative Officer and City Attorney, and the L.A. County Federation of Labor, L.A. Alliance for a New Economy, and the Raise the Wage Coalition related to minimum wage proposals before the City of Los Angeles from the Labor Day 2014 announcement of Mayor Garcetti's proposal to the present.

07/01/2015 - David Lawrence Bell; Documents related to an affordable housing project ("Coronel Apartments Project") by the Hollywood Community Housing Corp.

07/06/2015 - Anna M. Barvir; Documents related to Council File 14-1553 (Proper Storage of Firearms)

09/18/2015 - Robert Silverstein; Documents related to the Sunset Gordon project in Hollywood regarding various entitlement approvals, short-term rentals/unpermitted uses, park, and anything related to litigation

09/28/2015 - Emily Alpert; Documents related to Orly Maciborski, Leeor Maciborski, Richard Maciborski and CD13 from 07/01/2013 - present

12/04/2015 - Trey Harrison; Documents related to complaints regarding homeless encampment located at Sunset and Silver Lake between 01/01/2015 - 11/30/2015

12/10/2015 - Gary Scott; List of all public records requests made to CD13 in the past six months (6/10/2015 - 12/10/2015)

I do not have exact dates for the following but were responded to:

09/2015 - Robert Silverstein; Documents related to the Target on Sunset & Western in East Hollywood

09/2015 - gwade@milsteinadelman.com; Documents related to Antwon Jones v. City of Los Angeles.

Sincerely,

That would be calendar appointments, phone message logs, handwritten meeting notes, etc. Records like that. If none exist, then you say you have no responsive records.

Hi Mike-
Adrian asked for a request today, including:

This request is for any records related to these meetings or any subsequent discussions with Lisa Schecter that are not emails.

What would that include, exactly? What is "on limits?" How can I include discussions that are not part of an email?

Thanks,

Dear Dan,

I read today in the minutes of the Hollywood Media District BID that last November-ish you had a meeting with Laurie Goldman and Lisa Schecter of that BID, with a follow-up with Lisa Schecter planned. I'm assuming that you'll provide me with any emails related to these meetings as part of an already pending request. This request is for any records related to these meetings or any subsequent discussions with Lisa Schecter that are not emails.

Thanks,

Adrian

From the HMD BID minutes of November 19, 2015:

Goldman stated that she and Schechter met with Council District 13's representative, Dan Halden, to discuss on going issues in the BID District. Goldman spoke
about the possibility of increases the BID's boundaries to the east side of Vine from Santa
Monica to Melrose. Councilmember O'Farrell is very interested in this expansion of the BID.
Goldman indicated that the first step is to have CM O'Farrell introduce a Resolution to

increase the BID's boundaries on Vine. Schechter will follow up with O'Farrell staff on this matter and process.

Hi Gary:

The following are the public record requests our office received in the last 6 months:

07/01/2015 - David Lawrence Bell; Documents related to an affordable housing project ("Coronel Apartments Project") by the Hollywood Community Housing Corp.
07/05/2015 - Adrian Riskin; Documents related to CD13 staff, the Hollywood Property Owners Alliance and a lease of Cherokee retail space
07/06/2015 - Anna M. Barvir; Documents related to Council File 14-1553 (Proper Storage of Firearms).
09/02/2015 - Adrian Riskin; Documents related to the conversion of Selma Park in to a childrens only park.
09/18/2015 - Robert Silverstein; Documents related to the Sunset Gordon project in Hollywood regarding various entitlement approvals, short-term rentals/unpermitted uses, park, and anything related to litigation
09/28/2015 - Emily Alpert; Documents related to Orly Maciborski, Leeor Maciborski, Richard Maciborski and CD13 from 07/01/2013 - present.
10/05/2015 - Adrian Riskin; Documents related to CD13 emails and various Hollywood organizations (Hollywood Chamber, Hollywood Property Owners Alliance, Hollywood Media District BID, East Hollywood BID, Andrews International, UniversalPro) between 1/31/2015 - 10/5/2015.
10/8/2015 - Adrian Riskin; Documents related to CD13 and the subject of nightclubs in Hollywood.
11/24/2015 - Adrian Riskin; Documents/question - why do City employees usually begin emails with "Good morning, Mr. X" and "Good afternoon, Mrs. X" etc.
12/04/2015 - Trey Harrison; Documents related to complaints regarding homeless encampment located at Sunset and Silver Lake between 01/01/2015 - 11/30/2015.
12/07/2015 - Adrian Riskin; Documents/information related to Marie Rumsey's classification when she left CD13 in Dec 2014.
12/23/2015 - Adrian Riskin; Documents related to CD13 emails and various Hollywood organizations between 10/6/2015 - 12/31/2015.
12/23/2015 - Adrian Riskin; Documents related to the Hollywood Street Closure Committee - guidelines, membership, decisions made in 2015.
12/23/2015 - Adrian Riskin; Documents related to CD13 emails and Fox News in 2015.

I do not have exact dates for the following but were responded to:

09/2015 - Robert Silverstein; Documents related to the Target on Sunset & Western in East Hollywood.
09/2015 - gwade@milsteinadelman.com; Documents related to Antwon Jones v. City of Los Angeles.

Please let me know if you have any questions.

Thank you and happy new year!
Jeanne Min

On behalf of KCRW radio, I would like to request a list of all public records requests made to your office in the past 6 months.

All we are asking for is the name of the person requesting documents and a basic description of what documents were requested.

Let me know if there is more information needed.

A digital response (via email) is acceptable.

Thank you,
Gary Scott

Dave, William and Gigi:

Per the discussion at this morning's staff meeting, please go through your files regarding this latest CPRA request. It is similar to the previous one -- all email correspondence between CD13 and anyone at the domains listed below.

If I'm CCed on the email, don't worry about it -- I will print it out. This is only for emails BETWEEN YOU AND THE DOMAINS BELOW that do not include me.

Dave and William, please be sure to check the two MOF email accounts as well, per the usual.

Please send back to me, with redacted information, by February 5, 2016 (next Friday).

I'm here to answer any questions you might have.

On Mon, Jan 25, 2016 at 6:01 PM, Dan Halden <daniel.halden@lacity.org> wrote:

Hi Mike,
Can you please see below from Adrian and advise?

Essentially, he wants us to loan him the original documents for a day or two so he can take them home and scan them.

For reference, I never give him the actual originals; I compile all the documents, redact the necessary information, and then we make copies of *those*. The reason for that is, even after we redact (with either whiteout or permanent marker) some personal information is still faintly visible; the only surefire way to hide it completely is to provide him with a copy, rather than the original.

Hope this makes sense. Taking that into account, can you please advise?

Dear Dan,

I was wondering if maybe instead of my sitting in the field office and scanning documents you all might be willing to lend them to me for a day or two so I could use a high-powered scanner on them?

I wouldn't even ask this if you all were letting me inspect originals, but since they're just copies you all ran off for my sake, perhaps it would be OK? It'd certainly be more efficient, and I'll return them intact and unharmed.

Anyway, let me know what the City Attorney's office thinks.

Thanks for everything, as always.

Adrian

Per the discussion at this morning's staff meeting, please go through your files regarding this latest CPRA request. It is similar to the previous one -- all email correspondence between CD13 and anyone at the domains listed below.

If I'm CCed on the email, don't worry about it -- I will print it out. This is only for emails BETWEEN YOU AND THE DOMAINS BELOW that do not include me.

Dave and William, please be sure to check the two MOF email accounts as well, per the usual.

Please send back to me, with redacted information, by February 5, 2016 (next Friday).

I'm here to answer any questions you might have.

Thanks!

Subject: Re: Public Records Act request (CD13.2016.01.21.b)

Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to correspondence between CD13 and Veronica Perez & Associates pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before February 14, 2016.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Very truly yours,

Hi Adrian,

I checked with City Attorney. The new Google Vault system can export to mbox, but ITA has a one year backlog of requests so it may take a long while to get to your request.

ITA is notifying everybody with old requests to see who still wants them done.

Please let me know if you have any questions.

Thanks,

Dear Dan,

I'm sorry to pile on today when you just got back to work, but Agnes Lung-Tam (of City IT) just told me that the City's migration to the new email system (I believe this is Google Vault, although she didn't say) is complete. What I'm wondering is if it's now possible to export emails to mbox format. The manual for Google Vault suggests that it is, which would save everyone a lot of time and trouble. Please let me know.

Thanks again,

Adrian

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at Fox News in 2015. I have no idea what the scope of this request might be. If it's outrageously huge, I don't know, more than 1000 pages, let me know and I'll limit it appropriately.

Thanks,

Adrian

Tony:

Per the discussion at this morning's staff meeting, please go through your files regarding this latest CPRA request. It is similar to the previous one -- all email correspondence between CD13 and anyone at the domains listed below.

If I'm CCed on the email, don't worry about it -- I will print it out. This is only for emails BETWEEN YOU AND THE DOMAINS BELOW that do not include me.

Dave and William, please be sure to check the two MOF email accounts as well, per the usual.

Please send back to me, with redacted information, by February 5, 2016 (next Friday).

I'm here to answer any questions you might have.

Thanks!

Dear Dan,

I'm sorry to pile on today when you just got back to work, but Agnes Lung-Tam (of City IT) just told me that the City's migration to the new email system (I believe this is Google Vault, although she didn't say) is complete. What I'm wondering is if it's now possible to export emails to mbox format. The manual for Google Vault suggests that it is, which would save everyone a lot of time and trouble. Please let me know.

Thanks again,

Adrian

Generally this isn't done. People bring in high end scanners when they come so he can do that. Or he can pay for the copies. If you want to be cooperative, I suggest that he provide a check for the copies as a deposit and you can give him the check back when he returns the full set of records (or cash it if he doesn't).
Mike

On Mon, Jan 25, 2016 at 6:01 PM, Dan Halden <daniel.halden@lacity.org> wrote:

Hi Mike,
Can you please see below from Adrian and advise?

Essentially, he wants us to loan him the original documents for a day or two so he can take them home and scan them.

For reference, I never give him the actual originals; I compile all the documents, redact the necessary information, and then we make copies of *those*. The reason for that is, even after we redact (with either whiteout or permanent marker) some personal information is still faintly visible; the only surefire way to hide it completely is to provide him with a copy, rather than the original.

Hope this makes sense. Taking that into account, can you please advise?

Dear Dan,

I was wondering if maybe instead of my sitting in the field office and scanning documents you all might be willing to lend them to me for a day or two so I could use a high-powered scanner on them?

I wouldn't even ask this if you all were letting me inspect originals, but since they're just copies you all ran off for my sake, perhaps it would be OK? It'd certainly be more efficient, and I'll return them intact and unharmed.

Anyway, let me know what the City Attorney's office thinks.

Thanks for everything, as always.

Adrian

Subject: General public records question
To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'm sorry to pile on today when you just got back to work, but Agnes Lung-Tam (of City IT) just told me that the City's migration to the new email system (I believe this is Google Vault, although she didn't say) is complete. What I'm wondering is if it's now possible to export emails to mbox format. The manual for Google Vault suggests that it is, which would save everyone a lot of time and trouble. Please let me know.

Thanks again,

Adrian

Subject: Fwd: Public Records idea

Hi Mike,
Can you please see below from Adrian and advise?

Essentially, he wants us to loan him the original documents for a day or two so he can take them home and scan them.

For reference, I never give him the actual originals; I compile all the documents, redact the necessary information, and then we make copies of *those*. The reason for that is, even after we redact (with either whiteout or permanent marker) some personal information is still faintly visible; the only surefire way to hide it completely is to provide him with a copy, rather than the original.

Hope this makes sense. Taking that into account, can you please advise?

Thanks,

Dan Halden

Dear Dan,

I was wondering if maybe instead of my sitting in the field office and scanning documents you all might be willing to lend them to me for a day or two so I could use a high-powered scanner on them?

I wouldn't even ask this if you all were letting me inspect originals, but since they're just copies you all ran off for my sake, perhaps it would be OK? It'd certainly be more efficient, and I'll return them intact and unharmed.

Anyway, let me know what the City Attorney's office thinks.

Thanks for everything, as always.

Adrian

Tuesday: Field Deputy Dan Halden: Hollywood.

1. Cherokee Ave from Sunset Blvd to DeLongpre Ave. **(NOTE: Do NOT remove anything from the parkway in front of 1415 N. Cherokee Ave. A resident is developing a project there).**
Please remove all litter and leaves from the sidewalk and gutters.

2. South west corner of Fountain Ave & Gordon St.: Please remove small palm trees growing out of the base of the wooden utility pole.

3. 1201 N. Vine St. (at Lexington Ave). Light tree pruning of low hanging branches of 2 small trees on Lexington Ave side.

Thank you,

Please feel free to be in touch at any time. I'll be out of the office on Tuesday but will return Wednesday.
Regarding the scanner, per the City Attorney, yes -- you are allowed to bring in your scanner to scan the documents yourself, provided the length of time/scope is within reason.

To clarify, if it's a personal scanner that scans at a relatively slow rate -- and would result in the scanning taking place over multiple days or something of that nature -- that would not be considered within reason. But if you are planning to come in for an hour or two (a la your previous appointments), that's totally fine and we will be happy to accommodate you as always.

Please keep me posted, and have a nice weekend.

Dear Adrian,
Apologies for my delay in response to your email. Yes, the elected officials do take an oath of office; I believe the language for the oath(s) is detailed in the Charter.

Prior to beginning their service, staff for elected officials fill out an Ethics Form, provided by the City Clerk, that states the employee's economic interests so as to avoid any conflicts of interest.

I hope this information is helpful; apologies again for not getting back to you sooner.

Dear Adrian,

This letter is in response to your three requests made on December 23, 2015, seeking records pertaining to A) emails between CD13 and various domains; B) records related to the Hollywood Street Closure Committee; and C) emails between CD13 and Fox News. This request is pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request(s), as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request(s).

We expect to make a determination concerning your request(s) on or before January 15, 2016.

If you have any questions, please feel free to reach me at (213) 207-3015. I hope you are enjoying the holiday season.

On Mon, Dec 28, 2015 at 11:48 AM, Dan Halden <daniel.halden@lacity.org> wrote:

They came in on December 23rd. So that means we have 10 calendar days to respond (January 2nd), which means I'll respond in some fashion before breaking for New Years Eve.
FYI, here they are. I will follow up with appropraite staff.

#1 - CORRESPONDENCE B/W CD13 & FOX NEWS

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at Fox News in 2015. I have no idea what the scope of this request might be. If it's outrageously huge, I don't know, more than 1000 pages, let me know and I'll limit it appropriately.

#2 - STREET CLOSURE COMMITTEE

I'd like to inspect sufficiently many records to help me understand how the Hollywood Street Closure Committee works. Maybe there's a charge, a mission statement, guidelines on whom the membership comprises, and so on. I just want to know who gets to be on it and what they're supposed to be doing. I'd also like to see the agendas and minutes, meeting notes, or whatever records are kept of the proceedings for 2015.

Also, I know that Eric Garcetti ran this as an advisory committee, which weighed in on major closures before he took a position. Perhaps CM O'Farrell does the same? Anyway, I'd also like records that will allow me to determine for all of 2015 first, what position the Hollywood Street Closure Committee took on each street closure it considered and second, what position the CM took in whatever forum it is that CMs take official positions on street closures. I realize that it's possible that at least part of this request will be covered by the agendas and minutes or meeting notes, if there are any.

#3 - CORRESPONDENCE B/W CD13 & BID/CHAMBER DOMAINS

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, or ehbid.org from between October 6, 2015 and December 31, 2015.

On Mon, Dec 28, 2015 at 11:48 AM, Dan Halden <daniel.halden@lacity.org> wrote:

They came in on December 23rd. So that means we have 10 calendar days to respond (January 2nd), which means I'll respond in some fashion before breaking for New Years Eve.
FYI, here they are. I will follow up with appropraite staff.

#1 - CORRESPONDENCE B/W CD13 & FOX NEWS

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at Fox News in 2015. I have no idea what the scope of this request might be. If it's outrageously huge, I don't know, more than 1000 pages, let me know and I'll limit it appropriately.

#2 - STREET CLOSURE COMMITTEE

I'd like to inspect sufficiently many records to help me understand how the Hollywood Street Closure Committee works. Maybe there's a charge, a mission statement, guidelines on whom the membership comprises, and so on. I just want to know who gets to be on it and what they're supposed to be doing. I'd also like to see the agendas and minutes, meeting notes, or whatever records are kept of the proceedings for 2015.

Also, I know that Eric Garcetti ran this as an advisory committee, which weighed in on major closures before he took a position. Perhaps CM O'Farrell does the same? Anyway, I'd also like records that will allow me to determine for all of 2015 first, what position the Hollywood Street Closure Committee took on each street closure it considered and second, what position the CM took in whatever forum it is that CMs take official positions on street closures. I realize that it's possible that at least part of this request will be covered by the agendas and minutes or meeting notes, if there are any.

#3 - CORRESPONDENCE B/W CD13 & BID/CHAMBER DOMAINS

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, or ehbid.org from between October 6, 2015 and December 31, 2015.

Subject: 12/23/15 CPRA Requests

Dear Adrian,

This letter is in response to your three requests made on December 23, 2015, seeking records pertaining to A) emails between CD13 and various domains; B) records related to the Hollywood Street Closure Committee; and C) emails between CD13 and Fox News. This request is pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request(s), as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request(s).

We expect to make a determination concerning your request(s) on or before January 15, 2016.

If you have any questions, please feel free to reach me at (213) 207-3015. I hope you are enjoying the holiday season.

Best Regards,

Dan Halden

Capt. Zarcone, Lt. Baez, and Jackie:
I am closing out a Public Records request from a gentleman in Hollywood. He has asked for all documents that we have related to Hollywood nightclubs; we are prepared to hand over all pertinent emails and documents from the year 2015.

We want to be sure that we do not release sensitive or confidential information. For example, I consulted with Homicide and they instructed not to include correspondence regarding the investigation into the death of the DJ at Cashmere in August.

I'm attaching some correspondence between myself and Hollywood Vice, as well as myself and Jackie. Some of it pertains to violations and investigations. Can you please let me know if anything should remain confidential and NOT included in this release of documents?

Thank you so much...

Dan,
Please do not share any emails that mention the murder at Cashmere, Cosmo, Hollywood Hookah, or the rape of a victim from Berkely, all of which concern open investigations.

In the attached emails, I saw these cases mentioned as follows:

7/17 from Jackie Lawson
7/17 from Lt Baez
7/22 from Celina Porras
8/26 from CM O'Farrell
8/26 from Capt Zarcone
9/3 from Officer Poole (occurs twice)
9/4 from Dan (occurs twice)

Please omit those and do not share. Thank you.

Pete

Peter A. Zarcone, Captain
Commanding Officer
Hollywood Area

On Dec 18, 2015, at 6:13 PM, Dan Halden <daniel.halden@lacity.org> wrote:

> PS if you could please let us know and reply all to include Marisol (CCed here), that would be great, as I will be out next week. The requester is coming in to our office on Wednesday 12/23.

Capt. Zarcone, Lt. Baez, and Jackie:
I am closing out a Public Records request from a gentleman in Hollywood. He has asked for all documents that we have related to Hollywood nightclubs; we are prepared to hand over all pertinent emails and documents from the year 2015.

We want to be sure that we do not release sensitive or confidential information. For example, I consulted with Homicide and they instructed not to include correspondence regarding the investigation into the death of the DJ at Cashmere in August.

I'm attaching some correspondence between myself and Hollywood Vice, as well as myself and Jackie. Some of it pertains to violations and investigations. Can you please let me know if anything should remain confidential and NOT included in this release of documents?

Thank you so much...

Jeanne,

On behalf of KCRW radio, I would like to request a list of all public records requests made to your office in the past 6 months.

All we are asking for is the name of the person requesting documents and a basic description of what documents were requested.

Let me know if there is more information needed.

A digital response (via email) is acceptable.

Thank you,
Gary Scott

Hi, Dan.

Sadly neither of those times works for me. However, next week I am
entirely without commitments, except, of course, on Friday. Do you have
any time next week?

Thanks,

Adrian

Hi Adrian,
The documents related to these CPRA requests have been compiled and will be ready for view starting this week. I have these times available:

Wednesday 12/16 3:30 PM
Friday 12/18 9:00 AM

Please let me know if either of those will work for you.

Thank you,

Dear DavidS,
Please take a look through your individual email accounts and let me know if anything comes up:

ALL emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, ehbid.org

Between **January 31, 2015 and October 5, 2015**

I will be responding to the requester this afternoon. He also has another request before me; I will be responding to that one on Monday. I'm going to offer that he come in **next** week to go through both of his requests, but he may be coming in later this week. Just FYI. Can you take a look and get this back to me tomorrow?

P.S. Dave -- in going through the emails for the Chamber domains, I ended up CCed on emails from February regarding Sen. Allen/MOF meeting w/ Chamber... I printed those, so you don't have to :)

Please let me know.

Thanks,

Jeanne,

On behalf of KCRW radio, I would like to request a list of all public records requests made to your office in the past 6 months.

All we are asking for is the name of the person requesting documents and a basic description of what documents were requested.

Let me know if there is more information needed.

A digital response (via email) is acceptable.

Thank you,
Gary Scott

Hi All:
We need to discuss Peru Village asap. Today the Council President's office (michael bai) reached out to me requesting a dialogue on this matter. Since MR and I were already discussing meeting with them, I agreed to a meeting at our choosing with our parameters, etc.

MR and DH, thoughts on a meeting next week or the week after? I can let CD10 know that our field team is lead, etc, until the matter comes before Council (if ever). Lets chat in person as well.

Dear Dan,

I'm wondering what Marie Rumsey's rank (not job title, but actual rank, e.g. Council Aide VI or whatever) was at the time she left CD13 for CCA. So I'm requesting documents that will answer this question. Or, if you happen to know or can find out and just want to tell me, that would certainly be sufficient.

Thanks!

Adrian

Jeanne, this came in this morning. Requester wants to know what Marie's rank/level was when she left CD13. Please see below. How should I handle?

Dan Halden
Hollywood Field Deputy

Councilmember Mitch O'Farrell
City of Los Angeles, 13th District

To: Dan Halden <daniel.halden@lacity.org>
Subject: Public Records Act request (CD13.2015.12.07)

Dear Dan,

I'm wondering what Marie Rumsey's rank (not job title, but actual rank, e.g. Council Aide VI or whatever) was at the time she left CD13 for CCA. So I'm requesting documents that will answer this question. Or, if you happen to know or can find out and just want to tell me, that would certainly be sufficient.

Thanks!

Adrian

Hi Dan,
I don't have any emails. :)

Thanks,
Amy

On Wed, Dec 2, 2015 at 10:07 AM, Dan Halden <daniel.halden@lacity.org> wrote:

> All,
> Per our conversation at Monday staff meeting, please compile ALL emails you have regarding Hollywood nightclubs from January 1, 2015 through October 8, 2015.

Please redact personal information as well.

If I am CCed on the email, assume I will print it out. This only applies to emails that do NOT involve me on the chain.

Please have this to me by this Friday 12/4.

(Disregard if it doesn't apply to you.)

Hi Ramon, yes, we did meet with the council staff on Friday for our monthly breakfast.

There is an interim planning deputy who will be addressing issues in our neighborhood until a new person is hired – her name is Amy Ablakat, and I've cc:d her on this email.

We briefed her about your plans for the property, sidewalk dining, etc. at the SE corner of Gower and Hollywood. She encouraged us to let you know to contact her directly so you can discuss your request.

The phone number for the council office is

213-207-3015

It was a pleasure to meet you last week. Looking forward to hearing more about your plans for the property.

Kerry

Dear Kerry

I hope you had a restful Labor day weekend.
From our meeting last week, I understood that you were attending a council meeting this last friday.
I would appreciate emailing me back with any feedback from our proposal to move the billboard pedestal at 6060 Hollywood.

Thank You

Subject: Question from Adrian Riskin, CPRA Requester

Jeanne, we got this question. Can you please advise on a response:
On a related note, do you think that anyone over there at CD13 is interested in developing ways to make sure that the city's records retention law is followed?

It's quite a good law, but seems in my experience to be widely ignored, definitely by the mayor, almost certainly by Tom La Bonge as well. I think vast swaths of our city's history, all supposed to be on deposit at the city archives, are missing because, well, I don't know why, but I do know records are not where they should be and the paperwork that's meant to track them is also MIA.

Please let me know if there's interest and I'll supply details.

Hi Jeanne,
I defer to Mike since he is the expert on CPRA's. My feeling is that you answer only what is asked. If they are inquiring about Ms. Rumsey's classification, you only provide that information. She was a Council Aide VII with CD 13 at that time. Thank you.

Subject: Public Records Act request (CD13.2015.12.07)

Dear Dan,

I'm wondering what Marie Rumsey's rank (not job title, but actual rank, e.g. Council Aide VI or whatever) was at the time she left CD13 for CCA. So I'm requesting documents that will answer this question. Or, if you happen to know or can find out and just want to tell me, that would certainly be sufficient.

Thanks!

Adrian

All,
Per our conversation at Monday staff meeting, please compile ALL emails you have regarding Hollywood nightclubs from January 1, 2015 through October 8, 2015.

Please redact personal information as well.

If I am CCed on the email, assume I will print it out. This only applies to emails that do NOT involve me on the chain.

Please have this to me by this Friday 12/4.

(Disregard if it doesn't apply to you.)

Thank you,

Hello again Adrian,
Per my email from October 29th, I wanted to get back to you today (November 30th). I'd like to go ahead and schedule a time for you to come in and review the records related to this request.

The best time for our office would be Friday afternoon of this week (December 4th). And/or: we also have the second CPRA request that we are preparing for you (regarding Hollywood nightclubs), to which we will respond by Monday, December 7th. So we could wait until next week if you prefer, and you could review both at the same time. Or you could come in later this week to review the first request only.

I am flexible either way so please let me know what works for you, and we can schedule the time.

Thank you for your patience.

Sincerely,

Dan Halden

Good afternoon Adrian,

Please be advised that this office has made its determination on your request as required by Government Code section 6253(c). To the extent that this office has non-exempt records responsive to these requests, those records will be produced at the conclusion of our search.

At this time, we estimate that we will know the exact number of non-exempt pages by November 30, 2015. You will be able to inspect the non-exempt responsive records at our office free of charge during normal business hours. If you would prefer copies of the non-exempt responsive records, keep in mind that the Los Angeles Municipal Code authorizes this office to charge 10 cents per copy of any requested public document.

Subject: CPRA Request

Dear DavidS,
Please take a look through your individual email accounts and let me know if anything comes up:

ALL emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, ehbid.org

Between **January 31, 2015 and October 5, 2015**

I will be responding to the requester this afternoon. He also has another request before me; I will be responding to that one on Monday. I'm going to offer that he come in **next** week to go through both of his requests, but he may be coming in later this week. Just FYI. Can you take a look and get this back to me tomorrow?

P.S. Dave -- in going through the emails for the Chamber domains, I ended up CCed on emails from February regarding Sen. Allen/MOF meeting w/ Chamber... I printed those, so you don't have to :)

Please let me know.

Thanks,

Dan Halden

Hi Adrian,
I can tell you that in my experience I often begin emails with "Good morning, Mr. X" etc. as I am simply trying to be polite and provide friendly, effective customer service.

I would imagine this is true of most City employees as well. I hope this answers the question.

Sincerely,

Dan Halden

Dear Dan,

I'm really seeking information here rather than records, per se, but, as we know, the CPRA only mandates the disclosure of records. However, it's fairly well-established that the purpose of the law is to provide people with information.

I've noticed that city employees often, exceedingly often, begin their emails with phrases like "Good morning, Mr. X" or "Good afternoon, Ms. Y" and so on. This is so uniform a trope that I begin to suspect it's the result of some kind of policy or training.

So, in that context, I'm wondering if there's an explanation for this phenomenon. If you have any records which would provide full or partial answers to that question, I'm requesting an opportunity to inspect them. If you'd like to just tell me about it, I will certainly accept that in lieu of records.

Thanks, and have a good thanksgiving,

Adrian

Tony,

Please peruse your emails to see if you have any copies of the following:

ALL emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, ehbid.org

Between **January 31, 2015 and October 5, 2015**

This would include anything at mitch.ofarrell@lacity.org or councilmember.ofarrell@lacity.org.

Please have these to me, with redactions, by Tuesday, October 27th. Sending them electronically via PDF is fine, just please redact first.

Let me know if you have any questions.

Dear Adrian,
Thank you for the offer to facilitate transfer of documents. At this point, we will stick to our original date of determination for your first CPRA request from October (dated 10/5) and will get back to you with a response by Monday, November 30th.

Regarding the second CPRA request from October (dated 10/8), we will get back to you with a response by Monday, December 7th.

Thanks for your patience as we work on responding to your requests.

Warm wishes to you as well for the Thanksgiving holiday.

Sincerely,

Dear Dan,

Here's a proposal for your consideration. Perhaps rather than trying to get big stacks of documents ready for me to inspect at the field office, you could just release them to me as they become ready (I'm not sure what needs to be done, maybe exemption-checking)? This way you could work on them at your own pace, but I'd get at least some of them quicker than I otherwise would and neither of us would have to try to fit appointments into our schedules.

Also, perhaps you might consider waiving the $0.10 fee in this case (which is discretionary on the city's part anyway) and also sending me PDFs by email. This would balance my waiving time considerations and also (despite what Mike Dundas thinks about it) the CPRA's requirement that the city supply electronic documents in an electronic format.

Anyway, think it over and let me know, and I hope you have a most excellent thanksgiving.

Adrian

Hello,

Thank you for your email. I am currently out of the office and will not
have access to my emails. If you need immediate assistance, please call
213-473-7013 to reach our City Hall office.

NOTE: Regarding bus requests, I will not be accepting any bus requests
until I return on
Monday, December 7th.

Thank you and Happy Thanksgiving.

Hello all,
I am still working on compiling this request. Need to get back to the requester by **Monday 11/30.** Can you have the councilmember.ofarrell@lacity.org and mitch.ofarrell@lacity.org emails ready by Thanksgiving?

As a reminder, we need:

ALL emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, ehbid.org

Between **January 31, 2015 and October 5, 2015**

Let me know if you have any questions.

Thanks,

Dan Halden
Hollywood Field Deputy

Gigi, Dave and William:

Please peruse your emails to see if you have any copies of the following:

ALL emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, ehbid.org

Between **January 31, 2015 and October 5, 2015**

This would include anything at mitch.ofarrell@lacity.org or councilmember.ofarrell@lacity.org.

Please have these to me, with redactions, by Tuesday, October 27th. Sending them electronically via PDF is fine, just please redact first.

Let me know if you have any questions.

Dear Dan,

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, or ehbid.org from between January 31, 2015 and October 5, 2015.

Thanks, as always, for your help!

Adrian

Hi Adrian,
Sorry to do this again, but can we reschedule Thursday's appointment? I apologize for the inconvenience. I am doing the best I can with the multiple CPRA requests plus the regular workload, but going through everything is taken longer than I anticipated.

You will get the documents but I'd like some additional time, please.

Thanks for understanding.

Subject: Re: From Richard Adkins at Hollywood Heritage

Good morning Richard,
Thanks for letting me know! I am CCing my colleague Tony Arranaga, our main point of contact for LGBT issues.

Regarding the Circus Disco nomination, please feel free to keep us posted. However, as you noted, it is not within CD13, so due to protocol Council District 4 would have to be the lead Council office with anything involving that site. I believe the two main points of contact at CD4 would be Renee Weitzer, planning director - renee.weitzer@lacity.org and/or Nikki Ezhari, deputy for the Hollywood area - nikki.ezhari@lacity.org.

Thanks again for being in touch.

Sincerely,

Dan Halden
Hollywood Field Deputy

On Wed, Oct 28, 2015 at 8:38 PM, Richard Adkins <rikalad@aol.com> wrote:

Hi Dan,
I just want to keep you up to speed on the LGBT Coalition that Hollywood Heritage is fostering in regards to identifying and then proceeding to protect potential LGBT historical sites.

The coalition met earlier this month. In attendance were:

Dan Morin, Victor Omelczenko, Cathy Blaivis and Roy Oldenkamp, of West Hollywood Preservation Alliance; writer Phillip Zonkel; Tim Doherty, educator; Chris Morris, Los Angeles Director of the National Trust for Historic Preservation and Kevin Sanada Field Staff Member, National Trust for Historic Preservation, Adrian Fine, Director of Advocacy for the Los Angeles Conservancy, Laura Dominguez, Los Angeles Conservancy; Kate Eggert and Krisy Gosney, West Hollywood Heritage, Angela Brinskele of the June Mazer Lesbian Archives, Michael C. Oliveira, Project Archivist and Loni Shibuyama, Archivist, One Foundation, USC Archives; and Mary Mallory, Board member and Secretary, Hollywood Heritage, Inc.

The purpose of the first meeting was to meet with other like-minded organizations to best take advantage of our combined resources towards the common goal. The action item from the meeting was that each organization would make a list of the buildings or sites they feel is important to this project. At the November 15th meeting we will share that info and hopefully make a priority list.

Various groups already have Cultural Heritage landmark applications in process. Hollywood Heritage has taken on the Circus Disco nomination. A nomination will be submitted this Monday. West Hollywood Heritage has the Mitchell Camera Company/Studio One designation underway as well.

I understand that Circus Disco is not in your district (darn) but if it does get on the agenda for November 19th, I would appreciate any assistance you might be able to provide as this is not an architecturally rich nomination as will most likely be the case for most LGBT landmarks.

If you have any questions or need any further information, please feel free to email me, or use my personal cel # 818 726-6720.

Thanks,
Richard Adkins
Hollywood Heritage

Hi Adrian,
I apologize that I neglected to respond earlier. I am working on this request and can set up a time with you next week to come in if you'd like to inspect or pick up the documents. Please let me know what your availability is like. As you know, we are here from 8:30 AM until 5:00 PM and I am happy to arrange a time during those hours. Please let me know.

Thank you,

WE NEED YOUR INPUT! TAKE THE SMALL BUSINESS SURVEY
On Thu, Oct 15, 2015 at 2:59 PM, <adrian@the-hanged-man.net> wrote:

Dear Dan,

It's a little hard for me to be more specific because I don't understand the processes at work over there. Let me describe what I mean and perhaps you can help me narrow down my request.

The other day, Councilmember O'Farrell gave a press conference on Hollywood Blvd. stating, according to the Los Angeles Times (and I wouldn't be surprised if they mangled the quote; they've done it before), that:

"There is a culture of rogue behavior that exists among some of our nightlife establishments in Hollywood. This culture is diminishing the quality of life for people who live here and we are determined to bring them into compliance or shut them down."

Unfortunately, the article gave no substantial clues to why the Councilmember decided that this issue was worthy of his attention at the present time or where he came up with the ideas he expressed in his statement. Those questions are what I'm seeking the answer to.

Now, some of the examples in the Times article date back to 2013, although it's hard to tell from their vague prose whether they happened before or after Councilmember O'Farrell assumed office. Thus it's impossible for me to limit my request in time, since it's at least possible that some aspects of the nightclub situation (and therefore the records describing them) which contributed to the Councilmember's decision to address this issue last week date as far back as July 2013.

It's also possible that there were communications from the public he received before he decided to address the issue but which ultimately contributed to his decision to address it. Perhaps there were complaints about specific clubs which, individually, did not lead him to his claims of "rogue behavior" but which cumulatively had an influence on them. Perhaps there were more general complaints about the "rogue behavior" of clubs which made the same contribution. It's probably not enough just to ask for communications specifically requesting action, because maybe the communicators just wanted to complain or had some other goal in mind, and yet their communications contributed to the Councilmember's decision to act. It's hard to say what leads a politician to suddenly act on a matter, so it's hard for me to narrow down what I want to see in this area.

Perhaps there were communications to and from other city agencies or quasi-agencies (I suppose BIDs are quasi-agencies, maybe there are other such entities; neighborhood councils, I don't know what all) of the different sorts described above. The same factors make it hard for me to narrow this part of the request down.

Perhaps there was input from the Councilmember's staff, who might be transmitting such concerns, or expressing their own concerns and ideas about the issue, and this input is reflected in documents that I don't know the names of, like e.g. staff memos or minutes, or something?

Also, it's not just his claims of "rogue behavior" that I'm interested in, but very particularly his claims about how nightclub "culture is diminishing the quality of life for people who live here." I know that he himself doesn't live around here, so it's probably mostly not his personal experience that led him to make this claim. I'd like, therefore, to understand what it was that gave him that idea. Perhaps via the sorts of communications outlined above?

Finally, he's working with other city agencies on this initiative. I have no idea how to even ask what forms their collaborations are taking, but I assume that there are records involved. I would like to understand the collaborations through those records, whatever they might be.

And thanks for your concerns about the length of time it might take to produce such a large volume of information. I see no way around this, but perhaps we could mitigate it somewhat by your producing the documents in incremental blocks as you collect them, e.g. once a month or whatever, rather than waiting until the entire batch is collected. Other city agencies have done this for me, so I suppose it's permitted. The money's not an issue.

TL;DR: I want to understand what led up to Councilmember O'Farrell's decision to engage with this issue *now* and where did the specific contents of his press conference statement about "rogue" nightclubs come from. I suspect that a broad range of records will be necessary for me to understand this.

Thanks for all your help,

Adrian

Good afternoon Adrian,

Please be advised that this office has made its determination on your request as required by Government Code section 6253(c). To the extent that this office has non-exempt records responsive to these requests, those records will be produced at the conclusion of our search.

At this time, we estimate that we will know the exact number of non-exempt pages by November 30, 2015. You will be able to inspect the non-exempt responsive records at our office free of charge during normal business hours. If you would prefer copies of the non-exempt responsive records, keep in mind that the Los Angeles Municipal Code authorizes this office to charge 10 cents per copy of any requested public document.

Thank you,

Team,

To clarify my emails from earlier today regarding the CPRA request. (Please disregard if I did not email you.)

We need copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, or ehbid.org from between January 31, 2015 and October 5, 2015.

This means that if you directly sent an email to one of those domains, or they directly sent one to you, it is included in the CPRA request. This includes things like flyers, newsletters, etc. However, we already have some documents from staff in possession, so **please check with me before printing. We do not need to print out duplicates; per the requester, just one copy is enough.**

Also, if the email is **sent to me, but you are CCed, you do not need to print. I will print these out.**

Please let me know if you have any questions. Again, please get these back to me **(with redactions)** by Tuesday 10/27.

Thank you,

In a nutshell, HH opposes the demolition of these properties due to historic qualities. CRA said they will not sign off until HH has had a change to respond (which they did, and they are opposed).

I'm not sure how to proceed from here... any thoughts?

Good morning, Gigi.

Please see attached email for reference. I would like

(a) to obtain a copy of the original email to Mary Rodriguez from the person whose name was redacted in this copy with the name unredacted. I understand that it is CD13's policy to redact personal email addresses from records released in response to CPRA requests, and I'm not disputing the legality of that at this time, but generally CD13 does not redact the names themselves. If there was some reason beyond CD13's general policy for redacting this particular name, I ask that you state it explicitly.

(b) to obtain a copy of the attachment to the email in its native electronic format, which is JPG.

Thanks for your help,

Adrian

Dan, do you want copies of newsletters also from those domains or newsletters from the Chamber that contain the domains? Or are you referring to direct e-mail exchanges to/from us and anyone at those domains?
Thank you for the clarification :)

Harry

Hi Mike,
FYI, I received a response from Adrian Riskin regarding his 2nd pending CPRA request (nightclubs in Hollywood). Essentially, he said there is no way to narrow down his request. I assume this means that we must turn over basically everything we can find pertaining to "nightclubs in Hollywood," is that correct?

Thanks,

Subject: Re: CPRA request (CD13.2015.10.08)
To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

It's a little hard for me to be more specific because I don't understand the processes at work over there. Let me describe what I mean and perhaps you can help me narrow down my request.

The other day, Councilmember O'Farrell gave a press conference on Hollywood Blvd. stating, according to the Los Angeles Times (and I wouldn't be surprised if they mangled the quote; they've done it before), that:

“There is a culture of rogue behavior that exists among some of our nightlife establishments in Hollywood. This culture is diminishing the quality of life for people who live here and we are determined to bring them into compliance or shut them down.”

Unfortunately, the article gave no substantial clues to why the Councilmember decided that this issue was worthy of his attention at the present time or where he came up with the ideas he expressed in his statement. Those questions are what I'm seeking the answer to.

Now, some of the examples in the Times article date back to 2013, although it's hard to tell from their vague prose whether they happened before or after Councilmember O'Farrell assumed office. Thus it's impossible for me to limit my request in time, since it's at least possible that some aspects of the nightclub situation (and therefore the records describing them) which contributed to the Councilmember's decision to address this issue last week date as far back as July 2013.

It's also possible that there were communications from the public he received before he decided to address the issue but which ultimately contributed to his decision to address it. Perhaps there were complaints about specific clubs which, individually, did not lead him to his claims of "rogue behavior" but which cumulatively had an influence on them. Perhaps there were more general complaints about the "rogue behavior" of clubs which made the same contribution. It's probably not enough just to ask for communications specifically requesting action, because maybe the communicators just wanted to complain or had some other goal in mind, and yet their communications contributed to the Councilmember's decision to act. It's hard to say what leads a politician to suddenly act on a matter, so it's hard for me to narrow down what I want to see in this area.

Perhaps there were communications to and from other city agencies or quasi-agencies (I suppose BIDs are quasi-agencies, maybe there are other such entities; neighborhood councils, I don't know what all) of the different sorts described above. The same factors make it hard for me to narrow this part of the request down.

Perhaps there was input from the Councilmember's staff, who might be transmitting such concerns, or expressing their own concerns and ideas about the issue, and this input is reflected in documents that I don't know the names of, like e.g. staff memos or minutes, or something?

Also, it's not just his claims of "rogue behavior" that I'm interested in, but very particularly his claims about how nightclub "culture is diminishing the quality of life for people who live here." I know that he himself doesn't live around here, so it's probably mostly not his personal experience that led him to make this claim. I'd like, therefore, to understand what it was that gave him that idea. Perhaps via the sorts of communications outlined above?

Finally, he's working with other city agencies on this initiative. I have no idea how to even ask what forms their collaborations are taking, but I assume that there are records involved. I would like to understand the collaborations through those records, whatever they might be.

And thanks for your concerns about the length of time it might take to produce such a large volume of information. I see no way around this, but perhaps we could mitigate it somewhat by your producing the documents in incremental blocks as you collect them, e.g. once a month or whatever, rather than waiting until the entire batch is collected. Other city agencies have done this for me, so I suppose it's permitted. The money's not an issue.

TL;DR: I want to understand what led up to Councilmember O'Farrell's decision to engage with this issue *now* and where did the specific contents of his press conference statement about "rogue" nightclubs come from. I suspect that a broad range of records will be necessary for me to understand this.

Thanks for all your help,

Adrian

Subject: Re: Do Curb Bump Outs Reduce Fatalities
To: Aram Taslagyan <aram.taslagyan@lacity.org>, RSM <AbramsRL@gmail.com>, Daniel Halden <daniel.halden@lacity.org>
Cc: Garfield Watch <garfieldwatch@hotmail.com>

Dear Mr. Taaslagyan>

CD 13 called the Streetscape meeting and CD 13 had the people from BOE attend to provide information. No one from CD13 corrected him even after I questioned his statement that curb bump outs reduce fatalities by 90%. The person whom CD13 presented then asserted that his statement was based upon federal studies.

When I requested the study, I was told to contact Dan Halden at CD 13. On October 7, 2015 @ 7:18pm, I emailed Dan Halden;

> Dear Mr. Halden,
>
> I had never heard that there was a study which had established that curb bump out reduced fatalities by 90%. I would appreciate it very much if you would that important study forwarded to me. I believe the gentleman from DOE said he had access to it.
> Rich

A few minutes later @ 7:34, I sent a second email which also included you. I showed that I had done some research and found no support for the claim made by a city official at the CD13 sponsored Streetscape meeting. I renewed my request for the federal study which showed a 90% reduction in fatalities.

You replied with a number of studies, but none supported the claim made at the CD 13 meeting that bump outs reduce fatalities 90%.

Because my request was made pursuant to Govt Code 6250 and you know the person who made the representation, CD 13 can respond to the request. If the information was not truth and no such data supports the claim, then I would except CD 13 to take the laboring oar to correct the materially false information.

I point out that Dan Halden volunteered to obtain the information and I expect that he will keep his word.

Very truly yours,
Rick

On Wed, Oct 14, 2015 at 11:49 AM, Aram Taslagyan <aram.taslagyan@lacity.org> wrote:

Hi Richard,
CD13 did not make such a claim, although we do believe that curb bump outs are a very useful tool for pedestrian safety. I also cannot speak for the gentleman who made the statement.

Sincerely,

On Tue, Oct 13, 2015 at 7:59 PM, Richard Abrams <abramsrl@gmail.com> wrote:

Dear Mr. Taslagyan,

I have reviewed the studies which your forwarded to me to support CD13's claim that curb bump outs reduce fatalities by 90%. The results of your studies are very disappointing. There is zero support for the claim. Please see the attached analysis. Perhaps I missed something.

I have to renew my Gov't Code 6250 request for the studies from the US government that curb bump outs reduce fatalities by 90%. The representative from the BOE was very adamant in his statement and it would be disconcerting that a professional from the City would invent data.

Your prompt attention to this matter would be appreciated.

Sincerely,
Rick

Dear Adrian,

We request that you provide some more details regarding this request, namely: a) a date range for the requested documents, and b) greater specificity regarding the subject matter as it relates to "nightclubs in Hollywood," including which clubs in particular, and specific issues regarding such clubs (ie. permitting or noise complaints or something else). This will help us reduce the time it takes to produce the responsive records and limit the production to those records in which you are most interested, saving you money in copying fees.

Thank you,

We will have lots of duplicate emails among staff, does he want EVERYTHING from EVERYONE? It's a waste of time, paper and his money...but can you confirm?

On Thu, Oct 15, 2015 at 9:34 AM, Dan Halden <daniel.halden@lacity.org> wrote:

Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to emails involving CD13 and hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net and ehbid.org pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before October 29, 2015.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Very truly yours,

Dan Halden

Subject: Public Records Act request (CD13.2015.11.24)
To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'm really seeking information here rather than records, per se, but, as we know, the CPRA only mandates the disclosure of records. However, it's fairly well-established that the purpose of the law is to provide people with information.

I've noticed that city employees often, exceedingly often, begin their emails with phrases like "Good morning, Mr. X" or "Good afternoon, Ms. Y" and so on. This is so uniform a trope that I begin to suspect it's the result of some kind of policy or training.

So, in that context, I'm wondering if there's an explanation for this phenomenon. If you have any records which would provide full or partial answers to that question, I'm requesting an opportunity to inspect them. If you'd like to just tell me about it, I will certainly accept that in lieu of records.

Thanks, and have a good thanksgiving,

Adrian

Good morning, Dan, Gigi.

I would like to understand the relationship between CD13 and the LA Conservation Corps with respect to the content of the attached email. In particular I'm interested in understanding:

1. What is happening at these work sites? LA Conservation Corps is cleaning up as directed by CD13 staff? Something else?

2. What role do the assigned staff members play? Do they show up, do they work, do they coordinate with the Conservation Corps? Something else?

3. Why and how is the Conservation Corps involved? Does CD13 contract with them? Have a non-contractual arrangement? Something else?

I'm not sure what kinds of records will reflect this information, but I'm hoping you can help me figure it out so that I can make a focused request.

Thanks,

Adrian

The request would survive judicial scrutiny, but there is nothing stopping you from asking him to narrow the request in the interest of time. One note, he has made a similar request of our office and has even followed up with new date ranges so I am guessing that he will not want to limit his scope. That said, you can take a reasonable amount of time to respond. In other words, if there are hundreds of responsive emails to review, the law allows you to take a number of weeks for that review.
Mike

Subject: Fwd: Elected Officials Briefing re: BRT Corridor Studies

This is a meeting that is being held next week to look at the possibility of Bus Rapid Transit (BRT) corridors, including Vermont.
Aram and/or Juan, this might be of interest to you since Vermont is in your area. The BRT study would analyze Vermont from Hollywood Blvd all the way to South LA.

Dear Elected Representative:

As part of the countywide Bus Rapid Transit (BRT) planning effort, the Metro Board of Directors directed that further technical work be undertaken on the Vermont and North Hollywood (NoHo) to Pasadena BRT Corridors. These two corridors among others were identified as having high potential for BRT service. We invite you to join Metro at a briefing for elected officials and their key staff as we kick-off both these two 14-month technical studies on the Vermont and NoHo to Pasadena BRT Corridor.

The Vermont BRT Corridor Study will analyze a 12.5-mile north-south corridor extending from Hollywood Boulevard to 120th Street in the City and County of Los Angeles. The NoHo to Pasadena BRT Corridor Study will evaluate alternatives along a 16-mile east-west corridor linking the Cities of Los Angeles, Burbank, Glendale, and Pasadena. Both studies will conduct technical analysis to assess potential BRT service, its configuration, ridership potential and effects on traffic and parking. A key component of the study will be urban design in their respective corridors.

The briefing is scheduled as follows:

Monday, December 14, 2015
1:00-3:00 PM
Metro Headquarters
1 Gateway Plaza – Union Station Conference Room, 3rd Floor
Los Angeles, CA 90012

At this meeting the project team will provide a brief overview of the project, schedule and discuss what you expect to see in the coming months of planning.

Please RSVP by December 10, 2015 to Wendy Cardona at CardonaW@metro.net or 213-922-7495.

David-

I was reading in the LA Times that the bid process for the minimum wage study could be reopened with a motion by one of the Councilmembers. Is this something Mitch is considering? Is there any momentum towards this approach?

We are trying to formulate our strategy and want to know what options are available. Please let us know if you have any ideas on how we can be helpful in ensuring a fair and open process as we move forward on minimum wage.

I have attached a copy of our letter to Wesson on the study, in case you haven't seen it yet.

Warmest Regards,

Nicole Shahenian

do you really need to print this out?

WESTSIDE SMALL BUSINESSES SUPPORT MINIMUM WAGE HIKE

Councilmember Mike Bonin's Small Business Survey Finds Overwhelming Support for Minimum Wage Increases Among Westside Business Owners

LOS ANGELES - By a lopsided 2-1 margin, Westside business owners support raising the minimum wage in Los Angeles, according to the results of an online survey of business owners on the Westside conducted by Councilmember Mike Bonin.

In an online survey of businesses in Bonin's 11th District, 55% of respondents said they supported raising the minimum wage to $15.25 by 2019. A mere 25% said they opposed the increase. More than two-thirds of the respondents said a wage increase would have no negative impact on their business.

"The message from small businesses in my district is clear - raising the minimum wage in Los Angeles will be good for our local economy," said Bonin. "The businesses that give life to our neighborhoods and create the bulk of the jobs in Los Angeles understand that a better wage will be good for workers, good for business, and good for Los Angeles."

Bonin, who represents the Westside, emailed business owners in the district late last year, seeking their input on a variety of issues facing small businesses in Los Angeles, and hosted the survey on his website for the past several months. Respondents also ranked their preferred methods of improving the city's business climate, giving highest priority to phasing out the gross receipts tax, reducing traffic congestion, and simplifying the city's permitting process.

Of the nearly 230 business owners who responded to the survey, **55% support raising the minimum wage**, compared with just 25% who oppose an increase. Eighteen percent of the respondents said they needed more information on the proposal, and 7 percent said they oppose any minimum wage at all. When asked what effect they believed a gradual increase in the minimum wage would have on their businesses, **68.9% of respondents said that an increase would either have no effect on their business, or that they would benefit from their customers having more income and purchasing power because of an increase.** Thirteen percent said a wage increase would have a harmful impact on their business.

Last fall, Mayor Eric Garcetti proposed raising the minimum wage in stages, to $13.25 by 2017. Bonin supported that proposal, and - along with his colleagues Nury Martinez, Curren Price and Gil Cedillo - also called for exploring further increases to $15.25 by 2019. In the survey, Westside businesses gave thumbs-up to the proposal, countering the recent rhetoric that Los Angeles businesses oppose the proposals.

"As the Council deliberates on the wage proposals, we need to bust through the rhetoric and listen to the people who are actually running businesses in our neighborhoods," said Bonin. "It is unfair and sells Los Angeles businesses short to claim the only way they can thrive is by paying workers a poverty wage. Our entrepreneurs are smarter than that, bigger than that, and better businesspeople than that."

Further details on Bonin's Small Business Survey - including results regarding business owners experiences working with the City, the challenges facing their businesses and their opinions about business tax reform in Los Angeles - can be found at www.11thdistrict.com/small_business_survey_results.

The minimum wage proposals are currently being considered by the City Council's Economic Development Committee. The Committee is expected to consider reports from a variety of economists and wage experts in early February. More information about the minimum wage proposal can be found at www.11thdistrict.com/minimum_wage.

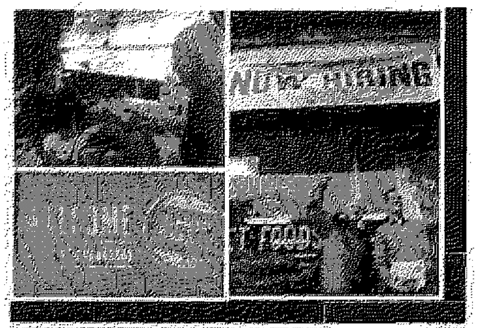
Mike Bonin's

SMALL BUSINESS SURVEY

SURVEY RESULTS

Last fall, Councilmember Mike Bonin emailed every business owner in Council District 11, seeking input on a variety of issues facing businesses in Los Angeles. The following are some of the results of the CD11 "Small Business Survey."

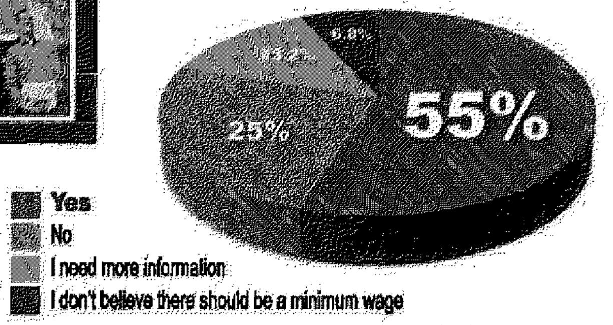


THANK YOU TO THE MORE THAN 200 LOCAL BUSINESS OWNERS WHO RESPONDED TO THIS SURVEY!

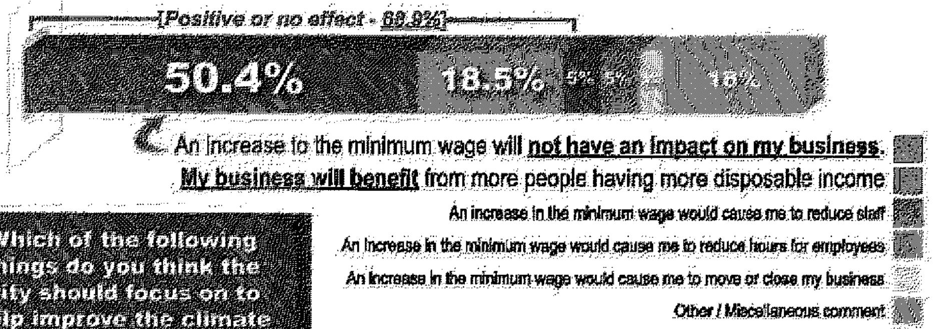
Premise (as presented in the survey)

The City Council is considering various proposals to raise the minimum wage in Los Angeles, gradually over the next several years, to $13.25 by 2017 and $15.25 by 2019...

Do You Support Raising the Minimum Wage in Los Angeles?



What effect do you believe gradually increasing the minimum wage would have on your business?



Which of the following things do you think the City should focus on to help improve the climate for small businesses?

34.8%
Phasing out the LA City gross receipts tax

19.7%
Reducing traffic congestion

12.5%
Streamlining the LA City permitting process

5.7%
Improving public safety

3.1%
Improving customer service at the Department of Finance

2.6%
Working with the State of California to reform the California Environmental Quality Act (CEQA)

What is the biggest challenge facing your business today?

Dear Elected Representative:

As part of the countywide Bus Rapid Transit (BRT) planning effort, the Metro Board of Directors directed that further technical work be undertaken on the Vermont and North Hollywood (NoHo) to Pasadena BRT Corridors. These two corridors among others were identified as having high potential for BRT service. We invite you to join Metro at a briefing for elected officials and their key staff as we kick-off both these two 14-month technical studies on the Vermont and NoHo to Pasadena BRT Corridor.

The Vermont BRT Corridor Study will analyze a 12.5-mile north-south corridor extending from Hollywood Boulevard to 120th Street in the City and County of Los Angeles. The NoHo to Pasadena BRT Corridor Study will evaluate alternatives along a 16-mile east-west corridor linking the Cities of Los Angeles, Burbank, Glendale, and Pasadena. Both studies will conduct technical analysis to assess potential BRT service, its configuration, ridership potential and effects on traffic and parking. A key component of the study will be urban design in their respective corridors.

The briefing is scheduled as follows:

Monday, December 14, 2015
1:00-3:00 PM
Metro Headquarters
1 Gateway Plaza – Union Station Conference Room, 3rd Floor
Los Angeles, CA 90012

At this meeting the project team will provide a brief overview of the project, schedule and discuss what you expect to see in the coming months of planning.

Please RSVP by December 10, 2015 to Wendy Cardona at CardonaW@metro.net or 213.922.7495.

Juan Antonio Fregoso

Professional Experience

Political Consultant

Rodriguez Strategies – Los Angeles, CA **April 2015 – Present**

- Worked with Central City Association, the Historic Core Business Improvement District, and strategist in establishing a grassroots coalition of 700 small business owners throughout the city of Los Angeles to address their issues and concerns at local community hearings, sign petitions, and write letters to elected officials regarding the proposed legalization of street vendors.
- Identified and prepped business owners to speak with Spanish press outlets including Univision, Galavision, and Telemundo.

Dewey Square Group – Coachella Valley, CA **December 2014 – April 2015**

- Worked with the state and regional project managers to develop and execute grassroots outreach in the Coachella Valley as it related to the Patient Protection and Affordable Care Act (ACA). Identified and oversaw contracted organizers to execute weekly work plans to meet set goals and metrics. Collaborated with campaign leadership to translate all earned media, press releases, and social media activities to promote outreach where our biggest event enrolled over 50 new families into the California Health Exchange in 5 hours.
- Enlisted community-based organizations and leaders as partners for event attendance and collateral distribution while establishing a presence in underserved communities by training and education their members on new medical healthcare options related to the ACA

Field Director

California Democratic Party, CA 31st Congressional District **April 2014 – November 2014**

- Developed the first metrics driven grassroots field strategy in San Bernardino County with a volunteer base, paid canvass, and local leaders to engage in voter turnout that flipped 1 of only 3 Republican Districts in the entire country.
- Decided uses of money, maintained a high level of activity through a developed climate of enthusiasm, teamwork, and cooperation among diverse staff, management, and volunteers
- Get-Out-The-Vote (GOTV) program that organized and trained staff to manage 3 field offices, 12 staging locations and a paid canvass team that completed over 500 shifts. Trainings covered Voter Protection, staging location management, phone banks, and canvassing efforts utilizing the Neighborhood Team Model.
- Coordinated schedules with elected government officials and campaign surrogates. Worked with the White House to organize a GOTV Rally with Vice President Joe Biden that had 1,200 attendees

Field Director

Democratic Congressional Campaign Committee (DCCC), CA 31st Congressional District **January 2014 – April 2014**

- Established a well targeted Get Out The Vote program that won a strongly contested primary by 209 votes
- Key Coordinator in preparing and overseeing the recount process with the San Bernardino County Registrar
- Oversaw 2 paid canvass programs through GOTV which yielded more than 200 shifts
- Translated flyers, handouts, and lit for the DCCCs #1MillionVotes National Outreach Program

Campaign Director

Southern California Association of Non Profit Housing (SCANPH) – Los Angeles, California **June 2013 – January 2014**

- Assisted the Political Director to plan and implement strategy for the California Homes and Jobs Act (SB391), the release of pertinent studies, openings of new affordable housing developments, and events highlighting both the housing crisis and the successes of affordable housing across the greater Los Angeles area, the Inland Empire and the entire Coachella Valley.
- Key in recruiting members, and partner organizations to participate in outreach with local and regional stake holders
- Assist to convene and staff the campaign's regional committee and working groups around Southern California. Scheduled meetings with key state legislative committees members at critical times for planning and conducting local events supporting legislation

Regional Field Director

Mitch O'Farrell for City Council – Los Angeles, California **March 2013 – May 2013**

- Hired and managed 10 field organizers, defined performance standards and held them accountable for daily metrics
- Collaborating ideas for targeted Spanish and Filipino mailers, messaging, and voter outreach
- Key in helping build coalitions to secure and deliver local club and organization endorsements

Deputy Campaign Director

Alex De Ocampo for City Council – Los Angeles, California **November 2012 – March 2013**

- Assisted in fundraising efforts to reach $175,000 in small donor increments without missing a deadline
- Developed an internship program that recruited 50 politically engaged high school students and identified over 300 students

Field Office Manager

Organizing For America (OFA) - Albuquerque, New Mexico **February 2012 - November 2012**

- Delegated office responsibilities to volunteers, while maintaining accurate records of all merchandise sales and office inventory.
- Key contributor for Latino outreach which raised Latino voter turnout from 53.7% in 2008 to 56.2% in 2012
- Lead organizer in the first Latinos for *Obama Grassroots Car Show* which was nationally featured in the New York Times and replicated in several states throughout the country.
- Voter Registration - Coordinated volunteer voter registration efforts that consistently registered over 200 voters per week

Skills, Languages, and Trainings

- Fluent and proficient in reading, writing, and speaking Spanish with experience in translating and proof reading campaign materials
- Proficient in Microsoft Office, Windows/Mac Operating Systems, Google Docs, Voter Action Network (VAN), Autodailer, Maestro Conference, QuickBase and Political Data Incorporated (PDI)
- Trainings - Participated in trainings/workshops for the Analyst Institute, PDI, the California Recount Legal Procedure, OFAs Organizers Academy, Voter Registration and Protection Laws in California, New Mexico, and Nevada.

Education

Associates Degree in Business Administration - *Citrus College, Glendora CA*

Subject: CPRA request (CD13.2016.10.06.a)

Good morning, Dan.

I'd like to take a look at all communications between anyone at the City Ethics Commission and anyone at CD13 from January 1, 2016 through whenever you comply with this request. For email communications this should include not only to/from but cc/bcc as well. If there is a inordinate amount of routine communication due to procedures or policies, perhaps you can describe it to me so that I can narrow my request.

Thanks,

Adrian

Confirming lunch today?

9 messages

Kerry Morrison <Kerry@hollywoodbid.org> Mon, Sep 28, 2015 at 11:09 AM
To: Dave Cano <david.cano@lacity.org>

Hi Dave, checking to see if I am scheduled to have lunch with the CM today?

Did not see a calendar invite, so not sure if this got nailed down.

Kerry

How about lunch on the 25th? He's in recess that day so he is flexible.

Hello Kerry,

The councilmember mentioned he would like to set up a breakfast with you - you spoke this morning I believe.

He will be away for most of the council recess but is available on Friday morning July 24, 8:30AM, at Mel's Diner - 1660 S. Highland Avenue LA, CA 90028.

Please let me know if you are available.

Reconfirming tomorrow's 12:30PM at Masa of Echo Park.

FYI it's super close to our District Office and there's a parking lot behind our building.

To Reach Councilmember O'Farrell's District Office

1722 Sunset Boulevard LA, CA 90026

(between Lemoyne & Logan Streets)

213.207.3015 office / 213.207.3031 fax

There is street/metered parking around the building ($1/hr for 2 hrs max), and a DOT parking lot located behind the building (25¢ per 30 mins with a 2 hr limit).

Fwd: March For Meals

1 message

Media District <steven@mediadistrict.org> Wed, Jan 21, 2015 at 11:38 AM
To: David Cano <david.cano@lacity.org>
Cc: Mitch O'Farrell <mitch@mitchforcitycouncil.org>, Marisol Salguero <marisol.salguero@lacity.org>

David & Marisol:

Please see the email below from St. Vincent Meals on Wheels. It is a request for the CM to attend in hopes of raising awareness and support of meals to Seniors. As we are all aware, Seniors will often go hungry due to fixed incomes and or ability to shop on their own and prepare meals without assistance. Given the CM's genuine care and concern for Seniors, and his Council Committee Chairmanship, this would be a good fit. Please reply directly to Mr. Daly if he is able to attend.

Sincerely,
Steven Whiddon
Executive Director
Hollywood Media District

Subject: March For Meals

Steven,

It was great to see you last night at the 5:30 meeting. It seems that we have always traveled in different social circles, so I am happy that we have an opportunity to get related.

Following on from our brief chat last night, I have a question and a bit of a favor to ask you as well. We here at St. Vincent Meals on Wheels will be part of a national initiative in the month of March, entitled ***MARCH FOR MEALS***.

Meals on Wheels programs throughout the country work together to bring awareness to senior hunger as well as to celebrate the meals programs that are on the ground everyday doing the work so no senior goes hungry. We feel that this year we must have a very big presence in the initiative. All Meals on Wheels area programs in Los Angeles County will be participating and we hope you might whisper in Mitch O'Farrells ear to encourage his participation. We are fortunate enough to have the President of Meals on Wheels Association America, Ellie Hollander in town for our event.

Here is a quick overview which I am happy to flush out in a more complete timeline:

- **Date:** March 16, 2015
- **Time:** 8:30 am Meet at St. Vincent Meals on Wheels kitchen; 10:00am finish
- **Actions to take:** Meet with Ellie Hollander, Meals on Wheels America and Sister Alice Marie Quinn, founder and executive director of St. Vincent Meals on Wheels
- **Deliver:** a meal to one or two seniors in Mr. O'Farrell's district.
- **Location:** St. Vincent Meals on Wheels Kitchen - 2201 Miramar Street, Los Angeles, CA 90057
- **Website:** http://www.stvincentmow.org/

Just by way of background, St. Vincent Meals on Wheels is preparing and delivering about 4000 meals a day throughout Los Angeles. St. Vincent Meals on Wheels is the largest privately funded Meals program in the country. What that means is that we can feed anyone who is hungry; primarily seniors and also children and people who are homebound with chronic illnesses. We have never had a waiting list for the people who need our help and we never will.

We would be grateful to have Mitch O'Farrell's participation to help underscore what senior hunger looks like in LA – there is still a lot of work to do to combat hunger. Without our safety net program an awful lot of seniors would be both alone and hungry.

Best and with appreciation for any help you might offer,

Brian Daly
Director of Annual & Institutional Giving
St. Vincent Meals on Wheels

2200 West Third Street, Suite 200
Los Angeles, California 90057

Subject: Re: Advisement Needed re: Adrian Riskin CPRA request 9/25/16

Hi Dan -
I would respond that you need additional time to respond due to the voluminous records that need to be searched. As for your other well founded concerns, we are meeting this afternoon and I will definitely use this request as an example.

On Wed, Oct 5, 2016 at 5:03 PM, Dan Halden <daniel.halden@lacity.org> wrote:

Hi Kimberly,
Please see below for one of the many pending CPRA requests from Mr. Riskin. In addition to the sheer volume in terms of number of requests, one of the things that is so incredibly difficult for us to manage is the fact that many of his requests come in the form below, asking for various things all under the guise of one request.

Also, please note the paragraph at the bottom where he alleges CD13 is out of compliance with state law with an earlier request, but **"rather than fussing over what was probably no more than an inadvertent error on CD13's part, I thought I would expand and resubmit the request."**

The technical initial deadline to respond is today, October 5th. We'd definitely like some more time to either go through our own records and/or speak to your office in further detail on a proper response.

Can you please see below and advise on a proper response?

Thanks so much,

Date: Sun, Sep 25, 2016 at 10:42 PM
Subject: CPRA request (CD13.2016.09.25.d)
To: Dan Halden <daniel.halden@lacity.org>
Cc: Marisol Rodriguez <marisol.rodriguez@lacity.org>

Good evening, Dan.

I'd like to take a look at enough records to allow me to understand in detail how CD13 staff has been trained and/or instructed in the City's current process for breaking up homeless encampments. I would also like to see records pertaining to CD13's implementation of this policy.

This should include but not be limited to policy documents, email discussions or discussions in other mediums of the origin and implementation of the policy, forms or descriptions of procedures associated with the policy, and so on.

I am under the impression that CD13 arranges for LAPD presences at encampment cleanups. If this is accurate I'd like to see records relating to that aspect of the process. E.g. emails relating to scheduling, actual schedules, and so on.

I am also under the impression that CD13 staff attends some or all of these cleanups. I'd like to see records relating to that as well.

If CD13 produces any kind of audio or visual records with respect to homeless encampment cleanup, I would like to see those as well. E.g. perhaps you all take pictures or videos while you're out in the field investigating or cleaning homeless encampments. I would like to see all such records.

I would like to see such records produced since January 1, 2016.

Finally, note that this request overlaps to some extent with a request that I made on July 31 of this year to which your office has failed to respond as required by State law. Other than that one request, your office has an impeccable response record, so rather than fussing over what was probably no more than an inadvertent error on CD13's part, I thought I'd expand and resubmit the request. Consequently, I would like to withdraw that July 31 request. I'm cc-ing this to Marisol because you told me that she was handling that old request, even though she doesn't actually seem to be doing so.

Thanks,

Adrian

Dear Dan,

When you get a chance I'd like to look at all emails between either Bryan or Richard Kim (K-Town property managers) and anyone at CD13 including your boss from August 1, 2016 through September 30, 2016. I'd also like to see copies of any record in the same time frame which mention either of these Kims (that's not already included in the first request).

Thanks,

Adrian

Subject: Re: Hollywood Redevelopment Project Area Special Fund.

Hi Leron,

Great to see you this morning.

I chatted with Christine and here is the breakdown:

With the dissolution of the CRA, the City has been working with them to come to a "successor agency agreement". This is ongoing, in particular with the Planning Department. Financially, the City has finally gotten an "Assignment and Assumption Agreement" for the former CRA loan for Hollywood and Highland. That means the City will now receive the repayments rather than the CRA. The Motion 14-0120-S1 completes that action by creating the account to receive the funds. The payback is a 20-yr. plan, and we are in somewhere around year 14 (see chart in CLA report). So, this is not a new fund - It is simply a new account to collect the funds from CIM, who still owe about $7 million to the City.

http://clkrep.lacity.org/onlinedocs/2014/14-0120-s1_MISC_12-8-14.pdf

Christine can fill in the holes if I missed anything.

To: Dave Cano <david.cano@lacity.org>, Chris Robertson <chris.robertson@lacity.org>

David and Chris,

Was wondering if you have any information related to this council motion to set up a special fund for Hollywood & Highland. Could you tell me how much would be in this fund?

Thanks,

Leron

Leron-

Here is the Council agenda and link to the file with reports. It looks to me like there won't be any testimony as a hearing was already held. I think it is just procedural at this point. But your questions about the money might be answered in the link to the CLA report from 2014.

-Nicole

Hollywood Chamber Economic Development Committee Meeting - Tuesday - Jan 19th

2 messages

Dwayne Gathers <dgathers@gathersstrategies.com> Mon, Jan 18, 2016 at 10:34 AM
To: julia.duncan@lacity.org, Renee Weitzer <renee.weitzer@lacity.org>, chris.robertson@lacity.org, kevin.keller@lacity.org
Cc: Alexander Kim <alexander.kim@lacity.org>, "Gubler, Leron" <Leron@hollywoodchamber.net>

Dear Friends:

As co-chair of the Economic Development Committee of the Hollywood Chamber, I wanted to thank you for your willingness to join us at tomorrow's meeting.

Having served as co-chair since July 2014, we have tried to structure our meetings and focus around broad themes and issues that impact economic development in Hollywood – whether its quality of life (streets/open space/public safety/homelessness/housing affordability); jobs and sectors that drive economic opportunity in Hollywood (arts/culture; entertainment and digital media; healthcare; tourism and hospitality; and overall development (cost of; reliability of process; regulatory streamlining; etc).

As such, we're kicking off this year's slate of meetings revisiting the Development Process issue again as we did at last year's January 20th meeting with a rep from Planning.

While we will begin promptly at 8 am, we have a few housekeeping matters, so feel free to arrive and be ready to begin our discussion at **8:15 am and we have budgeted 45 minutes**.

At this time, my thoughts on structure are as follows:

- Quick welcome and intro to our friends at City Hall. With us this morning are:
- Kevin Keller, Director of Planning and Housing Policy from the Mayor's office
- Renee Weitzer, Chief Planning Deputy for CD4
- Julia Duncan, Planning Deputy for CD4 and
- Chris Robertson, Planning Director for CD 13

I will then offer a 1 minute overview of the big planning – related discussions that we had over the course of last year -- status of Hollywood Community Plan; the SNAP and its impact on several projects in East Hollywood; the emergence of the Neighborhood Integrity Initiative.

Then, starting with Kevin, I would ask you to offer a perspective from your office as to where things stand with these efforts and what some priorities are for your team as it relates to the Planning process and reforms. Each can take a few minutes (Mayor's Office; CD 4 and then CD 13).

I'd like to have about 30 minutes or so for Q and A (since I'm sure there will be a larger than normal developer turnout for this meeting).

I would like to conclude with some thoughts on what one or two things we can focus on and try to get done by year end and role of the Chamber and business community.

Let me know if you have any further thoughts or issues you would like to address.

Again, thank you for your time. We look forward to working with you on these issues throughout the year.

Regards,

Dwayne

Hello Chris,

Am looking forward to having lunch with you on January 6th. If your meeting gets done early, feel free to drop by the WOF ceremony. We will be done by 12:15 so I'll just wait at the Pig N' Whistle for you anytime from then if you get there before 12:30.

Had another invitation for you. Our Economic Development Committee chair wants to have a discussion at his next meeting on City planning related issues, and has asked that I invite reps from CD13, CD4, Mayor's office, and City Planning. Was wondering if you might be available to join the discussion. Meeting will be on Tuesday, January 19th, at 8 a.m. here at the Chamber. Let me know when you can.

And best wishes for the holidays! Hope you get a little time off.

Best,

Leron

Hi Chris,

Just a note to thank you for getting together yesterday. A pleasure to get better acquainted. As promised, I am attaching our list of project completed and in the pipeline. Hope it is useful to you.

Also, just a reminder that we are having our Economic Development Committee meeting on Jan. 19th at 8 a.m. at the Chamber. Hope you are still able to attend. Have also invited CD4 and Mayor's office to attend. Waiting for confirmation on those.

Best,

Hi Chris,

I'll attach the draft agenda for you to see. In addition to yourself, will have Kevin Keller from the Mayor's office, and Renee Weitzer and Julia Duncan from CD4. I'm copying Dwayne Gathers, the committee chair so he can communicate with you on format. However, I believe Dwayne intended for you to each have a few minutes for opening comments and then an open discussion on some of the current issues facing Hollywood. If you have any additional questions, please let me know.

Best,

Leron

Good morning, Dan.

I'd like to take a look at all emails internal to CD13 that mention Bryan Kim from January 1, 2016 through September 30, 2016. I would also like to look at any other CD13 records (apart from emails to/from Bryan Kim, which I've already requested) that relate to Bryan Kim, e.g. calendar entries, notes, minutes, agendas of meetings, and so on. I'd like to see these from the same time span.

Thanks,

Adrian

Good afternoon, Dan.

As you can see from the appended message, Gigi Galias hints at the occurrence of a discussion about how I can only look at some records for one hour tomorrow even though I can begin that hour at any time between 1 and 4.

I would like to see any records generated by this discussion. The usual list will do.

thanks,

Adrian

Yes, our office had decided you can come pick up the documents and review
them downstairs in the 2nd floor for 1 hr. Tomorrow late afternoon will work.

I will have Tony and Dan's folders ready for you to review.

Subject: Re: CPRA request (CD13.2016.09.25.b)

Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to CF 16-1053.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before October 19, 2016. If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Thanks,

Dan Halden
Hollywood Field Deputy
Office of Councilmember Mitch O'Farrell, 13th District
1722 Sunset Boulevard, Los Angeles, CA 90026

On Sun, Sep 25, 2016 at 10:29 PM, <adrian@chez-risk.in> wrote:

Good evening, Dan.

I'd like to take a look at all records relating to CF16-1053. These should include records related to the drafting of the motion as well. I'm particularly interested in understanding how this motion took shape and/or at whose behest, so any communications with constituents, with community groups, with groups other than community groups, among CD13 staff, between CD13 staff and your boss, with City staff in other departments, notes and agendas from meetings, calendar entries, chat logs, maps of any sort, and so on, will all be responsive.

I would like to see such records from July 1, 2013 through whenever you comply with this request.

Thanks,

Adrian

Subject: Re: CPRA request (CD13.2016.09.28.b)

Dear Dan,

Is there some system here that I'm missing? The response deadline is by agency, not by employee. In the spirit of cooperation I will be happy to send requests to whomever I am "supposed" to send them to, but I can hardly be expected to guess EFI that is.

Thanks,

Adrian

To: Los Angeles Conservancy; Los Angeles Historic Theatre Foundation; Art Deco Society of Los Angeles, Hollywood Heritage, Inc.

Earl Carroll Theatre preservation coalition,

The Final Environmental Impact Report (FEIR) has been released (Earl Carroll: FEIR: http://planning.lacity.org/eir/6250Sunset/feir/Start_Menu-6250%20Sunset_Project-FEIR.html). The Public Hearing is this **Wednesday February 10th, 11:30am, City Hall, Room 1020.**

This is the Hearing to which the coalition must appear and stand united. Attached are our submitted DEIR comment letters for the team's review. Hollywood Heritage believes all *points of interest* are pertinent; but we ask that the coalition *stand firm* per the detrimental reduction of parking (70 spaces allotted when it has 139 now). [As the Coalition is in agreement, this destroys the viability of the building to be used per its original intent or as a music venue.]

thank you!
john g.

Subject: For Review: Earl Carroll Theatre preservation coalition - DEIR comment letters - (6250 Sunset Project)
To: "Bullock, Craig" <cbullock@crala.org>, Daniel Halden <daniel.halden@lacity.org>

Dear CRA/LA and CD13,

As our 'Earl Carroll Theatre preservation coalition' will meet with developer Essex Property Trust this Wednesday; I thought it prime opportunity to send a *refresher* as to the coalition partners' positions.

best regards,
john g.

For review: FOUR attachments '6250 Sunset Project':
1. Hollywood Heritage comment letter
2. 'excerpts' from DEIR - HH addendum
3. Los Angeles Conservancy comment letter
4. Art Deco Society of Los Angeles comment letter

Meeting: **6:00pm Wednesday September 16th**

Our meeting location will be the 'Piano Room' at Lucy's El Adobe Cafe (onsite parking available). The meeting will have a ***sharp start*** **at 6:00pm** and a ***hard stop*** **at 7:00pm**; thank you for arriving early to accommodate this time slot.

[fyi~ the room is available at 5:00pm and I am encouraging our coalition partners to come early to a no-host dinner or for appetizers and drinks - thereby ensuring we have attendees onsite and ready-to-go at 6pm.**]**

meeting location:

Lucy's El Adobe Cafe

[Eatery across from Paramount Pictures serving up nostalgia & Mexican fare for almost 50 years.]

Address: 5536 Melrose Ave, Los Angeles, CA 90004

Phone:(323) 462-9421

best regards,

john g.

Re: '6250 Sunset Project' Draft Environmental Impact Report; ENV-2014-751-EIR ; (6230-6254 Sunset Boulevard, 6237-6253 Leland Way)

Dear Planner Ibarra:

The Board of Directors of Hollywood Heritage, its Preservation Issues Committee and its members, thank you for the opportunity to comment on the Draft Environmental Impact Report for the '6250 Sunset Project'.

Representatives of Hollywood Heritage attended the July 23rd, 2014 scoping meeting; submitted comments to the Notice of Preparation on August 11th, 2014; and have had an ongoing positive engagement with the Applicant, Essex Portfolio L.P.

Hollywood Heritage has a keen interest in the preservation of historic structures; and is responding to the '6250 Sunset Project' Draft EIR with detailed comments about the long-term preservation of the historic Earl Carroll Theatre, potential project impacts upon Pete's Flowers/Morgan Camera Shop, and land-use policies in Hollywood.

Currently, Hollywood Heritage is engaged in ongoing land-use discussions with the Community Redevelopment Agency and Council Office District 13 per new construction adjacent to historic structures. This topic must be thoroughly discussed and completely documented so that decisions made which exceed current height and FAR are understood.

Furthermore, the granting of additional height and FAR to projects should result in meaningful Mitigation measures to protect surrounding historic buildings. Hollywood Heritage strongly believes that these decisions should not be deferred, and in absence of Design Guidelines and a Community Plan framework, must be rigorously applied to each and every project seeking variances from the current condition.

Earl Carroll Theatre

Earl Carroll, a successful New York City nightclub impresario, accepted Paramount Pictures' invitation to help produce the 1934 film "Murder at the Vanities", in which his new headliner, Beryl Wallace had a role. As Carroll gained a foothold in Hollywood, he secured financial backing for an innovative theater-restaurant concept, hiring renowned architect Gordon Kaufmann, designer of such well-known and significant venues as Santa Anita Race Track, Hoover Dam, Greystone, and the Los Angeles Times complex.

The building, a purpose built structure with Art Deco and Streamline references, employed advanced technology for entertainment, including a '60-foot wide double revolving turntable on the 80 foot main stage, three swings which lower from the auditorium ceiling, elevator, revolving staircase and rain machine are part of a stage machinery complex not duplicated in any other theater in America.

The façade of the original theater held two of Hollywood's most renowned landmarks: the 20-foot in diameter neon portrait of show headliner Beryl Wallace with the words "Thru These Portals Pass the Most Beautiful Girls in the World" and Sunset Boulevard's "Wall of Fame" presenting in cement the personal inscriptions to Earl Carroll of more than 150 of Hollywood's most glamorous stars.

[Of note: over the decades of operation as an entertainment venue, the cement celebrity signature blocks were updated with additional (current-to-the-era) venue performers. As with the historic 'celebrity hand & footprint' forecourt of Grauman's Chinese theatre; the Earl Carroll Theatre "Wall of Fame" was ever evolving]

The theatre has had a number of significant operations in the context of Hollywood entertainment.

Pete's Flowers/Morgan Camera Shop

The proposed project has the potential to overwhelm both the building and its historic signage; therefore has a potential adverse impact on this National Register eligible adjacent property. Morgan Camera is a prime display of the evolution of a modern commercial specialty store in Hollywood; has significance as a business associated with the Entertainment Industry, and as a one-story commercial retail building on a major commercial thoroughfare.

Hollywood Heritage concurs with the Los Angeles Conservancy, and agrees with the recommendation in the DEIR to prepare an updated DPR Survey Form for Pete's Flowers/Morgan Camera Shop, so as to ensure full documentation of the building's historic signage, "painted advertisement" and character-defining features. The qualified historic preservation professional tasked with monitoring the '6250 Sunset Project' construction for impact (such as stabilization) upon the Earl Carroll Theatre, should also monitor Pete's Flowers/Morgan Camera Shop to ensure its protection.

The Earl Carroll Theatre Building: Entertainment Industry

The Earl Carroll Theatre holds a highly important place amongst a nationally-significant grouping of buildings and venues along Sunset Boulevard and Vine Street. These showcase historic Hollywood as a recording, broadcasting, television, and entertainment capital, probably of equal importance to Hollywood's reputation as a "movie capital".

The proposed '6250 Sunset Project' is in proximity to several very important historic resources: the Warner Bros. Studio Administration Building; CBS Columbia Square; Sunset Gower Studios; the Hollywood Palladium; Pete's Flowers/Morgan Camera Shop and the Cinerama Dome. There are also recognized historic residential neighborhoods at Selma Avenue/LaBaig and Afton/DeLongpre.

First came the Film Studios to Sunset & Vine, then Radio facilities and the development of television. Simultaneously, the Recording industry was founded and matured in parcels adjacent to the Earl Carroll Theatre.

This is the activity which contributes to the Earl Carroll Theatre being a significant structure within what can clearly be seen as an extension to the Hollywood Boulevard Commercial and Entertainment National Register District, or as an integral part of a second historic district dedicated to radio/recording/television and performance.

Architecturally, examples of streamline modern are rare within the Hollywood Core. As an endangered building style, the Earl Carroll theatre is a highly valuable asset.

Hollywood Heritage agrees with the conclusion of the DEIR that the Earl Carroll Theatre building is eligible for listing on the **National Register, California Register,** and as a **City of Los Angeles Historic-Cultural Monument.**

Long-Term Preservation and Viability of the Earl Carroll Theatre

Of great concern: this DEIR is analyzing and illustrating a specific project which retains the Earl Carroll Theatre and has an average FAR of 2.4:1. But this same DEIR repeatedly refers to an entitlements request which will allow a project of almost double the size - of FAR 4.5:1. It is unclear why a project which needs 179,397 sf of development is requesting entitlements for 262,215 sf?

A concise response clarifying the difference in sf is required, as this has direct pertinence to the long-term preservation and viability of the Earl Carroll Theatre.

Environmentally Superior Project: Hollywood Heritage believes that the environmentally superior project for this site is a combination of Alternate #2 and Alternate #3.

- Alternate #2: A project that sticks to the Redevelopment Plan and the Community Plan is important. This developer is taking advantage of density bonuses under SB 1818. It may be that no further entitlements are needed; this should be verified.

- Alternate #3: From a design standpoint, the alternate which provides a wider entrance area for the Earl Carroll Theatre is preferable, and would need less mitigation. Hollywood Heritage is not endorsing a specific new building height, but does feel that the loss of outdoor space at the Earl Carroll Theatre entrance is quite problematic. An alternative recapturing sufficient space is superior.

Hollywood Heritage is not in favor of the potential, proposed project design option that converts the Earl Carroll Theatre interior to "creative office space", if that involves altering the major special relationship of the building's interior.

Needed Mitigation Measures and Project Design Features: Hollywood Heritage believes the following Project Design Features and Mitigation measures should be added in the FEIR:

- **Mitigation Measure- Historic-Cultural Monument and National Register nomination**: The DEIR states on Page 4G-39 that the Earl Carroll Theatre will be preserved and be rehabilitated in accordance with the Secretary of the Interior Standards. However, the DEIR does not state the mechanism which will cause this to happen.

  Hollywood Heritage recommends that a Mitigation Measure be added to compensate for the loss of historic setting, in which the Earl Carroll Theater will be nominated as a Historic Cultural Monument.

  The Earl Carroll Theatre shall also be nominated to the National Register; so that the project developer/Applicant is positioned to take full advantage of rehabilitation tax credits, easements and other charitable contribution incentives that will likely be necessary to finance the rehabilitation of the Earl Carroll Theatre building.

- **PDF – Easement for Historic Canopy**: If the PMX proposed by the developer separated the legal lots underlying the Earl Carroll Theater from the lot underlying the steel parking entrance canopy, the project should be required to execute a covenant or easement providing that that entrance canopy shall remain.

- **PDF- Historic Structures Report**: the EIR is inadequate without the addition of a Historic Structures Report (HSR). The HSR should include 'Existing Condition' photographic documentation. The HSR will identify character-defining features (both interior and exterior) that will be crucial to a good rehabilitation.

- **PDF- Return historic signage**: The Project is requesting an off-menu incentive or a project permit modification or exception to permit additional off site signage.

  In light of the high degree of importance of the character-defining feature of the Earl Carroll Theatre neon signage, Hollywood Heritage recommends that any signage be restricted to the new building and conditioned on reconstructing the historic Earl Carroll Theatre Building exterior neon.

Preservation Plan for rehabilitation and maintenance

The Preservation Plan should include complete identification of existing interior and exterior character-defining features and treatment and impacts on each.

Protection of the significant character-defining feature of the technologically advanced rotating stage must be clearly defined. A return of significant elements of the Sunset façade (lighting and signature blocks) be defined. Existing condition photo-documentation must occur. A 'reuse plan' for the building; which addresses viable uses and issues of loading and technical obstacles created by the new construction should occur.

Approval of the Preservation Plan must be made prior to issuance of building permits. The Preservation Plan must be approved by the Office of Historic Resources, City of Los Angeles and Hollywood Heritage, Inc.

A qualified Preservation Consultant, historic preservation professional, will be retained to guide the project team and monitor construction. In addition to monitoring the construction process, the Consultant will be responsible for the Preservation Plan, Historic-Cultural Monument and National Register nomination application and input to the onsite Interpretive Plan.

Land Use: The Land Use section states that the developer will request a Zone Change and Height District Change; it may be determined that both these changes are unnecessary. A density averaging CUP application would likely cover the needed square footage requested. [The Palladium Residences Project across the street was handled with this density averaging CUP.]

- A simple Zone Variance would help the Earl Carroll Theatre maintain its commercial use in the residential zone. In order to provide for continued economic viability for the venue, Hollywood Heritage would heartily endorse such a Zone Variance. The Earl Carroll Theater already has full non-conforming rights, so this Zone Variance would be a formality, but might be helpful for the long-term preservation of the building.

- No Zone Change needed: The proposed entitlements apparently will ask for a Zone Change from Residential to Commercial on the southwestern lots. Why should a residential project in a residential zone request a change to commercial zoning? Why does a residential project need an underlying Zone Change to Regional Center Commercial? If there were to be a Zone Change, isn't a General Plan Amendment required?

  Clear responses to these questions are requested.

- From the plans attached to the DEIR it does not appear that there are commercial uses for the new project on the southwestern lots, and if there are, a Zone Variance would be sufficient.

  The Redevelopment Plan has arrangements to allow for commercial uses in the residential zones.

- No Height District Change needed: the Project - with an FAR of 2.4:1-- has no necessity of requesting an FAR of 4.5:1. The DEIR discusses the 2012 Hollywood Community Plan and the FAR to 4.5:1, but this is not relevant—the Project doesn't meet that Plan's criteria, and that Plan has been legally rescinded. This project proposes **200** units; so it is unclear why an entitlements request for **741** units is being made. Clarification should be provided, as this has direct pertinence to the long-term preservation of the Earl Carroll Theatre.

- Inadequate discussion of clearing of D condition: The site currently has a "D" condition on all parcels; the FEIR must accurately state the findings that City Planning and the Redevelopment Agency must make in order to clear the "D" condition.

	Allowed Zone	**Needed Zone**	**Requested Zone**
Northwest Sunset- new project	C4-2D-SN (FAR 2:1) (200 sf/du)	C4-2D-SN (FAR 2:1 + SB 1818 incentives, with CUP for density averaging)	(Q)C4-2D-SN (FAR 4.5:1)

Northeast (Sunset- Earl Carroll Theater)	C4-2D-SN (FAR 2:1) (200 sf/du)	C4-2D-SN (use CUP for density averaging)	(Q)C4-2D-SN (FAR 4.5:1)
Southwest (Leland Way- new project)	R4-2D (FAR 2:1) (400 sf/du)	R4-2D (use SB 1818 density bonuses and CUP for density averaging)	(Q) C4-2D (FAR 4.5:1)
Southeast (Leland Way Earl Carroll Theater)	R4-2D (FAR 2:1) (400 sf/du)	R4-2D (use CUP for density averaging)	(Q)C4-2D (FAR 4.5:1)

PMX: Hollywood Heritage's utmost concern is the continued economic viability of historic buildings.

The DEIR does not show a drawing of the Parcel Map Exemption being processed by this developer. We imagine from the verbal description, that this PMX separates the Earl Carroll Theatre building from its adjoining land. Thus the historic building was separated from the new Project; which simplifies financing (etc.), and is acceptable.

However, this PMX also then separates the Earl Carroll Theatre from its parking (if this PMX was approved at the scheduled hearing in April).

The FEIR should clarify why the **139** parking spaces historically associated with the venue are permitted to be reduced to the **70** spaces allocated to the Earl Carroll Theatre building in this DEIR? A copy of the Affidavit filed with the City to covenant those spaces in perpetuity to the Earl Carroll Theatre must be included.

Further, this PMEX may have separated the historic Earl Carroll Theatre from the steel clad canopy that formed the entrance to the parking lot. Clear and adequate plot plans have not been provided and are needed to make this determination. The FEIR should provide the necessary clarification.

Redevelopment planning authority not yet transferred: The DEIR correctly notes that the Redevelopment Agency must make a determination regarding residential uses in a commercial zone.

In addition, for the Project to comply with the Redevelopment plan, the following must occur:

- Sec 409: All work on historically or architecturally significant structures must comply with the Secretary of the Interior Standards for Rehabilitation.

- The CRA will deny any density bonuses on sites of demolished historic buildings.

Detailed Discussion: Cultural Resources:

- **Historic Setting:** While the DEIR correctly notes that "the Project" does not propose to alter the physical fabric of the Earl Carroll Theatre building, the statement is in error that there are not direct and indirect effects of the Project.

  The historic setting of the Earl Carroll Theatre building, specifically its relation to its parking lots and to its "drive up" entrance, is significantly altered by the Project. The integrity of the setting is significantly affected. The FEIR must disclose how this will be mitigated.

Hollywood Heritage is very concerned: although the project developer/Applicant has recognized the historic importance of the Earl Carroll Theatre; parking and other amenities and mitigation measures have been drafted *based* on a basic change in definition of the structure from a theatre, to that of a "production facility."

This change in definition not only *redefines and limits* the use of the landmark, but changes parking and other requirements, and *disables* the current and/or future use of the site as the theatrical venue it was designed, built, and used as from its 1938 'opening' through the 1970s, due to inadequate parking.

It is Hollywood Heritage's mission to preserve not only the structure itself, but its potential use as well.

We *can and do* support and appreciate the developer's retention of the building as entertainment production. But we oppose the exclusion of the ability to accommodate an audience and believe changes need to be made to the project plans to avoid this exclusion.

About Hollywood Heritage, Inc.

For three decades Hollywood Heritage has been an advocate of the preservation and protection of Hollywood's historic resources. We support the goal of preserving what is most significant in Hollywood, while encouraging responsible new and infill development. Our organization has nominated many of the current Historic Cultural Monuments, listed the Hollywood Boulevard Commercial and Entertainment District in the National Register of Historic Places at the national level of significance, provided technical assistance to developers and owners of significant properties, and participated in public policy discussions through the formulation of the Community Redevelopment Plan of 1986 and subsequent urban design plans, specific plans and in the property entitlement discussion involving historic resources. These efforts have resulted in the rehabilitation of significant landmarks and districts in Hollywood.

Respectfully Submitted,

Bryan Cooper

Volume 1 of 4
Draft EIR – Introduction through Appendix A

DRAFT ENVIRONMENTAL IMPACT REPORT

HOLLYWOOD COMMUNITY PLAN AREA

6250 Sunset Project

Case Number: ENV-2014-751-EIR
State Clearinghouse Number: 2014071039

THIS DOCUMENT COMPRISES THE FIRST PART OF THE ENVIRONMENTAL IMPACT REPORT (EIR) FOR THE PROJECT DESCRIBED. THE FINAL EIR WILL COMPRISE THE SECOND AND FINAL PART.

Project Address: 6230-6254 Sunset Boulevard, and 6237-6253 Leland Way, Los Angeles, CA, 90028

Project Description: The Project proposes a mixed-use development on an approximately 2.06 acre site located between Sunset Boulevard and Leland Way in the Hollywood community of the City of Los Angeles. The Project Site is currently developed with an approximately 38,280 square foot building constructed in the late 1930's as the Earl Carroll Theatre (ECT Building), and a surface parking lot with accessory structures. The ECT Building has been used by the Nickelodeon on Sunset Corporation (Nickelodeon) as a sound stage for television productions with associated offices since the early 1980's. The Project would protect and retain the ECT Building and construct a new seven-story, mixed-use building on the western portion of the Project Site. The Project includes approximately 4,700 square feet of ground floor commercial space oriented towards Sunset Boulevard. The Project would include 200 residential units. Five percent of the residential units are restricted as very-low income. The Project would also provide a pedestrian Paseo between the new building and the ECT Building that would link Sunset Boulevard and Leland Way. Other amenities associated with the residential units include a lobby, fitness center, pool terrace, pool, spa area, sky deck, landscaped areas, and a club house/lounge area. Parking would be located in a four-level, parking structure with two levels of subterranean parking, an at-grade parking level, and one level above-grade. Bicycle parking would also be provided.

Council District: 13, Mitch O'Farrell

APPLICANT:
Essex Portfolio L.P.

PREPARED BY:
Environmental Review Section
Los Angeles City Planning Department

March 2015

restricted as very-low income. Amenities associated with the residential units include a lobby, fitness center, pool terrace, pool, spa area, sky deck, landscaped common areas, and a club house/lounge area. The Project would also provide an approximately 7,261 square-foot pedestrian paseo (Paseo) between the new building and the ECT Building that would link Sunset Boulevard and Leland Way. The Paseo would be generally accessible to the public during daylight hours. Parking would be located in a four-level, 316 space parking structure with two levels of subterranean parking, an at-grade parking level, and one level above-grade. Parking for 246 bicycles would also be provided within the parking structure and Paseo.

The new building would include up to approximately 179,397 square feet of commercial and residential space (4,700 square feet of commercial, 167,764 square feet of residential, and 6,933 square feet of indoor amenities and lobby/leasing area) with a maximum floor-area ratio (FAR) of 3.1:1 on the western lots. The existing FAR of 2:1 on the eastern lots, containing the ECT Building, would remain unchanged. Although the ECT Building would be retained, a later 550 square foot addition that currently serves as an entryway to the building from the surface parking lot would be demolished, as would a brick wall/wrought iron fence extension along Leland Way, and a small ground mounted sign along Sunset Boulevard.

The ECT Building would retain its existing signage, and the new building would include new on and off-site signage.

PERMITS AND APPROVALS: Discretionary entitlements, reviews, and approvals required for implementation of the Project would include, but would not necessarily be limited to, the following:

- Certification of an Environmental Impact Report;
- A Density Bonus to permit a 200-unit rental housing development, with 5% restricted to Very Low Income Households and utilization of Parking Option 1 per LAMC §12.22.A.25(d)(1).
- An off-menu incentive, or alternatively, a project permit modification or exception, to permit additional off-site signage at alternative locations and in excess of the maximum permitted combined sign area, located on Principal Building Facades and other building facades or roofs, within the Hollywood Signage Supplemental Use District. (LAMC § 12.22 A 25(g)(3))
- An off-menu incentive, or alternatively, an adjustment, to permit a reduction in West side yard setbacks. (LAMC § 12.22 A 25(g)(3))
- An off-menu incentive to permit a waiver of highway street dedication and improvement, or alternatively, a waiver of highway street dedication and improvement required under LAMC § 12.37 on Leland Way and Sunset Boulevard. (LAMC § 12.22 A 25(g)(3))
- A Zone Change and Height District Change from C4-2D-SN to [Q]C4-2D-SN to allow 4.5:1 FAR on the northwest and northeast lots (LAMC § 12.32); and from R4-2D to [Q]C4-2D to allow 4.5:1 FAR on southwest lots and southeast lots (LAMC § 12.32)

- A Lot Line Adjustment to adjust lot lines between the Western lots, containing the new mixed-use building, and the Eastern lots, containing the existing ECT Building. (LAMC § 17.50)

- A conditional use permit or, alternatively, a master conditional use permit, for the sale and dispensing of alcoholic beverages. (LAMC § 12.24.W.1)

- Project Permit Compliance for signage within the Hollywood Signage Supplemental Use District. (LAMC § 11.5.7)

- Site Plan Review for a project with greater than 50 residential units. (LAMC § 16.50)

- Determination regarding residential use in C (Commercial) zone per the Hollywood Redevelopment Plan

- Construction permits, including building permits, grading, excavation, foundation, and associated permits.

- Haul route permit, as may be required.

- Other approvals as needed and as may be required.

ANTICIPATED SIGNIFICANT ENVIRONMENTAL EFFECTS: Based on the analysis contained in this Draft EIR, implementation of the Project would result in significant and unavoidable construction-related noise and vibration impacts and construction-related cumulative traffic impacts.

Other issues addressed in the Draft EIR include aesthetics; air quality; cultural resources (archeological and paleontological resources, historical resources); geology and soils; greenhouse gas emissions; hazards and hazardous materials; land use and planning; noise; population, housing and employment, public services (fire protection and emergency medical services, police protection, libraries, parks and recreation); and transportation and circulation. With implementation of mitigation measures, no other significant and unavoidable impacts are expected to occur as a result of construction or operation of the Project.

DOCUMENT REVIEW AND COMMENT: If you wish to review a print copy of the Draft EIR or the documents referenced in the Draft EIR, you may do so during office hours (between 8:00 A.M. and 4:00 P.M.) at the City of Los Angeles, Department of City Planning, 200 North Spring Street, City Hall, Room 750, Los Angeles, CA, 90012. The Draft EIR is available online at the Department of City Planning's website at http://cityplanning.lacity.org by clicking on the "Environmental" tab, then "Draft EIR." Print and digital versions are also available at the following Library Branches:

1) Los Angeles Central Library, 630 West Fifth Street, Los Angeles, CA 90071

2) Frances Howard Goldwyn – Hollywood Regional Library, 1623 North Ivar Avenue, Los Angeles, CA 90028

3) Will and Ariel Durant Branch Library, 7140 West Sunset Boulevard, Los Angeles, CA 90046

4) John C. Freemont Branch Library, 6121 Melrose Avenue, Los Angeles, CA 90038

The Draft EIR can also be purchased on CD-ROM for $7.50 per copy. Contract Sergio Ibarra at (213) 978-1333 to purchase copies.

The review period for the Draft EIR begins on **March 26, 2015** and ends on **May 11th, 2015**. If you wish to submit comments regarding the Draft EIR, please reference the file number above and submit in writing by **May 11th, 2015,** no later than **4:00 P.M.**

Summary of Project Design Features

Draft EIR Section & Environmental Topic	Project Design Feature #	Project Design Feature Summary
		Construction Worker Parking Plan would be prepared which identifies alternate parking location(s) for construction workers and the method of transportation to and from the Project Site (if beyond walking distance) for approval by the City. The Construction Worker Parking Plan would prohibit construction worker parking on residential streets and prohibit on-street parking, except as approved by the City.

Source: PCR Services Corporation, 2015

H. ANTICIPATED PROJECT APPROVALS

Discretionary entitlements, reviews, and approvals required for implementation of the Project would include, but would not necessarily be limited to, the following:

- Certification of an Environmental Impact Report;
- A Density Bonus to permit a 200-unit rental housing development, with 5% restricted to Very Low Income Households and utilization of Parking Option 1 per LAMC §12.22.A.25(d)(1).
- An off-menu incentive, or alternatively, a project permit modification or exception, to permit additional off-site signage at alternative locations and in excess of the maximum permitted combined sign area, located on Principal Building Facades and other building facades or roofs, within the Hollywood Signage Supplemental Use District. (LAMC § 12.22 A 25(g)(3))
- An off-menu incentive, or alternatively, an adjustment, to permit a reduction in West side yard setbacks. (LAMC § 12.22 A 25(g)(3))
- An off-menu incentive to permit a waiver of highway street dedication and improvement, or alternatively, a waiver of highway street dedication and improvement required under LAMC § 12.37 on Leland Way and Sunset Boulevard. (LAMC § 12.22 A 25(g)(3))
- A Zone Change and Height District Change from C4-2D-SN to [Q]C4-2D-SN to allow 4.5:1 FAR on the northwest and northeast lots (LAMC § 12.32); and from R4-2D to [Q]C4-2D to allow 4.5:1 FAR on southwest lots and southeast lots (LAMC § 12.32)
- A Lot Line Adjustment to adjust lot lines between the Western lots, containing the new mixed-use building, and the Eastern lots, containing the existing ECT Building. (LAMC § 17.50)
- A conditional use permit or, alternatively, a master conditional use permit, for the sale and dispensing of alcoholic beverages. (LAMC § 12.24.W.1)

- Project Permit Compliance for signage within the Hollywood Signage Supplemental Use District. (LAMC § 11.5.7)
- Site Plan Review for a project with greater than 50 residential units. (LAMC § 16.50)
- Determination regarding residential use in C (Commercial) zone per the Hollywood Redevelopment Plan
- Construction permits, including building permits, grading, excavation, foundation, and associated permits.
- Haul route permit, as may be required.
- Other approvals as needed and as may be required.

FIGURE 4

their regulations for continued implementation of the redevelopment programs and to seamlessly permit development to take place in those areas.[7]

The Hollywood Redevelopment Plan contains numerous goals. These goals include encouraging economic development; promoting and retaining the entertainment industry; revitalizing the historic core; preserving and expanding housing for all income groups; meeting social needs of area residents; providing urban design guidelines; and preserving historically significant structures. This Plan also provides a number of development guidelines and procedural operations to attain the plan goals. Among other guidelines the Plan provides density standards for development, which generally call for FARs of 4.5:1, but with allowed densities of 6.0:1 pursuant to consistency with the Hollywood Redevelopment Plan. The Hollywood Redevelopment Plan encourages new residential uses within the Regional Center Commercial land use designation. (Section 506.3) The Plan requires approval of a participation agreement to permit the development of new residential uses within commercial areas. The Plan requires that a residential or mixed-use development meet all design and location criteria to ensure that the goals of the Plan are met and amenities are provided which are appropriate to the size and type of housing units proposed.

(g) City of Los Angeles Municipal Code

The City of Los Angeles Municipal Code (LAMC), Chapter 1 (Planning and Zoning Code) defines the range of zoning classifications throughout the City, provides the specific permitted uses applicable to each zone designation, and applies development regulations to each zone. The Los Angeles Municipal Code zone designations are cumulative under most zoning categories, so that lesser intensity uses are allowed in higher intensity zones. For instance single-family uses are permitted in multi-family zones and multi-family uses are permitted in commercial zones. **Figure 4.G-2**, *Zoning*, shows the generalized zoning for the Project Site and Site vicinity, as well as the Site specific zones on the Project Site.

The Project Site covers two separate zones. The northern lots are zoned Commercial (C4-2D-SN), which permits a variety of mixed-uses including multi-family residential development, retail, hotel, theater, studio, and other similar uses, as described in the Los Angeles Municipal Code Section 12.16. The C4 in the zoning designation indicates that the Project Site is designated for commercial uses. The C4 zone also allows multiple-dwelling-unit residential development. The C4-2D-SN zone permits a density of 200 square feet of lot area per dwelling unit. The "D" Development Limitation within the C4-2D-SN zone provides a Project shall not exceed an FAR limitation of 2:1.

The southern lots along Leland Way are zoned Multiple Family (R4-2D), which permits a density of 400 square feet of lot area per dwelling unit with a Development Limitation that provide that a project cannot exceed an FAR of 2:1. The R4-2D zone also permits a density of 400 square feet of lot area per dwelling unit. The current R4 zoning on the southern lots is not consistent with the Regional Center Commercial general plan designation, because the R4-2D zone does not permit commercial uses. The "2" component of both zones indicates height district "2," which is an unlimited building height.

Section 12.22 a.25 of the LAMC provides for density bonuses as incentives for projects that

---

[7] *Case No: CPC-2013-3169-CA. CEQA No: ENV-2013-3170-CE.*

Table 4.G-6

Existing and Proposed Zoning

Address	Existing Lot Area	Proposed Lot Area	Existing Zoning/FAR	Proposed Zoning/FAR	Proposed Project FAR
Western Lots Total	54,007 s.f.	58,270 s.f.	*Northwest lots:* C4-2D-SN FAR 2:1	*Northwest lots:* [Q]C4-2D-SN FAR: 4.5:1	FAR 3.1
			Southwest lots: R4-D2 FAR 2:1	*Southwest lots:* [Q]C4-2D FAR: 4.5:1	
Eastern Lots Total	36,105 s.f.	31,842 s.f.	*Northeast lots:* C4-2D-SN FAR 2:1	*Northeast lots:* [Q]C4-2D-SN FAR: 4.5:1	FAR 1.2
			Southeast lot: R4-D2 FAR 2:1	*Southeast lot:* [Q]C4-2D FAR: 4.5:1	
Total	**90,112 s.f.**	**90,112 s.f.**			**FAR 2.4**

Source: PCR Services Corporation, 2014

Boulevard. While the overall commercial floor area of the Project in that area would have a FAR less than 1:1, it would place commercial development frontage along Sunset Boulevard within that area, and thus generally support the vision of street level commercial development for Sunset Boulevard, as a component of a mixed-use Project, as envisioned in the 2012 Community Plan Update.

The northern lots of the Property along Sunset Boulevard are within the Hollywood Signage Supplemental Use District (SUD). The SUD permits two square feet of signage per linear foot of frontage. The Property has 330.5 linear feet of frontage on Sunset Boulevard, including 214 linear feet on the Western lots, and 115.6 linear feet on the Eastern lots. The SUD, therefore, permits 661 square feet of signage on both lots, and 428 square feet on the Western lots. Applicants may apply for additional sign area up to 20 percent of the building's primary façade area (i.e. the façade facing Sunset Boulevard). The primary building façade is approximately 10,292 square feet. Of this total, 20 percent would be 2,058 square feet. The Project would remove the legal non-conforming signage currently located on-site, to obtain additional square feet of signage.

Certain signs are not included in this total, including supergraphic signs, open panel roof signs, projecting and skyline logo signs, and any signs in a courtyard not visible from the street. The SUD permits off-site advertising on signage.

Table 4.G-7

Comparison of the Project to Applicable Land Use Regulations of the LAMC

Code Section	Code Provision	Analysis of Project Consistency
Permitted Uses: LAMC§ 12.16-A. (Permitted Uses in C4 Zone) & 12.11.A (Permitted uses in the R4 zone)	The C4-2D-SN permits a variety of mixed-uses including multi-family residential development, retail, hotel, theater, studio, and other similar uses. The R4 zones permits single-family and multiple family housing, group homes, schools and museums. Commercial uses are not permitted.	**Consistent.** The Project proposes to rezone each lot to [Q] C4-2D on the southern lots and [Q]C4-2D-SN on the northern lots. This would enable the Project to be consistent with the underlying Regional Center Commercial land use designation as prescribed in the 1988 Hollywood Community Plan and permit the proposed commercial uses. The Project would provide development uses that are consistent with the proposed zone change. With the zone change, the Project would provide uses that are consistent with the LAMC. The Project proposes to locate commercial uses along Sunset Boulevard, in a mixed-use development; providing uses that are consistent with the existing zoning on Sunset Boulevard. Multi-family residential development would be located to the south along Leland Way. This use is consistent with the existing R4 zone along Leland Way.
Density: LAMC§12.11.C.4 and LAMC§ 12.22A.18 (Density):	The Project Site is within two zones: The existing C4-2D-SN zone permits an FAR of 2:1 and a density of one unit per 200 square feet of lot area. The existing R4-2D zone permits an FAR of 2:1 and a density of one unit per 400 square feet of lot area.	**Consistent.** The Project action would rezone the Project Site to have a uniform FAR of 4.5:1 which is consistent with the underlying Regional Center Commercial and the Hollywood Redevelopment Plan, for the reasons discussed above. The revised zoning would support mixed-use development in the regional center, and support development of the Project Site as a transitional development from the commercially oriented Sunset Boulevard side to the residentially oriented Leland Avenue side. The proposed Project would have a FAR of 3.1:1 on the Western lots, a FAR of 1.2:1 on the Eastern lots, and an average FAR of 2.4:1 FAR on the entire Project Site. The overall proposed average FAR of 2.4:1, while slightly greater than the existing allowed FAR of 2.0:1, would be consistent with the General Plan designations and transitional character of the Project Site. Further, it would be substantially less than the 4.5:1 FAR that would be allowed under the proposed zoning, the 6:1 FAR permitted in Height District 2 and in the Hollywood Redevelopment Plan and the

Table 4.G-7 (Continued)

Comparison of the Project to Applicable Land Use Regulations of the LAMC

Code Section	Code Provision	Analysis of Project Consistency
		maximum 13:1 FAR that is permitted in the regional center. Under the existing zoning, the total number of residential uses allowed on the Western lots is 202 dwelling units; on the Eastern lots is 135 dwelling units; and over the entire Project Site is 337 dwelling units. The 200 proposed units is less than the allowable amount on the Western lots and substantially less, approximately 60 percent, as compared to the total amount of developable units. The proposed rezoning would allow 291 units on the western lots and 450 units over the entire Project Site.
LAMC§12.21.A.18(c) (3) and Section 12.16-C. (Setbacks in the C4 zone).	Per LAMC§12.21.A.18(c) (3) and Section 12.16-C, the following setback requirements for a mixed-use project in a C zone are listed below: LAMC §12.21.A.18(c)(3) *Sunset Boulevard* Front yard: 0 feet LAMC§12.16 *Leland Way* Front yard: 0 feet *West Side Yard Sunset Boulevard:* 8 feet (at 3rd level) *East Side Yard Sunset Boulevard:* 8 feet (at 3rd level) *West Side Yard Leland Way:* 10 feet *East Side Yard Leland Way:* 10 feet	**Consistent.** The Project proposes the following setbacks: *Sunset Boulevard:* 0 feet *Leland Way Front Yard:* 15 feet *West Side Yard Sunset Boulevard:* 1 foot, 6 inches on the first two floors and adjacent to the staircase. Above floor two, the setback varies from 1 foot 6 inches (adjacent to the staircase) to 6 feet 6 inches. *East Side Yard Sunset Boulevard:* 25 feet *West Side Yard Leland Way:* 2 feet to 6 feet, 2 inches *East Side Yard Leland Way:* 25 feet The building frontages on Sunset Boulevard and Leland way are fully consistent with the standard setback requirements of the proposed and existing zoning designations, with the 0-foot setback required for commercial uses on Sunset Boulevard and the 15-foot front yard setback required for residential development along Leland Way. Further, the east side yard setback is substantially greater than required, allowing for the Paseo through the Project Site and providing a community amenity. The total side yard setbacks for the eastern and western side yards is also greater than required for the sum of the requirements

Table 4.G-7 (Continued)

Comparison of the Project to Applicable Land Use Regulations of the LAMC

Code Section	Code Provision	Analysis of Project Consistency
		for the western and eastern setback areas. A yard decrease up to 20% is an on menu incentive. However, a yard variance, as an off-menu incentive, is required to allow the minor reductions to the west side yard setback since a portion of the west setback along Sunset Boulevard is 1 feet 6 inches although the average is less than a 20% set back. The Project requires an 8-foot setback on Sunset; therefore, a 20% reduction is 6 feet 5 inches. The subterranean, at grade and second floor parking levels are developed at or near the property line. Per LAMC § 12.22 a.25 (g)(3)), discussed below, a Project that qualifies for a density bonus may request a waiver or modification of any development standard(s) that is not included on the Menu of Incentives in LAMC Section 12.22 a.25. With the approval of the yard variance, as an off-menu incentive, or adjustment, the Project would be consistent with the LAMC.
LAMC§12.21.1 (Height of Buildings or Structures)	There is no height limitation in in Height District No. 2	**Consistent.** No height limits are established for properties within Height District No. 2, which includes the Project Site. FAR limitations associated with this district as amended for the Project Site is are discussed above. The existing zoning does not provide any other height restrictions on the Project Site.
LAMC§ 12.22 a.25, Affordable Housing Incentives	The City has adopted density bonus regulations and procedures (LAMC§ 12.22 a.25) implementing State density bonus law. Under LAMC§12.22 a.25, the City allows a density bonus of 20% for Projects that restrict 5% of the units for very low income households. LAMC§ 12.22 a.25also includes reduced parking standards for projects that qualify for the density bonus. Parking Option 1 provides the following reduced parking standards:	**Consistent.** The Project is requesting a 20% Density Bonus to permit a 200-unit rental housing development, with 5% restricted to Very Low Income Households and utilization of Parking Option 1 per LAMC § 12.21-A.4. Pursuant to LAMC§ 12.22 a.25, the Project is providing 5% (9 units) that would be restricted to affordable housing.[11] This section of the Code is being implemented pursuant its provisions and cited and discussed above and below. Therefore, the Project would be consistent with the LAMC. The base density of the Project is 169 units. With a

---

[11] *The number of affordable units is calculated on the number of residential units before the 20% density bonus is applied (5% of 167 units = 9 very low income units).*

Table 4.G-7 (Continued)

Comparison of the Project to Applicable Land Use Regulations of the LAMC

Code Section	Code Provision	Analysis of Project Consistency
	(i)0-1 bedrooms: 1 space (ii) 2-3 bedrooms: 2 spaces (iii) 4 or more bedrooms: 2.5 spaces Under Option 1, the project would require 225 residential parking spaces, 10 commercial spaces and 70 spaces for the ECT Building. In addition to the density bonus and reduced parking options, a housing development that qualifies for a density bonus maybe granted one (1) incentive for projects that provide 5% of the units for very low income households. Per LAMC § 12.22 a.25 (g)(3)), a Project that qualifies for a density bonus may request a waiver or modification of any development standard(s) that is not included on the Menu of Incentives in LAMC§ 12.22 a.25.	density bonus of 20%, the permitted density would be 202 units. This density would be greater than could occur on the south lots along Leland Way. However, the Project would be consistent with the existing zoning for the Project Site overall, without the use of a density bonus. As the Project is utilizing a density bonus pursuant to LAMC§12.22 a.25, the Project qualifies for a ministerial parking reduction under Option 1 of the parking standards. The Project would provide 225 residential parking spaces, 11 residential guest parking spaces, 10 commercial spaces and 70 spaces for the ECT Building for a total of 253 parking spaces, exceeding the LAMC requirements by 11 spaces. As such, the Project would be consistent with the LAMC. Per LAMC § 12.22 a.25 (g)(3), the Project proposes an off-menu incentive, or alternatively, an adjustment, to permit a reduction in West side yard setbacks. With the approval of the off-menu incentive, or adjustment, the Project would be consistent with the LAMC.
LAMC§ 12.21-G.2 (a)(3) (Landscaped Common Open Space)	A minimum of 25 percent of the common open space area shall be planted with ground cover, shrubs or trees. At least one 24-inch box tree for every four dwelling units shall be provided on site and may include street trees in the parkway. For a surface area not located directly on finished grade that is used for common open space, and located at ground level or the first habitable room level, shrubs and/or trees shall be contained within permanent planters at least 30-inches in depth, and lawn or ground cover shall be at least 12-inches in depth. All required landscaped areas shall be equipped with an automatic irrigation system and be properly drained.	**Consistent.** As a Project Design Feature (LU-1), approximately 40 percent of the Project's open area would be planted with ground cover, shrubs or trees, including provision of at least one 24-inch box tree for every four dwelling units. Landscaped areas would be equipped with an automatic irrigation system and would be properly drained and regularly maintained.

Source: PCR Services Corporation, 2014.

(g) Hollywood Signage Supplemental Use District (SUD)

The proposed Project complies with the provisions of the Hollywood Signage Supplemental Use District (SUD). The SUD, as amended in November 2010 (Ordinance 181340), permits two square feet of signage per linear foot of building frontage. Section 8 of the SUD also provides for additional maximum signage area, up to 20 percent of the Primary Building Façade, if the applicant removes certain legally permitted non-conforming signage, restores historic signage, or transfers unused sign rights from a historic building to a non-historic building. The SUD excludes certain signage from the maximum signage area limit, including any historic signs, open panel roof signs, projecting signs, signs in interior courtyards or plazas, temporary signs or supergraphic signs. The SUD prohibits certain signage, and provides specific restrictions for other signage types.

The proposed Project includes existing signage on the ECT Building that shall remain, including but not limited to, identification signage and large format signage identifying entertainment shows produced by Nickelodeon. Some legally permitted non-conforming signage on site, including pole signs, will be removed and credited towards the Project.

The new mixed-use building will include identification signage for the ground level commercial/restaurant use and the building, visible from Sunset Boulevard. The building will also include identification/wayfinding signage for the vehicular and pedestrian entries to the building and the quasi-public Paseo. The Project may include other signage permitted in the SUD, including architectural ledge signs, awning signs, information signs, hanging signs, marquee signs, open panel roof signs, pedestrian signs, projecting sign, temporary signs, wall signs, and or/window signs. If included, the open panel roof sign would be located on the roof of the new mixed-use building.

The proposed Project includes a 402 square foot wall sign on the eastern wall facing the Paseo. The wall sign is located between 33 feet and 75 feet above the ground. Therefore, the Project will require an exception to the SUD for the sign area and location of this sign.

The Project complies with the maximum signage area limit. The Project does not include any prohibited signage, identified in Section 5B of the SUD.

(h) Southern California Association of Governments 2012 – 2035 Regional Transportation Plan and Compass Blueprint Growth Vision

SCAG's 2012 – 2035 Regional Transportation Plan (RTP) and Compass Blueprint incorporate several goals and policies that are applicable to the proposed Project. These SCAG policies are discussed below under (i) Regional Transportation Plan and (ii) Compass Blueprint Growth Vision. **Table 4.G-8**, *Consistency of the Project with Applicable Policies of the 2012 – 2035 Regional Transportation Plan and Compass Blueprint*, below, provides a detailed analysis of the proposed Project's consistency with applicable RTP and Compass Blueprint policies in a side-by-side comparison.

Table 4.G-8

Consistency of the Project with Applicable Policies of the 2012 - 2035 Regional Transportation Plan and Compass Blueprint

Table 4.G-8 (Continued)

Consistency of the Project with Applicable Policies of the 2012 - 2035 Regional Transportation Plan and Compass Blueprint

Policy	Analysis of Proposed Project Consistency
2012 – 2035 Regional Transportation Plan – Sustainable Community Strategy Goals	
Align the plan investments and policies with improving regional economic development and competitiveness	**Consistent.** This policy pertains to SCAG funding and policies. The Project would not adversely affect the capacity to align plan investments and policies with economic development and competitiveness. As the Project does provide regional economic benefits and does so in a manner consistent with other RTP policies as discussed below, and within the 2% growth area, and a HQTA the Project would support SCAG choices regarding this policy.
Maximize mobility and accessibility for all people and goods in the region.	**Consistent.** The location of the proposed development, with access to a Metro Red Line station and regional bus service, as well as the regional freeway system, would maximize mobility and the accessibility to the Project Site.
Ensure travel safety and reliability for all people and goods in the region.	**Consistent.** The Project is designed to minimize pedestrian/vehicle conflicts associated with vehicles entering and exiting the Project at controlled access points. Project residents would have pedestrian access to a large range of goods and services as well as employment opportunities within close proximity, helping to reduce demand on the travel system. Project residents would have a range of transportation alternatives available to meet their transit needs.
Preserve and ensure a sustainable regional transportation system.	**Consistent.** The proximity of the Project to alternative transit modes, including regional rail and bus line services, would support the region's transportation investment and the sustainability of the regional transportation system.
Maximize the productivity of our transportation system.	**Consistent.** The Project would locate a mixed-use development in an area served by a range of existing local and regional bus lines, and the Metro Red Line Subway. The proximity of residential and commercial uses to the transit systems would maximize the productivity of the transportation system and, as such, would be consistent with this goal.
Protect the environment and health of our residents by improving air quality and encouraging active transportation (non-motorized transportation, such as bicycling and walking).	**Consistent.** The Project's operations would result in a less than significant impact with regard to air quality (see Section 4.B, *Air Quality*, of this Draft EIR). Nonetheless, the Project would implement Project design features to reduce air quality impacts, including the incorporation of energy-saving features. The Project's residential development would be in a mixed-use area that would provide opportunities for pedestrian and bicycle transit. The Project would include 246 short-term and long-term bicycle parking stalls.
Actively encourage and create incentives for energy efficiency, where possible.	**Consistent.** As noted above, the Project would support a land use pattern that provides increased opportunity for use of alternative transportation modes. In so doing the Project would contribute to reductions in vehicle miles traveled with resulting benefit to energy efficiency.

Re: Draft Environmental Impact Report for 6250 Sunset Project, ENV-2014-751-EIR

Dear Mr. Ibarra,

On behalf of the Los Angeles Conservancy, thank you for the opportunity to comment on the Draft Environmental Impact Report (EIR) for the proposed 6250 Sunset Project in Hollywood.

We submit the following comments to ensure that the proposed project maintains the eligibility of the 1938 Earl Carroll Theatre (ECT) Building for the National Register of Historic Places, the California Register of Historical Resources, and as a Los Angeles Historic-Cultural Monument (HCM). We believe that the proposed project would benefit from a clear preservation plan that outlines appropriate exterior and interior treatments for the historic building, as well as clear parameters for its potential reuse in order to maintain its viability into the future as the centerpiece of the new development. Furthermore, we urge the applicant to apply for HCM status before the final approval of the project. This will ensure important character-defining features are preserved and establish a design review process to help guide these efforts now and in the future.

In addition, we have concerns regarding the impact of the proposed project on Pete's Flowers/Morgan Camera Shop, a National Register-eligible property adjacent to the project site, and encourage further refinement to reduce the potential adverse impact and to ensure that the building's character-defining features are clearly documented and preserved.

I. Historic significance of the Earl Carroll Theatre Building

Designed by master architect Gordon B. Kaufmann, the ECT Building is one of the few remaining examples of modern entertainment venues constructed at the height of Hollywood's Golden Age. At the time of its completion in 1938, the glamorous and technologically innovative nightclub reflected the rise of modern radio, television, and entertainment venues in the neighborhood around Sunset Boulevard and Vine Street. The *Los Angeles Times* hailed the building as "the first structure of its kind in the nation," and its runaway success led to the development of such iconic venues as Florentine Gardens (1938) and the Hollywood Palladium (1940).[1]

Kaufmann's sleek Streamline Moderne design for renowned producer Earl Carroll's exuberant nightclub expressed the unique relationship between modern technology and aesthetics and the growth of Los Angeles' entertainment industry. The architect juxtaposed the building's exterior rectilinear massing with dramatic interior curves, creating dynamic geometries that represented the excitement and optimism of the era. The incorporation of features such as zeon lighting and a rotating stage further underscored the project's innovation. Important exterior design elements include the unembellished reinforced concrete walls, the single-story concrete and steel portico, steel ribbon windows, and the three-bay steel porte-cochère. Significant interior features include the lobby entry, tear-drop shaped ticket counter, concave bar areas, lighting wells, figural sculptures, smoke-colored mirrors, etched glass murals, and the rotating stage.

II. Proposed project should include rehabilitation of significant historic features

While the proposed project would maintain the ECT Building and construct a new mixed-use building on the western portion of the project site, it does not commit to the rehabilitation of significant exterior and interior features at this time. The Draft EIR states that the project "includes the potential for minor maintenance and upgrades to the ECT Building exterior, and potential future tenant improvements to the interior of the ECT Building," but it does not offer any details regarding the proposed rehabilitation work. While the implementation of Mitigation Measure 1 (Standards Compliance Review) would provide a mechanism for ensuring that the building retains its eligibility as an historic resource if interior tenant improvements proceed in the future, the project's "selected exterior rehabilitation" should be clearly defined in the Final EIR.

Furthermore, the Conservancy strongly urges the applicant to develop a clear preservation plan for the ECT Building in conjunction with the proposed project, which would serve as an important guiding document for the interior and exterior rehabilitation, as well as ongoing maintenance. The plan should include a full historic structures report (HSR), which would document and assess the building's unique existing conditions and provide clear recommendations for the appropriate treatments. Because the building has been modified at various points in its history, the preservation plan should make certain that any proposed alterations and treatments maintain the eligibility of the ETC Building for listing on the National Register of Historic Places, the California Register of Historical Resources, and as a Los Angeles Historic-Cultural Monument. The applicant should also establish a clear timeline for completing the work to ensure that the building is rehabilitated and revitalized in tandem with the new construction.

---

[1] "Unique Project Well Advanced," *Los Angeles Times* (October 16, 1938).

Incorporating the ECT Building's rehabilitation into the proposed project would further enhance its presence on Sunset Boulevard as a significant anchor in Hollywood's entertainment industry. Key components we strongly urge you to consider include rehabilitation of the original porte-cochère, repair of the reinforced concrete surfaces, restoration of the exterior signature blocks, restoration of the exterior zeon lighting features (such as the signage and representation of Beryl Wallace), rehabilitation of the piers and window openings on the north elevation, restoration of lobby finishes, and repair of missing or broken interior decorative elements. The rotating stage, which is a rare and significant feature, should also be protected and preserved in-place.

III. Proposed project should ensure long-term viability of the Earl Carroll Theatre Building

In addition to defining a clear preservation plan, the proposed project should incorporate specific strategies for maintaining the ECT Building as a vibrant and economically sustainable entertainment facility. Given the ongoing transformation of its surrounding neighborhood, the Conservancy is deeply concerned over the ambiguity of the building's future use as described in the Draft EIR. We understand that the applicant may be considering reuse options, including creative office space, and we urge further exploration of a range of possibilities that would maintain the building's role in the entertainment industry, including its return to a theatre or venue.

As part of the ECT Building's future viability, we question the current proposal to allocate only 70 parking spaces for the historic building as part of the new development. The existing surface parking lot contains 139 spaces, and we understand that even that number is often insufficient to support the ECT Building's operations. We therefore believe that the current proposal is inadequate and that the applicant should commit to providing additional designated spaces for the ECT Building as part of the proposed project. A covenant should be placed on these parking spaces to ensure that they remain tied to the building in the future.

IV. Compatibility of new construction with the Earl Carroll Theatre Building

While the proposed project would alter the ECT Building's historic setting, the Conservancy believes that the impact of the new construction would be less than significant and that the building would still maintain its eligibility for the National Register. We agree that the design of the open-air paseo would provide a visual buffer between the proposed and existing buildings.

We also understand that the projecting canopy above the ground floor commercial spaces in the new building is similar in height and scale to the ECT Building's portico and the awnings on the adjacent Pete's Flowers/Morgan Camera Shop (6260 Sunset Boulevard), but we do request that the Final EIR specifically identify additional design features that are compatible with or stylistically reference the ECT Building in accordance with the *Secretary of the Interior's Standards for Rehabilitation*. Furthermore, we ask that the Final EIR contain supplementary renderings from various perspectives to clarify the spatial relationships, including massing and scale, between the new construction and both historic resources.

Moreover, we have concerns over the adverse impact of the project on the Pete's Flowers/Morgan Camera Shop building at 6260-62 Sunset Boulevard. We believe that the scale and design of the new seven-story building, including the projecting balconies, would overwhelm the 1938 commercial building, in addition to obscuring the painted advertisement on the eastern elevation that has been visible historically from Sunset Boulevard and the project site. Pete's Flowers/Morgan Camera Shop, which has been determined eligible for listing on the National Register, is distinguished by its bold historic signage, and the painted advertisement constitutes a significant character-defining feature.

We support the recommendation in the Draft EIR to prepare an updated DPR Survey Form for Pete's Flowers/Morgan Camera Shop in order to ensure that the building's historic signage is documented in full. Furthermore, we urge the applicant to consider additional mitigation measures or design features that would further reduce the adverse impacts. For example, we encourage the project team to explore a more substantial setback on the western elevation of the proposed building to provide a greater buffer between the new and existing structures. We also propose incorporating a new interpretive feature, such as a silkscreen mural or photo display, onto the western elevation of the new building that commemorates the obscured signage, as has been successfully done on Broadway and in other parts of the city.

With respect to both the ECT Building and Pete's Flowers/Morgan Camera Shop, the Conservancy requests that the Final EIR include a provision stating that a qualified historic preservation professional will monitor the construction process to ensure that both historic resources are stabilized and protected.

Because of the prominent role of signage on the project site and surrounding block – both historically and today – the Conservancy also recommends that the applicant establish a cohesive and sensitive signage program that is compatible with both the ECT Building and Pete's Flowers/Morgan Camera Shop. The signage program should provide guidelines for the storefronts in the new building, as well as guidelines for the ECT Building should a change of use occur in the future.

V. Nominate the Earl Carroll Theatre Building as an Historic-Cultural Monument to ensure proposed project meets Standards

Given the significance of the property and its relationship to neighboring historic resources, including the Palladium and CBS Columbia Square, the Conservancy strongly urges the applicant to nominate the ECT Building for local Historic-Cultural Monument (HCM) status as an additional measure of protection. The Draft EIR recognizes that the building is a "rare" surviving example of its architectural and property type, making formal designation all the more essential.[2] In recent years, the owners of both CBS Columbia Square and the Palladium have nominated or committed to nominating their historic properties for HCM status, in addition to defining clear preservation and operating plans for those buildings. We believe that the same standards should apply to the ECT Building in order to safeguard the cultural identity and viability of this important historic entertainment corridor on Sunset Boulevard.

HCM designation would enable the City's Cultural Heritage Commission and staff to review and comment on the project design and details for compliance with the *Secretary of the Interior's Standards*. It would also create a public process for any future improvements. Because the project contains numerous components, the nomination and review should occur *prior* to any issuance of building permits for all phases of development to ensure that questions of compatibility and appropriateness are adequately considered.

The HCM nomination should clearly identify both exterior and interior character-defining features, including any alterations that may have gained significance as part of a subsequent period of significance.

Given the substantial role of the ECT Building in the development of the Hollywood entertainment industry, the Conservancy also urges the applicant to consider options for more permanent protection, including a conservation easement. An easement, which is a private agreement that could offer potential tax benefits, would ensure that the property is sensitively preserved and maintained in perpetuity. Because it would not be subject to external pressures, an easement would offer community stakeholders long-term assurance over the ECT Building's future.

---

[2] City of Los Angeles, *6250 Sunset Project Draft Environmental Impact Report* (4.C.2-2)

About the Los Angeles Conservancy:

The Los Angeles Conservancy is the largest local historic preservation organization in the United States, with over 6,000 members throughout the Los Angeles area. Established in 1978, the Conservancy works to preserve and revitalize the significant architectural and cultural heritage of Los Angeles County through advocacy and education.

Thank you for the opportunity to comment on this project. Please feel free to contact me at (213) 430-4203 or afine@laconservancy.org should you have any questions.

Sincerely,

Adrian Scott Fine

Re: Draft Environmental Impact Report for 6250 Sunset Project, ENV-2014-751-EIR

Dear Mr. Ibarra, May 11, 2015

The Art Deco Society of Los Angeles would like to thank you for this opportunity to comment on the Draft Environmental Impact Report (EIR) for the proposed 6250 Sunset Project in Hollywood.

The 1938, Gordon B. Kaufman designed Earl Carroll Theatre (ECT) Building is a significant Hollywood Landmark and as such is eligible for the National Register of Historic Places, the California Register of Historical Resources, and a Los Angeles Historic-Cultural Monument (HCM). The ADSLA would urge the applicant to apply for it's HCM status and pursue a preservation plan that outlines appropriate restoration of it's exterior and interior elements as well as create a specific outline for its future reuse in a manner commensurate with its history as a Night Club, Theatre and Production facility.

The Final EIR needs more clarity as to the potential uses of the ECT to ensure internal consistencies of the physical structure, materials and features. To help in this process, the ADSLA strongly urges the applicant to perform a Historic Structure Report (HSR) on the ECT to identify and protect the character defining interior and exterior features, materials and building methods. The HSR would not only support the HCM application, but also help the applicant's development of their entitlement process.

Some of the most historically important features of the ECT need to be identified in the Final EIR and slated for restoration in the completed project such as, the Beryl Wallace and vertical neon lighting on the Sunset (north) façade and the Signature Blocks, the Streamline Moderne port-cochère, on the exterior. On the interior, the Lobby, grand staircase and other Kaufman designed elements need to be called out for preservation and restoration especially the unique rotating stage.

Of particular concern to the ADSLA is the insufficient amount of parking provided to the ECT in the current building plans for the site. While 70 spaces is the absolute minimum that the City code requires for this type of production space, this is not nearly enough parking for the amount of people needed to operate a viable production facility in the heart of Hollywood.

The Art Deco Society of Los Angeles is a non-profit organization dedicated to the preservation and education of Art Deco as a major design force in the Twentieth Century and beyond.

Please feel free to contact me the ADSLA via our email: artdecola@sbcglobal.net or me personally at 213-304-2240.

With Regards,

Rory Cunningham

Good morning, Gigi.

It has recently been brought to my attention that for some reason the
City of Los Angeles observes Columbus Day.

Thus I will be in circa 3 pm on Wednesday, October 12, to look at
whatever documents you all have ready by then.

Thanks for your gracious and good-natured assistance,

Adrian

Good morning, Gigi.

I will be in City Hall to look at this material on Monday, October 10,
at 3 pm or later.

Thanks,

Adrian

Hi All,

Just a reminder, please provide your documents, files, emails etc. to me no later than 12:00 pm this Friday, October 7th. The City Attorney has provided key words to search below. No need to redact any information. Please disregard this email if you have already provided this information.

Keywords:

05-0876-S2
CPC-2015-3199-ZC-GPA
ENV-2015-3200-ND
2971 N. Partridge Avenue
2971 Partridge
Morton La Kretz

When you search and print emails/documents, City Attorney has requested the following:

1. Print attachments to emails and provide them together.

2. If possible, print only one email at a time to avoid long run on strings of emails (some of which are privileged and some not).

3. If you had any communications with any City Attorneys, please print those emails as well, but mark them with a post-it if at possible, as this will help with our review for privileged communications.

4. Please print all emails and documents, whether you believe they are relevant or not.

5. City Attorney will redact any identifying community member information.

Finally, if anyone kept a physical file (manilla folder, redwell, or the like), City Attorney has asked that we make that available for copying as well.

This is requested as part of litigation. Please let me know if you need any additional information or have any questions.

Thanks,
Amy

To: Jeanne Min <jeanne.min@lacity.org>

FYI: CPRA?

---------- Forwarded message ----------
From: **Jim** <jim@vivahermosa.com>
Date: Fri, Sep 30, 2016 at 5:18 PM
Subject: Records request to Los Angeles councilmembers
To: jim@vivahermosa.com

9-30-16

For the Councilmember:

This is a brand new public records request.

The following records or materials are requested.

A. The Councilmember's (or staff's) internal reports, internal memos, agendas and minutes for internal meetings, or internal correspondence regarding the automated photo enforcement of vehicular speed, also known as photo radar (not to be confused with the automated enforcement of red light running), where those records, etc. are dated Jan. 1, 2016 or later.

B. The Councilmember's (or staff's) external correspondence with, and the agendas, minutes and notes associated with external meetings with, other cities, agencies, legislators, committees, commissions, associations, groups, vendors, potential vendors, lobbyists, consultants, the press, or the public, regarding the automated photo enforcement of vehicular speed, where those records, etc. are dated Jan. 1, 2016 or later.

Please note that this request does not seek the council files and supporting documents maintained by the City Clerk, as those are already disclosed to the public. My request specifically seeks any communication (email, letters, etc), internal memos, and any other documents wherein city elected officials or employees, etc. discuss or mention the use of automated enforcement of vehicle speeds (aka "speed cameras" or "photo radar"). This includes, but is not limited to, discussions about the desire to use cameras or automated enforcement to ticket motorists for speed related violations, the desire, intent, or plans to amend state law to permit jurisdictions to use such devices, and the desire, intent, or plans to partner with any other jurisdictions to achieve these goals.

This request is for copies of the above records or materials, to be emailed to me. However, if any of these documents are not available in electronic format, please mail them to me.

Your attention is drawn, in particular, to Government Code Sections 6253 and 6253.1. If there are any public records that you seek to withhold, please state the reasons therefor. In addition, you must assist requester in identifying public records and information responsive to this request; and you have an obligation to "[p]rovide suggestions for overcoming any practical basis for denying access to the records and information sought."

Regards,

Jim Lissner

Subject: CPRA request (CD13.2016.10.02.f)

Good morning, Dan, Gigi.

I'd like to take a look at all emails between (to/from/cc/bcc) Lao Moua of PATH and anyone at CD13 from January 1, 2016 through whenever you fulfill this request. I would also like to see any attachments to these emails and any emails responsive to my earlier request regarding Darlene Fernandez in their native electronic formats. It's possible that some of these attachments may be responsive to some of my earlier CPRA requests. If this is the case I only need one copy, but if it turns out to be more efficient to supply duplicates that's fine with me. Please choose whichever option is best for you.

Thanks,

Adrian

Subject: CPRA request (CD13.2016.10.02.b)

Good morning, Dan, Gigi.

I would like to understand the relationship between CD13 and the LA Conservation Corps with respect to the content of the attached email. In particular I'm interested in understanding:

1. What is happening at these work sites? LA Conservation Corps is cleaning up as directed by CD13 staff? Something else?

2. What role do the assigned staff members play? Do they show up, do they work, do they coordinate with the Conservation Corps? Something else?

3. Why and how is the Conservation Corps involved? Does CD13 contract with them? Have a non-contractual arrangement? Something else?

I'm not sure what kinds of records will reflect this information, but I'm hoping you can help me figure it out so that I can make a focused request.

Thanks,

Adrian

Good morning, Dan.

I'm wondering what the status of this request is. Most recently you'd
extended your respond-by date to September 30, 2016.

Please advise, and thanks.

Adrian

Chris, Amy and Christine:
Please peruse your emails to see if you have any copies of the following:

ALL emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, ehbid.org

Between **January 31, 2015 and October 5, 2015**

Please have these to me, with redactions, by Tuesday, October 27th. Sending them electronically via PDF is fine, just please redact first.

Let me know if you have any questions.

Thanks,

Dan Halden

Tony -- He is specifically asking for correspondence with Emily (and the others) **related to public records requests only.**
Chris -- Interesting thought; we will bring up to City Attorney.

Is it possible to get him to be more specific? Can we narrow down a topic? We have dozens of press releases that have been distributed to Emily.

Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to Emily Alpert, Jack Humphreville, or Robert Silverstein that have to do with public records from January 1, 2015 through date of compliance.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before October 14, 2016. If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Thank you,

Subject: Clarification on 6253.9(a)(1)

Hi Kimberly,
I can bring this question to our meeting on Tuesday 10/4, but please see below for reference.

Adrian had asked for a few attachments to various emails that were previously provided to him. The attachments were provided as hard copies (as were the emails, which he scanned). He is alleging via section 6253.9(a)(1) that the documents must be provided to him in their "native format," aka electronic PDFs.

Again, he has already been provided the documents. But for whatever reason he is insisting that he also receive them electronically, and he says this section backs him up.

I told him we would consult with the City Attorney prior to responding to him. Can you please advise?

Thanks,

Dan Halden

Subject: Re: CPRA request (CD13.2016.08.29.c)
To: Dan Halden <daniel.halden@lacity.org>

Hi Dan,

Gigi had these attachments printed out on paper. Can you please arrange for me to obtain copies of them in their native PDF format as required by CPRA at 6253.9(a)(1), which states:

Unless otherwise prohibited by law, any agency that has information that constitutes an identifiable public record not exempt from disclosure pursuant to this chapter that is in an electronic format shall make that information available in an electronic format when requested by any person and, when applicable, shall comply with the following: (1) The agency shall make the information available in any electronic format in which it holds the information.

Since you guys obviously hold this in PDF format, and since you all have already verified that it's not exempt by letting me see a printed-out copy, you have to supply it to me in PDF format.

Thanks,

Adrian

Good afternoon, Dan.

I'd like to take a look at room reservation schedules for CD13's offices at City Hall and Echo Park between September 19, 2016 and September 30, 2016 inclusive. What I'm trying to determine is (a) what rooms there are in the two offices that are subject to reservation (as opposed, I guess, to private offices) and when they're being used during this week and next week.

Thanks for your help,

Adrian

Adrian, we're moving ahead with the power washing project on Hawthorne Ave on Friday morning.
1. City sidewalk only, of the south side of Hawthorne Ave from N Orange Dr to Highland Ave.

If the project falls through on Friday morning, you may proceed to the following 2 locations.

2. East side of Myra Ave just outside of the underpass. Lots of discarded debris and items that need to be removed. Request from Mary Rodriguez

3. N. Occidental Blvd from 3rd St to Beverly Blvd: Litter, debris and fronds removal from MEDIANS and sidewalks.

thank you

ATTORNEY-CLIENT PRIVILEGED COMMUNICATION

Hi Chris,
The Silverstein firm is asking for "all emails, internal memoranda, notes, 'working files,' and all other documents from . . the relevant Council District office(s). See attached letter.

We already conducted a search of records through ITA and produced city emails from CD 13, but Petitioner is insisting that CD 13 staff also search their personal emails, personal files, and personal notes, including hand written notes, that would not have been archived in the City's email system.

Can you please ask CD 13 staffers to search through their

personal emails, personal files, and personal notes, including hand written notes, for documents related to the Wilcox Hotel Project? The Councilmember's files and emails also need to be searched. If possible, I would like any documents that were located to be forwarded to me **by EOD**

Wednesday, September 28. It is also sufficient for staff to say they found nothing.

Petitioner has indicated that he will depose city employees about their efforts to search their personal files, so doing this ought to avoid having to go through burdnesome depositions.

Please also be aware that you will likely have to sign a declaration that describes the efforts you made to collect documents from your staffers.

Happy to discuss any of the above if you have questions/concerns.

Thanks!
Monica

Thank you very much to those of you who have responded. Just a reminder that this request is due today. Again, this is for personal emails, personal files, and personal notes, including hand written notes **only** because ITA has already provided the search of our city emails. Thank you.

ATTORNEY-CLIENT PRIVILEGED COMMUNICATION

Hi Chris,
The Silverstein firm is asking for "all emails, internal memoranda, notes, 'working files,' and all other documents from . . the relevant Council District office(s). See attached letter.

We already conducted a search of records through ITA and produced city emails from CD 13, but Petitioner is insisting that CD 13 staff also search their personal emails, personal files, and personal notes, including hand written notes, that would not have been archived in the City's email system.

Can you please ask CD 13 staffers to search through their

personal emails, personal files, and personal notes, including hand written notes, for documents related to the Wilcox Hotel Project? The Councilmember's files and emails also need to be searched. If possible, I would like any documents that were located to be forwarded to me **by EOD**

Wednesday, September 28. It is also sufficient for staff to say they found nothing.

Petitioner has indicated that he will depose city employees about their efforts to search their personal files, so doing this ought to avoid having to go through burdnesome depositions.

Please also be aware that you will likely have to sign a declaration that describes the efforts you made to collect documents from your staffers.

Happy to discuss any of the above if you have questions/concerns.

Thanks!
Monica

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to take a look at all records in the possession of CD13 having to do with Runyon Canyon. These should include chat logs, calendar entries, meeting notes, photographs, video and/or audio recordings, analog communications, and emails (with attachments). It's possible that this request may overlap with some extent to some of my earlier requests. If that's the case I only need one copy of each record, but if it's easier not to deduplicate I don't mind multiples. I would like to see these records from July 1, 2015 through August 31, 2016.

Thanks for your help,

Adrian

CONFIDENTIAL ATTORNEY-CLIENT PRIVILEGED COMMUNICATION

Dan,

In very rare circumstances a series of public records requests from a single person may become so burdensome, persistent or sweeping that it unreasonably impinges on a department's ability to perform its public duties. In these unusual instances, the department may be able to invoke a "rule of reason" (a common law doctrine occasionally cited in case law) to allocate the amount of time and resources a department devotes to responding. See *California First Amendment Coalition v. Superior Court* (1998) 67 Cal. App. 4th 159; and *American Civil Liberties Union Foundation v. Deukmejian* (1982) 32 Cal. 3d 440.

Departments believing that circumstances may warrant invoking this rule are urged to consult with the City Attorney's Office before doing so. In general, the timing of a department's response must be reasonable in light of all the circumstances, including: the volume of records to be inspected; whether the records are readily available; the need, if any, to assign staff to oversee the inspection; whether the department is actively using the records; and the number of other public records requests to which the department is also responding. Without denying or unreasonably delaying the requested inspection, a department may consider significant disruption of its operations that inspection will cause in determining the timing and logistics of the inspection. For example, in response to a request to inspect a large number of records, the department may afford the requester access to records for a specified amount of time each day if under the circumstances that procedure is reasonable.

When one person makes multiple requests of an office, circumstances may warrant allocating a limited number of hours per day or week to the individual's pending requests in order to minimize disruption of its other public duties. In such circumstances, department personnel should endeavor to work cooperatively with the requester to determine if the request can be narrowed to minimize barriers to a prompt response, or to at least prioritize records the request would like to first retrieve and review first.

Because open government laws place such paramount importance on responding promptly to public records requests, a department should never lightly or routinely invoke the rule of reason as a basis for elongating the time for fully responding. Indeed, we strongly advise City personnel against invoking the rule of reason unless they have first consulted with the City Attorney's Office about their particular circumstances. This should be a very unique course of action in response to a very rare problem in the city.

On the chance that litigation may ensue, meticulous records should be kept on the number, scope and breadth of the requests being made by the person in question. The office or department will be required to produce testimony, affidavit, or other evidence of the extent of this alleged burden. With our assistance, it is our advice that you may write the requester a letter in which you list all of his/her requests, summarize the time spent to date, inform him/her of the burden that responding has entailed, inform him/her going forward of the amount of time your agency is able to devote to his/her requests (for example 3 hours a week; it must be reasonable) while still discharging all its other duties, and ask him/her to prioritize his requests so the most important are handled first. Keep in mind that the letter is being written not only for the requester but also for the court in the event the requester who takes your office or department to court.

Please let me know if you have any questions.

Mike Dundas

Thanks, Kimberly. Yes, we are referring to Mr. Riskin. As of right now, it's in the ballpark of 40-50 requests just since May. I will pull together as much information as possible for the meeting on 10/4.
I am including my colleague Jeanne Min, our chief of staff, in this email. Jeanne will also be in the meeting. Would you like to come to our City Hall conference room?

Thank you very much for your reply.

CONFIDENTIAL ATTORNEY-CLIENT PRIVILEGED COMMUNICATION

Dan,

In very rare circumstances a series of public records requests from a single person may become so burdensome, persistent or sweeping that it unreasonably impinges on a department's ability to perform its public duties. In these unusual instances, the department may be able to invoke a "rule of reason" (a common law doctrine occasionally cited in case law) to allocate the amount of time and resources a department devotes to responding. See *California First Amendment Coalition v. Superior Court* (1998) 67 Cal. App. 4th 159; and *American Civil Liberties Union Foundation v. Deukmejian* (1982) 32 Cal. 3d 440.

Departments believing that circumstances may warrant invoking this rule are urged to consult with the City Attorney's Office before doing so. In general, the timing of a department's response must be reasonable in light of all the circumstances, including: the volume of records to be inspected; whether the records are readily available; the need, if any, to assign staff to oversee the inspection; whether the department is actively using the records; and the number of other public records requests to which the department is also responding. Without denying or unreasonably delaying the requested inspection, a department may consider significant disruption of its operations that inspection will cause in determining the timing and logistics of the inspection. For example, in response to a request to inspect a large number of records, the department may afford the requester access to records for a specified amount of time each day if under the circumstances that procedure is reasonable.

When one person makes multiple requests of an office, circumstances may warrant allocating a limited number of hours per day or week to the individual's pending requests in order to minimize disruption of its other public duties. In such circumstances, department personnel should endeavor to work cooperatively with the requester to determine if the request can be narrowed to minimize barriers to a prompt response, or to at least prioritize records the request would like to first retrieve and review first.

Because open government laws place such paramount importance on responding promptly to public records requests, a department should never lightly or routinely invoke the rule of reason as a basis for elongating the time for fully responding. Indeed, we strongly advise City personnel against invoking the rule of reason unless they have first consulted with the City Attorney's Office about their particular circumstances. This should be a very unique course of action in response to a very rare problem in the city.

On the chance that litigation may ensue, meticulous records should be kept on the number, scope and breadth of the requests being made by the person in question. The office or department will be required to produce testimony, affidavit, or other evidence of the extent of this alleged burden. With our assistance, it is our advice that you may write the requester a letter in which you list all of his/her requests, summarize the time spent to date, inform him/her of the burden that responding has entailed, inform him/her going forward of the amount of time your agency is able to devote to his/her requests (for example 3 hours a week; it must be reasonable) while still discharging all its other duties, and ask him/her to prioritize his requests so the most important are handled first. Keep in mind that the letter is being written not only for the requester but also for the court in the event the requester who takes your office or department to court.

Please let me know if you have any questions.

Mike Dundas

Hello, Principle Kazarian,
Councilmember O'Farrell's community Clean Team members tested out some tools to hollow out the tree stumps, and though they made some minor progress, the tools that they have at their disposal proved to be inadequate, and we will have to employ other means for completing the task.

I'd like to ask if you could reach out to your contact at Home Depot and see if they have any people in their employment that could use, perhaps, power tools to finish the job for us, or if they have some tools that we can borrow that would assist us in finishing the job?

Please advise, thank you,

Thanks!

Tony

I'd like to take a look at all records related to Alice Walton (LA Times reporter) from January 1, 2014 through July 31, 2016. For emails this should include everything in the possession of anyone at CD13 including the CM which is to/from/cc/bcc alice.walton@latimes.com as well as all such emails that contains any of the words or phrases

1. alice walton
2. alice AND times
3. walton AND times

(where the "AND" isn't meant literally but rather represents a conjunctive search)

This request is also meant to encompass chat logs (text/audio/video) that mention Alice Walton or include her as a party, agendas, meeting notes, calendar entries involving Alice Walton, and anything else related to CD13's interactions with her.

Thanks for your help,

Adrian

Subject: CPRA request (CD13.2016.09.25.d)

Good evening, Dan.

I'd like to take a look at enough records to allow me to understand in detail how CD13 staff has been trained and/or instructed in the City's current process for breaking up homeless encampments. I would also like to see records pertaining to CD13's implementation of this policy.

This should include but not be limited to policy documents, email discussions or discussions in other mediums of the origin and implementation of the policy, forms or descriptions of procedures associated with the policy, and so on.

I am under the impression that CD13 arranges for LAPD presences at encampment cleanups. If this is accurate I'd like to see records relating to that aspect of the process. E.g. emails relating to scheduling, actual schedules, and so on.

I am also under the impression that CD13 staff attends some or all of these cleanups. I'd like to see records relating to that as well.

If CD13 produces any kind of audio or visual records with respect to homeless encampment cleanup, I would like to see those as well. E.g. perhaps you all take pictures or videos while you're out in the field investigating or cleaning homeless encampments. I would like to see all such records.

I would like to see such records produced since January 1, 2016.

Finally, note that this request overlaps to some extent with a request that I made on July 31 of this year to which your office has failed to respond as required by State law. Other than that one request, your office has an impeccable response record, so rather than fussing over what was probably no more than an inadvertent error on CD13's part, I thought I'd expand and resubmit the request. Consequently, I would like to withdraw that July 31 request. I'm cc-ing this to Marisol because you told me that she was handling that old request, even though she doesn't actually seem to be doing so.

Thanks,

Adrian

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

When you get a chance I'd like to look at all emails between either Bryan or Richard Kim (K-Town property managers) and anyone at CD13 including your boss from January 1, 2015 through July 31, 2016. I'd also like to see copies of any records in the same time range which mention either of these Kims (that's not already included in the first request).

Thanks,

Adrian

Subject: Fwd: CPRA request (CD13.2016.08.10.a)

All:
Please see the below CPRA. If you have any records, please forward asap. I will need them by end of the week, 9-23-16

Thanks!

Tony

I'd like to take a look at all records related to Alice Walton (LA Times reporter) from January 1, 2014 through July 31, 2016. For emails this should include everything in the possession of anyone at CD13 including the CM which is to/from/cc/bcc alice.walton@latimes.com as well as all such emails that contains any of the words or phrases

1. alice walton
2. alice AND times
3. walton AND times

(where the "AND" isn't meant literally but rather represents a conjunctive search)

This request is also meant to encompass chat logs (text/audio/video) that mention Alice Walton or include her as a party, agendas, meeting notes, calendar entries involving Alice Walton, and anything else related to CD13's interactions with her.

Thanks for your help,

Adrian

Hey Dan,

Keep emailing Athena for other questions, but I had seen this request from another CD before I left and here is what I told them.

You can try to respond that the request is not seeking an identifiable public record but there is a risk that a judge would disagree with this assessment. It seems likely that a judge would treat the chat client just like a word doc or email message. Assuming there was no chat client "running on your computer right at" the "moment" your received your request, you would have a better defense.

Assuming the request is seeking an identifiable document, you are not required to take a screen shot of your desktop because the file type that is created in a screen grab (the graphics file) is not one "that has been used by the agency to create copies for its own use or for provision to other agencies." My advice is that you print an image of the chat client onto paper and provide the paper copy.

Good evening, Tony.

I seem to recall that I don't have any of this material from a previous request, but it turns out that seeming to recall doesn't constitute an explicit exemption authorized by CPRA. Thus we can both relax and ignore our unsupported recollections.

Thanks for your continued attention to this matter,

Adrian

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to take a look at all records in the possession of CD13 having to do with a lost dog named "Cash." These should include chat logs, calendar entries, meeting notes, photographs, video and/or audio recordings, analog communications, and emails (with attachments). I am given to understand that this request may overlap with some extent to some of my earlier requests. If that's the case I only need one copy of each record, but if it's easier not to deduplicate I don't mind multiples.

Thanks for your help,

Adrian

FYI, I asked Mike Dundas about this, I don't feel like I need to respond any further, he did not request a formal CPRA and I don't feel like I need give him instructions him on how to ask for one.
I feel like I answered his inquiry by referring him to the department that started this process.

Marisol Rodriguez
District Director
Office of Councilmember Mitch O'Farrell
1722 Sunset Blvd, Los Angeles, California 90026

Good morning, Marisol.

Is there any news on this request, now about 7 weeks old? You may recall that, at your suggestion, I asked Mike Dundas for this information and he told me that the City Attorney didn't have it and that I should ask you all. I hope you will send a CPRA-compliant response soonest.

Thanks for your help,

Adrian

Good morning, Tony.

Is there any news on this request? Your response is about four weeks
overdue at this point.

Thanks,

Adrian

Dear Gigi,

I'm awaiting your confirmation. I need to use that time for something
else if for whatever reason it doesn't suit.

Thanks again for all your help,

Adrian

I agree that the PLZ may need to be removed if in fact there is not a valid Valet Permit AND if the new petition (which was supposed to rectify the issue) is still not accurate.

Please let me know your availability today.

Thank you for your response,

I have emailed and telephoned Officer Ortega several times with no response.

What you are telling me is that Officer Ortega gave a Valet Parking Operator a permit and Ray Lau of LADOT gave the Valet Parking Operator 10 on street parking spaces as a Passenger Loading Zone even though the Valet Parking Operator has no place to take the cars except for the on site parking lot, consisting of 13 parking spaces, which could be used as the Valet drop off/pick up location, or on street parking spaces!

Isn't this against every rule of the City's Valet and Passenger Loading Zone policy?

Are the Rules and Regulations Governing Valet Parking Operators and Valet Parking Attendants established by the Los Angeles Board of Police Commissioners not valid anymore?

Policy is a very important part of LAPD. Am I mistaken about the policy for issuing permits to Valet Parking Operators?

I might also point out that in Section B Item #3 of the unsigned, single page application for Valet Parking dated December 08, 2015, it states: "Does this business possess or is it in the process of obtaining an Alcohol Beverage Control (ABC) License?"

The answer "No" was written in the box and the initials "DC". On October 9, 2015 (ZA 2015-1801) 720 North Cahuenga Blvd was approved for "permit the sale and dispensing of a full line of alcoholic beverages for on-site consumption...".

Thank you again for your time,

Ken King

In response to your records request:

706 N Cahuenga--no permit
712 N Cahuenga--no permit
720 N Cahuenga--see attached for copy of Valet Parking Operator permit application. Parking lot indicated at same address with 8 or less spaces. (Eight or less spaces does not need a parking lot permit.) There was an application for a permit for a parking lot nearby at 729 Seward by the same company, but that application was never completed.
723 Lillian Way--no permit

If you find that the operator is not operating according to plan, or operating the other locations mentioned without permits, you can inform the Enforcement Section at:

Subject: CPRA request (CD13.2016.08.22.c)
To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to take a look at all records in the possession of CD13 having to do with Runyon Canyon. These should include chat logs, calendar entries, meeting notes, photographs, video and/or audio recordings, analog communications, and emails (with attachments). It's possible that this request may overlap with some extent to some of my earlier requests. If that's the case I only need one copy of each record, but if it's easier not to deduplicate I don't mind multiples. I would like to see these records from July 1, 2015 through August 31, 2016.

Thanks for your help,

Adrian

Subject: CPRA - Due Tomorrow -Fwd: CPC-2015-3199-ZC-GPA / 2971 N. Partridge/Need Documents

Hi All -

I'm not sure if this was forwarded to you yet. It may have been inadvertently limited to the Planning Team. Most of you probably do not have anything on this, but please double check your files tomorrow and PDF Amy anything you might have by noon tomorrow, if possible. The CA has provided key words to search below. No need to redact.

This is requested as part of litigation. If you need more time just let us know and we will work with the City Attorney.

Thank you very much and I apologize for the mishap.

Chris Robertson, AICP, LEED AP

I agree! It's my goal that nothing from the Council Office that is remotely deliberative in nature is ever produced in any litigation, even in a CEQA "anything goes" context.

I have fought hard on this issue and we've been largely successful in the past.

I'm working on fighting the CEQA cause of action in this matter on procedural grounds. I'm also working hard to see if I can get Plaintiff's counsel to drop the lawsuit entirely.

Bottom line: I'm not going to produce anything remotely deliberative until and unless I'm ordered to by a court. It's also very, very, very unlikely that would ever happen in this case.

On Thu, Sep 29, 2016 at 4:27 PM, Chris Robertson <chris.robertson@lacity.org> wrote:

Jennifer,

I understand that weekly reports to the Councilman are deliberative in nature and therefore, will not be provided.

On Wed, Sep 21, 2016 at 10:54 AM, Jennifer Tobkin <jennifer.tobkin@lacity.org> wrote:

Hi Team:

I'll send a formal "hold letter" under separate cover. That basically means that now there is litigation, please don't throw away or delete anything you have on this matter. If you do so at this time, the City may face, among other things, penalties in court.

Right now, however, I need you to perform a search of your email and online files (word, excel, internet bookmarks, and the like) and print any emails and associated documents that are found.

Some keywords to search include:

05-0876-S2

CPC-2015-3199-ZC-GPA

ENV-2015-3200-ND

2971 N. Partridge Avenue

2971 Partridge

Morton La Kretz

When you search and print emails/documents, please keep in the mind the following:

1. Print attachments to emails and provide them together.

2. If possible, print only one email at a time to avoid long run on strings of emails (some of which are privileged and some not).

3. If you had any communications with any City Attorneys, please print those emails as well, but mark them with a post-it if at possible, as this will help with our review for privileged communications.

4. Please print all emails and documents, whether you believe they are relevant or not.

5. I will redact any identifying community member information.

Finally, if anyone kept a physical file (manilla folder, redwell, or the like), can you make that available for copying as well?

I'm happy to walk over to City Hall to pick up your emails/documents when you're done printing.

Can you have this done by September 30, 2016?

Thank you so much!

Jennifer

Thanks Ray. Can you talk this afternoon?
I agree that the PLZ may need to be removed if in fact there is not a valid Valet Permit AND if the new petition (which was supposed to rectify the issue) is still not accurate.

Please let me know your availability today.

Ray and team,

Please see email below if you have not already. We need to discuss ASAP because if I understand this correctly, this would essentially mean that valet was operating at 720 N Cahuenga without a valid permit to do so.

We cannot move forward with the modified PLZ until this is resolved.

I need to discuss with you ASAP – are you available this afternoon for a phone call?

Thanks,

Thank you for your response,

I have emailed and telephoned Officer Ortega several times with no response.

What you are telling me is that Officer Ortega gave a Valet Parking Operator a permit and Ray Lau of LADOT gave the Valet Parking Operator 10 on street parking spaces as a Passenger Loading Zone even though the Valet Parking Operator has no place to take the cars except for the on site parking lot, consisting of 13 parking spaces, which could be used as the Valet drop off/pick up location, or on street parking spaces!

Isn't this against every rule of the City's Valet and Passenger Loading Zone policy?

Are the Rules and Regulations Governing Valet Parking Operators and Valet Parking Attendants established by the Los Angeles Board of Police Commissioners not valid anymore?

Policy is a very important part of LAPD. Am I mistaken about the policy for issuing permits to Valet Parking Operators?

I might also point out that in Section B Item #3 of the unsigned, single page application for Valet Parking dated December 08, 2015, it states: "Does this business possess or is it in the process of obtaining an Alcohol Beverage Control (ABC) License?"

The answer "No" was written in the box and the initials "DC". On October 9, 2015 (ZA 2015-1801) 720 North Cahuenga Blvd was approved for "permit the sale and dispensing of a full line of alcoholic beverages for on-site consumption...".

Thank you again for your time,

Ken King

Subject: Re: Issue with 720 Cahuenga valet / loading zone

Morning Dan,
Saw the email and we definitely need to talk as we had contacted Terry Winder yesterday morning regarding their need of additional signatures as what they had sent fell short of satisfying petition criteria. We may have to spend valuable time and resources to remove the PLZ for the time being until a valid petition is received.

I am copying Jeannie as Mr. King had asked her for my supervisor's name so she needs to be on the know.

Ray Lau, P.E.
Transportation Engineer,
Parking Meter Division

Ray and team,

Please see email below if you have not already. We need to discuss ASAP because if I understand this correctly, this would essentially mean that valet was operating at 720 N Cahuenga without a valid permit to do so.

We cannot move forward with the modified PLZ until this is resolved.

I need to discuss with you ASAP – are you available this afternoon for a phone call?

Thanks,

Dan Halden

Thank you for your response,

I have emailed and telephoned Officer Ortega several times with no response.

What you are telling me is that Officer Ortega gave a Valet Parking Operator a permit and Ray Lau of LADOT gave the Valet Parking Operator 10 on street parking spaces as a Passenger Loading Zone even though the Valet Parking Operator has no place to take the cars except for the on site parking lot, consisting of 13 parking spaces, which could be used as the Valet drop off/pick up location, or on street parking spaces!

Isn't this against every rule of the City's Valet and Passenger Loading Zone policy?

Are the Rules and Regulations Governing Valet Parking Operators and Valet Parking Attendants established by the Los Angeles Board of Police Commissioners not valid anymore?

Policy is a very important part of LAPD. Am I mistaken about the policy for issuing permits to Valet Parking Operators?

I might also point out that in Section B Item #3 of the unsigned, single page application for Valet Parking dated December 08, 2015, it states: "Does this business possess or is it in the process of obtaining an Alcohol Beverage Control (ABC) License?"

The answer "No" was written in the box and the initials "DC". On October 9, 2015 (ZA 2015-1801) 720 North Cahuenga Blvd was approved for "permit the sale and dispensing of a full line of alcoholic beverages for on-site consumption...".

Thank you again for your time,

Ken King

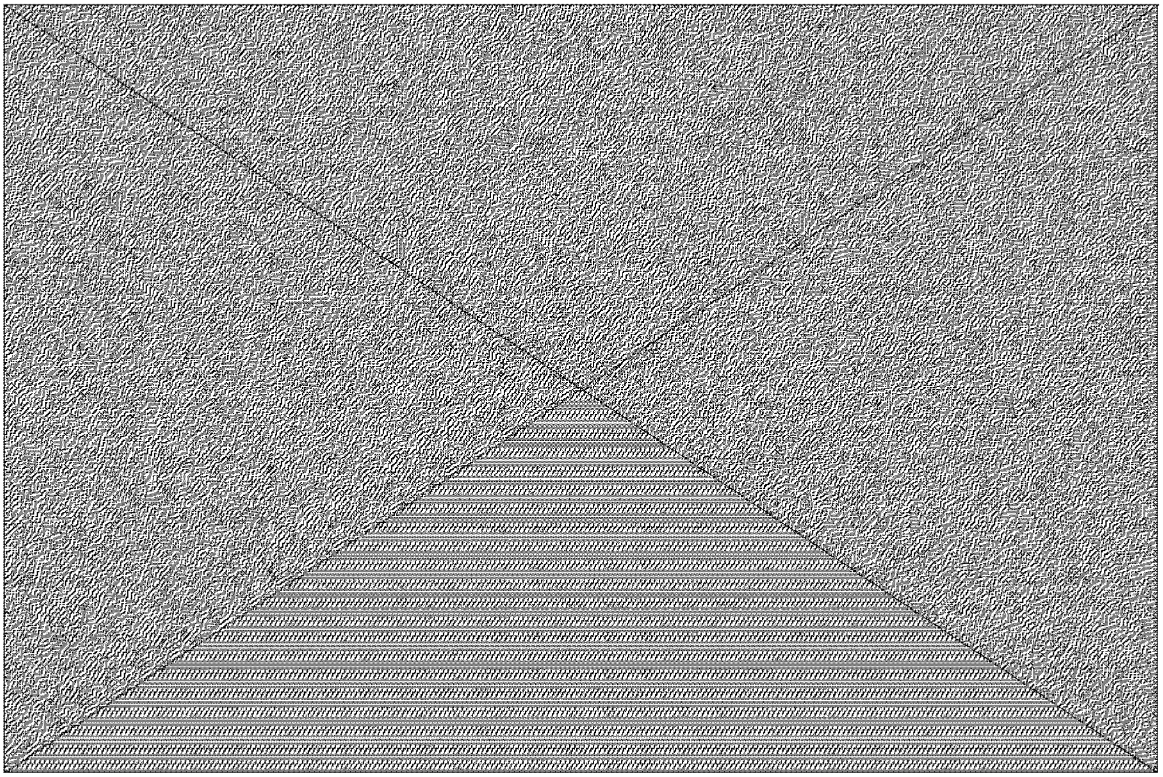
City Agency to Release Contents of LaBonge Computers

by Allison B. Cohen · September 2, 2016



Thumb drives, like the one shown here, will be turned over by the Los Angeles City Attorney's office with documents from LaBonge and his staff's computers.

The city's Information Technology Agency will be turning over documents from the computer hard drives of former Los Angeles City Councilmember Tom LaBonge and his staff next week to current councilmember David Ryu, according to City Attorney spokesperson Rob Wilcox.

Typically, the agency wipes hard drives clean when councilmembers leave office. However, in the case of LaBonge, the city retained the hard drives due to an unnamed number of lawsuits currently in play in Council District 4 (CD4), which LaBonge oversaw for 14 years.

It is unclear why the contents of the hard drives are being turned over now—more than a year after LaBonge left office on June 30, 2015.

"Our office only recently became aware that the hard drives had not been wiped clean and all offices and departments are now moving quickly to make [the] records on the drives available for public inspection," Wilcox said.

According to Ryu spokesperson Estevan Montemayor, the documents will be provided via USB thumb drives. Montemayor said current CD4 staff will then print the documents, redact any personal information and will ultimately make them available to the public, probably having them stored at the C. Erwin Piper Technical Center in downtown Los Angeles where the city's archives are located.

Montemayor said staff will be initially reviewing the documents to see if they can finally fulfill some California Public Records requests the office has received in the last year.

Initially Montemayor said emails will not be turned over from the LaBonge administration as they were erased. However, in a subsequent conversation he clarified the emails are not easily accessible and therefore won't be released.

LaBonge had over 100 boxes of documents from his office destroyed in the months before he left office, in violation of city and state statues.

Los Angeles City Clerk Holly Wolcott said when the discovery was made, that the city had no process for retaining documents of public officials and had destroyed their documents for years.

"The issue has never come up before," Wolcott said last January. "There is no protocol for the destruction of documents for elected officials."

Wolcott served as city clerk from 1987 to 1990. She then returned in 2004 to the department but in another capacity. In 2013 she was appointed as Interim City Clerk by Mayor Eric Garcetti and then confirmed in 2014 as City Clerk.

According to Montemayor, the contents of this latest round of documents is unknown, but, he said, he expects it will not be as voluminous as some that were released to the public last February. In that instance the contents of 35 boxes were made publicly available after a deputy city attorney salvaged them at Piper Tech. According to Rob Wilcox, a spokesperson for the City Attorney's office, the deputy had the boxes transported in July of 2015 to city attorney offices where they remained until last January when the city attorney made Ryu's office aware of their existence. Ryu then released those documents last February to the public.

This story was updated at 3:09 p.m. to make a clarification from Ryu spokesman Estevan Montemayor regarding LaBonge and staff's emails.

This story was updated at 3:22 p.m. with information from the Los Angeles City Attorney's office that the city's Information Technology Agency will bee turning over the documents.

Saturday: field Deputy Dan Halden

1. Hawthorne Ave from Highland Ave to N Orange Dr: Litter removal from sidewalk and gutters.
2. South side of Sunset Blvd from N Las Palmas Ave to Seward St: Litter removal from sidewalk.
3. N Cherokee ave from sunset Blvd to DeLongpre Ave: Litter removal only, from sidewalks and gutters.
4. El Centro Ave from Sunset to DeLongpre Ave
DeLongpre Ave from El Centro Ave to Gower St
Gower St from DeLongpre Ave to Sunset Blvd.
Remove litter from sidewalks and gutters here, and please be aware that there may be people in the area, so please use your best judgement and stay safe.

I'll be at home in Hollywood Saturday so feel free to call me any time if there are any issues.

If you need more to do, please do Winona Blvd from Sunset Blvd to Hollywood Blvd: Remove litter and smaller dumped items.
Also, Hollywood Blvd at Winona Blvd, from 5150 Hollywood Blvd to 5158 Hollywood Blvd: Litter removal from sidewalk.

Thanks,

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to take a look at all records in the possession of CD13 having to do with a lost dog named "Cash." These should include chat logs, calendar entries, meeting notes, photographs, video and/or audio recordings, analog communications, and emails (with attachments). I am given to understand that this request may overlap with some extent to some of my earlier requests. If that's the case I only need one copy of each record, but if it's easier not to deduplicate I don't mind multiples.

Thanks for your help,

Adrian

Hello Adrian,
We are working on compiling documents related to this request and expect to have a determination by **Friday, September 16, 2016.**

Thank you,

Dan Halden
Hollywood Field Deputy
Office of Councilmember Mitch O'Farrell, 13th District

Dear Dan,

I'd like to take a look at all records in the possession of CD13 having to do with Runyon Canyon. These should include chat logs, calendar entries, meeting notes, photographs, video and/or audio recordings, analog communications, and emails (with attachments). It's possible that this request may overlap with some extent to some of my earlier requests. If that's the case I only need one copy of each record, but if it's easier not to deduplicate I don't mind multiples. I would like to see these records from July 1, 2015 through August 31, 2016.

Thanks for your help,

Adrian

Dear Councilmembers O'Farrell and Bonin,

I'm writing to urge you to withdraw your pending resolution on oversize vehicle parking restrictions in part of the Media District BID (CF 16-0967). I believe that this issue was brought to the attention of Mr. O'Farrell by Laurie Goldman and Lisa Schechter via conversations with CD13 Hollywood Field Deputy Daniel Halden.

As a result of her previous employment with CM Tom LaBonge, Ms. Schechter was at the time that your resolution was being drafted with her input, restricted by LAMC 49.5.13.C from receiving compensation for influencing pending City matters, such as resolutions. According to the City Ethics Commission, the purpose of this law is "to prevent former City personnel from exercising or appearing to exercise improper influence over City actions." Your introduction of this resolution at the behest of Ms. Schechter and her employer the Hollywood Media District BID, creates an impression antithetical to that.

I can readily believe that neither of you nor your staff members were aware of Ms. Schechter's lobbying ban, as LAMC 49.5.13.C seems to be enforced only extraordinarily sporadically if at all. However, in the interest of enforcing at least the appearance of clean and ethical municipal government, I hope you will consider withdrawing the resolution, at least until the City Ethics Commission has had a chance to complete its investigation of this matter.

Thank you for your time,

Adrian Riskin

All,
Please see below from Adrian Riskin. Simply reply to me if you do (or do not) have records that are responsive to this request.

Records regarding Runyon Canyon from 7/1/15 - 8/31/16. Yes, this is in CD4. Please simply respond to me regarding whether you do or do not have records.

Thanks,

Subject: CPRA request (CD13.2016.08.26.a)

Good afternoon, Dan.

As you can see from the appended message, Gigi Galias hints at the occurrence of a discussion about how I can only look at some records for one hour tomorrow even though I can begin that hour at any time between 1 and 4.

I would like to see any records generated by this discussion. The usual list will do.

thanks,

Adrian

Yes, our office had decided you can come pick up the documents and review
them downstairs in the 2nd floor for 1 hr. Tomorrow late afternoon will work.

I will have Tony and Dan's folders ready for you to review.

Subject: CF 16-0967 opposition
To: councilmember.ofarrell@lacity.org, councilmember.bonin@lacity.org

Dear Councilmembers O'Farrell and Bonin,

I'm writing to urge you to withdraw your pending resolution on oversize vehicle parking restrictions in part of the Media District BID (CF 16-0967). I believe that this issue was brought to the attention of Mr. O'Farrell by Laurie Goldman and Lisa Schechter via conversations with CD13 Hollywood Field Deputy Daniel Halden.

As a result of her previous employment with CM Tom LaBonge, Ms. Schechter was at the time that your resolution was being drafted with her input, restricted by LAMC 49.5.13.C from receiving compensation for influencing pending City matters, such as resolutions. According to the City Ethics Commission, the purpose of this law is "to prevent former City personnel from exercising or appearing to exercise improper influence over City actions." Your introduction of this resolution at the behest of Ms. Schechter and her employer the Hollywood Media District BID, creates an impression antithetical to that.

I can readily believe that neither of you nor your staff members were aware of Ms. Schechter's lobbying ban, as LAMC 49.5.13.C seems to be enforced only extraordinarily sporadically if at all. However, in the interest of enforcing at least the appearance of clean and ethical municipal government, I hope you will consider withdrawing the resolution, at least until the City Ethics Commission has had a chance to complete its investigation of this matter.

Thank you for your time,

Adrian Riskin

Subject: CPRA request (CD13.2016.08.22.c)

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to take a look at all records in the possession of CD13 having to do with Runyon Canyon. These should include chat logs, calendar entries, meeting notes, photographs, video and/or audio recordings, analog communications, and emails (with attachments). It's possible that this request may overlap with some extent to some of my earlier requests. If that's the case I only need one copy of each record, but if it's easier not to deduplicate I don't mind multiples. I would like to see these records from July 1, 2015 through August 31, 2016.

Thanks for your help,

Adrian

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

When you get a chance I'd like to look at all emails between either Bryan or Richard Kim (K-Town property managers) and anyone at CD13 including your boss from January 1, 2015 through July 31, 2016. I'd also like to see copies of any records in the same time range which mention either of these Kims (that's not already included in the first request).

Thanks,

Adrian

Subject: Work sites: Week of August 28th

Adrian, here are work sites for next week, while I'm on vacation. I will list Field Staff phone numbers below, in case anyone has special requests or assignments.

Tuesday: Field Deputy Dan Halden: Hollywood
1. Hawthorne Ave from Highland Ave to N Orange Dr.: remove litter and debris from sidewalks and gutters.
2. N Cherokee Ave from Sunset Blvd to U.S. Post Office at 1425 N Cherokee Ave: remove litter and debris from sidewalks and gutters.
3. South side of Sunset Blvd from N Las Palmas Ave to Seward St: Litter removal from sidewalk.
4. West Side of Western Ave from Fernwood Ave to DeLongpre Ave.

Wednesday: Field Deputy Juan Fregoso: Echo Park/Historic/Filipinotown/Rampart Village
1. W. Temple St from Rampart Blvd to N. Coronado St: Remove litter and debris from sidewalks.
2. W. Temple St from N. Alvarado St to N. Mountain View Ave: Remove litter, debris and weeds from sidewalk. **Please be aware of buses and traffic in this area, along Temple.**
3. North side of W. Temple St from Micheltorena St. to bridge over Silver Lake Blvd: Remove all branches growing out the bottom of the trees, remove weeds and litter and clear the sidewalk space.

Thursday: with Hollywood LAPD: Hollywood/East Hollywood
8:00am, meet Officers Guerra and Sevdalian at LAPD Hollywood Division at 1358 Wilcox Ave.

Friday: Field Deputy Mary Rodriguez: Silver Lake
1. South side of Sunset Blvd from Maltman Ave to Micheltorena St/stairs: Remove litter from sidewalk and gutter, Please remove weeds/grass from the curb on the sidewalk near Micheltorena Stairs.
2. North side of Sunset Blvd from 2943 Sunset Blvd to 3225 Sunset Blvd: Remove litter and debris from sidewalks and gutter.
3. 13-7 Silver Lake Blvd: Remove weeds, litter and debris from sidewalk and gutter.

Saturday: Field Deputy Aram Taslagyan
1. South side of Santa Monica Blvd from Vermont Ave to Madison Ave: Remove litter from sidewalk.
2. North side of Santa Monica Blvd from Vermont to N. New Hampshire Ave.
3. West side of Western Ave from Santa Monica Blvd to Sierra Vista Ave: Remove litter from sidewalk.
4. East side of Western Ave from Romaine St to Santa Monica Blvd: Remove litter from sidewalk and gutter.

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to take a look at all records in the possession of CD13 having to do with a lost dog named "Cash." These should include chat logs, calendar entries, meeting notes, photographs, video and/or audio recordings, analog communications, and emails (with attachments). I am given to understand that this request may overlap with some extent to some of my earlier requests. If that's the case I only need one copy of each record, but if it's easier not to deduplicate I don't mind multiples.

Thanks for your help,

Adrian

Hi Marisol, Dan,

I'm just wondering what's up with this request?

Thanks,

Adrian

Dear Mike,

I thought that that would be the case. I'm not sure why Marisol told me
to ask you, but I'll pursue the matter with CD13.

Thanks for your help,

Adrian

Adrian, please begin Tuesday morning by changing trash receptacles at 1620 Sunset Blvd, and by cleaning up Sunset Blvd from Echo Park Ave to Lemoyne St.
At 9:00am, please come into my office for flyers and a map.

I'll be in at 8:30am.

Thank you,

Sylvan De La Cruz

Thanks, Dan. As I said, I'm awaiting your, or her, notification that
the documents are at City Hall so I can come look at them.

Thanks again,

Adrian

Subject: Re: CPRA request (CD13.2016.08.05.a)

Dear Adrian:

This letter is in response to your request received by Council District 13 seeking records pertaining to the calendars of both myself and my colleague Aram Taslagyan.

While most of the records you have requested are expected to be non-exempt, some of the records may be exempt from production. Some records may be exempt from production under California Government Code section 6254(k) because they are confidential attorney-client communications and/or protected attorney work product. Other records may be withheld or redacted under Government Code section 6254(c), which permits withholding of personal or personnel information including personal contact information belonging to private citizens, like home addresses and personal cell phone numbers. Finally, some requested records may be withheld under Government Code section 6255 because they would show the council member's deliberative process. As to these documents, Government Code section 6255 permits nondisclosure because the public interest served by protecting the council member's decision-making process clearly outweighs the public interest served by the records' disclosure.

As you know, we are processing CPRA searches in the order they are received and are working to respond to your high volume of requests as efficiently as possible while managing the operations of the Council Office. At this time, we estimate that we will be able to produce the records to you on or before September 2, 2016.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Sincerely,

Dan Halden

Hi Mike,
One of our CPRA requests from Adrian is the reports that PATH (People Assisting the Homeless) send us on a weekly basis. CD13 contracts with PATH to do outreach to homeless people within our district.

I'm attaching the reports here. My colleague Juan has gone through them and redacted personal information of the homeless clients. However, I believe there is still personal information in there insofar as these individuals are clients of a private entity (PATH), although we do contract with PATH.

Would these reports be responsive?

Yes, I think all identifiable information should be redacted, especially if it relates to the application of welfare type benefits, which is confidential information.

Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to "All communications between CD13 and American Beverage Association between 7/1/13 and 6/30/16"

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before September 30th, 2016. If you have any questions, you may reach me at (213) 473-7013. We greatly appreciate your courtesy and cooperation in this matter.

Thanks

David

Subject: CPRA request (CD13.2016.07.18.a)
To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to take a look at the following records:

1. All emails to or from anyone at CD13 including the CM that mention any of the following words or phrases:

a. sugar tax
b. soda tax
c. soft drink tax
d. sugary drink

2. All communications, including but not limited to emails, between anyone at CD13 and anyone at Rodriguez Strategies.

3. All communications, including but not limited to emails, between anyone at CD13 and anyone at or representing the American Beverage Association.

I'd like to see all such material from between July 1, 2013 and June 30, 2016.

Thanks for your help,

Adrian

Dear Mike,

I thought that that would be the case. I'm not sure why Marisol told me
to ask you, but I'll pursue the matter with CD13.

Thanks for your help,

Adrian

Adrian,
We do not have any records on CD 13's internal operations related to, or its understanding of, the requested subject matter. You have already made a request to our office for records related to the subject matter generally and we will be responding to that request separately.
Mike Dundas
Deputy City Attorney

Dear Mike,

Marisol Rodriguez at CD13 told me that I should make this request to your office. I assume this means that CD13 has no responsive documents, although she did not state that explicitly.

I'd like to understand how CD13 staff learnt or learn what the procedure for cleaning up homeless encampments is, when to apply it, how to apply it lawfully, how to explain it to constituents and people who aren't constituents but to whom CD13 staff are explaining it anyway, and so on. I imagine this request will encompass memos, emails, chat logs, material stored in GEECS, briefing papers, and so on.

The procedure I'm talking about is the one discussed in the attached email sent by CD13 intern Sean Starkey to Bryan Kim. At this point I'm not so much interested in what the procedure is as I am in how CD13 understands it and how they came to understand it that way.

Thanks,

Adrian

Subject: CPRA request (CD13.2016.08.10.a)
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Dan,

I'd like to take a look at all records related to Alice Walton (LA Times reporter) from January 1, 2014 through July 31, 2016. For emails this should include everything in the possession of anyone at CD13 including the CM which is to/from/cc/bcc alice.walton@latimes.com as well as all such emails that contains any of the words or phrases

1. alice walton
2. alice AND times
3. walton AND times

(where the "AND" isn't meant literally but rather represents a conjunctive search)

This request is also meant to encompass chat logs (text/audio/video) that mention Alice Walton or include her as a party, agendas, meeting notes, calendar entries involving Alice Walton, and anything else related to CD13's interactions with her.

Thanks for your help,

Adrian

Adrian,

Apologies, I incorrectly copied and pasted.

This letter is in response to your request received by Council District 13 seeking **the attachments to PATH weekly report emails 1/1/15 through date of compliance.**

While most of the records you have requested are expected to be non-exempt, some of the records may be exempt from production. Some records may be exempt from production under California Government Code section 6254(k) because they are confidential attorney-client communications and/or protected attorney work product. Other records may be withheld or redacted under Government Code section 6254(c), which permits withholding of personal or personnel information including personal contact information belonging to private citizens, like home addresses and personal cell phone numbers. Finally, some requested records may be withheld under Government Code section 6255 because they would show the council member's deliberative process. As to these documents, Government Code section 6255 permits nondisclosure because the public interest served by protecting the council member's decision-making process clearly outweighs the public interest served by the records' disclosure.

As you know, we are processing CPRA searches in the order they are received and are working to respond to your high volume of requests as efficiently as possible while managing the operations of the Council Office. At this time, we estimate that we will be able to produce the records to you on or before November 15, 2016.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Sincerely,

Dan Halden

Subject: Re: CPRA request (CD13.2016.07.20.d)

Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to Rusty Mullet, Cashmere and Cosmo pursuant to the California Public Records Act (CPRA).

While most of the records you have requested are expected to be non-exempt, some of the records may be exempt from production. Some records may be exempt from production under California Government Code section 6254(k) because they are confidential attorney-client communications and/or protected attorney work product. Other records may be withheld or redacted under Government Code section 6254(c), which permits withholding of personal or personnel information including personal contact information belonging to private citizens, like home addresses and personal cell phone numbers. Finally, some requested records may be withheld under Government Code section 6255 because they would show the council member's deliberative process. As to these documents, Government Code section 6255 permits nondisclosure because the public interest served by protecting the council member's decision-making process clearly outweighs the public interest served by the records' disclosure.

As you know, we are processing CPRA searches in the order they are received and are working to respond to your high volume of requests as efficiently as possible while managing the operations of the Council Office. At this time, we estimate that we will be able to produce the records to you on or before November 15, 2016.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Sincerely,

Dan Halden
Hollywood Field Deputy
Office of Councilmember Mitch O'Farrell, 13th District

Dear Dan,

I see that CD13 is the awarding authority for contract C-127833 with PATH. I have a few requests for records I'd like to take a look at with respect to this contract:

1. All CEC form 55(s) generated in relation to this contract.

2. Any records that explain how paragraph 13 forbidding the contractor from using City funds for lobbying etc. got in there.

3. Any records generated in relation to this contract in compliance with the Contractor Responsibility Ordinance, including the required questionnaires, pledges of compliance, and notifications, if any, of investigations. This should include any such records for subcontractors, if there are any.

Here's a link to the Clerk's page for this contract:

https://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccon.viewrecord&contractnum=C-127833

thanks,

Adrian

Sure. I'd like to understand how CD13 staff learnt or learn what the procedure is, when to apply it, how to apply it lawfully, how to explain it to constituents and people who aren't constituents but to whom CD13 staff are explaining it anyway, and so on. I imagine this request will encompass memos, emails, chat logs, material stored in GEECS, briefing papers, and so on.

I hope that helps, and thanks as always for your help,

Adrian

Dear Dan,

I see in your boss's letter of approval for those SVBID signal box paintings that he says that his "office has approved these locations, the artist and the attached designs provided by the BID." I'd like to take a look at all records exclusive of this letter itself, the letter from LADOT approving the project, and LADOT's policy (all of which I already have) that relate to this project.

In particular I'm looking for any records which have to do with CD13's approval process, the BID's application process, discussions about whether or not the images meet LADOT's requirements, including but not limited to emails, chat logs in all possible mediums, meeting notes and agendas, investigative records, and so on.

Thanks,

Adrian

Dear Dan,

I'd like to take a look at all records having to do with the proposed Peru Village (CF 12-1914 and 12-1914-S1). These should include but not be limited to emails, chat logs, etc. exclusive of material that already appears in the Council Files. I think it's not possible to limit this request by date as the whole thing seems to have begun before your boss took office.

Thanks,

Adrian

Good Afternoon Dan!
I hope this email finds you well. It was wonderful to see Councilmember O"Farrell at the OWB CPAB Summit. His graciousness and class just added to the event. Thanks for being instrumental in making that happen.

I wanted to touch base with you after I had lunch with Bill Farrar today. He discussed resurrecting the nighttime BID security piece again and said it had Board support. He added that there was potentially some fiduciary support for extending the program's timespan from CD 13. I am unsure if this is the case. He hadn't heard any update, and I told him I was not aware of any details...just thought I would reach out to you to get further information when you get a chance. Best always, B

Subject: Re: CPRA request (CD13.2016.07.29.a)

Dear Adrian:

This letter is in response to your request received by Council District 13 seeking records pertaining to Rusty Mullet, Cashmere and Cosmo pursuant to the California Public Records Act (CPRA).

While most of the records you have requested are expected to be non-exempt, some of the records may be exempt from production. Some records may be exempt from production under California Government Code section 6254(k) because they are confidential attorney-client communications and/or protected attorney work product. Other records may be withheld or redacted under Government Code section 6254(c), which permits withholding of personal or personnel information including personal contact information belonging to private citizens, like home addresses and personal cell phone numbers. Finally, some requested records may be withheld under Government Code section 6255 because they would show the council member's deliberative process. As to these documents, Government Code section 6255 permits nondisclosure because the public interest served by protecting the council member's decision-making process clearly outweighs the public interest served by the records' disclosure.

As you know, we are processing CPRA searches in the order they are received and are working to respond to your high volume of requests as efficiently as possible while managing the operations of the Council Office. At this time, we estimate that we will be able to produce the records to you on or before October 30, 2016.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Sincerely,

Dan Halden

Dear Dan,

I'd like to take a look at all CD13 records concerning:

a) the Rusty Mullet
b) the Cashmere
c) the Cosmo

These should include but not be limited to:

1. Emails (both internal and external) between CD13 staff and boss and anyone that contain the words or phrases:

a) mullet
b) cashmere
c) "cosmo club"
d) "the cosmo"

2. All other forms of communication used at CD13 that have to do with these three establishments, including but not limited to memorandums, chat logs (text, audio, and/or video), contents of Google Drive folders and/or directories, Google Docs, Dropbox folders, and so on if they're used for communication.

3. All other records not included above, e.g. Powerpoints, press releases, position papers, surveys, questionnaires, material received from or sent to Council, PLUM, the City Attorney, the LAPD, Planning and Zoning, or other City bureaus, agencies, commissions, boards, committees, and so on, that have to do with these three clubs.

4. Anything not already described that will help me understand how your boss came to focus on CUP revocation for these three clubs and how his decisions were implemented.

I'd like to see such material from October 9, 2015 through the present.

Thanks,

Adrian

Dear Dan,

I have a number of questions the answers to which will assist me in making more focused requests in the future. I realize that you're under no obligation to answer. On the other hand, my future CPRA requests, if constructed in ignorance, will generally force an answer, so I thought it'd be more efficient to discuss it in advance.

1. Does CD13 use any kind of (text, voice, video) chat functionality through Google Vault or any other software? E.g. Hangouts, Gchat, or similar?

2. If so, what kinds of records are created by this use? I'm familiar with Hangouts chat history, e.g. If you all use this, is history enabled?

3. How does your boss communicate with people outside the office? I notice that in 2013 he was occasionally using email, but you haven't given me any emails of his recently and you haven't claimed exemptions, so I'm assuming that he doesn't communicate much with the outside world through email.

4. Through which record-producing mediums, if any, does your boss communicate with people inside the office?

5. The City of Los Angeles seems to be out of compliance with CPRA section 6270.5, which was newly added to the law with a July 1, 2016 deadline. Most of my questions here would be answered by the required information. Do you know of any plans to implement this new requirement? I will also ask Mike Dundas about this, but if you know or can discover anything about it I'd be grateful. I'm appending the new section below for reference.

Thanks,

Adrian

6270.5. (a) In implementing this chapter, each local agency, except a local educational agency, shall create a catalog of enterprise systems. The catalog shall be made publicly available upon request in the office of the person or officer designated by the agency's legislative body. The catalog shall be posted in a prominent location on the local agency's Internet Web site, if the agency has an Internet Web site. The catalog shall disclose a list of the enterprise systems utilized by the agency and, for each system, shall also disclose all of the following:
(1) Current system vendor.
(2) Current system product.
(3) A brief statement of the system's purpose.
(4) A general description of categories or types of data.
(5) The department that serves as the system's primary custodian.
(6) How frequently system data is collected.
(7) How frequently system data is updated.
(b) This section shall not be interpreted to limit a person's right to inspect public records pursuant to this chapter.
(c) For purposes of this section:
(1) "Enterprise system" means a software application or computer system that collects, stores, exchanges, and analyzes information that the agency uses that is both of the following:
(A) A multidepartmental system or a system that contains information collected about the public.
(B) A system of record.
(2) "System of record" means a system that serves as an original source of data within an agency.
(3) An enterprise system shall not include any of the following:
(A) Information technology security systems, including firewalls and other cybersecurity systems.
(B) Physical access control systems, employee identification management systems, video monitoring, and other physical control systems.
(C) Infrastructure and mechanical control systems, including those that control or manage street lights, electrical, natural gas, or water or sewer functions.
(D) Systems related to 911 dispatch and operation or emergency services.
(E) Systems that would be restricted from disclosure pursuant to Section 6254.19.
(F) The specific records that the information technology system collects, stores, exchanges, or analyzes.
(d) Nothing in this section shall be construed to permit public access to records held by an agency to which access is otherwise restricted by statute or to alter the process for requesting public records, as set forth in this chapter.
(e) If, on the facts of the particular case, the public interest served by not disclosing the information described in paragraph (1) or (2) of subdivision (a) clearly outweighs the public interest served by disclosure of the record, the local agency may instead provide a system name, brief title, or identifier of the system.
(f) The local agency shall complete and post the catalog required

by this section by July 1, 2016, and thereafter shall update the catalog annually.

To: Dan Halden <daniel.halden@lacity.org>

Hi Dan,

I'd like to take a look at the contract under which PATH does homeless outreach for CD13. I'd also like to see any ancillary materials. In particular I'm interested in finding out how PATH chooses the areas in which it does outreach. Are any areas mandatory? Are any excluded?

thanks,

Adrian

All,
Friendly reminder regarding this CPRA request **due TODAY.**

Please search your records for **all emails between anyone at CD13 and Veronica Perez from March 1, 2016 through May 31, 2016.**

To clarify, this is Veronica Perez of Veronica Perez & Associates. I believe the email is vp@veronicaperez.com.

Thanks to everyone who has already responded with documents, or who has told me they do not have documents. Please disregard if that includes you.

Speak now or forever hold your peace.

Thank you!!!

Thanks for helping me collect 680 pages of emails for the recent CPRA I managed. I really appreciate everyone taking the time to redact sensitive information.

Some thoughts on future requests to help streamline the process...

1. Please make sure all personal information is redacted.. and then go back and check one more time!

2. I would suggest **OMITTING** personal information from social networking sites. I noticed there were several pages of Nextdoor conversations. Maybe we can check with Mike Dundas on this.

3. Although it seems neat and organized, I prefer to receive copies **STAPLE FREE.**

4. I noticed there were some personal emails to family and friends in the mix of documents, btw, fyi, heads up, etc...

Thanks again for all your help!

DRAFT RESPONSE

Dear Adrian:

This letter is in response to your request received by Council District 13 seeking records pertaining to ____________________________ pursuant to the California Public Records Act (CPRA).

While most of the records you have requested are expected to be non-exempt, some of the records may be exempt from production. Some records may be exempt from production under California Government Code section 6254(k) because they are confidential attorney-client communications and/or protected attorney work product. Other records may be withheld or redacted under Government Code section 6254(c), which permits withholding of personal or personnel information including personal contact information belonging to private citizens, like home addresses and personal cell phone numbers. Finally, some requested records may be withheld under Government Code section 6255 because they would show the council member's deliberative process. As to these documents, Government Code section 6255 permits nondisclosure because the public interest served by protecting the council member's decision-making process clearly outweighs the public interest served by the records' disclosure.

As you know, we are processing CPRA searches in the order they are received and **are working to respond to your high volume of requests as efficiently as possible while managing the operations of the Council Office.** At this time, we estimate that we will be able to produce the records to you on or before **(by September 30th, perhaps a little sooner for some of them).**

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Sincerely,

Dan Halden

Jay:
We have filled your public records request and the copies are ready to be picked up at the front desk of our City Hall office, which is located at 200 N Spring Street, room 480. We discovered 680 pages of emails and internal communications related to home sharing. **Please make your check in the amount of $68 payable to the City of Los Angeles.**

If you would rather review the documents in our office and select individual pages to take with you, then we need to schedule time in our conference room. **The copies are 10 cents per page, and the city accepts checks made payable to the City of Los Angeles**. Please keep in mind that our conference room might have limited availability due to previously scheduled meetings, so advance notice is required.

Tony

On Fri, Jul 1, 2016 at 10:40 AM, Jay Marose <jaymarose@gmail.com> wrote:

Mr Arranga
I am making a request for any and all emails, conference call notes, internal memos, schedules or other documents specific to the "Home Sharing" or Airbnb phenomenon from Jan 1 2014 - present.

So, I would like to request ALL internal communications (including emails) regarding proposals to regulate home sharing such as Airbnb, whether by the councilman, council, city attorney, state representatives and/or Attorney General or those that have been introduced at the local and/or state levels.

I'd also like to request any internal correspondence or documents regarding that issue ("Home Sharing" and Airbnb, specifically) by **the staff of CD13, including Councilman O'Farrell, Jeannie Min, yourself, Dan Halden, Marisol Salguero and the rest of the CD13 staff Jan 1 2014 - present**.

Finally, any documents (including emails conference call notes, internal memos, schedules or other documents that contain my name: **Jay Marose**. (Often misspelled as morose by staff) **Jan 1 2015 to present**.

Im not asking for legal advice. That is absolutely public record.

Please let me know when I might expect this information. My understanding is that there is a limit, which can be extended as other departments sign off, on these documents.

If there are documents which are deemed not public for some reason, please note how many documents might redacted. The law says that digital documents will be provided digitally. If there are other forms, please let me know.

Thank you, in advance,
Jay Marose

Subject: CPRA Requests from 7/20/16

Hi Adrian,

I wanted to provide an update regarding your CPRA requests from July 20, 2016:

1. Records involving homeless encampments on Vine and Homewood: **We will respond with responsive documents by August 31, 2016.**

2. Emails between CD13 & HPOA/Kerry Morrison between 7/1/16 and 7/31/16: **We will respond with responsive documents by August 15, 2016.**

3. All weekly reports from PATH between 1/1/15 and present: **Unusual circumstances exist due to the need to search through a voluminous amount of records. We will make a determination regarding your request by August 12, 2016.**

4. Records and emails between CD13 and Bryan and Richard Kim: **We will respond with responsive documents by August 31, 2016.**

Thank you,

Subject: CPRA request (CD13.2016.07.29.a)
To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to take a look at all CD13 records concerning:

a) the Rusty Mullet
b) the Cashmere
c) the Cosmo

These should include but not be limited to:

1. Emails (both internal and external) between CD13 staff and boss and anyone that contain the words or phrases:

a) mullet
b) cashmere
c) "cosmo club"
d) "the cosmo"

2. All other forms of communication used at CD13 that have to do with these three establishments, including but not limited to memorandums, chat logs (text, audio, and/or video), contents of Google Drive folders and/or directories, Google Docs, Dropbox folders, and so on if they're used for communication.

3. All other records not included above, e.g. Powerpoints, press releases, position papers, surveys, questionnaires, material received from or sent to Council, PLUM, the City Attorney, the LAPD, Planning and Zoning, or other City bureaus, agencies, commissions, boards, committees, and so on, that have to do with these three clubs.

4. Anything not already described that will help me understand how your boss came to focus on CUP revocation for these three clubs and how his decisions were implemented.

I'd like to see such material from October 9, 2015 through the present.

Thanks,

Adrian

Subject: Re: CPRA request (CD13.2016.05.22.a)

Hi Adrian -- My responses are in **BOLD:**

CD13.2016.05.22.a (food coalition, Landreth) -- balance of emails **CORRECT**

CD13.2016.05.19.a (Schechter, Goldman) -- balance of emails **CORRECT**

CD13.2016.07.13.a (Selma Park) -- all responsive records **CORRECT**

CD13.2016.07.13.b (dmh.lacounty.gov) -- all responsive records **CORRECT**

If it's not too much trouble, can you let me know if this is correct?

Also, for some reason I don't have a record of your response(s) to my requests CD13.2016.06.29.a and CD13.2016.06.29.b concerning Serena Christion, however you did provide me with emails responsive to these requests the last time I was in. This is quite possibly a failure of search on my end, but if you don't mind can you confirm either that the emails with which you've already supplied me constitute all responsive records or else that there are more to come? **The records already supplied constituted all responsive records pursuant to this request.**

See you tomorrow afternoon.

Subject: Re: CPRA request (CD13.2016.07.18.a)

Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records from 7/1/13 through 6/30/16 pertaining to:

1. All emails to or from anyone at CD13 including the CM that mention any of the following words or phrases:

a. sugar tax
b. soda tax
c. soft drink tax
d. sugary drink

2. All communications, including but not limited to emails, between anyone at CD13 and anyone at Rodriguez Strategies.

3. All communications, including but not limited to emails, between anyone at CD13 and anyone at or representing the American Beverage Association.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before August 11, 2016. If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Very truly yours

Dan Halden

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at Fox News in 2015. I have no idea what the scope of this request might be. If it's outrageously huge, I don't know, more than 1000 pages, let me know and I'll limit it appropriately.

Thanks,

Adrian

Thanks for your help!

DRAFT RESPONSE

Dear Adrian:

This letter is in response to your request received by Council District 13 seeking records pertaining to ____________________________ pursuant to the California Public Records Act (CPRA).

While most of the records you have requested are expected to be non-exempt, some of the records may be exempt from production. Some records may be exempt from production under California Government Code section 6254(k) because they are confidential attorney-client communications and/or protected attorney work product. Other records may be withheld or redacted under Government Code section 6254(c), which permits withholding of personal or personnel information including personal contact information belonging to private citizens, like home addresses and personal cell phone numbers. Finally, some requested records may be withheld under Government Code section 6255 because they would show the council member's deliberative process. As to these documents, Government Code section 6255 permits nondisclosure because the public interest served by protecting the council member's decision-making process clearly outweighs the public interest served by the records' disclosure.

As you know, we are processing CPRA searches in the order they are received and **are working to respond to your high volume of requests as efficiently as possible while managing the operations of the Council Office.** At this time, we estimate that we will be able to produce the records to you on or before **(by September 30th, perhaps a little sooner for some of them).**

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Sincerely,

Dan Halden

Subject: Public Records Request
To: tony.arranaga@lacity.org
Cc: jeanne.min@lacity.org, mike.dundas@lacity.org

Mr Arranga
I am making a request for any and all emails, conference call notes, internal memos, schedules or other documents specific to the "Home Sharing" or Airbnb phenomenon from Jan 1 2014 - present.

So, I would like to request ALL internal communications (including emails) regarding proposals to regulate home sharing such as Airbnb, whether by the councilman, council, city attorney, state representatives and/or Attorney General or those that have been introduced at the local and/or state levels.

I'd also like to request any internal correspondence or documents regarding that issue ("Home Sharing" and Airbnb, specifically) by **the staff of CD13, including Councilman O'Farrell, Jeannie Min, yourself, Dan Halden, Marisol Salguero and the rest of the CD13 staff Jan 1 2014 - present**.

Finally, any documents (including emails conference call notes, internal memos, schedules or other documents that contain my name: **Jay Marose**. (Often misspelled as morose by staff) **Jan 1 2015 to present**.

Im not asking for legal advice. That is absolutely public record.

Please let me know when I might expect this information. My understanding is that there is a limit, which can be extended as other departments sign off, on these documents.

If there are documents which are deemed not public for some reason, please note how many documents might redacted. The law says that digital documents will be provided digitally. If there are other forms, please let me know.

Thank you, in advance,
Jay Marose

Subject: Draft Response(s) to Adrian Riskin's 8 New CPRA Requests from Last Week

Hi Mike -- Please advise on draft response to most of Adrian's 8 different requests from last week. I plan to respond to each request separately, but with the same language.
Sections where I could definitely use your expertise are in **BOLD.**

Thanks for your help!

DRAFT RESPONSE

Dear Adrian:

This letter is in response to your request received by Council District 13 seeking records pertaining to ____________________________ pursuant to the California Public Records Act (CPRA).

While most of the records you have requested are expected to be non-exempt, some of the records may be exempt from production. Some records may be exempt from production under California Government Code section 6254(k) because they are confidential attorney-client communications and/or protected attorney work product. Other records may be withheld or redacted under Government Code section 6254(c), which permits withholding of personal or personnel information including personal contact information belonging to private citizens, like home addresses and personal cell phone numbers. Finally, some requested records may be withheld under Government Code section 6255 because they would show the council member's deliberative process. As to these documents, Government Code section 6255 permits nondisclosure because the public interest served by protecting the council member's decision-making process clearly outweighs the public interest served by the records' disclosure.

As you know, we are processing CPRA searches in the order they are received and **are working to respond to your high volume of requests as efficiently as possible while managing the operations of the Council Office.** At this time, we estimate that we will be able to produce the records to you on or before **(by September 30th, perhaps a little sooner for some of them).**

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Sincerely,

Dan Halden

section 6270.5, which was added to the law recently with an implementation deadline of July 1, 2016. Or am I just missing the "prominent location" on the City's website? I'm appending it below for the sake of efficiency.

Thanks,

Adrian

6270.5. (a) In implementing this chapter, each local agency, except a local educational agency, shall create a catalog of enterprise systems. The catalog shall be made publicly available upon request in the office of the person or officer designated by the agency's legislative body. The catalog shall be posted in a prominent location on the local agency's Internet Web site, if the agency has an Internet Web site. The catalog shall disclose a list of the enterprise systems utilized by the agency and, for each system, shall also disclose all of the following:

(1) Current system vendor.

(2) Current system product.

(3) A brief statement of the system's purpose.

(4) A general description of categories or types of data.

(5) The department that serves as the system's primary custodian.

(6) How frequently system data is collected.

(7) How frequently system data is updated.

(b) This section shall not be interpreted to limit a person's right to inspect public records pursuant to this chapter.

(c) For purposes of this section:

(1) "Enterprise system" means a software application or computer

system that collects, stores, exchanges, and analyzes information that the agency uses that is both of the following:

(A) A multidepartmental system or a system that contains information collected about the public.

(B) A system of record.

(2) "System of record" means a system that serves as an original source of data within an agency.

(3) An enterprise system shall not include any of the following:

(A) Information technology security systems, including firewalls and other cybersecurity systems.

(B) Physical access control systems, employee identification management systems, video monitoring, and other physical control systems.

(C) Infrastructure and mechanical control systems, including those that control or manage street lights, electrical, natural gas, or water or sewer functions.

(D) Systems related to 911 dispatch and operation or emergency services.

(E) Systems that would be restricted from disclosure pursuant to Section 6254.19.

(F) The specific records that the information technology system collects, stores, exchanges, or analyzes.

(d) Nothing in this section shall be construed to permit public access to records held by an agency to which access is otherwise restricted by statute or to alter the process for requesting public records, as set forth in this chapter.

(e) If, on the facts of the particular case, the public interest served by not disclosing the information described in paragraph (1) or (2) of subdivision (a) clearly outweighs the public interest served by disclosure of the record, the local agency may instead provide a system name, brief title, or identifier of the system.

(f) The local agency shall complete and post the catalog required by this section by July 1, 2016, and thereafter shall update the catalog annually.

Adrian,
We have compiled the records in compliance with your request and they are available for viewing. I will respond to your previous email thread regarding setting up an appointment time.

Additionally, in response to your question, to the best of my knowledge and recollection I have not discussed Selma Park with RAP staff as of this time.

Best Regards,

Dan Halden

Dear Dan,

I'd like to take a look at any records, including but certainly not limited to emails sent or received, internal or external to CD13, from between September 1, 2015 and July 15, 2016 that have to do with Selma Park. For emails a search on the phrase "selma park" should suffice.

Also, if it's not an imposition, could you tell me the full name(s) of RAP staff with whom you have discussed Selma Park?

Thanks,

Adrian

Hi everyone:

We will NOT be having a staff meeting at the DO on Monday (7/25). The next all-staff meeting will be Monday, August 1 in City Hall at 9:30 am. NO reports today. Reports resume Fri 7/29.

MOF is currently scheduled for a few meetings/events next week but his calendar may change due to travel. Check his calendar and Dave Cano for any scheduling questions.

NEXT WEEK:
7/25 Monday, 2-4p: Legislative & Planning meeting (L&P teams: this meeting may be rescheduled, but plan to attend)

7/28 Thursday, 11:30a: Michael Keaton WOF w/ DH
12:30p: Lunch Bunch (location tbd)

7/29 Friday, 10a - 12p: Leg & Planning (L&P teams: this meeting may also be rescheduled)
1:30p: Frank Bush, new GM of Building & Safety w/JM, CR, CP, AA, MSR, DG

COMING UP:
We have district events coming up and ALL STAFF should make every effort to staff each event.

7/30 - CYC in East Hollywood (Confirm your attendance on the calendar)

8/13 - Frogtown ArtWalk - Sign up for a shift:
https://docs.google.com/a/lacity.org/spreadsheets/d/1JP4yRDu13I0SqJI-AIAlKwEc1Pmorj2pnYY4xR5MrZk/edit?usp=sharing

8/19-20 - Echo Park Rising - Sign up for a shift:
https://docs.google.com/spreadsheets/d/1_pCRhKylNSljki62YvAhwXJ0opUadMkrAqv5dUkweP8/edit?ts=57927288#gid=0

CD13 Film Series at Echo Park Lake (Times tbd; shift sign ups to come)
1. August 6th
2. September 10th
3. October 1st
4. October 15th

Every staffer must staff the CD13 table for one (1) of the nights.

REMINDERS:

- All CPRA responses **must** be provided to the appropriate staff after a thorough search. Here's the current list of outstanding CPRA requests.
(+ Homesharing, AirBNB & Jay Marose docs - must be sent to Tony by 7/29)

Subject: time sensitive: request meeting - CM O'Farrell support for HCMnomination Art Deco "Redwine" Bldg.
Redwine bldg pic.jpg

Greetings Hollywood Field Deputy Mr. Dan Halden,
Last week I informed Policy Director Christine Peters about the Art Deco Society of Los Angeles (ADSLA representatives cc'd) urgent meeting request to seek District 13 Council Office support for their Historic-Cultural Monument nomination of the Art Deco "Redwine" building. Ms. Peters was enthusiastic toward setting a meeting date. The ADSLA is an important community partner providing education and preservation events informing about the influence of Art Deco.

As the nomination goes before the Cultural Heritage Commission on December 3rd; I wish to encourage you to meet with ADSLA representatives at your earliest available scheduling. Hollywood Heritage, the Los Angeles Conservancy and the Central Hollywood Neighborhood Council have all issued their support of the Redwine building nomination.

my best regards,
john g.

Date: Sun, Jul 31, 2016 at 8:43 AM
Subject: CPRA request (CD13.2016.07.31.a)
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Dan.

I'd like to take a look at enough records to allow me to understand in detail the workings and origin of what I think is the current process for breaking up homeless encampments:

— Reported to BSS
— BSS assigns investigator to the site who visually inspects the site
— BSS contacts LAHSA
— LAHSA conducts outreach and offers services
— LAHSA makes second visit
— LAHSA signs off
— Public works signs off
— Sanitation allocates days to Council Offices
— Sanitation posts at the site 72 hours prior
— Council Office coordinates LAPD

This should include but not be limited to policy documents, email discussions or discussions in other mediums of the origin and implementation of the policy, forms or descriptions of procedures associated with the policy, and so on.

I'm just looking at this point for records that relate to the policy in the abstract, not for anything to do with particular applications of the policy.

Thanks,

Adrian

CR and CP:
Here's what Hollywood Heritage has regarding Demo Clearances for properties on Tamarind. However, there is nothing online and LADBS told me yesterday they have received no applications for Demo permits...

In a nutshell, HH opposes the demolition of these properties due to historic qualities. CRA said they will not sign off until HH has had a change to respond (which they did, and they are opposed).

I'm not sure how to proceed from here... any thoughts?

May 1, 2015

Mr. Bryan Cooper, President
Hollywood Heritage, Inc.
P.O. Box 2586
Hollywood, CA 90078

Dear Mr. Cooper:

In compliance with the Settlement Agreement between Hollywood Heritage and the (former) Community Redevelopment Agency of the City of Los Angles (CRA/LA), now the CRA/LA, A Designated Local Authority (CRA/LA-DLA), the following demolition clearances were received for 1332, 1336, 1340 & 1400 Tamarind Avenue

The properties appear in surveys commissioned by the CRA/LA with the following ratings:

Address	1986	1997	2003	2009
1332 Tamarind Ave	--------	5D	6Z1	6Z
1336 Tamarind Ave	--------	5D	6Z1	6Q
1340 Tamarind Ave	--------	--------	--------	6Z
1400 Tamarind Ave	--------	--------	--------	6Q

Primary Records associated with these addresses are included. In addition, the applicant submitted a preliminary historic assessment letter for your consideration.

The CRA/LA-DLA will not provide clearance for the demolition permits until Hollywood Heritage has had an opportunity to respond. Please contact me if you have any questions on this matter.

Sincerely,

Craig Bullock
Special Projects Officer

PCR

April 28, 2015

Craig Bullock, Associate Planner
CRA/LA
448 South Hill Street, Suite 1200
Los Angeles, California 90013

Re: PRELIMINARY ASSESSMENT OF 1332, 1336, 1340, AND 1400 TAMARIND AVENUE, LOS ANGELES, CA 90028

Dear Mr. Bullock:

As part of a larger reconnaissance survey in 1980, Hollywood Revitalization evaluated residences along Tamarind Avenue, between Santa Monica and Sunset Boulevards. Their findings suggested the area be considered a potential historic district due to its collection of turn of the century cottages and bungalows. The survey provided images and original construction permit information when available and assessed the architectural merits of the area, but did not include in-depth research on individual property history. However, PCR's recent pedestrian survey found no potential district and that previously identified contributors had been altered or demolished.

In 2010, Chattel Architecture, Planning & Preservation, Inc. performed a survey on behalf of the Community Redevelopment Agency. The focus of this survey was the Hollywood Redevelopment Project Area, consisting of 1,107 acres located six miles northwest of the Los Angeles Civic Center, near the foot of the Hollywood Hills. This survey identified potential historic resources throughout the Area, including Tamarind Avenue between Santa Monica and Sunset Boulevards. The 2010 survey did not find Tamarind Avenue, or any portion of it, eligible as a historic district. The survey assigned the two duplex residences at 1336/1338 and 1400/1402 Tamarind with the status code 6Q. Properties assigned a 6Q status code are resources determined ineligible for local listing or designation as a historic district through the survey process, but may warrant special consideration for local planning.

The residence located 1332 Tamarind Avenue was assigned the status code 6Z due to significant alterations possessing little to no integrity. Properties assigned a 6Z status code are resources determined ineligible for the National Register, California Register, local listing or designation as a historic district through the survey evaluation. A status code of 6Z was also assigned to 1342 Tamarind Avenue but the survey did not provide any information explaining this designation.

PCR was recently commissioned to conduct a peer review of the above-mentioned residences for the purpose of due diligence with regard to a potential redevelopment project. PCR agrees with the 2010 Survey findings and the assignment of 6Z and 6Q status codes based on Criteria

C/3 specific to the Subject Properties' lack of architectural merit. However, PCR conducted further historical research and found the properties may be eligible under Criteria A/1, for their association with potentially significant historical events in Hollywood History.

METHODOLOGY

This Preliminary Assessment was conducted by PCR's Historic Resources Division personnel, including Margarita Jerabek, Ph.D., Director of Historic Resources, Christian Taylor, M.H.P., Architectural Historian, and Virginia Harness, M.A., Architectural Historian whom meet and exceed the Secretary of the Interior's Professional Qualification Standards in history and architectural history.[1] The historical resources evaluation involved a review of the previous surveys of Tamarind Avenue to identify any previously recorded properties on the Subject Properties. An intensive pedestrian survey was also undertaken to document the existing conditions of the properties and Project vicinity. In addition, the following tasks were performed for the study:

- Conducted field inspections of the study area and the Residences, and utilized the survey methodology of the State Office of Historic Preservation (OHP).
- Photographed the Residences on the Project Site, and examined other properties in the area that exhibited potential architectural and/or historical associations.
- Conducted site-specific research on the property utilizing building permits, assessor's records, Sanborn fire insurance maps, City directories, historical photographs, historical *Los Angeles Times*, and other published sources. Conducted research at the City of Los Angeles Department of Building and Safety.
- Reviewed and analyzed ordinances, statutes, regulations, bulletins, and technical materials relating to federal, state, and local historic preservation, designation assessment processes, and related programs.
- Evaluated potential historic resources based upon criteria used by the National Register, California Register, and City of Los Angeles Cultural Heritage Ordinance.

REGULATORY FRAMEWORK

Historic resources fall within the jurisdiction of several levels of government. Federal laws provide the framework for the identification, and in certain instances, protection of historic resources. Additionally, states and local jurisdictions play active roles in the identification, documentation, and protection of such resources within their communities. The National Historic Preservation Act (NHPA) of 1966, as amended and the California Public Resources Code (PRC), Section 5024.1, are the primary federal and state laws and regulations governing the evaluation and significance of historic resources of national, State, regional, and local importance. Descriptions of these relevant laws and regulations are presented below.

---

[1] The Professional Qualification Standards are requirements used by the National Park Service and have been published in the Code of Federal Regulations ("CFR"), 36 CFR Part 61.

FEDERAL LEVEL

National Register of Historic Places

The National Register was established by the NHPA as "an authoritative guide to be used by federal, state, and local governments, private groups and citizens to identify the Nation's cultural resources and to indicate what properties should be considered for protection from destruction or impairment."[2] The National Register recognizes properties that are significant at the national, state, and/or local levels.

To be eligible for listing in the National Register, a resource must be significant in American history, architecture, archaeology, engineering, or culture. Four criteria for evaluation have been established to determine the significance of a resource:

A. It is associated with events that have made a significant contribution to the broad patterns of our history;

B. It is associated with the lives of persons significant in our past;

C. It embodies the distinctive characteristics of a type, period, or method of construction or that represent the work of a master, or that possess high artistic values, or that represent a significant and distinguishable entity whose components may lack individual distinction;

D. It yields, or may be likely to yield, information important in prehistory or history.[3]

---

[2] 36 CFR Section 60.2.

[3] "Guidelines for Completing National Register Forms," in National Register Bulletin 16, U.S. Department of Interior, National Park Service, September 30, 1986. This bulletin contains technical information on comprehensive planning, survey of cultural resources and registration in the NRHP.

Districts, sites, buildings, structures, and objects that are 50 years in age must meet one or more of the above criteria *and* retain integrity (this is, convey their significance) to be eligible for listing. Under the National Register, a property can be significant not only for the way it was originally constructed, but also for the way it was adapted at a later period, or for the way it illustrates changing tastes, attitudes, and uses over a period of time.[4]

Within the concept of integrity, the National Register recognizes seven aspects or qualities that, in various combinations, define integrity: Location, Design, Setting, Materials, Workmanship, Feeling, and Association:

1. *Location* is the place where the historic property was constructed or the place where the historic event occurred. The relationship between the property and its location is often important to understanding why the property was created or why something happened. The actual location of a historic property, complemented by its setting, is particularly important in recapturing the sense of historic events and persons. Except in rare cases, the relationship between a property and its historic associations is destroyed if the property is moved.

2. *Design* is the combination of elements that create the form, plan, space, structure, and style of a property. It results from conscious decisions made during the original conception and planning of a property (or its significant alteration) and applies to activities as diverse as community planning, engineering, architecture, and landscape architecture. Design includes such elements as organization of space, proportion, scale, technology, ornamentation, and materials. A property's design reflects historic functions and technologies as well as aesthetics. It includes such considerations as the structural system; massing; arrangement of spaces; pattern of fenestration; textures and colors of surface materials; type, amount and style of ornamental detailing; and arrangement and type of plantings in a designed landscape.

3. *Setting* is the physical environment of a historic property. Whereas location refers to the specific place where a property was built or an event occurred, setting refers to the *character* of the place in which the property played its historic role. It involves *how*, not just where, the property is situated and its relationship to surrounding features and open space.

---

[4] National Register Bulletin 15, p. 19.

4. *Workmanship* is the physical evidence of the crafts of a particular culture or people during any given period in history or prehistory. It is the evidence of artisans' labor and skill in constructing or altering a building, structure, object, or site. Workmanship can apply to the property as a whole or to its individual components.

5. *Materials* are the physical elements that were combined or deposited during a particular period of time and in a particular pattern or configuration to form a historic property. The choice and combination of materials reveal the preferences of those who created the property and indicate the availability of particular types of materials and technologies. A property must retain key exterior materials dating from the period of its historic significance.

6. *Feeling* is a property's expression of the aesthetic or historic sense of a particular period of time. It results from the presence of physical features that, taken together, convey the property's historic character.

7. *Association* is the direct link between an important historic event or person and a historic property. A property retains association if it *is* the place where the event or activity occurred and is sufficiently intact to convey that relationship to an observer.[5]

To retain historic integrity, a property will always possess most of the aspects and depending upon its significance, retention of specific aspects of integrity may be paramount for a property to convey its significance.[6] Determining which of these aspects are most important to a particular property requires knowing why, where and when a property is significant.[7] For properties that are considered significant under National Register Criteria A and B, *National Register Bulletin 15: How to Apply the National Register Criteria for Evaluation ("National Register Bulletin 15")* explains, "a property that is significant for its historic association is eligible if it retains the essential physical features that made up its character or appearance during the period of its association with the important event, historical pattern, or person(s)."[8]

---

[5] National Register Bulletin 15: How to Apply the National Register Criteria for Evaluation, 44-45, http://www.nps.gov/nr/publications/bulletins/pdfs/nrb15.pdf, accessed July 7, 2013.

[6] The National Register defines a property as an "area of land containing a single historic resource or a group of resources, and constituting a single entry in the National Register of Historic Places." A "Historic Property" is defined as "any prehistoric or historic district, site, building, structure, or object at the time it attained historic significance. Glossary of National Register Terms, http://www.nps.gov/nr/publications/bulletins/nrb16a/nrb16a_appendix_IV.htm, accessed June 1, 2013.

[7] National Register Bulletin 15, p. 44.

[8] "A property retains association if it is the place where the event or activity occurred and is sufficiently intact to convey that relationship to an observer. Like feeling, association requires the presence of physical features that convey a

In assessing the integrity of properties that are considered significant under National Register Criterion C, *National Register Bulletin 15* states, "a property important for illustrating a particular architectural style or construction technique must retain most of the physical features that constitute that style or technique."[9]

STATE LEVEL

California Register of Historical Resources

The OHP, as an office of the California Department of Parks and Recreation (DPR), implements the policies of the NHPA on a statewide level. The OHP also carries out the duties as set forth in the PRC and maintains the HRI and the California Register. The State Historic Preservation Officer (SHPO) is an appointed official who implements historic preservation programs within the State's jurisdictions. Also implemented at the State level, CEQA requires projects to identify any substantial adverse impacts which may affect the significance of identified historical resources.

The California Register was created by Assembly Bill 2881 which was signed into law on September 27, 1992. The California Register is "an authoritative listing and guide to be used by State and local agencies, private groups, and citizens in identifying the existing historical resources of the State and to indicate which resources deserve to be protected, to the extent prudent and feasible, from substantial adverse change."[10] The criteria for eligibility for the California Register are based upon National Register criteria.[11] Certain resources are determined by the statute to be automatically included in the California Register by operation of law, including California properties formally determined eligible for, or listed in, the National Register.[12]

The California Register consists of resources that are listed automatically and those that must be nominated through an application and public hearing process. The California Register automatically includes the following:

---

property's historic character. . Because feeling and association depend on individual perceptions, their retention alone is never sufficient to support eligibility of a property for the National Register." Ibid, p. 46.

[9] "A property that has lost some historic materials or details can be eligible if it retains the majority of the features that illustrate its style in terms of the massing, spatial relationships, proportion, pattern of windows and doors, texture of materials, and ornamentation. The property is not eligible, however, if it retains some basic features conveying massing but has lost the majority of the features that once characterized its style." Ibid.

[10] PRC Section 5024.1(a).

[11] PRC SEction 5024.1(b).

[12] PRC SEction 5024.1(d).

- California properties listed on the National Register and those formally Determined Eligible for the National Register;
- California Registered Historical Landmarks from No. 770 onward;
- Those PHI that have been evaluated by the OHP and have been recommended to the State Historical Commission for inclusion on the California Register.[13]

Other resources which may be nominated to the California Register include:

- Individual historical resources;
- Historical resources contributing to historic districts;
- Historical resources identified as significant in historical resources surveys with significance ratings of Category 1 through 5;
- Historical resources designated or listed as local landmarks, or designated under any local ordinance, such as an HPOZ.[14]

To be eligible for the California Register, a historic resource must be significant at the local, State, or national level, under one or more of the following four criteria:

1. Is associated with events that have made a significant contribution to the broad patterns of California's history and cultural heritage;
2. Is associated with the lives of persons important in our past;
3. Embodies the distinctive characteristics of a type, period, region, or method of construction, or represents the work of an important creative individual, or possesses high artistic values; or
4. Has yielded, or may be likely to yield, information important in prehistory or history.

Additionally, a historic resource eligible for listing in the California Register must meet one or more of the criteria of significance described above and retain enough of its historic character or appearance to be recognizable as a historic resource and to convey the reasons for its significance. Historical resources that have been rehabilitated or restored may be evaluated for listing. Integrity is evaluated with regard to the retention of seven aspects of integrity similar to the National Register, location, design, setting, materials, workmanship, feeling, and association. Also like the National Register, it must also be judged with reference to the particular criteria under which a resource is proposed for eligibility. Alterations over time to a resource or historic changes in its use may themselves have historical, cultural, or architectural significance. It is possible that historical resources may not retain sufficient integrity to meet the criteria for listing in the National Register, but they may still be eligible for listing in the California Register. A resource that has lost its historic character or appearance may still have sufficient integrity for the California Register if it maintains the potential to yield significant scientific or historical information or specific data.[15]

---

[13] Ibid.
[14] PRC SEction 5024.1(e)

2. California Office of Historic Preservation Survey Methodology

The evaluation instructions and classification system prescribed by the California OHP in its manual, *Instructions for Recording Historical Resources* (March 1995) provide a three-digit evaluation rating code ("Status Code") for use in classifying potential historic resources. The first digit indicates one of the following general evaluation categories for use in conducting cultural resources surveys:

1. Listed on the National Register or the California Register;
2. Determined eligible for listing in the National Register or the California Register;
3. Appears eligible for the National Register or the California Register through survey evaluation;
4. Appears eligible for the National Register or the California Register through other evaluation;
5. Recognized as Historically Significant by Local Government;
6. Not eligible for any Listing or Designation; and
7. Not evaluated for the National Register or California Register or needs re-evaluation.

The second digit of the Status Code is a letter code indicating whether the resource is separately eligible (S), eligible as part of a district (D), or both (B). The third digit is a number that is used to further specify significance and refine the relationship of the property to the National Register and/or California Register. Under this evaluation system, categories 1 through 4 pertain to various levels of National Register and California Register eligibility.

---

[15] Codified in California Code of Regulations, Title 14, Chapter 11.5, Section 4852(c) which can be accessed on the internet at http://ohp.parks.ca.gov

Locally eligible resources are given a rating code level 5. Properties found ineligible for listing in the National Register, California Register, or for designation under a local ordinance are given an evaluation Status Code of 6. Properties given an evaluation Status Code of 6Z are "found ineligible for the National Register, California Register, or Local designation through survey evaluation."[16]

C. LOCAL LEVEL

1. City of Los Angeles

The City enacted a Cultural Heritage Ordinance in April 1962 which defines City Monuments. According to the Ordinance, City Monuments are sites, buildings, or structures of particular historic or cultural significance to the City in which the broad cultural, political, or social history of the nation, state, or City is reflected or exemplified, including sites and buildings associated with important personages or which embody certain distinguishing architectural characteristics and are associated with a notable architect. These City Monuments are regulated by the City's Cultural Heritage Commission and the City Council.

a. Los Angeles Cultural Heritage Ordinance

The Los Angeles Cultural Heritage Ordinance (Los Angeles Administrative Code, Chapter 9, Division 22, Article 1, Section 22.171.7) establishes criteria for designating local historic resources as City Monuments. A City Monument is any site (including significant trees or other plant life located on the site), building or structure or particular historic or cultural significance to the City of Los Angeles, such as historic structures or sites:

- In which the broad cultural, economic or social history of the nation, State or community is reflected or exemplified;
- Which are identified with historic personages or with important events in the main currents of national, State or local history;
- Which embody the distinguishing characteristics of an architectural type specimen, inherently valuable for a study of a period, style or method of construction; or
- Which are a notable work of a master builder, designer, or architect whose individual genius influenced his or her age.

---

[16] Ibid.

A proposed resource may be eligible for designation if it meets at least one of the criteria above.

When determining historic significance and evaluating a resource against the Cultural Heritage Ordinance criteria above, the Cultural Heritage Commission and the staff of the Office of Historic Resources often ask the following questions:

- Is the site or structure an outstanding example of past architectural styles or craftsmanship?
- Was the site or structure created by a "master" architect, builder, or designer?
- Did the architect, engineer, or owner have historical associations that either influenced architecture in the City or had a role in the development or history of Los Angeles?
- Has the building retained "integrity"? Does it still convey its historic significance through the retention of its original design and materials?
- Is the site or structure associated with important historic events or historic personages that shaped the growth, development, or evolution of Los Angeles or its communities?
- Is the site or structure associated with important movements or trends that shaped the social and cultural history of Los Angeles or its communities?[17]

With regard to integrity, the seven aspects of integrity of the National Register and California Register are the same and the threshold of integrity for individual eligibility is similar. However, the threshold of integrity for HPOZs is lower; a contributing structure in an HPOZ is a building that was constructed during the predominant period of development in the neighborhood and that has retained most of its historic features.

b. Los Angeles Historic Preservation Overlay Zone (HPOZ)

City of Los Angeles Ordinance Number 175891, found in Section 12.20.3 of the Los Angeles Municipal Code, describes the procedures for creation of new Historic Preservation Overlay Zones (HPOZs), the powers and duties of HPOZ Boards, and the review processes for projects within HPOZs. The Ordinance was adopted by the Los Angeles City Council on March 19, 2004, and became effective on May 12, 2004.[18] An Historic Preservation Overlay Zone (HPOZ) is an area of the city which is designated as containing structures, landscaping, natural features or sites having historic, architectural, cultural or aesthetic significance. To receive such designation, areas must be adopted as an HPOZ by the City Planning Commission and the City Council through a zone change procedure that includes notification of all affected and nearby property owners and public hearings. Once designated, areas have an HPOZ overlay added to their zoning, and are subject to special regulations under Section 12.20.3 of the Los Angeles Municipal Code. Each HPOZ area has a five member HPOZ Board to review and make recommendations on projects and promote historic preservation within the designated area. Most types of exterior changes or improvements to properties in an HPOZ area require written approval from the City of Los Angeles Planning Department.[19]

[18] "Citywide HPOZ Ordinance," City of Los Angeles Historic Resources, http://www.preservation.lacity.org/hpoz/citywide-hpoz-ordinance, accessed July 24, 2013.

Before an HPOZ may move into the formal adoption process, an historic resources survey of the proposed district must be completed. The survey studies the historic and architectural significance of the neighborhood and identifies structures and features as either "contributing" or "non-contributing" to the district. A contributing structure is a building that was constructed during the predominant period of development in the neighborhood and that has retained most of its historic features. A non-contributing structure is one that was either constructed after the major period of the neighborhood's development, or has been so significantly altered that it no longer conveys its historic character.[20]

According to Section 12.20.3 of the City of Los Angeles Municipal Code, features designated as contributing shall meet one or more of the following criteria:

- Adds to the Historic architectural qualities or Historic associations for which a property is significant because it was present during the period of significance, and possesses Historic integrity reflecting its character at that time; or
- Owing to its unique location or singular physical characteristics, represents an established feature of the neighborhood, community or city; or
- Retaining the building, structure, Landscaping, or Natural Feature, would contribute to the preservation and protection of the resource and its environment.[21]

HISTORIC CONTEXT

Early Hollywood

The neighborhood of Hollywood consists of a five mile stretch of land along the foothills of the Santa Monica Mountains. With the end of the Rancho era in waning years of the 19th century, the area around Los Angeles – including the village of Hollywood – began to be developed in earnest. At this time Hollywood was predominately agricultural, with a small population of farmers and a store with a post office inside. The residents of early Hollywood lived a very rural lifestyle, with dirt roads, sparsely populated land, and limited services. However, the growth of the rail lines at the turn of the century brought additional development to the area, and in 1903 the City of Hollywood was incorporated.[22] However, the little city struggled with water supply issues and in 1910 was annexed by Los Angeles.[23]

Before long the movie industry that would make Hollywood a nationally known name arrived in town. *Old California*, directed by D.W. Griffith, was the first film to shoot scenes in the city. By 1916, the merger between the Lasky Company, Paramount Pictures, and Zukor's Famous Players Company created Hollywood's first homegrown major studio.[24] The movie business continued to thrive in Hollywood, especially along Sunset Boulevard in the early 20th century, though the big studios would eventually move to other locations by the postwar period. Radio, which reached its peak years in the 1930s, also found a home in Hollywood on Sunset. Famous broadcasters such as NBC and CBS took up residence along Sunset, making Hollywood the core of radio programming in America. Nightclubs to cater to the stars of the movies and radio began to pop up along Sunset in in the 1930s and 1940s. Glitzy hotspots such as the Palladium and the Earl Carroll Theater popped up along Sunset during the height of the big band era.[25]

Tamarind Avenue is located less than a mile from the glamour of central Hollywood, and is sandwiched between two early 20th century movie studios. Sunset Bronson Studios began as the original studio of Sam and Jack Warner, who founded Warner Bros., when they purchased a piece of farmland off of Sunset in 1919. To the west of Tamarind Avenue, Harry Cohn set up shop for what would later become Columbia Pictures at Sunset Gower. This section of Hollywood was known as "Poverty Row" during this period due to the large number of low budget film and production companies populating the area.[26] In the early years of the movie industry, people employed in the business preferred to live in close proximity to the studios. Many early movie stars lived in the Hollywood Hills prior to the 1930s, in residential developments such as Hollywoodland which began in 1923.[27] Tamarind Avenue, including the properties analyzed in this preliminary assessment, transitioned from a low-density neighborhood in a largely agricultural village-like setting in the 1910s to a denser, urban environment in the 1920s. This change was spurred on by the arrival of the movie industry and advances in transportation, which brought new development and increased demand for residences to the area. The Japanese families living on Tamarind responded to this new need by redeveloping their properties with additional dwellings, creating higher-density living on Tamarind. This change reflects the change in Hollywood's economy from agriculture to entertainment.

Prewar Japanese American Communities in Los Angeles

In 1910 there were 8,641 Japanese Americans living in Los Angeles County. The number would more than triple over the next twenty years, to 35,000. This enormous group was divided down the middle between first-generation immigrants, or *Issei*, and their American-born children, or *Nisei*. Many Japanese Americans were involved in horticulture, growing fruits and vegetables for the wholesale marker or working as gardeners. Japanese gardeners in the areas of Hollywood and West Los Angeles tended to the landscapes of the estates of the rich and famous to the north. In the same tradition, it was common for Japanese Americans to establish farms and plant nurseries.

There were seven major areas of Japanese American settlement in Los Angeles in the period before World War II. One of these was the Hollywood-Virgil community, located about two miles due east of Tamarind Avenue. Prior to World War II and the forced internment of all ethnic Japanese residents of Los Angeles, Japanese Americans formed and maintained tight cultural and social bonds within their ethnic group.[28] Racial discrimination forced most Japanese residents to move into commercial or industrial areas. Little Tokyo in downtown Los Angeles provided a small slice of Japan, providing shopping, food, and entertainment geared towards the Japanese American population.[29]

The thriving Japanese American communities of Los Angeles were dismantled during World War II. Accounts with Japanese banks were frozen in their American branches, religious and political leaders were arrested, and discrimination ramped up in the aftermath of the attack on Pearl Harbor in late 1941. In 1942, President Franklin Roosevelt signed the order to inter approximately 120,000 Japanese Americans on the west coast. The War Relocation Authority removed Japanese Americans from their homes and into internment camps, forcing many to sell homes and shut down businesses, bringing a sudden end to the various vibrant Japanese American communities of Los Angeles.[30]

[28] Lane Ryo Hirabayashi, "Community Destroyed? Assessing the Impact of the Loss of Community on Japanese Americans during World War II, in *Re/collection Early Asian America: Essays in Cultural History*, ed. Josephine D. Lee et al. (Philadelphia: Temple University Press, 2002), 98.

[29] Valerie T. Matsumoto, *City Girls: The Nisei Social World in Los Angeles, 1920-1950*, (Oxford: Oxford University Press, 2014), 14-15.

The Japanese American community on Tamarind was a small, isolated grouping, atypical of the Japanese-American settlement pattern which normally developed much larger communities. How exactly this tiny enclave was permitted to exist in a sea of white residents is unclear. Possibly the first Japanese American families moved into the area before any racial restrictions applied to the neighborhood; further research would be necessary to answer this question. Available historic documentation indicates that the small community appears to have thrived on Tamarind right up until the internment of Japanese Americans began in 1942. The economic sustenance of the residents appears to have been a mixture of rental income and horticultural occupations, with a few clerks and salesman providing variety. The fate of these residents during World War II is unknown, but based upon postwar building permits, it appears at least one family, the Iiyamas, was able to retain or regain ownership of their property and bought out some of the adjacent parcels formerly owned by other Japanese-Americans.

The summaries below present the results of PCR's property history research on the Subject Properties.

Construction History of 1332-1402 Tamarind Avenue

a. 1332 Tamarind Avenue

The building permits on file in the City of Los Angeles were reviewed to determine the history of construction and alterations for 1332 Tamarind Avenue; however no original building permit exists for the construction of a new residence (Table 1). The earliest building permit on record is a plumbing permit, listing Isabel Wolf as the residence's owner in 1915. The plumbing permit is consistent with similar permits for nearby residences, suggesting the neighborhood received improvements converting from septic tanks to a sewer system. The other permit on file for 1332 Tamarind Avenue was for alterations to residence's windows and bathrooms. This permit was filed in 1952 and listed M. N. Levonian as the homeowner.

Table 1: 1332 Tamarind

Issued	Permit#	Owner	Architect/ Engineer	Contractor	Valuation	Description
6/23/1915	09577	Isabel Wolf	None	None		Plumbing Permit
6/13/1952	31297	M.N. Levonian	None	Owner	$51.00	Open larger windows in the attic and bathroom.

---

[30] Martin Kelly, "Japanese-American Internment at Manzanar During World War II," accessed April 28, 2015, http://americanhistory.about.com/cs/worldwarii/a/internment.htm.

b. 1336/1338 Tamarind Avenue

The building permits on file in the City of Los Angeles were reviewed to determine the history of construction and alterations for 1336/1338 Tamarind Avenue (Table 2). A permit dated January 20, 1913 lists H. K. Hirai as the property owner, however a plumbing permit from 1915 shows M. Iiyama had taken over ownership. The Iiyama family owned the property as late as 2002. In 1921, with the help of architect S. H. Ross, the Iiyama family redeveloped their property by adding a duplex, which is still extant (Figure 1). The duplex replaced two original structures depicted in the 1919 Sanborn map (Figure 2).

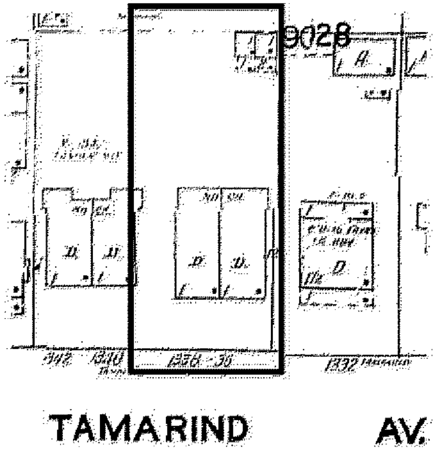

Figure 1. 1951 Sanborn depicts currently extant duplex (PCR 2015)

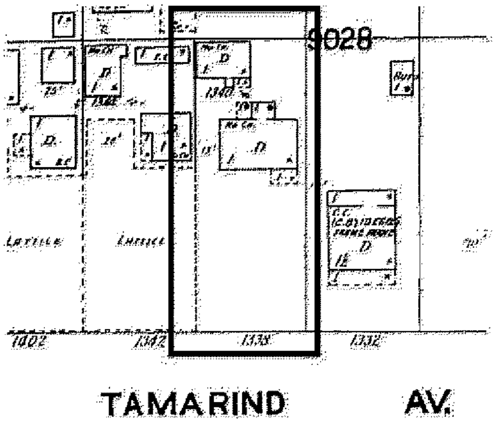

Figure 2. 1919 Sanborn showing two single-family residences (PCR 2015)

Table 2: 1336/1338 Tamarind

3/13/1947	28946	Tamaeo Iiyama Oda				Certificate of Occupancy: Garage
5/6/2002	02016-20000-08238	Joe T. Iivama			$20,000	Interior Remodel: Kitchen

c. 1340/1342 Tamarind Avenue

The building permits on file in the City of Los Angeles were reviewed to determine the history of construction and alterations for 1340/1342 Tamarind Avenue (Table 3). Although there are no original building permits for the residences first constructed on the lot, the 1919 Sanborn Map shows the two original buildings located near the rear of the lot (Figure 3). Early plumbing permits identify the original owner as Hisashi Suzuki as early as 1913. In 1921, Suzuki demolished the original residences and built a duplex on the property (Figure 4). After 1953, permits show the property belonging to the Liyama family. After the duplex was constructed in 1921, the only major alterations recorded in the building permits was an interior remodel and the addition of a garage.

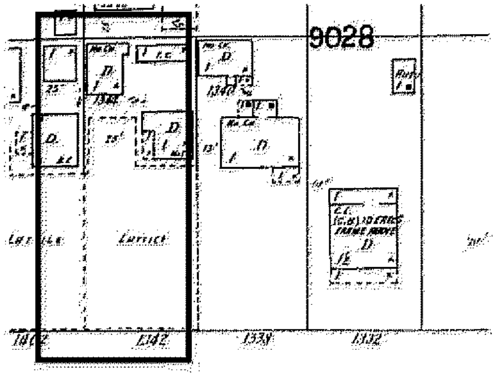

Figure 3. 1919 Sanborn showing two single-family residences (PCR 2015)

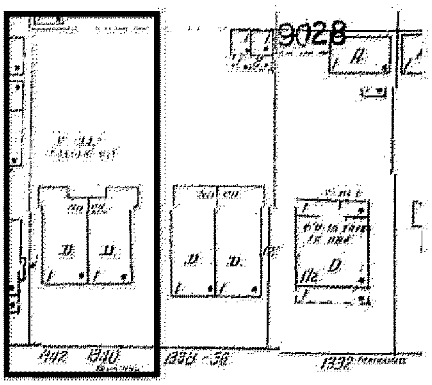

Figure 4. 1951 Sanborn depicts currently extant duplex (PCR 2015)

Table 3: 1340/1342 Tamarind						
Issued	**Permit#**	**Owner**	**Architect/ Engineer**	**Contractor**	**Valuation**	**Description**
11/19/1913	15028	Hisashi Suzuki			$75.00	Construction of a Barn (13'x50')
5/2/1914	09458	S. Yamamoto				Plumbing Permit
6/2/1915	09693	H. Suzuki		C.L. Hoge		Plumbing Permit
6/23/1915	09576	H. Suzuki		H.D. Evans		Plumbing Permit
5/13/1921	10686	H. Suzuki	Metropolitan Architecture and Engineering Co.	Owner	$5,000	Construction of 37' x 37' frame building
5/25/1953	59285	James M. Iiyama		Owner		Construction of Garage and Storage
8/15/2002	02016-10000-15938	Joe Iiyama			$15,000	Interior Kitchen Remodel

d. 1400/1402 Tamarind Avenue

The building permits on file in the City of Los Angeles were reviewed to determine the history of construction and alterations for 1400/1402 Tamarind Avenue (Table 4). This property consists of multiple single family structures that were added and altered over time. In 1914, a permit was filed with the city to move a house from 6700 Hollywood Boulevard to 1402 Tamarind Avenue (Figure 5). This building is still extant on the property but was altered 1950 with the construction of two small additions. The property was owned by Sanzo Yamamoto as early as 1914. In 1919, Yamamoto constructed a nursery on the property in 1919 and in 1922, he added a kiln. The large residence located near the front of the lot was added sometime after 1919 but no building permit could be found (Figure 6). In the 1980s and 90s, the owner was Mehri Vaziri, who remodeled various interior spaces including the removal of two fireplaces and their associated chimneys. The block wall surrounding the front of the property was added in 2002.

e. Conclusion

Based on the building permit information derived from the City of Los Angeles Department of Building and Safety, three (1400/1402, 1340/1342, and 1336/1338) out of the four Subject Properties appear to be historically related. In the early twentieth century, the 1300 block of Tamarind Avenue was a home to a small group of Japanese immigrants, who may have utilized their properties for agricultural proposes. As the Motion Picture Industry gained success and the neighborhood of Hollywood grew, these Japanese immigrants appear to have seized an opportunity, developing their small tracts for rental income opportunities. In 1921, the Suzuki family and the Iiyama family built duplexes on their properties, which are still extant today. These duplexes may be representative of Hollywood's transitional history from an agrarian economy to dependence on the growing film industry. PCR recommends further evaluation of potential relationships between the Japanese property owners and how this small Japanese enclave including the Subject Properties may have contributed to Hollywood's development history. Questions to be answered include what role the Japanese community may have had in the development of Hollywood and/or the settlement and development of the Japanese-American community in Hollywood and/or Los Angeles. The results of PCR's preliminary research is presented below.

Occupancy History

Los Angeles City Directories (1915-1942) and the *United States Census Records* were reviewed to determine if any of the properties have an association with the productive life of a historically significant person. The results of the city directory research are summarized in tables arranged by address and organized chronologically by year below. Based upon this research, it does not appear that any of the properties are associated with personages important in local, state, or national history. However, the occupancy research did reveal that three of the four properties (excluding 1332 Tamarind) are associated with a small Japanese-American community that existed on Tamarind Avenue from approximately 1915 to 1942. This community is partially reflected in the city directory research, but is most evident in the census records. The census shows that a growing number of Japanese American households in the 1300 block of Tamarind between 1920 and 1940, with 14 separate households of first and second generation Japanese Americans listed on the east side of Tamarind in the 1940 census. This grouping of Japanese-Americans suggests that further evaluation may be required to determine if the properties are historically significant in the history of the Japanese-American community in Los Angeles.

Conclusion

In the course of this preliminary assessment, PCR reviewed existing evaluations, conducted a reconnaissance level pedestrian survey of Tamarind Avenue, and completed preliminary research into the construction and owner/occupant history of 1332, 1336, 1340, and 1400 Tamarind. As a result of this research, PCR reaffirms the determination of the CRA survey, which assigned status codes of 6Q to 1336 and 1400 Tamarind and 6Z to 1332 and 1340 Tamarind, finding each property ineligible at the local, state, or national level under the criteria for architecture. However, as a result of this preliminary assessment, PCR found that the three properties at 1336, 1340, and 1400 Tamarind may have a potentially significant historical association with the Japanese-American community in Los Angeles and with the transformation of Hollywood from an agricultural village into an urban center with an entertainment economy. PCR therefore recommends that further research be conducted to fully evaluate the potential historical significance of these three properties under National Register Criteria A, California Register Criteria 1, and the Los Angeles Historical-Cultural Monument Criteria 1, to determine the eligibility of the three properties for their historical associations.

Sincerely,
PCR SERVICES CORPORATION

5/27/2015

Craig Bullock
CRA/LA
1200 7th St., 2nd Floor
Los Angeles, CA 90017

Dear Mr. Bullock:

The Board of Directors of Hollywood Heritage, its Preservation Issues Committee and its members thank you for the opportunity to review and comment on the proposed demolition of 1332, 1336, 1340 and 1400 Tamarind Avenue.

Hollywood Heritage has reviewed the material provided, including DPR's and a preliminary assessment report prepared by PCR dated April 28, 2015. This information provides evidence of significance for three of the four properties.

1332 Tamarind Avenue, built in 1912, falls within a population of potential resources that are becoming increasingly rare. According to our analysis of the Chattel Survey, there are only forty-four extant properties from this year, and just over two hundred surveyed properties built between 1900 and 1913, which represent Hollywood prior to the arrival and establishment of the movie industry. While 1332 Tamarind was not constructed during the period of Hollywood incorporation, it is an example of the early subdivision context just after consolidation with the city of Los Angeles. The property has sustained a great deal of alteration and without further comparison with its peers its true evaluation is unclear. Some further analysis by Hollywood Heritage and the Agency is needed to determine whether or not this property is a resource.

Hollywood Heritage is opposed to the demolition of 1336, 1340 and 1400 Tamarind Avenue due to their association with the Japanese-American community in Hollywood, their integrity, and early dates of construction. Hollywood Heritage requests further research is conducted to determine the number of Japanese-American homes left in Hollywood. Another important feature of these residences is the way they are grouped beside each other on Tamarind Avenue. Hollywood Heritage would like to convey the importance of the Japanese-American influence in Hollywood at the turn-of-the-century. This ethnic group was an early part of Hollywood, providing landscaping and services to Hollywood's wealthy population. The contributions of the working class of this era have not been thoroughly documented, as most of the attention has been focused on those connected with the motion picture industry.

The preliminary analysis of these properties highlights continuing issues with portions of the 2009 Survey, which need to be addressed by the Agency and Hollywood Heritage. Ethnic contexts have been established by SurveyLA in the intervening years; no complete context of Japanese-American activity currently exists. As for properties built before 1920 in Hollywood, the population of identified potential resources continues to decline and issues with evaluations of this category must be addressed. Please let us know how we can assist the agency in this regard.

Sincerely,

Bryan Cooper

Tamarind Ave - Hollywood Heritage response to CRA demolition notification.pdf

CR and CP:
Here's what Hollywood Heritage has regarding Demo Clearances for properties on Tamarind. However, there is nothing online and LADBS told me yesterday they have received no applications for Demo permits...

In a nutshell, HH opposes the demolition of these properties due to historic qualities. CRA said they will not sign off until HH has had a change to respond (which they did, and they are opposed).

I'm not sure how to proceed from here... any thoughts?

Thanks,

Mr. Bullock,
Thank you for accommodating the attached **"Tamarind Ave - Hollywood Heritage response to CRA demolition notification"**; Hollywood Heritage's response to the demolition clearance notification for 1332, 1336, 1340 and 1400 Tamarind Avenue.

Hollywood Heritage believes it is of utmost importance to call special attention to the association of Tamarind Avenue to the Japanese-American community in turn-of-the-century Hollywood.

best regards,
john girodo

Mr. Bryan Cooper, President
Hollywood Heritage, Inc.
P.O. Box 2586
Hollywood, CA 90078

Dear Mr. Cooper:

In compliance with the Settlement Agreement between Hollywood Heritage and the (former) Community Redevelopment Agency of the City of Los Angles (CRA/LA), now the CRA/LA, A Designated Local Authority (CRA/LA-DLA), the following demolition clearances were received for 1332, 1336, 1340 & 1400 Tamarind Avenue

The properties appear in surveys commissioned by the CRA/LA with the following ratings:

Address	1986	1997	2003	2009
1332 Tamarind Ave	--------	5D	6Z1	6Z
1336 Tamarind Ave	--------	5D	6Z1	6Q
1340 Tamarind Ave	--------	--------	--------	6Z
1400 Tamarind Ave	--------	--------	--------	6Q

Primary Records associated with these addresses are included. In addition, the applicant submitted a preliminary historic assessment letter for your consideration.

The CRA/LA-DLA will not provide clearance for the demolition permits until Hollywood Heritage has had an opportunity to respond. Please contact me if you have any questions on this matter.

Sincerely,

Craig Bullock
Special Projects Officer

DPR 523A (1/95) *Required Information

April 28, 2015

Craig Bullock, Associate Planner
CRA/LA
448 South Hill Street, Suite 1200
Los Angeles, California 90013

Re: PRELIMINARY ASSESSMENT OF 1332, 1336, 1340, AND 1400 TAMARIND AVENUE, LOS ANGELES, CA 90028

Dear Mr. Bullock:

As part of a larger reconnaissance survey in 1980, Hollywood Revitalization evaluated residences along Tamarind Avenue, between Santa Monica and Sunset Boulevards. Their findings suggested the area be considered a potential historic district due to its collection of turn of the century cottages and bungalows. The survey provided images and original construction permit information when available and assessed the architectural merits of the area, but did not include in-depth research on individual property history. However, PCR's recent pedestrian survey found no potential district and that previously identified contributors had been altered or demolished.

In 2010, Chattel Architecture, Planning & Preservation, Inc. performed a survey on behalf of the Community Redevelopment Agency. The focus of this survey was the Hollywood Redevelopment Project Area, consisting of 1,107 acres located six miles northwest of the Los Angeles Civic Center, near the foot of the Hollywood Hills. This survey identified potential historic resources throughout the Area, including Tamarind Avenue between Santa Monica and Sunset Boulevards. The 2010 survey did not find Tamarind Avenue, or any portion of it, eligible as a historic district. The survey assigned the two duplex residences at 1336/1338 and 1400/1402 Tamarind with the status code 6Q. Properties assigned a 6Q status code are resources determined ineligible for local listing or designation as a historic district through the survey process, but may warrant special consideration for local planning.

The residence located 1332 Tamarind Avenue was assigned the status code 6Z due to significant alterations possessing little to no integrity. Properties assigned a 6Z status code are resources determined ineligible for the National Register, California Register, local listing or designation as a historic district through the survey evaluation. A status code of 6Z was also assigned to 1342 Tamarind Avenue but the survey did not provide any information explaining this designation.

PCR was recently commissioned to conduct a peer review of the above-mentioned residences for the purpose of due diligence with regard to a potential redevelopment project. PCR agrees with the 2010 Survey findings and the assignment of 6Z and 6Q status codes based on Criteria

C/3 specific to the Subject Properties' lack of architectural merit. However, PCR conducted further historical research and found the properties may be eligible under Criteria A/1, for their association with potentially significant historical events in Hollywood History.

METHODOLOGY

This Preliminary Assessment was conducted by PCR's Historic Resources Division personnel, including Margarita Jerabek, Ph.D., Director of Historic Resources, Christian Taylor, M.H.P., Architectural Historian, and Virginia Harness, M.A., Architectural Historian whom meet and exceed the Secretary of the Interior's Professional Qualification Standards in history and architectural history.[1] The historical resources evaluation involved a review of the previous surveys of Tamarind Avenue to identify any previously recorded properties on the Subject Properties. An intensive pedestrian survey was also undertaken to document the existing conditions of the properties and Project vicinity. In addition, the following tasks were performed for the study:

- Conducted field inspections of the study area and the Residences, and utilized the survey methodology of the State Office of Historic Preservation (OHP).
- Photographed the Residences on the Project Site, and examined other properties in the area that exhibited potential architectural and/or historical associations.
- Conducted site-specific research on the property utilizing building permits, assessor's records, Sanborn fire insurance maps, City directories, historical photographs, historical *Los Angeles Times*, and other published sources. Conducted research at the City of Los Angeles Department of Building and Safety.
- Reviewed and analyzed ordinances, statutes, regulations, bulletins, and technical materials relating to federal, state, and local historic preservation, designation assessment processes, and related programs.
- Evaluated potential historic resources based upon criteria used by the National Register, California Register, and City of Los Angeles Cultural Heritage Ordinance.

REGULATORY FRAMEWORK

Historic resources fall within the jurisdiction of several levels of government. Federal laws provide the framework for the identification, and in certain instances, protection of historic resources. Additionally, states and local jurisdictions play active roles in the identification, documentation, and protection of such resources within their communities. The National Historic Preservation Act (NHPA) of 1966, as amended and the California Public Resources Code (PRC), Section 5024.1, are the primary federal and state laws and regulations governing the evaluation and significance of historic resources of national, State, regional, and local importance. Descriptions of these relevant laws and regulations are presented below.

---

[1] The Professional Qualification Standards are requirements used by the National Park Service and have been published in the Code of Federal Regulations ("CFR"), 36 CFR Part 61.

FEDERAL LEVEL

National Register of Historic Places

The National Register was established by the NHPA as "an authoritative guide to be used by federal, state, and local governments, private groups and citizens to identify the Nation's cultural resources and to indicate what properties should be considered for protection from destruction or impairment."[2] The National Register recognizes properties that are significant at the national, state, and/or local levels.

To be eligible for listing in the National Register, a resource must be significant in American history, architecture, archaeology, engineering, or culture. Four criteria for evaluation have been established to determine the significance of a resource:

A. It is associated with events that have made a significant contribution to the broad patterns of our history;

B. It is associated with the lives of persons significant in our past;

C. It embodies the distinctive characteristics of a type, period, or method of construction or that represent the work of a master, or that possess high artistic values, or that represent a significant and distinguishable entity whose components may lack individual distinction;

D. It yields, or may be likely to yield, information important in prehistory or history.[3]

---

[2] 36 CFR Section 60.2.

[3] "Guidelines for Completing National Register Forms," in National Register Bulletin 16, U.S. Department of Interior, National Park Service, September 30, 1986. This bulletin contains technical information on comprehensive planning, survey of cultural resources and registration in the NRHP.

Districts, sites, buildings, structures, and objects that are 50 years in age must meet one or more of the above criteria *and* retain integrity (this is, convey their significance) to be eligible for listing. Under the National Register, a property can be significant not only for the way it was originally constructed, but also for the way it was adapted at a later period, or for the way it illustrates changing tastes, attitudes, and uses over a period of time.[4]

Within the concept of integrity, the National Register recognizes seven aspects or qualities that, in various combinations, define integrity: Location, Design, Setting, Materials, Workmanship, Feeling, and Association:

1. *Location* is the place where the historic property was constructed or the place where the historic event occurred. The relationship between the property and its location is often important to understanding why the property was created or why something happened. The actual location of a historic property, complemented by its setting, is particularly important in recapturing the sense of historic events and persons. Except in rare cases, the relationship between a property and its historic associations is destroyed if the property is moved.

2. *Design* is the combination of elements that create the form, plan, space, structure, and style of a property. It results from conscious decisions made during the original conception and planning of a property (or its significant alteration) and applies to activities as diverse as community planning, engineering, architecture, and landscape architecture. Design includes such elements as organization of space, proportion, scale, technology, ornamentation, and materials. A property's design reflects historic functions and technologies as well as aesthetics. It includes such considerations as the structural system; massing; arrangement of spaces; pattern of fenestration; textures and colors of surface materials; type, amount and style of ornamental detailing; and arrangement and type of plantings in a designed landscape.

3. *Setting* is the physical environment of a historic property. Whereas location refers to the specific place where a property was built or an event occurred, setting refers to the *character* of the place in which the property played its historic role. It involves *how*, not just where, the property is situated and its relationship to surrounding features and open space.

---

[4] National Register Bulletin 15, p. 19.

4. *Workmanship* is the physical evidence of the crafts of a particular culture or people during any given period in history or prehistory. It is the evidence of artisans' labor and skill in constructing or altering a building, structure, object, or site. Workmanship can apply to the property as a whole or to its individual components.

5. *Materials* are the physical elements that were combined or deposited during a particular period of time and in a particular pattern or configuration to form a historic property. The choice and combination of materials reveal the preferences of those who created the property and indicate the availability of particular types of materials and technologies. A property must retain key exterior materials dating from the period of its historic significance.

6. *Feeling* is a property's expression of the aesthetic or historic sense of a particular period of time. It results from the presence of physical features that, taken together, convey the property's historic character.

7. *Association* is the direct link between an important historic event or person and a historic property. A property retains association if it *is* the place where the event or activity occurred and is sufficiently intact to convey that relationship to an observer.[5]

To retain historic integrity, a property will always possess most of the aspects and depending upon its significance, retention of specific aspects of integrity may be paramount for a property to convey its significance.[6] Determining which of these aspects are most important to a particular property requires knowing why, where and when a property is significant.[7] For properties that are considered significant under National Register Criteria A and B, *National Register Bulletin 15: How to Apply the National Register Criteria for Evaluation ("National Register Bulletin 15")* explains, "a property that is significant for its historic association is eligible if it retains the essential physical features that made up its character or appearance during the period of its association with the important event, historical pattern, or person(s)."[8]

---

[5] National Register Bulletin 15: How to Apply the National Register Criteria for Evaluation, 44-45, http://www.nps.gov/nr/publications/bulletins/pdfs/nrb15.pdf, accessed July 7, 2013.

[6] The National Register defines a property as an "area of land containing a single historic resource or a group of resources, and constituting a single entry in the National Register of Historic Places." A "Historic Property" is defined as "any prehistoric or historic district, site, building, structure, or object at the time it attained historic significance. Glossary of National Register Terms, http://www.nps.gov/nr/publications/bulletins/nrb16a/nrb16a_appendix_IV.htm, accessed June 1, 2013.

[7] National Register Bulletin 15, p. 44.

[8] "A property retains association if it is the place where the event or activity occurred and is sufficiently intact to convey that relationship to an observer. Like feeling, association requires the presence of physical features that convey a

In assessing the integrity of properties that are considered significant under National Register Criterion C, *National Register Bulletin 15* states, "a property important for illustrating a particular architectural style or construction technique must retain most of the physical features that constitute that style or technique."[9]

STATE LEVEL

California Register of Historical Resources

The OHP, as an office of the California Department of Parks and Recreation (DPR), implements the policies of the NHPA on a statewide level. The OHP also carries out the duties as set forth in the PRC and maintains the HRI and the California Register. The State Historic Preservation Officer (SHPO) is an appointed official who implements historic preservation programs within the State's jurisdictions. Also implemented at the State level, CEQA requires projects to identify any substantial adverse impacts which may affect the significance of identified historical resources.

The California Register was created by Assembly Bill 2881 which was signed into law on September 27, 1992. The California Register is "an authoritative listing and guide to be used by State and local agencies, private groups, and citizens in identifying the existing historical resources of the State and to indicate which resources deserve to be protected, to the extent prudent and feasible, from substantial adverse change."[10] The criteria for eligibility for the California Register are based upon National Register criteria.[11] Certain resources are determined by the statute to be automatically included in the California Register by operation of law, including California properties formally determined eligible for, or listed in, the National Register.[12]

The California Register consists of resources that are listed automatically and those that must be nominated through an application and public hearing process. The California Register automatically includes the following:

---

property's historic character. . Because feeling and association depend on individual perceptions, their retention alone is never sufficient to support eligibility of a property for the National Register." Ibid, p. 46.

[9] "A property that has lost some historic materials or details can be eligible if it retains the majority of the features that illustrate its style in terms of the massing, spatial relationships, proportion, pattern of windows and doors, texture of materials, and ornamentation. The property is not eligible, however, if it retains some basic features conveying massing but has lost the majority of the features that once characterized its style." Ibid.

[10] PRC Section 5024.1(a).

[11] PRC SEction 5024.1(b).

[12] PRC SEction 5024.1(d).

- California properties listed on the National Register and those formally Determined Eligible for the National Register;
- California Registered Historical Landmarks from No. 770 onward;
- Those PHI that have been evaluated by the OHP and have been recommended to the State Historical Commission for inclusion on the California Register.[13]

Other resources which may be nominated to the California Register include:

- Individual historical resources;
- Historical resources contributing to historic districts;
- Historical resources identified as significant in historical resources surveys with significance ratings of Category 1 through 5;
- Historical resources designated or listed as local landmarks, or designated under any local ordinance, such as an HPOZ.[14]

To be eligible for the California Register, a historic resource must be significant at the local, State, or national level, under one or more of the following four criteria:

1. Is associated with events that have made a significant contribution to the broad patterns of California's history and cultural heritage;
2. Is associated with the lives of persons important in our past;
3. Embodies the distinctive characteristics of a type, period, region, or method of construction, or represents the work of an important creative individual, or possesses high artistic values; or
4. Has yielded, or may be likely to yield, information important in prehistory or history.

Additionally, a historic resource eligible for listing in the California Register must meet one or more of the criteria of significance described above and retain enough of its historic character or appearance to be recognizable as a historic resource and to convey the reasons for its significance. Historical resources that have been rehabilitated or restored may be evaluated for listing. Integrity is evaluated with regard to the retention of seven aspects of integrity similar to the National Register, location, design, setting, materials, workmanship, feeling, and association. Also like the National Register, it must also be judged with reference to the particular criteria under which a resource is proposed for eligibility. Alterations over time to a resource or historic changes in its use may themselves have historical, cultural, or architectural significance. It is possible that historical resources may not retain sufficient integrity to meet the criteria for listing in the National Register, but they may still be eligible for listing in the California Register. A resource that has lost its historic character or appearance may still have sufficient integrity for the California Register if it maintains the potential to yield significant scientific or historical information or specific data.[15]

---

[13] Ibid.
[14] PRC SEction 5024.1(e)

2. California Office of Historic Preservation Survey Methodology

The evaluation instructions and classification system prescribed by the California OHP in its manual, *Instructions for Recording Historical Resources* (March 1995) provide a three-digit evaluation rating code ("Status Code") for use in classifying potential historic resources. The first digit indicates one of the following general evaluation categories for use in conducting cultural resources surveys:

1. Listed on the National Register or the California Register;
2. Determined eligible for listing in the National Register or the California Register;
3. Appears eligible for the National Register or the California Register through survey evaluation;
4. Appears eligible for the National Register or the California Register through other evaluation;
5. Recognized as Historically Significant by Local Government;
6. Not eligible for any Listing or Designation; and
7. Not evaluated for the National Register or California Register or needs re-evaluation.

The second digit of the Status Code is a letter code indicating whether the resource is separately eligible (S), eligible as part of a district (D), or both (B). The third digit is a number that is used to further specify significance and refine the relationship of the property to the National Register and/or California Register. Under this evaluation system, categories 1 through 4 pertain to various levels of National Register and California Register eligibility.

---

[15] Codified in California Code of Regulations, Title 14, Chapter 11.5, Section 4852(c) which can be accessed on the internet at http://ohp.parks.ca.gov

Locally eligible resources are given a rating code level 5. Properties found ineligible for listing in the National Register, California Register, or for designation under a local ordinance are given an evaluation Status Code of 6. Properties given an evaluation Status Code of 6Z are "found ineligible for the National Register, California Register, or Local designation through survey evaluation."[16]

C. LOCAL LEVEL

1. City of Los Angeles

The City enacted a Cultural Heritage Ordinance in April 1962 which defines City Monuments. According to the Ordinance, City Monuments are sites, buildings, or structures of particular historic or cultural significance to the City in which the broad cultural, political, or social history of the nation, state, or City is reflected or exemplified, including sites and buildings associated with important personages or which embody certain distinguishing architectural characteristics and are associated with a notable architect. These City Monuments are regulated by the City's Cultural Heritage Commission and the City Council.

a. Los Angeles Cultural Heritage Ordinance

The Los Angeles Cultural Heritage Ordinance (Los Angeles Administrative Code, Chapter 9, Division 22, Article 1, Section 22.171.7) establishes criteria for designating local historic resources as City Monuments. A City Monument is any site (including significant trees or other plant life located on the site), building or structure or particular historic or cultural significance to the City of Los Angeles, such as historic structures or sites:

- In which the broad cultural, economic or social history of the nation, State or community is reflected or exemplified;
- Which are identified with historic personages or with important events in the main currents of national, State or local history;
- Which embody the distinguishing characteristics of an architectural type specimen, inherently valuable for a study of a period, style or method of construction; or
- Which are a notable work of a master builder, designer, or architect whose individual genius influenced his or her age.

---

[16] Ibid.

A proposed resource may be eligible for designation if it meets at least one of the criteria above.

When determining historic significance and evaluating a resource against the Cultural Heritage Ordinance criteria above, the Cultural Heritage Commission and the staff of the Office of Historic Resources often ask the following questions:

- Is the site or structure an outstanding example of past architectural styles or craftsmanship?
- Was the site or structure created by a "master" architect, builder, or designer?
- Did the architect, engineer, or owner have historical associations that either influenced architecture in the City or had a role in the development or history of Los Angeles?
- Has the building retained "integrity"? Does it still convey its historic significance through the retention of its original design and materials?
- Is the site or structure associated with important historic events or historic personages that shaped the growth, development, or evolution of Los Angeles or its communities?
- Is the site or structure associated with important movements or trends that shaped the social and cultural history of Los Angeles or its communities?[17]

With regard to integrity, the seven aspects of integrity of the National Register and California Register are the same and the threshold of integrity for individual eligibility is similar. However, the threshold of integrity for HPOZs is lower; a contributing structure in an HPOZ is a building that was constructed during the predominant period of development in the neighborhood and that has retained most of its historic features.

b. Los Angeles Historic Preservation Overlay Zone (HPOZ)

City of Los Angeles Ordinance Number 175891, found in Section 12.20.3 of the Los Angeles Municipal Code, describes the procedures for creation of new Historic Preservation Overlay Zones (HPOZs), the powers and duties of HPOZ Boards, and the review processes for projects within HPOZs. The Ordinance was adopted by the Los Angeles City Council on March 19, 2004, and became effective on May 12, 2004.[18] An Historic Preservation Overlay Zone (HPOZ) is an area of the city which is designated as containing structures, landscaping, natural features or sites having historic, architectural, cultural or aesthetic significance. To receive such designation, areas must be adopted as an HPOZ by the City Planning Commission and the City Council through a zone change procedure that includes notification of all affected and nearby property owners and public hearings. Once designated, areas have an HPOZ overlay added to their zoning, and are subject to special regulations under Section 12.20.3 of the Los Angeles Municipal Code. Each HPOZ area has a five member HPOZ Board to review and make recommendations on projects and promote historic preservation within the designated area. Most types of exterior changes or improvements to properties in an HPOZ area require written approval from the City of Los Angeles Planning Department.[19]

---

[17] What Makes a Resource Historically Significant? City of LA Office of Historic Preservation, http://preservation.lacity.org/commission/what-makes-resource-historically-significant, accessed July 7, 2013.

[18] "Citywide HPOZ Ordinance," City of Los Angeles Historic Resources, http://www.preservation.lacity.org/hpoz/citywide-hpoz-ordinance, accessed July 24, 2013.

Before an HPOZ may move into the formal adoption process, an historic resources survey of the proposed district must be completed. The survey studies the historic and architectural significance of the neighborhood and identifies structures and features as either "contributing" or "non-contributing" to the district. A contributing structure is a building that was constructed during the predominant period of development in the neighborhood and that has retained most of its historic features. A non-contributing structure is one that was either constructed after the major period of the neighborhood's development, or has been so significantly altered that it no longer conveys its historic character.[20]

According to Section 12.20.3 of the City of Los Angeles Municipal Code, features designated as contributing shall meet one or more of the following criteria:

- Adds to the Historic architectural qualities or Historic associations for which a property is significant because it was present during the period of significance, and possesses Historic integrity reflecting its character at that time; or
- Owing to its unique location or singular physical characteristics, represents an established feature of the neighborhood, community or city; or
- Retaining the building, structure, Landscaping, or Natural Feature, would contribute to the preservation and protection of the resource and its environment.[21]

HISTORIC CONTEXT

Early Hollywood

The neighborhood of Hollywood consists of a five mile stretch of land along the foothills of the Santa Monica Mountains. With the end of the Rancho era in waning years of the 19th century, the area around Los Angeles – including the village of Hollywood – began to be developed in earnest. At this time Hollywood was predominately agricultural, with a small population of farmers and a store with a post office inside. The residents of early Hollywood lived a very rural lifestyle, with dirt roads, sparsely populated land, and limited services. However, the growth of the rail lines at the turn of the century brought additional development to the area, and in 1903 the City of Hollywood was incorporated.[22] However, the little city struggled with water supply issues and in 1910 was annexed by Los Angeles.[23]

Before long the movie industry that would make Hollywood a nationally known name arrived in town. *Old California*, directed by D.W. Griffith, was the first film to shoot scenes in the city. By 1916, the merger between the Lasky Company, Paramount Pictures, and Zukor's Famous Players Company created Hollywood's first homegrown major studio.[24] The movie business continued to thrive in Hollywood, especially along Sunset Boulevard in the early 20th century, though the big studios would eventually move to other locations by the postwar period. Radio, which reached its peak years in the 1930s, also found a home in Hollywood on Sunset. Famous broadcasters such as NBC and CBS took up residence along Sunset, making Hollywood the core of radio programming in America. Nightclubs to cater to the stars of the movies and radio began to pop up along Sunset in in the 1930s and 1940s. Glitzy hotspots such as the Palladium and the Earl Carroll Theater popped up along Sunset during the height of the big band era.[25]

Tamarind Avenue is located less than a mile from the glamour of central Hollywood, and is sandwiched between two early 20th century movie studios. Sunset Bronson Studios began as the original studio of Sam and Jack Warner, who founded Warner Bros., when they purchased a piece of farmland off of Sunset in 1919. To the west of Tamarind Avenue, Harry Cohn set up shop for what would later become Columbia Pictures at Sunset Gower. This section of Hollywood was known as "Poverty Row" during this period due to the large number of low budget film and production companies populating the area.[26] In the early years of the movie industry, people employed in the business preferred to live in close proximity to the studios. Many early movie stars lived in the Hollywood Hills prior to the 1930s, in residential developments such as Hollywoodland which began in 1923.[27] Tamarind Avenue, including the properties analyzed in this preliminary assessment, transitioned from a low-density neighborhood in a largely agricultural village-like setting in the 1910s to a denser, urban environment in the 1920s. This change was spurred on by the arrival of the movie industry and advances in transportation, which brought new development and increased demand for residences to the area. The Japanese families living on Tamarind responded to this new need by redeveloping their properties with additional dwellings, creating higher-density living on Tamarind. This change reflects the change in Hollywood's economy from agriculture to entertainment.

Prewar Japanese American Communities in Los Angeles

In 1910 there were 8,641 Japanese Americans living in Los Angeles County. The number would more than triple over the next twenty years, to 35,000. This enormous group was divided down the middle between first-generation immigrants, or *Issei*, and their American-born children, or *Nisei*. Many Japanese Americans were involved in horticulture, growing fruits and vegetables for the wholesale marker or working as gardeners. Japanese gardeners in the areas of Hollywood and West Los Angeles tended to the landscapes of the estates of the rich and famous to the north. In the same tradition, it was common for Japanese Americans to establish farms and plant nurseries.

There were seven major areas of Japanese American settlement in Los Angeles in the period before World War II. One of these was the Hollywood-Virgil community, located about two miles due east of Tamarind Avenue. Prior to World War II and the forced internment of all ethnic Japanese residents of Los Angeles, Japanese Americans formed and maintained tight cultural and social bonds within their ethnic group.[28] Racial discrimination forced most Japanese residents to move into commercial or industrial areas. Little Tokyo in downtown Los Angeles provided a small slice of Japan, providing shopping, food, and entertainment geared towards the Japanese American population.[29]

The thriving Japanese American communities of Los Angeles were dismantled during World War II. Accounts with Japanese banks were frozen in their American branches, religious and political leaders were arrested, and discrimination ramped up in the aftermath of the attack on Pearl Harbor in late 1941. In 1942, President Franklin Roosevelt signed the order to inter approximately 120,000 Japanese Americans on the west coast. The War Relocation Authority removed Japanese Americans from their homes and into internment camps, forcing many to sell homes and shut down businesses, bringing a sudden end to the various vibrant Japanese American communities of Los Angeles.[30]

[29] Valerie T. Matsumoto, *City Girls: The Nisei Social World in Los Angeles, 1920-1950*, (Oxford: Oxford University Press, 2014), 14-15.

The Japanese American community on Tamarind was a small, isolated grouping, atypical of the Japanese-American settlement pattern which normally developed much larger communities. How exactly this tiny enclave was permitted to exist in a sea of white residents is unclear. Possibly the first Japanese American families moved into the area before any racial restrictions applied to the neighborhood; further research would be necessary to answer this question. Available historic documentation indicates that the small community appears to have thrived on Tamarind right up until the internment of Japanese Americans began in 1942. The economic sustenance of the residents appears to have been a mixture of rental income and horticultural occupations, with a few clerks and salesman providing variety. The fate of these residents during World War II is unknown, but based upon postwar building permits, it appears at least one family, the Iiyamas, was able to retain or regain ownership of their property and bought out some of the adjacent parcels formerly owned by other Japanese-Americans.

The summaries below present the results of PCR's property history research on the Subject Properties.

Construction History of 1332-1402 Tamarind Avenue

a. 1332 Tamarind Avenue

The building permits on file in the City of Los Angeles were reviewed to determine the history of construction and alterations for 1332 Tamarind Avenue; however no original building permit exists for the construction of a new residence (Table 1). The earliest building permit on record is a plumbing permit, listing Isabel Wolf as the residence's owner in 1915. The plumbing permit is consistent with similar permits for nearby residences, suggesting the neighborhood received improvements converting from septic tanks to a sewer system. The other permit on file for 1332 Tamarind Avenue was for alterations to residence's windows and bathrooms. This permit was filed in 1952 and listed M. N. Levonian as the homeowner.

Table 1: 1332 Tamarind

Issued	Permit#	Owner	Architect/ Engineer	Contractor	Valuation	Description
6/23/1915	09577	Isabel Wolf	None	None		Plumbing Permit
6/13/1952	31297	M.N. Levonian	None	Owner	$51.00	Open larger windows in the attic and bathroom.

b. 1336/1338 Tamarind Avenue

The building permits on file in the City of Los Angeles were reviewed to determine the history of construction and alterations for 1336/1338 Tamarind Avenue (Table 2). A permit dated January 20, 1913 lists H. K. Hirai as the property owner, however a plumbing permit from 1915 shows M. Iiyama had taken over ownership. The Iiyama family owned the property as late as 2002. In 1921, with the help of architect S. H. Ross, the Iiyama family redeveloped their property by adding a duplex, which is still extant (Figure 1). The duplex replaced two original structures depicted in the 1919 Sanborn map (Figure 2).

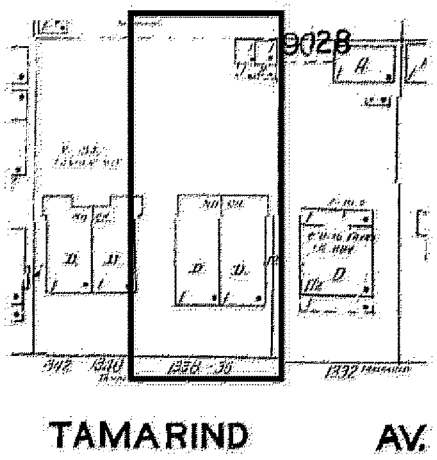

Figure 1. 1951 Sanborn depicts currently extant duplex (PCR 2015)

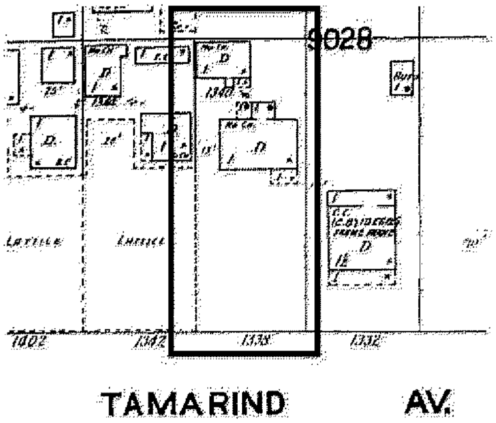

Figure 2. 1919 Sanborn showing two single-family residences (PCR 2015)

3/13/1947	28946	Tamaeo Iiyama Oda				Certificate of Occupancy: Garage
5/6/2002	02016-20000-08238	Joe T. Iivama			$20,000	Interior Remodel: Kitchen

c. 1340/1342 Tamarind Avenue

The building permits on file in the City of Los Angeles were reviewed to determine the history of construction and alterations for 1340/1342 Tamarind Avenue (Table 3). Although there are no original building permits for the residences first constructed on the lot, the 1919 Sanborn Map shows the two original buildings located near the rear of the lot (Figure 3). Early plumbing permits identify the original owner as Hisashi Suzuki as early as 1913. In 1921, Suzuki demolished the original residences and built a duplex on the property (Figure 4). After 1953, permits show the property belonging to the Liyama family. After the duplex was constructed in 1921, the only major alterations recorded in the building permits was an interior remodel and the addition of a garage.

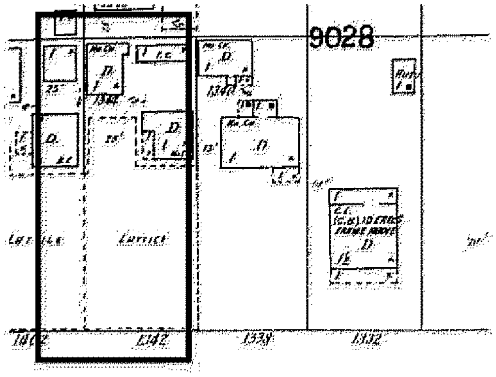

Figure 3. 1919 Sanborn showing two single-family residences (PCR 2015)

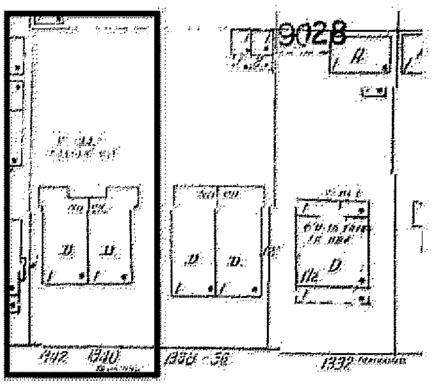

Figure 4. 1951 Sanborn depicts currently extant duplex (PCR 2015)

Table 3: 1340/1342 Tamarind						
Issued	Permit#	Owner	Architect/ Engineer	Contractor	Valuation	Description
11/19/1913	15028	Hisashi Suzuki			$75.00	Construction of a Barn (13'x50')
5/2/1914	09458	S. Yamamoto				Plumbing Permit
6/2/1915	09693	H. Suzuki		C.L. Hoge		Plumbing Permit
6/23/1915	09576	H. Suzuki		H.D. Evans		Plumbing Permit
5/13/1921	10686	H. Suzuki	Metropolitan Architecture and Engineering Co.	Owner	$5,000	Construction of 37' x 37' frame building
5/25/1953	59285	James M. Iiyama		Owner		Construction of Garage and Storage
8/15/2002	02016-10000-15938	Joe Iiyama			$15,000	Interior Kitchen Remodel

d. 1400/1402 Tamarind Avenue

The building permits on file in the City of Los Angeles were reviewed to determine the history of construction and alterations for 1400/1402 Tamarind Avenue (Table 4). This property consists of multiple single family structures that were added and altered over time. In 1914, a permit was filed with the city to move a house from 6700 Hollywood Boulevard to 1402 Tamarind Avenue (Figure 5). This building is still extant on the property but was altered 1950 with the construction of two small additions. The property was owned by Sanzo Yamamoto as early as 1914. In 1919, Yamamoto constructed a nursery on the property in 1919 and in 1922, he added a kiln. The large residence located near the front of the lot was added sometime after 1919 but no building permit could be found (Figure 6). In the 1980s and 90s, the owner was Mehri Vaziri, who remodeled various interior spaces including the removal of two fireplaces and their associated chimneys. The block wall surrounding the front of the property was added in 2002.

3/20/1995	75809	Mehri Vaziri			$3,000.00	Bolt down foundation and install plywood on cripple wall.
6/14/2002	02020-20000-01643	Victor and Anita Figueroa		Owner	$5,500.00	New Block Wall Construction

e. Conclusion

Based on the building permit information derived from the City of Los Angeles Department of Building and Safety, three (1400/1402, 1340/1342, and 1336/1338) out of the four Subject Properties appear to be historically related. In the early twentieth century, the 1300 block of Tamarind Avenue was a home to a small group of Japanese immigrants, who may have utilized their properties for agricultural proposes. As the Motion Picture Industry gained success and the neighborhood of Hollywood grew, these Japanese immigrants appear to have seized an opportunity, developing their small tracts for rental income opportunities. In 1921, the Suzuki family and the Iiyama family built duplexes on their properties, which are still extant today. These duplexes may be representative of Hollywood's transitional history from an agrarian economy to dependence on the growing film industry. PCR recommends further evaluation of potential relationships between the Japanese property owners and how this small Japanese enclave including the Subject Properties may have contributed to Hollywood's development history. Questions to be answered include what role the Japanese community may have had in the development of Hollywood and/or the settlement and development of the Japanese-American community in Hollywood and/or Los Angeles. The results of PCR's preliminary research is presented below.

Occupancy History

Los Angeles City Directories (1915-1942) and the *United States Census Records* were reviewed to determine if any of the properties have an association with the productive life of a historically significant person. The results of the city directory research are summarized in tables arranged by address and organized chronologically by year below. Based upon this research, it does not appear that any of the properties are associated with personages important in local, state, or national history. However, the occupancy research did reveal that three of the four properties (excluding 1332 Tamarind) are associated with a small Japanese-American community that existed on Tamarind Avenue from approximately 1915 to 1942. This community is partially reflected in the city directory research, but is most evident in the census records. The census shows that a growing number of Japanese American households in the 1300 block of Tamarind between 1920 and 1940, with 14 separate households of first and second generation Japanese Americans listed on the east side of Tamarind in the 1940 census. This grouping of Japanese-Americans suggests that further evaluation may be required to determine if the properties are historically significant in the history of the Japanese-American community in Los Angeles.

Conclusion

In the course of this preliminary assessment, PCR reviewed existing evaluations, conducted a reconnaissance level pedestrian survey of Tamarind Avenue, and completed preliminary research into the construction and owner/occupant history of 1332, 1336, 1340, and 1400 Tamarind. As a result of this research, PCR reaffirms the determination of the CRA survey, which assigned status codes of 6Q to 1336 and 1400 Tamarind and 6Z to 1332 and 1340 Tamarind, finding each property ineligible at the local, state, or national level under the criteria for architecture. However, as a result of this preliminary assessment, PCR found that the three properties at 1336, 1340, and 1400 Tamarind may have a potentially significant historical association with the Japanese-American community in Los Angeles and with the transformation of Hollywood from an agricultural village into an urban center with an entertainment economy. PCR therefore recommends that further research be conducted to fully evaluate the potential historical significance of these three properties under National Register Criteria A, California Register Criteria 1, and the Los Angeles Historical-Cultural Monument Criteria 1, to determine the eligibility of the three properties for their historical associations.

Sincerely,
PCR SERVICES CORPORATION

Margarita Jerabek, Ph.D.
Director of Historic Resources

5/27/2015

Craig Bullock
CRA/LA
1200 7th St., 2nd Floor
Los Angeles, CA 90017

Dear Mr. Bullock:

The Board of Directors of Hollywood Heritage, its Preservation Issues Committee and its members thank you for the opportunity to review and comment on the proposed demolition of 1332, 1336, 1340 and 1400 Tamarind Avenue.

Hollywood Heritage has reviewed the material provided, including DPR's and a preliminary assessment report prepared by PCR dated April 28, 2015. This information provides evidence of significance for three of the four properties.

1332 Tamarind Avenue, built in 1912, falls within a population of potential resources that are becoming increasingly rare. According to our analysis of the Chattel Survey, there are only forty-four extant properties from this year, and just over two hundred surveyed properties built between 1900 and 1913, which represent Hollywood prior to the arrival and establishment of the movie industry. While 1332 Tamarind was not constructed during the period of Hollywood incorporation, it is an example of the early subdivision context just after consolidation with the city of Los Angeles. The property has sustained a great deal of alteration and without further comparison with its peers its true evaluation is unclear. Some further analysis by Hollywood Heritage and the Agency is needed to determine whether or not this property is a resource.

Hollywood Heritage is opposed to the demolition of 1336, 1340 and 1400 Tamarind Avenue due to their association with the Japanese-American community in Hollywood, their integrity, and early dates of construction. Hollywood Heritage requests further research is conducted to determine the number of Japanese-American homes left in Hollywood. Another important feature of these residences is the way they are grouped beside each other on Tamarind Avenue. Hollywood Heritage would like to convey the importance of the Japanese-American influence in Hollywood at the turn-of-the-century. This ethnic group was an early part of Hollywood, providing landscaping and services to Hollywood's wealthy population. The contributions of the working class of this era have not been thoroughly documented, as most of the attention has been focused on those connected with the motion picture industry.

The preliminary analysis of these properties highlights continuing issues with portions of the 2009 Survey, which need to be addressed by the Agency and Hollywood Heritage. Ethnic contexts have been established by SurveyLA in the intervening years; no complete context of Japanese-American activity currently exists. As for properties built before 1920 in Hollywood, the population of identified potential resources continues to decline and issues with evaluations of this category must be addressed. Please let us know how we can assist the agency in this regard.

Sincerely,

Bryan Cooper

Re: Sidewalk Vending, Council File 13-1493

Dear Councilmembers,

Established in 1924, the Central City Association (CCA) is Los Angeles' premier business organization, with 450 members employing over 350,000 people in the Los Angeles region. As the voice of business, we recognize the critical role that vibrant commercial corridors play in supporting business growth and retention.

We appreciate the opportunity to comment on a regulatory framework that would implement a sidewalk vending program for food and merchandise sales on the City's sidewalks and believe it is a good opportunity to change the status quo. A successful sidewalk vending program must promote an improved quality of life in our communities, support business and be enforceable.

CCA believes the only way to develop an effective vending program is to bring together the various stakeholders who have provided input on the item to discuss program specifics. The City Council should be willing to receive meaningful input from its diverse constituencies regarding a permit process, licensing requirements, placement requirements, operational requirements, vending locations, permit caps and type of item(s) sold. All of these details are integral components for a sidewalk vending program. The Chief Legislative Analyst (CLA) report released on October 21, 2015, does an effective job establishing the complex nature of a sidewalk vending program. For the first time in two years there are finally the necessary details available to discuss a vending program and the committee should allow ample time for review. Three business days is a very limited window for review on this important topic.

Improving the Quality of Life in our Communities

Los Angeles is the second largest City in the United States. It is approximately 500 square miles and has hundreds of distinct and an amazing neighborhoods. It is a diverse City, and each neighborhood has its own set of existing conditions and quality of life aspirations. CCA believes that in order to support community aspirations, the City Council should consider a Sidewalk Vending Special District Model that is driven by the community, with the City creating general rules and regulations, as it has done with the formation of neighborhood councils. To establish a vending zone, the application must include addresses and signatures of at least 20 percent of property owners and business owners on each block of a potential vending zone who support the creation of the district.

The other models established in the CLA report: Citywide Model and Hybrid Model (Citywide and Special District) both present challenges to community input. The Citywide Model is essentially a one-size fits all approach that treats each of the City's diverse neighborhoods as the same. The Hybrid Model is not practical and does not give communities the voice they would have in a Special District Model.

We believe sidewalk vending should take place in community-supported vending zones in commercial areas of the City with prohibitions on vending in front of or near large venues, in entertainment districts, near special events and film locations, in historic districts and other areas with high pedestrian traffic that can create serious safety hazards. This is common practice in other cities with vending programs. For example, in Chicago, the majority of the downtown area and the area around Wrigley Field are vending free zones. In downtown Seattle vending is only allowed in predetermined locations and in Portland, vendors are not permitted to roam.

Consideration should also be given to establishing distance limits for farmers markets and schools. For example, in Seattle there is no vending within 1,000 feet of any public or private school containing a kindergarten through 12th grade class.

Supporting Business

Sidewalk vending and brick and mortar businesses can both thrive when there are effective regulations in place to ensure business synergy and clean, safe and accessible sidewalks.

Many other cities with sidewalk vending programs, such as Portland and Boston, require vendors to obtain support from the business they are operating in front of. Other cities, such as Seattle, require a 50 foot distance from any food-service business and food vendor. These could be effective ways to promote synergy between brick and mortar and vending enterprises and ensure complementary sale of goods.

Density regulations, such as limiting the number of vendors per block and placement requirements for sidewalk vending, are both mechanisms to maintain an accessible public right-of-way. The Bureau of Street Services has developed a sample of preliminary placement requirements for sidewalk vending, and that document should be mapped out to help communities and vendors see which parts of the City would be eligible for vending.

Vendors will contribute to vibrant commercial corridors by maintaining liability insurance and being responsible for damage to sidewalks, for injuries and for run-off into storm drains caused by their activities. Vendors also must be responsible for trash within a set radius of their operations and when operating within a Business Improvement District (BID), a percentage of vending registration and permit fees could be allocated to the BID.

Enforcement

In order for any vending program to be successful, there must be consistent and proactive enforcement. This is the only way to support vendors and businesses who play by the rules. Enforcement will require new staffing and funding. We also know vending activity occurs in the evenings and on the weekends. Enforcing regulations then would require overtime or multiple work shifts, and the City should plan for it.

The City should consider creating or assigning one department to oversee all vending issues and to coordinate all City and County efforts to oversee vending regulations, permitting and enforcement. This department must be ultimately responsible for all issues associated with vending, even though there are multiple departments and agencies involved with vending.

We encourage this committee to look at the Administrative Citation and Enforcement (ACE) program as a model for enforcement. It is currently being used on a pilot basis by the Department of Animal Services and the Los Angeles Police Department. As stated in the CLA report, the ACE program has the ability to give violators an administrative citation that does NOT result in a criminal record, probation or threat of jail. We believe this could be an equitable enforcement method to regulate sidewalk vending.

Additionally, all carts should have QR codes that can be scanned by the enforcement agency to ensure they are permitted and in the permitted location or RFID tags that allow regulators to find vendors' locations. We believe permit revocation for repeat offenders is essential. We also support the confiscation of carts and / or goods that represent a threat to public health and safety.

The City's operation and enforcement administration for a sidewalk vending program must be fully budgeted. The City agency must be fully staffed and empowered with the ability to adequately and sufficiently enforce new vending program rules. The fees to operate a sidewalk and park vending program should be full cost recovery.

CCA is ready to work with the City and all other interested parties to develop a successful program.

Sincerely,

Carol E. Schatz
President & CEO

CC: Mayor Eric Garcetti
Council President Herb Wesson

Subject: Youth Tobacco Prevention

Star and David,

It was a pleasure seeing you a couple of weeks ago with Laura Leigh Oyler from Reynolds. As we discussed, a disparity exists between the penalties for providing youth with alcohol ($1,000 plus community service) and tobacco ($200 and no community service).

We believe Los Angeles could be a leader in addressing this disparity and making real progress in youth tobacco prevention. I've attached some suggested language/information for a possible motion. We look forward to discussing this with you.

In addition, we are looking forward to those introductions you were going to make to the LGBT Center in Hollywood, the LAUSD high school for homeless students and LA Youth Network. We would like to provide them with materials on youth tobacco prevention.

Thanks and talk to you soon!

Hello Veronica,

Hope all is well! Thank you for following up. Please see the link to the motion that we have introduced and we had a press conference on it along with CA's office. This is basically asking for a report from City Attorney's office and recommendations. Please see the link below to the motion. Let me know if you have any questions.

Hi Veronica:

Marie Rumsey and I are working on the living wage issue. Is this a group of franchise owners? Give us some dates for next week and the week after. After Wednesday's or Thursday is best for me, Marie?

Subject: reschedule McD's meeting

Hi guys! Hoping we can reschedule our McD's meeting we have on calendar for this week. We decided that we need to work harder to come up with some mitigations to offer to make the increase more palatable, rather than just fighting this thing head on. We need a little more time to do that. Can I get back to you early next week to get something on calendar?

Hi David!

I am writing to request a meeting with the Councilman and McDonald's regarding the proposal to increase the city-wide minimum wage. On our end, we would bring several owner/operators from the City and his district, as well as the Western Division Government Relations Director for McDonald's.

We would like to discuss the impact to the company as well as offer some solutions to mitigate the impact. Is he available to meet with us sometime in January? Many thanks for your consideration!

E-Cigarette - LA County Public Health Report

1 message

Anh Nguyen <an@veronicaperez.com>
To: david.giron@lacity.org

Sun, Jan 12, 2014 at 8:34 PM

Hi David-

I believe we've met before, I was formerly with the Central City Association but now I've teamed up with Veronica at her firm! Veronica had mentioned to me that you and Star referenced a report by LA County Public Health in your meeting last week about extending the County's no-smoking ban to e-cigarettes as well. I have been searching and searching for this report online, but I can't seem to find it.

Would you mind forwarding a copy of this report when you have a second? I would very much appreciate it.

Thank you so much,

Anh

Studies on e-cigarettes

2 messages

Veronica Perez <vp@veronicaperez.com> Thu, Jan 23, 2014 at 11:38 AM
To: star.parsamyan@lacity.org, david.giron@lacity.org
Cc: Anh Ngyuen <an@veronicaperez.com>, vp@veronicaperez.com

Star and David, as we discussed, attached please find several studies regarding e-cigarettes. A summary below:

Burnstyn 2014

- The most current study, released January 9, 2014
- This study compares the level of potentially harmful contaminants in e-cigarettes and analyzes where they fall in comparison to occupational safety standards (which are considered very conservative and protective of workers)
- Conclusion: No evidence that the vapor emitted from e-cigarettes warrant any health concerns by the standards used to ensure safety of workplaces.
    - Levels of toxicity fall well below the threshold of concern

Quote from this study: "The cautions about propylene glycol and glycerin apply only to the exposure experienced by the vapers themselves. Exposure of bystanders to the listed ingredients, let alone the contaminants, does not warrant a concern as the exposure is likely to be orders of magnitude lower than exposure experienced by vapers. Further research employing realistic conditions could help quantify the quantity of exhaled aerosol and its behavior in the environment under realistic worst-case scenarios (i.e., not small sealed chambers), but this is not a priority since the exposure experienced by bystanders is clearly very low compared to the exposure of vapers, and thus there is no reason to expect it would have any health effects." [Burstyn 2014; p. 17]

2. **Romagna 2012**

- This experiment involved the use of a closed room with 2 sessions. In the first session, 5 smokers were allowed to smoke, and in the second session, 5 e-cigarette smokers were allowed to smoke.
- Evaluated the effects of e-cigarettes on human health using a group of research protocols called "ClearStream." Following a 5 hour smoking session in a closed room, TOC [total organic compounds], toluene, xylene, carbon monoxide, nitrogen oxides, nicotine, acrolein, and PAHs were detected for conventional cigarettes. Only TOC and glycerin were detected for e-cigarettes.
- Conclusion: The quality and quantity of chemicals released in the vapor of e-cigarettes are 1) far less than that of traditional cigarettes; 2) e-smoking does not produce detectable amounts of toxic and carcinogenic substances in the air of an enclosed space.

3. **McAuley 2012**

- This study analyzed pollutant concentration in the e-cigarette vapor.
- Conclusion: No apparent risk to human health from e-cigarette emissions

I've attached all the studies for you. Please let me know if you have questions.

Youth Tobacco Prevention

Veronica Perez <vp@veronicaperez.com> Tue, Jun 3, 2014 at 11:03 AM
To: Star Parsamyan <star.parsamyan@lacity.org>, "david.giron@lacity.org" <david.giron@lacity.org>
Cc: Veronica Perez <vp@veronicaperez.com>, "Oyler, Laura L (OYLERL@rjrt.com)" <OYLERL@rjrt.com>, "Spross, David L" <sprossd@rjrt.com>, Anh Nguyen <an@veronicaperez.com>

Star and David,

It was a pleasure seeing you a couple of weeks ago with Laura Leigh Oyler from Reynolds. As we discussed, a disparity exists between the penalties for providing youth with alcohol ($1,000 plus community service) and tobacco ($200 and no community service).

We believe Los Angeles could be a leader in addressing this disparity and making real progress in youth tobacco prevention. I've attached some suggested language/information for a possible motion. We look forward to discussing this with you.

In addition, we are looking forward to those introductions you were going to make to the LGBT Center in Hollywood, the LAUSD high school for homeless students and LA Youth Network. We would like to provide them with materials on youth tobacco prevention.

Thanks and talk to you soon!

Hello Mark,

Hope all is well! I haven't talked to you for a while but I would like to introduce Laura Leigh Oyler from RAI Services Company who is delivering Youth Tobacco Prevention Program to our students. I did mention your new school under LAUSD and she wanted to see if you would like to meet with her and discuss further. Let me know if there is anything I can help with.

Thank you,

Star
:)

Thank you so much for doing this! Any word on whether the CM is interested in taking up the issue of increasing penalties for providing youth with tobacco? I think we could work on Councilwoman Martinez to submit this jointly.

LWO next week?

3 messages

Veronica Perez <vp@veronicaperez.com> Wed, Jun 11, 2014 at 4:05 PM
To: "jeanne.min@lacity.org" <jeanne.min@lacity.org>, "david.giron@lacity.org" <david.giron@lacity.org>

What I'm hearing:

Not confirmed, but I hear they are trying to schedule the ordinance at Council for *this coming Tuesday*. The City Attorney is working on the ordinance already and over the weekend.

I'm also hearing there is an effort to go against Krekorian's amendment to do an economic impact study before implementation.

From: Veronica Perez
Sent: Wednesday, June 11, 2014 12:09 PM
To: 'Jeanne Min'
Subject: Living Wage -- Small hotel owners

Hi Jeanne! As stated in my message to you, I represent the Small Hotel Coalition for Jobs. My clients are basically small (100-150 room hotels), family-owned hotels that are seeking to increase the room threshold of application for any ordinance that passes. I have attached the letter with our position. I believe that this item could come to Council as early as next week.

At Committee, we were successful in pushing the room threshold from 100 to 125 rooms. Although we are grateful, it's still not high enough to protect the most vulnerable small businesses from the detrimental impacts of this policy (cutting jobs). **We would like to get the number pushed up to at least 150 at Council.**

I also wanted to point out the following numbers to you, which we think illustrate that hotels in the 100-200 room rage are not "large" hotels. Please let me know if you have any questions!

I have attached the list of hotels circulated months ago. According to this list:

- Average room number of hotels in the 100-200 room category: **139 rooms** (there are only 35 hotels on the list in this category)

- Average room number of hotels in the 200+ room category: **456 rooms** (with some hotels having over 1000 rooms)

As you can see, there is a 317-room disparity between the two categories. We believe this supports our position that hotels in the 100-200 room category are small hotels, not large hotels, and make up a very small percentage of the hotels that are being currently considered for the LWO. The reason we are now pushing for an increase to 150 rooms, rather than 200, is because that is what seems politically feasible at this point.

Thank you for your consideration and I look forward to chatting with you further!

Veronica

City Attorney Youth Tobacco Prevention by LA City Attorney

2 messages

Veronica Perez <vp@veronicaperez.com> Mon, Jun 23, 2014 at 4:46 PM
To: "arcelia.arce@lacity.org" <arcelia.arce@lacity.org>, Ackley Padilla <ackley.padilla@lacity.org>, Jim Dantona <jim.dantona@lacity.org>, Star Parsamyan <star.parsamyan@lacity.org>, "david.giron@lacity.org" <david.giron@lacity.org>

Hey guys! Check out the attached report. It seems the LA City Attorney has received a grant for Youth Tobacco Prevention. It seems like there could be an opportunity here to incorporate the increase in penalties for those who provide tobacco to youth into the City Attorney's program. Check it out:

Wage theft motion

3 messages

Veronica Perez <vp@veronicaperez.com> Fri, Jun 27, 2014 at 4:29 PM
To: Jeanne Min <jeanne.min@lacity.org>, "david.giron@lacity.org" <david.giron@lacity.org>

FYI about an item at Council Tuesday to reactivate a 2009 Alarcon motion re: criminalizing wage theft (motion attached). This could be yet another duplicative regulation that will make it more difficult to do business in Los Angeles.

Alarcon's motion:

http://clkrep.lacity.org/onlinedocs/2009/09-2642_MOT_10-27-09.pdf

The community impact statement created in 2009 by the Greater Valley Glen NC opposed the motion stating: "There are currently state and federal laws on the books to protect employees from abuse."

Thanks Veronica.

Sorry for the late reply, did you want to talk about this? The matter is reactivated as of July 1st.

Nope! It was just an FYI. Any update on the youth tobacco prevention issue? Any interest in having the CM introduce the motion? Thank you!

awardees will receive $10K MINIMUM + $10K match } $20K MINIMUM
~~+ $10K fundraising~~

BID Proposal – activate the bumpouts
seating / planters / cultural arts programming

will find out mid-July

- CRA Furniture
  - shhhh → BID to remove

- Las Palmas camera [NEW]
  - needs to be put on light pole w/ traffic signal
  - 110 BOX → need ~~need~~ to put one on the pole
    LADOT does it – denied them first

Ⓐ ~~[illegible]~~ check in w/ Capt. Zarcone

Ⓐ Vine St Garage validation x & valet.

- Office Space – 6562 Hollywood Blvd
  Next to URBAN MASALA ; Schrader
  ground floor

Ⓐ will take plans to DCP counter
VISITING OFFICE? for MOF Ⓐ ask Jeanne

5/1 BID - First Friday

- Drought - powerwashers
- self-cleaning toilets
- Crossroads funding
- EIS - Navigate Hollywood

Power Washing

- WOF by Selma - really dirty - only washed once a month
  - dogs peeing / people peeing
- is fire hydrant reclaimed water?
  Matthew will investigate
- ~~M~~ some are on once/month - once/2 month sched.
- No single area gets it every single day

Vine/Cherokee garages

- BID could help advertise

Self-Cleaning Toilets

- CRA — promised 2 self-cleaning toilets
  - Vine St. garage (IVAR side) + Vine Metro stop

Ask Lance O. still exist under Street Furniture program?

- City ~~was~~ has 16 self-cleaning toilets?
- Delayed, almost, that it didn't happen

Ask CRA

Crossroads Funding
- Is the money that was allo-cated still available?

Punch List

Ask David G.

sidewalk / curb repairs — how is this going to work?

Priority Repair List?

CWC — tree wells

El Centro / Leland Way — encampment
GOWER GULCH
(SUNSET / El Centro)

Ask BSL

IVAR lights — poles Recently repainted?
BUT LIGHTS are out (some) / BROKEN GLASS

Ask BSL

Ivar lights are dim — low-wattage
BID will assemble photos/questions
Meeting w/ Fabian

⊛ Whitley - utility BOX

⊛ Walk of Fame - sidewalk closing
⊛ Start at Vine?

⊛ Navigate Hollywood - ELS
- ELS hasn't been paying
- tense conversation w/ Marguerite
- BID doesn't make a profit from NH
- Street closure committee wanted it

⊛ talk to Marguerite

⊛ Exit — 101 SB @ Van Ness
⊛ clean - Caltrans - along the freeway
⊛ Denny's - take some responsibility?
⊛ BID to contact Denny's

4/3 FIRST FRIDAY

set up meeting re: Hollywood MPRD w/ Chamber + BID — waiting for Gary [illegible]!!

BIG BELLY – Marisol to find out who replaced Sofyia Cain

WOF meeting tree trimming
- UFD
- BSS
- CAPIT

Confirmed ~~e-mail them for 4/10 1 pm~~

Tell Susan they changed the schedule b/c of her concerns

SVBID streetscape plan
how do the guidelines work city-wide?

Crossroads Plan – Mexican Fan Palms

Sharky's Alley
~~[illegible] — you~~
is it public or private? easement? PRIVATE
- parcel in the middle of the alley – ~~[illegible]~~
bldg owned by Beulah Shaw
graffiti

~~CITT schedule~~ Roger

Marisol

(*) Bulky Item Removal

(*) find a lot — Lincoln Heights or WASHINGTON?

Romaine if possible

(*) Neighborhood Festival

NOV 5th through 8th   Arts/Music

(*) Mutt Mutts — on Whitley b/w Hollywood + Yucca

BID to put out

Gil ZAMAN — 1520

KRESS — old CRA [illegible] demonstration lights haven't worked in 15 years

To: Chris Robertson <chris.robertson@lacity.org>
Cc: Amy Ablakat <amy.ablakat@lacity.org>

ATTORNEY-CLIENT PRIVILEGED COMMUNICATION

Hi Chris,
The Silverstein firm is asking for "all emails, internal memoranda, notes, 'working files,' and all other documents from . . the relevant Council District office(s). See attached letter.

We already conducted a search of records through ITA and produced city emails from CD 13, but Petitioner is insisting that CD 13 staff also search their personal emails, personal files, and personal notes, including hand written notes, that would not have been archived in the City's email system.

Can you please ask CD 13 staffers to search through their personal emails, personal files, and personal notes, including hand written notes, for documents related to the Wilcox Hotel Project? The Councilmember's files and emails also need to be searched. If possible, I would like any documents that were located to be forwarded to me **by EOD**

Wednesday, September 28. It is also sufficient for staff to say they found nothing.

Petitioner has indicated that he will depose city employees about their efforts to search their personal files, so doing this ought to avoid having to go through burdnesome depositions.

Please also be aware that you will likely have to sign a declaration that describes the efforts you made to collect documents from your staffers.

Happy to discuss any of the above if you have questions/concerns.

Thanks!
Monica

Hi Chris and Amy,
We are defending a suit that challenges the approval of the Wilcox Hotel Project located at 1541 Wilcox Avenue, based on alleged CEQA violations, among other grounds.

This project is located in CD 13 and Petitioner is aggressively seeking documents related to the project.

Who is the best person to work with to ensure that we have all responsive documents from CD 13 staff, including the CM?

Thanks much,
Monica

Re: The Sunset Landmark Investment, LLC v. City of Los Angeles, et al.; Case No. BS160807/Petitioner's Notice of Election to Prepare the Record

Dear Ms. Castillo:

In the above-mentioned matter, please take notice that under Public Resources Code Section 21167.6(b)(2) and LASC Local Rule 3.232(d)(2)(iii), Petitioner The Sunset Landmark Investment, LLC elects to prepare the Administrative Record in this matter. Please advise regarding anticipated timing of the City's delivery to us of a complete "control set," including all emails, internal memoranda, notes, "working files," and all other documents from all offices and departments involved with the Project, including the relevant Council District office(s). Thank you.

Very truly yours,

Mayor Garcetti & Councilmember O'Farrell,

I am saddened and dismayed at the extent of new construction and zoning changes in the Hollywood area. It is a radical departure from decades of zoning precedent. What happened with the Target store at Western and Sunset is happening not only throughout Hollywood but in more and more neighborhoods. While ostensibly adding new (more expensive) housing units, the extent of construction and the lack of oversight is destroying precious community assets (e.g. the Hollywood community's connection to the hills).

One of the prime community assets -- an unobstructed view of the Hollywood sign -- is being auctioned off to development interests. These interests are transforming Hollywood into a character-less, place-less steel and glass corridor. What is happening is profoundly sad and something that cannot be undone. Unfortunately, Hollywood residents will regret your respective tenures for years to come.

I wish I could be more optimistic about your policies and decision-making. While you represent many constituents, and despite what may be your good intentions, this is nothing short of a tragedy of the commons. We are missing leadership that respects both our heritage and our need for growth.

Please respect the boundaries enacted by your predecessors.

Gerald Parham

coming this month when it was accused of doing construction without permits or inspections.

The new attention from O'Farrell is not the result of an increase in complaints. In fact, Zarcone said complaints against clubs remain flat. But Halloween, typically the busiest night of the year in Hollywood, is less than two weeks away. Police plan to deploy an additional 300 officers to the district that night.

Officials also say that with more residents moving into Hollywood's commercial core, they need to make sure clubs are following the rules.

"Hollywood must be a neighborhood that is safe, clean and hospitable to its residents," O'Farrell said.

Since 2000, the number of residential units in Hollywood has tripled, according to the Hollywood Business Improvement District, and the community's estimated population has increased to 7,650 from 2,550.

Community leaders say the clubs played a major role in Hollywood's revitalization after years of decline in the 1970s, '80s and '90s.

"When nobody was investing in Hollywood, the clubs were here and they were kind of the first phase of revitalizing Hollywood," said Leron Gubler, president and chief executive of the Hollywood Chamber of Commerce.

"Now that the area is improving, we do have a few clubs that are causing problems," he added.

Resident Thomas Meredith keeps a log tracking noise violations and fistfights.

"These nightclubs have no regard for people who are essentially trying to live a residential life in Hollywood, and they're held hostage to nightclubs across the street," Meredith said.

Others in Hollywood are not as critical of the clubs, with some saying they are an important part of the community. But they say the city needs to make sure the clubs are following the rules.

Even when the city does take action against a club, there's no guarantee that the situation will be remedied.

In 2012, fire inspectors found more than 1,000 customers inside the Hollywood Supper Club — about double its capacity. The club, authorities alleged, also had illegal fireworks and a trapeze artist swinging from the ceiling over the crowded dance floor. Two years later, the operators of the Hollywood Supper Club pleaded no contest to allegations of overcrowding, use of an open flame, illegal wiring and use of an unpermitted structure. The business was placed on 36 months of probation.

This summer, LAPD investigators determined the club continued to violate the city's municipal code. Officials at the Supper Club declined to comment.

Hollywood resident Paul Zambito said there must be a compromise in which clubgoers can have a good time without disrupting the lives of the people who live nearby.

Hi, David, we're getting phone calls from concerned residents about ideas that are being associated with Friends of Runyon Canyon (in CD 4), such as building a parking lot and cafe in Runyon.

As Chair of the Parks Committee, does Councilmember O'Farrell have any thoughts on Runyon Canyon, or any such proposals that MAY come from FORC, or anyone else? One woman thought that Mitch was in support of a cafe in the canyon, so there's obviously some misinformation going around.

Anything you suggest we might say, before I refer them to CD 4 and their Field Deputy Catherine Landers?

I do let them know that it's not FORC that will make the decisions, but LA Recs & Parks and the City's Parks Committee, with input from the community.

Thanks,

--

Hi Sylvan,

We do not have a position on such an amenity in Runyon Canyon. JM may have more background, but as there is nothing pending in our committee, there is nothing for us to take a position on. Finally, the matter is in another Council District, so more than likely we would defer to the representative of the area. Please refer such calls to CD4, and keep the information to a minimum – remember that this is not a project we are tracking so the information that we may have could be out of date.

Thanks

To: Councilmember.ofarrell@lacity.org

Friend --

Per my request, the Department of Recreation and Parks will halt construction of the proposed basketball court at Runyon Canyon Park. The department also agreed with my recommendation to have the Board of Recreation and Parks Commissioners reconsider its prior approval of this project.

This project was initiated before I became the Councilmember of the Fourth District and it is clear that community concern regarding this project needs more robust consideration prior to any further action.

Please read my full statement here.

Sincerely,

David Ryu

LADWP Letterhead

LA CITY COUNCILMEMBER DAVID RYU, LOS ANGELES DEPARTMENT OF WATER & POWER & LA CITY RECREATION & PARKS ANNOUNCE THE RE-OPENING OF RUNYON CANYON PARK ON AUGUST 2, 2016

Water pipeline replacement project completed ahead of schedule and under budget

LOS ANGELES — Fourth District Councilmember David Ryu, the Los Angeles Department of Water and Power (LADWP) and the Department of Recreation and Parks announced today that Runyon Canyon Park will re-open on Tuesday, August 2, 2016, following a water mainline replacement project that was completed under budget.

"After much needed public safety and infrastructure upgrades, the City of Los Angeles is thrilled to reopen one of the City's most highly used and beloved parks. Thanks to the hard work of LADWP, a 90-year-old water pipeline has been replaced and new fire hydrants added, which are crucial to the fire protection of the park, park-goers and nearby residents. We worked closely with the Department of Recreation and Parks and LADWP to shorten the time of the overall project. LADWP finished under budget by $1 million dollars – that is a huge saving for rate payers and the Department of Recreation and Parks was able to add other important upgrades like erosion control and water fountains. Thank you to the community for supporting these efforts and thank you to the Departments for your service," said Councilmember David Ryu.

Runyon Canyon Park was closed in April 2016 for the Runyon Canyon Water System Improvement Project which replaced approximately one mile of six-inch pipe that runs through the park. The project was undertaken to improve the area's fire protection system, reduce the risk of pipe breaks, and improve local water quality. Thanks to the full closure of the park, LADWP was able to perform this complicated work quickly and safely, completing the water main construction ahead of schedule and saving over $1 million for Los Angeles ratepayers.

Construction for the project included the excavation of a trench along the fire road trail, installation of the new pipeline, and backfilling of the trench. The new mainline will benefit LADWP customers by significantly reducing ongoing maintenance and repair costs attributable to leaks and breaks from the 90-year-old pipe it replaces.

"Runyon Canyon Park is a local treasure used by Angelenos and visitors alike," Senior Assistant General Manager Martin Adams said. "The full closure was a temporary inconvenience, but one that will allow us to preserve this LA icon as a safe and enjoyable hiking and recreation destination for years to come."

During the closure, LADWP, the Department of Recreation and Parks, and the office of Councilmember David Ryu worked in concert to conduct much needed park improvements including restoring and paving the Park's fire road trail, installing new drinking fountains, installing new erosion controls, and performing general clean-up and landscape maintenance throughout the Park.

"The Department of Recreation and Parks worked closely with Councilmember Ryu's office and LADWP to execute these improvements at Runyon Canyon Park," said Michael A. Shull, General Manager, Recreation and Parks. "With the completion of this project, we are re-opening Runyon Canyon Park to the community with safer hiking trails and improved erosion control to preserve this popular park for generations to come."

Leader passes: Sherman Mellinkoff was the dean of the **UCLA School of Medicine** for 25 years, and during that time he helped create a world-class medical school. "What made him so great as a dean was his humanity," said Charles Young, who became chancellor in 1969. Mellinkoff died July 17 at the age of 96. Los Angeles Times

Trail reopens: Break out your yoga pants — **Runyon Canyon** will reopen next week. The popular hiking spot closed four months ago so crews could replace a water main. An estimated 35,000 people visit Runyon every week. Los Angeles Times

Dirty waters: The recreational areas of the **Los Angeles River** are showing high levels of bacteria, the group Heal the Bay says. People are advised not to swim in the river. Kayaking is still allowed, though you'll want to avoid hand-to-mouth water contact. Los Angeles Times

Stop and go: The Hollywood (101) Freeway is America's **"Highway from Hell,"** according to a new report from the Auto Insurance Center. Getting from Woodland Hills to downtown can take 90 minutes at an average speed of 17 mph. Curbed LA

POLITICS AND GOVERNMENT

Party faithful: Roz Wyman, who joined the Los Angeles City Council in 1953, has been to every **Democratic convention** since 1952 (minus the one in '68). This one is particularly meaningful, she says, given the nomination of Hillary Clinton. "You mean to tell me America, the greatest country in the world, couldn't produce a great woman to be our president? But we've got a chance this time," she said. KQED

Military honor: The **United States Navy** reportedly will name a ship after **Harvey Milk**, the late San Francisco politician and gay icon. Milk joined the Navy during the Korean War and served on a submarine rescue ship as a diving officer. He was assassinated in San Francisco's City Hall in 1978. NBC Bay Area

CRIME AND COURTS

Juvenile detention: A supervisor at **Central Juvenile Hall** choked a youth back in May, prompting an employee with the L.A. County Office of Education to contact police, according to a probation commissioner. At a meeting Thursday, commissioners complained that no one from the Probation Department notified them of the incident. Los Angeles Times

One year ago: The 16-year-old Santa Cruz boy accused of killing 8-year-old **Madyson Middleton** last year will go on trial in February. On this sad anniversary, Madyson's father wants to keep the focus on the child he lost. "I think Madyson would want it this way, would want for me to not have hatred and anger. You just don't want this to happen again," said Mike Middleton. Mercury News

Man charged: A 45-year-old man who works in Downtown Disney, and who was previously employed at Disneyland, is **accused of molesting** a 9-year-old boy in a City of Industry movie theater restroom. Richard Camarena pleaded not guilty to charges of lewd acts upon a child. Los Angeles Times

EDUCATION

New venture: Former LAUSD Supt. **John Deasy**'s new challenge is keeping juvenile offenders from returning to jail. His new nonprofit is "New Day, New

Year" and will include the opening of alternative juvenile prisons. Deasy wants to reduce the recidivism rate by 50%. Los Angeles Times

DROUGHT AND CLIMATE

Out of control: The **Soberanes fire** north of Big Sur has grown to more than 27,000 acres. So far, 34 homes and 10 buildings have been destroyed. "Intensified by high temperatures and low humidity, scorching flames have severely affected soil along the rugged mountains and weakened trees already dry from years of drought." Los Angeles Times

Environmental policy: Gov. Jerry Brown doesn't have time for people, like **Donald Trump**, who deny climate change. "Trump says global warming is a hoax. I say Trump is a fraud," he told the Democratic National Convention. Los Angeles Times

CALIFORNIA CULTURE

Remembering a tragedy: It's been 25 years since a school bus carrying a group of **Girl Scouts** crashed on Tramway Road in **Palm Springs**. The bus driver and six people were killed that day, and 47 more were injured. The rescue effort mobilized the entire community, including then-Mayor **Sonny Bono**, who helped carry victims to waiting helicopters. Desert Sun

Beach access: Columnist **Steve Lopez** visited a stretch of beach that billionaire Vinod Khosla says belongs to him. "There really is no reasonable theory on which [Khosla] can prevail, unless the Coastal Act is declared unconstitutional," said Mark Massara, an attorney representing the Surfrider Foundation in a lawsuit to allow access to **Martins Beach**. Los Angeles Times

Special honor: An 8-year-old boy who is **terminally ill** was made an honorary member of the **United States Marine Corps**. Wyatt Gillette's father is a Marine drill instructor. "He has fought harder in the last almost 8 years than I will ever have to. If I earned the title, I believe he has as well," said Jeremiah Gillette. Orange County Register

Yummy, yummy: Here are 11 quintessential **L.A. dishes**. LAist

CALIFORNIA ALMANAC

San Diego will be foggy with a high of 79. Riverside will be sunny and 104 degrees. It will be sunny and 88 in Los Angeles. Sacramento will be sunny with a high of 106. San Francisco will be cloudy and 71.

AND FINALLY

Today's California Memory comes from **Michele Hernandez**:

"Raised in the foothills of the San Bernardino Forest in the '90s, we three kids had the best adventures roaming the streams, hiking up ravines, climbing trees and rocks or anything over 6 feet. Even our friends considered us 'wild' as we all knew how to recognize and deal with poison oak, rattlesnakes and the occasional mountain lion. We commuted down the 15 to get anywhere: through fields of grapes, flocks of sheep and citrus orchards to get to school in Rancho Cucamonga. I'm so grateful to have lived and grown up in a small rural town, a rarity in Southern California that is disappearing."

> Mayor Garcetti & Councilmember O'Farrell,
>
> I am saddened and dismayed at the extent of new construction and zoning changes in the Hollywood area. It is a radical departure from decades of zoning precedent. What happened with the Target store at Western and Sunset is happening not only throughout Hollywood but in more and more neighborhoods. While ostensibly adding new (more expensive) housing units, the extent of construction and the lack of oversight is destroying precious community assets (e.g. the Hollywood community's connection to the hills).
>
> One of the prime community assets – an unobstructed view of the Hollywood sign – is being auctioned off to development interests. These interests are transforming Hollywood into a character-less, place-less steel and glass corridor. What is happening is profoundly sad and something that cannot be undone. Unfortunately, Hollywood residents will regret your respective tenures for years to come.
>
> I wish I could be more optimistic about your policies and decision-making. While you represent many constituents, and despite what may be your good intentions, this is nothing short of a tragedy of the commons. We are missing leadership that respects both our heritage and our need for growth.

Proposal process used to subvert environmental reviews
http://www.nytimes.com/2016/06/08/us/builders-pierce-californias-environmental-shield-with-new-weapon-the-ballot.html?smprod=nytcore-iphone&smid=nytcore-iphone-share
The state's ballot initiative process allows city officials to approve projects without a vote by residents, bypassing environmental laws and speeding construction.

On May 19, 2015, at 11:09 AM, Gerry Parham wrote:

> Esteemed Council Members and Mayor,
>
> As a fourteen year resident of Hollywood, I cannot express the depth of disappointment I feel over the unchecked growth in development in my neighborhood over the past eighteen months. Much as the Target development at Sunset and Western was forced through despite zoning violations, the proposed developments in my neighborhood reflect a a SEVEN-FOLD change in permissible size (from 50 feet to 350 feet). Friends who have lived in the neighborhood since the early 1970s share my dismay.
>
> One of the main reasons I was drawn to the area was the sense of history and my view of those beautiful hills known the world over (a civic resource and public amenity that long predates your respective tenures). Those are fast disappearing and will be gone if the several high-rise developments adjacent to the Palladium are approved.
>
> Please STOP THE DEVELOPMENT. It is NOT OKAY to discard long-established zoning regulations en masse. There is a reason why your predecessors put in place the regulations you are now abandoning. The necessary upgrades to infrastructure to support the influx of new residents are nowhere to be found. The corresponding investments in parking facilities, park and recreation amenities, mass transit, affordable and safe housing, policing, public services, and full spectrum retail are not being prioritized.
>
> Mayor Villaraigosa admirably championed a number of worthy causes that have endowed him with a commendable legacy. We as beneficiaries now enjoy a better, more livable city. These include expedited development of mass transit, urban amenities for cyclists, revitalization of downtown districts, and initiatives aimed at recovering portions of the Los Angeles River. Apparently, the lesson former Council Member (now Mayor) Garcetti seems to have internalized most is the price of commercial and premium residential square footage in his former district.
>
> It is a depressing turn of events that Mayor Garcetti's most visible legacy is the wholesale abandonment of zoning regulations. Commercial interests are eager to carve-up Hollywood because it is a national resource. Shame on you! Why should outside interests be encouraged to build expensive residences for people who don't actually reside here? Why should long-established zoning regulations be gutted in a thinly-veiled rush to speculation? These interests claim they will preserve the Palladium but will they preserve this neighborhood? Wouldn't an incremental change actually accomplish more for all constituencies? Wouldn't that prove more sustainable in the long run? Shame on you for allowing this to happen. While such development may seem to be a ready source of jobs, the despoliation of our neighborhood is catastrophic and irreversible.
>
> I was originally inclined to vote for Mayor Garcetti because he represented my district. I now realize what a mistake that was. While the real price we are paying is incalculable, the transactional cost may be measured in future campaign contributions for state-wide or national office. Must the residents of my neighborhood bear the price of ambition? There is a way to preserve Hollywood history and habitability. I urge you and your teams to explore this further.

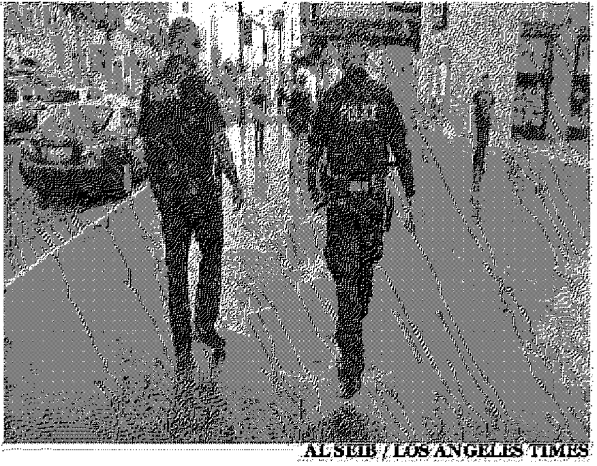
> # Hollywood tries to balance the bustle of its club scene with a surge in residents

BY ALICE WALTON



AL SEIB / LOS ANGELES TIMES

Violent crime in Hollywood has increased 21% this year through Oct. 10, compared with the same period last year. Above, LAPD officers in the district in January.

October 19, 2015, 3:31 a.m.

It was shortly after midnight Aug. 22 when the Los Angeles Police Department got the call about a brawl at the Cashmere nightclub in Hollywood.

When officers arrived, they found Jose Manuel Silva Nieves, a 20-year-old who went by DJ Steez, collapsed on the floor. He was taken to a hospital and died the next day. Police say the DJ was severely beaten during a fight.

His death has become a symbol in Hollywood.

Cashmere, located next to the Hollywood Wax Museum and not far from Ripley's Believe It or Not, is one of numerous clubs that over the last decade have brought a bustling nightlife back to the famed district.

But Hollywood is also seeing a surge of new development that is bringing new residents into the district. And that leaves city officials trying to balance a robust entertainment scene with the new condos and apartments.

A death at a Hollywood nightclub is rare, but LAPD Capt. Peter Zarcone said intoxicated patrons are responsible for a good share of the community's violent episodes. Violent crime in Hollywood has increased 21% this year through Oct. 10, compared with the same period last year, with aggravated assaults up 36.8%, part of a citywide crime surge.

Los Angeles City Councilman Mitch O'Farrell, who represents Hollywood, warned club operators that city officials would go after businesses that violate their operating permits. The announcement coincided with citations for Cashmere, which is accused of violating the city's municipal code by allowing unpermitted construction and electrical work.

An attorney for the club said the allegations are without merit. A public hearing is set for Thursday.

Cashmere is not alone. Department of Building and Safety records show the Sound Nightclub on Las Palmas Avenue has had 10 code violations since 2003, the most recent coming this month when it was accused of doing construction without permits or inspections.

The new attention from O'Farrell is not the result of an increase in complaints. In fact, Zarcone said complaints against clubs remain flat. But Halloween, typically the busiest night of the year in Hollywood, is less than two weeks away. Police plan to deploy an additional 300 officers to the district that night.

Officials also say that with more residents moving into Hollywood's commercial core, they need to make sure clubs are following the rules.

"Hollywood must be a neighborhood that is safe, clean and hospitable to its residents," O'Farrell said.

Since 2000, the number of residential units in Hollywood has tripled, according to the Hollywood Business Improvement District, and the community's estimated population has increased to 7,650 from 2,550.

Community leaders say the clubs played a major role in Hollywood's revitalization after years of decline in the 1970s, '80s and '90s.

"When nobody was investing in Hollywood, the clubs were here and they were kind of the first phase of revitalizing Hollywood," said Leron Gubler, president and chief executive of the Hollywood Chamber of Commerce.

"Now that the area is improving, we do have a few clubs that are causing problems," he added.

Resident Thomas Meredith keeps a log tracking noise violations and fistfights.

"These nightclubs have no regard for people who are essentially trying to live a residential life in Hollywood, and they're held hostage to nightclubs across the street," Meredith said.

Others in Hollywood are not as critical of the clubs, with some saying they are an important part of the community. But they say the city needs to make sure the clubs are following the rules.

Even when the city does take action against a club, there's no guarantee that the situation will be remedied.

In 2012, fire inspectors found more than 1,000 customers inside the Hollywood Supper Club — about double its capacity. The club, authorities alleged, also had illegal fireworks and a trapeze artist swinging from the ceiling over the crowded dance floor. Two years later, the operators of the Hollywood Supper Club pleaded no contest to allegations of overcrowding, use of an open flame, illegal wiring and use of an unpermitted structure. The business was placed on 36 months of probation.

This summer, LAPD investigators determined the club continued to violate the city's municipal code. Officials at the Supper Club declined to comment.

Hollywood resident Paul Zambito said there must be a compromise in which clubgoers can have a good time without disrupting the lives of the people who live nearby.

> "It's unnecessary that someone on the 10th floor should be able to hear the exact lyrics of the song in the club," he said. "That tells me that you could lower it enough and the people in the club could still be able to hear and dance to the music."

OUTFRONT Media meeting request

Veronica Perez <vp@veronicaperez.com> Tue, Feb 10, 2015 at 1:31 PM
To: David Giron <david.giron@lacity.org>
Cc: Veronica Perez <vp@veronicaperez.com>

Hi David!

I am writing to request a meeting with you or the appropriate person in your office regarding the following issue for OUTFRONT Media (formerly CBS Outdoor):

Outfront Media owns a property on Los Feliz in Atwater Village. It is near the intersection of Los Feliz/Glenfeliz across from the Los Feliz Golf Course. We have a 14'x48' billboard located there. The property is adjacent to a city of Los Angeles park run by the Rec & Parks Department. On that park property there are approximately 3 trees that block our billboard. We have reached out to the Rec & Parks Department in hopes of removing the trees. However we would need Councilman O'Farrell's support as well as the community. We have some ideas on how to mitigate the tree removal and would love to discuss it with the appropriate people in the Council office. We have reached out to a local community member who had some opposition in the past but liked our vision for the mitigation.

Please let me know who the appropriate person in your office to meet with is. Thank you!!

Hi Veronica,

Thanks for the email! I have cc'd our District Director Marisol Rodriguez, as well as our acting Planning Director, Gary Benjamin. As the matter is a landuse / community issue, it would be best to start there.

Let me know if you need further assistance!

David

Hi Veronica -

Hope all is well. Can you send over the vision plans for mitigation. I'm copying our Atwater field deputy, Mary Rodriguez, on this email. Because of the nature of the community we would want to take this to the Atwater Village NC.

Let's connect over the phone this afternoon or tomorrow.

Thanks!

Thank you so much! How about the afternoon of March 23 or 24 for the meeting on-site? We will bring pictures and a better description of our vision to the meeting. But the following is a synopsis:

The vision would be to replant 6 trees in other places in the affected park as well as to re-landscape the fence/wall area adjacent to our property with water tolerant plants and perhaps a sign that says "Welcome to Atwater Village" or a local sculpture by a local artist or something along those lines.

Please hold off on inviting Rec & Parks for now. While we think it's a good idea, we want to get you the name of the person we've been working with. That will be sent to me soon and I will follow up. Thanks!

Chicago/Seattle min wage

1 message

Veronica Perez <vp@veronicaperez.com> Fri, Apr 10, 2015 at 1:10 PM
To: Jeanne Min <jeanne.min@lacity.org>, David Giron <david.giron@lacity.org>

FYI Chicago raised their minimum wage from $8.25 to $13.00 over 5 years: http://www.chicagotribune.com/news/local/politics/chi-chicago-minimum-wage-increase-13-20141202-story.html

The Seattle City Council voted to gradually raise the minimum wage to $15 an hour. The plan gives businesses with more than 500 employees nationally at least three years to phase in the increase — four if they provide health insurance. **Smaller employers get seven years.**

Meeting Request: Short Term Rentals

1 message

Veronica Perez <vp@veronicaperez.com> Wed, Aug 5, 2015 at 3:36 PM
To: Dave Cano <david.cano@lacity.org>
Cc: Jeanne Min <jeanne.min@lacity.org>, David Giron <david.giron@lacity.org>

David,

I am writing to request a meeting with the Councilmember and my client, *Keep Neighborhoods First*, a coalition of neighbors, tenants, and affordable housing proponents who are concerned about short-term rentals and their effect on L.A.'s communities (this relates to the Bonin Motion regarding short-term rentals that was referred to PLUM). We would like to discuss the negative impacts of the commercialized short-term rental industry, and also talk about how we can work cooperatively with the city to fix the situation.

Our broad coalition will be making the rounds on August 28 and 31. Would either of these dates work for the Councilmember to meet? If not, please let me know what works for you. Thank you very much!

Short term rental impacts on housing

3 messages

Veronica Perez <vp@veronicaperez.com> Wed, Aug 5, 2015 at 3:39 PM
To: Jeanne Min <jeanne.min@lacity.org>, David Giron <david.giron@lacity.org>

Hi Jeanne and David! Hope you're doing well.

I wanted to touch base about the Short Term Rental policy issue that is set to go before PLUM in the coming weeks (Bonin motion http://clkrep.lacity.org/onlinedocs/2014/14-1635-S2_mot_06-02-2015.pdf). Basically, they are looking to regulate Short Term Rentals (like what AirBnB does).

I represent a neighborhood coalition called Keep Neighborhoods First. We aren't opposed to true home sharing, but are opposed to whole apartment buildings and single family homes being turned into de facto hotels. Lots of impacts, particularly on housing production . **This is the issue I am flagging for your attention.** As you know, there are also community quality of life impacts, such as long-term LA residents having to live next to de facto hotels with tourists coming and going and partying/making noise on vacation.

Here's a staggering figure for you: There have been 7,316 units taken off the rental market by AirBnB, which is equivalent to seven years of affordable housing construction in LA.

If this continues, we will tread backwards on our goal of increased housing production, as well as the Mayor's stated goal of building 100,000 new housing units by 2021.

Here is a link to the LAANE report with the housing figures and full analysis of the issue:

http://www.laane.org/wp-content/uploads/2015/03/AirBnB-Final.pdf

Please let me know if you would like more info in addition to the below. In addition, I have put in a meeting request to your office:

I. **Exacerbating the Housing Shortage**

   a. More Profit as STRs: AirBnB, HomeAway, VRBO and other platforms create incentives for landlords to take units off the rental market. They could earn significantly more money by converting traditional rental stock into STR units.

      i. AirBnB density overlaps with

communities with high median rents and low vacancies. This squeezes the rental market even tighter.

b. Staggering Figures:

   i. The 7,316 units taken off the rental market by AirBnB is equivalent to seven years of affordable housing construction in LA.

   ii. In Venice, approximately 12.5 percent of ALL housing units have become STR, all without public approval

c. RSO Abuses, Rogue Hotels and Bad Actors:

   i. RSO units are being illegally converted into more profitable STRs.

      1. STR model allows owners to sidestep tenant protections, bars on evictions, and limited rent increases built into RSO

   ii. Venice, Echo Park, Hollywood and other popular destination communities are seeing whole homes and entire apartment buildings bought up and stockpiled by commercial investors who want a piece of the action.

      1. Number of rogue hotels increasing

I will be submitting a scheduling request to the Councilman with our coalition. Thanks and look forward to seeing you soon!

Articles on Short Term Rentals

Veronica Perez <vp@veronicaperez.com> Tue, Oct 13, 2015 at 3:02 PM
To: Veronica Perez <vp@veronicaperez.com>

Greetings!

I wanted to point out two recent news articles regarding the Short Term Rental Issue in LA. Please let me know if you have any questions or would like to discuss!

1) LA Times (Michael Hiltzik's) strong critique of Airbnb's recent study about its impact on the quality of life in Los Angeles: http://www.latimes.com/business/hiltzik/la-fi-mh-airbnb-study-of-rentals-20150930-column.html

   a. His key quote: "Should you accept the study as the last word on the subject? Plainly not. Indeed, Airbnb may have misrepresented the study, which is obviously a major problem."

2) LA Opinion article regarding one tenant's experience with short term rentals: http://www.laopinion.com/2015/10/05/denuncian-que-unidades-vacacionales-desplazan-a-inquilinos-en-los-angeles-airbnb/

   a. *Basic translation of the article*: In the last two and a half years, Carlos Camara started seeing how half of the apartments in the building where he lives in Venice turned into hotel rooms. From 32 apartments, between 15 – 18 have been remodeled to be rented out by tourists that in town for a few days.

   The transformation of apartments/rooms for short term rentals has not only proliferated in Venice but throughout the City of Los Angeles. Rentals are made through companies like Airbnb operating an internet platform where people can choose vacation homes for a short period of time.

   Those who are against the this claim that the problem is that 7000 of homes and apartments have been taken off the market for them to be able to rent / live. Already, nearly 30% of Angelenos spends more than half his salary in rent payment.

   "One no longer has neighbors and do not know who lives next door. There is no community or ability to organize. " says Camara. And that's not all, he says, the noise has increased and some have already experienced theft. And if that was not enough, the landlords have asked me to give up my parking space, to which I have hired a lawyer to help me fight this matter.

   Councilman Gil Cedillo who serves on the housing committee of the Council of Los Angeles in search of a new law to regulate short term rentals, however, He said short-term rents are a global phenomenon and the City needs to find a balance. "We have a crisis in our hands, and we are not about to lose one single unit to turn it into a short term rental."

Chris Nulty, Airbnb spokesman said most of the people who rent rooms are middle class, which makes it to supplement their income. Estimated that 82% of 4,500 units are residents living at home and use the proceeds to pay their mortgage.

Good morning, Gigi.

Please see attached email for reference. I would like

(a) to obtain a copy of the original email to Mary Rodriguez from the person whose name was redacted in this copy with the name unredacted. I understand that it is CD13's policy to redact personal email addresses from records released in response to CPRA requests, and I'm not disputing the legality of that at this time, but generally CD13 does not redact the names themselves. If there was some reason beyond CD13's general policy for redacting this particular name, I ask that you state it explicitly.

(b) to obtain a copy of the attachment to the email in its native electronic format, which is JPG.

Thanks for your help,

Adrian

Good morning, Dan.

I'd like to take a look at all emails internal to CD13 that mention Bryan Kim from January 1, 2016 through September 30, 2016. I would also like to look at any other CD13 records (apart from emails to/from Bryan Kim, which I've already requested) that relate to Bryan Kim, e.g. calendar entries, notes, minutes, agendas of meetings, and so on. I'd like to see these from the same time span.

Thanks,

Adrian

Meeting Request with Councilmember O'Farrell Re: Homeless Encampment Issue

5 messages

bryan kim <bryjkim@gmail.com> Fri, Mar 11, 2016 at 11:01 AM
To: david.cano@lacity.org
Cc: "Mr. Lawrence Han KACOC LA" <pacificallied@msn.com>, bryan kim <bryjkim@gmail.com>

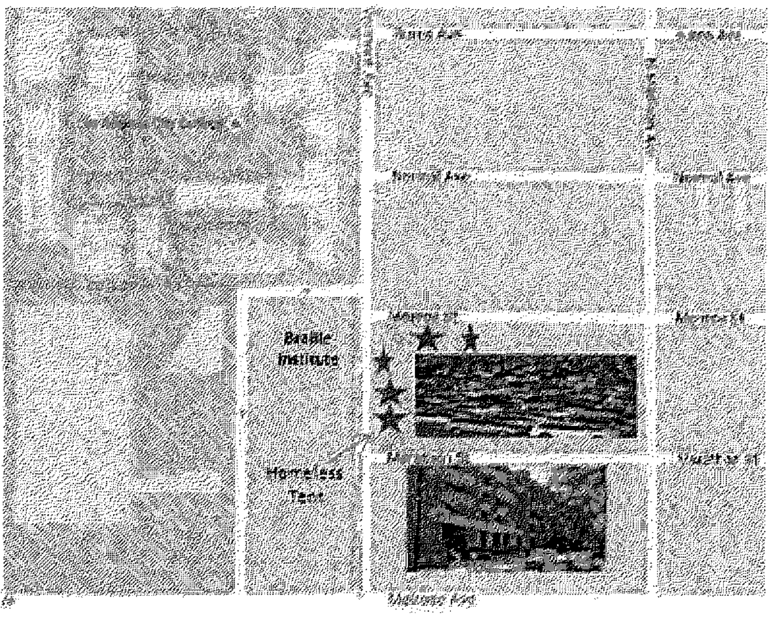
Dear Dave,

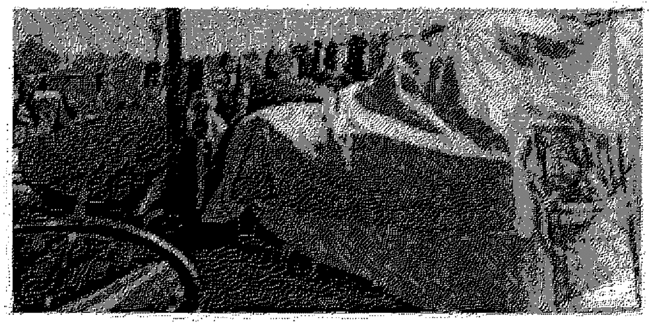
It was a pleasure to briefly speak with you.

As discussed, I'd would like to request to meet with Councilmember O'Farrell re: the Homeless Encampment issue near LA City College to see how we can collectively work together on short term and sustainable permanent solution.

My name is Bryan Kim and I'm with a firm Pacific Allied Asset Management that manages the large apartment complex on Marathon that has duly paid their city and local taxes and provided housing for local patrons for over a decade now.

Below is the specific areas of concern.





It appears it has consistently placed grave concerns, with many complaints and disruption for local and surrounding businesses with a negative impact to surrounding institutions, housing complexes with local residents.

We understand this is a long standing issue and inherent challenges, thus we are strengthened in our collective efforts to working together along with surrounding institutions as one collective unified voice.
I will be likely accompanied by President of Pacific Allied Asset Management and President of Korean Chamber of Commerce Los Angeles Mr. Lawrence Han.

Would we be able to meet briefly for 30 min. end of next week perhaps?

With diligent and kind regards,
Bryan Kim

I met with both of them an hour before he sent this email and discussed the issue for a long time.
We had a good meeting and I explained how they can help. I really don't think MOF needs to meet with them about this at this point.
Plus, I think we should be making some good progress at these locations soon.

They also invited MOF to the Korean Chamber of Commerce event on the 21st at the Biltmore. I told him to send an email about that too.

I think it's okay for the CM to meet with him for 20 minutes, I think it's good from time to time to meet with residents/stakeholders so that they know that the CM is fighting for them.

Aram, from his email he comes across as pretty respectful? was this the case in person?

Yes, Bryan is very respectful and willing to help out. We have planned to have conference calls every 2 weeks (him and I) to discuss progress.
We already told him MOF can't meet about this at this time.

Dear Aram,

It was a pleasure to meet you today and thank you for your time. We have shared with our team your great help to remove homeless encampments by end of month across LACC. Further, we will continue to monitor, report and assist while gaining collective support from city officials, community members, supporters and residents.

Per, our brief mention, I would ask if you would extend the Korean Chamber of Commerce Gala invitation to Councilmember O'Farrell and see if he would be able to attend and write congratulatory remarks for gala program inclusion?

Below and attached is a summary for reference.

March 24, 2016 5:30pm
The Biltmore Hotel in

Downtown, LA

Registration: (our complimentary invitation of course)
https://kaccla2016galaawardsnight.splashthat.com

Thank you. Have a good weekend.

With kind regards,
Bryan Kim

PLANNING DIRECTOR
WEEKLY REPORT (09/19/2016-09/23/2016)

TO: Councilmember Mitch O'Farrell
FROM: Chris Robertson
CC: Jeanne Min
SUBJECT: Week Ending - September 30, 2016

A. MAJOR CURRENT DEVELOPMENT PROJECTS

Hollywood

Palladium

- In litigation. **HCM approved by Council.**

Millennium

- On hold.

Paramount (Specific Plan/Supplemental Use District)

- CPC approved the Specific Plan on 7/14. Planning should release the LOD on Monday. Sharon will start outreach to CD 14 on Thursday. Need to meet internally to discuss revisions to the DA based on CPC's action. Everything is moving to Council on 9/27. Working with Leg on agenda and possible motions to introduce. There will be a public hearing at Council so we will provide you with some TPs. **Rescheduled to 10/11. DCP is trying to address some of B&S concerns but the jury is still out as to whether B&S will enforce.**

Hudson Pacific (Sunset/Bronson - 5901 Sunset)

- Scheduled for PLUM on 8/9. HH does not want to be a recipient in the DA so we will need to modify this. PLUM approved 8/9. Will continue at Council until 8/31. Council approved project. Final revisions to DA submitted to CA on 9/23. Should be headed back to PLUM/CC for final approval.

Sunset/Gordon (CIM)

- Meeting with Latham, CIM, CA, DBS and me on 5/9. Pathway forward seems possible and was able to get DBS to hold off on any "decisions". CIM seemed pleased at the role that we played at the meeting.

Academy Square (Kilroy)

- Kilroy met with Planning to discuss second DEIR screencheck on 3/2/2016. Hopefully they can release DEIR and move forward with hearings soon. DEIR was released 3/31/2016. Scheduled for DRC on 4/11/2016. DRC had relatively minor comments. The main focus of the comments was that the campus design should interact better with the surrounding community. Kilroy reached out to see if we have a concern about moving the bus stop in front of their site to the north, in front of McDonalds. This will be the location for the temporary stop and they want to look at options to relocate there permanently because they claim the stop may interfere with their public art piece planned for the entryway.

RD Olson - Jack in the Box

- Second HO hearing on 7/13. Agreed on 50-60% union labor. CPC approved the item on 9/8. Labor issues need to be worked out. Team should be following up with us soon. Mantra is, make Ron Miller happy. Local 11 will not be happy but if we can get the others on board, should be fine. LOD is still not out from the Commission office so it will be awhile before PLUM/CC. Initial meeting with Ron Miller went well. Follow up meeting to come. I said to make Ron happy. DG will meet with Unite Here on Monday. CREED will not be happy.

Rescore (CD 4 City Hall adjacent)

- CPC hated the design and continued the case. The project was scheduled to be heard on 7/28 but was continued to allow more time to address design issues. Case was approved by CPC on 8/11. No PLUM dates yet. Meeting with the applicant team on 9/28. LOD distributed on 10/28.

Amoeba Records

- Application was filed on 9/22/2016 (CPC-2016-3630-ZC-HD-VCU-MCUP-SPR). Quite a bit of press.

Earl Carroll Theater (Essex)

- Approved at Council on 9/14. Zone change effective on 10/31/2016. HCM approved by Commission on 9/8 and LOD distributed on 9/19/2016. No CF yet but PLUM date should approach within the next month or so.

6200 Sunset (Sunset & El Centro - Hanover) - Out of the Closet Site

- Roundtable at DTLA property to brainstorm about design. Follow-up meeting on 3/23 to review new design. New design addresses many of our original concerns IMO. Also communicated need for a DA and the applicant agreed. Now we need to iron out our methodology to calculate affordable. The DRC liked the original design so I told the applicant they did not need to go back and could just work with our office moving forward. Depending on what we decide on with Rescore, will try to mirror that here to some extent. Hanover was at the CPC hearing to monitor ETC hearing. No other updates.

Cherokee Hotel (CIM)

- This project is indefinitely on hold because of the political climate and uncertainty of litigation from HH. Several tenants are proceeding with CUBs including a new micro-brew pub with bowling called The Dudes. We have expressed our general support with input from LAPD who is also supportive.

1717 Wilcox Avenue

- 2500 SF of retail and 134 hotel rooms. Requires a height district change, CUP and SPR. Bill Roschen has designed the hotel and will be presenting to the DRC on 4/14/2016. DRC loved the design. Very minimal feedback. Applicant knows we will be looking for a DA with community benefits. Application filed.

1600 Argyle (@Yucca)

- Reached out to DCP. EIR slated for release end of fall/winter. Reached out to Greg Beck to meet for coffee and relay position. Met with Bob Champion and Greg Beck 8/2. Bob personally attended the HUNC PLUM meeting on 8/4 and said that CD 13 was giving them a hard time and proposed relocating the tenants, subsidizing their rents and returning them at similar rents once the building is rented. Bob went back to HUNC on 8/15. NC submitted a letter in general support of the project with the tenant relocation package concept that includes a seamless transition.

Crossroads of the World

- Reached out to DCP. EIR slated for release end of fall/winter. We have a meeting scheduled with Laurie next week but it will have to be rescheduled because of Committee. We need to wrap our arms around this one similar to Champion and convey our position sooner rather than later. **I have a meeting with DCP to discuss the project on 10/3.**

CitizenM Hotel (1718 Vine St)

- Met with team on 5/12 to go over design. Consistent with HCPU 2012. Filing to follow soon. Reviewed in planning/leg. Need to discuss union issue for the office. They want to know what to expect in terms of operating because they say their model will not work with union hotel workers. Application filed on 8/7/2016 (CPC-2016-2845-VZC-HD-MCUP-ZAA-SPR). Accepted and assigned to Erin Strelich on 9/6/2016. Have conveyed we will want to see more "streetscape" benefits and public art versus affordable housing since they are a hotel. Also looking at pre-fab construction which would be the first in L.A.

Vine & DeLongpre (ONNI)

- ONNI decided to close on the property, fire Edgar and hire Armbruster. **They plan to file on 10/03 to vest before the initiative.** They have identified a nearly-vacant RSO building near Melrose and Western that they are interested in purchasing to increase the number of covenanted affordable units they provide in exchange for the zone change approval. Some units would be provided onsite and some in the proposed building. I told them you would really like to see the FAR kept at 4.5:1 as originally presented to you even if it means they don't get Whole Foods. More to come.

The Dream Hotel 2

- Application filed for a zone change and other entitlements on 7/22/2016 to permit a new 8-story mixed use building with 114 guest rooms totaling 60,568 sf, a 1,993 sf restaurant and over 20,624 sf of existing commercial (CPC-2016-2601-VZC-MCUP-ZV-SPR). This is Tao adjacent where the existing Piano Bar is. **Piano Bar officially closed its doors last weekend.**

Hollywood & McCadden

- Met with Medhi Bolour today about 12 story hotel that needs a GPA and ZC. Application to be submitted soon.

Las Palmas & Selma

- Zone change proposed on a surface parking lot. Asked for affordable. Will review and come back with a proposal.

Ametron (Mill Creek)

- Meeting on 8/17. Stay tuned.

6100 Hollywood (@Gower) - Trammell Crow

- Acquired this site. Will be taking through entitlement process to permit zone change. Lost lawsuit to Silverstein. Initial design shows three levels of above ground parking. Application filed on 8/5/2016 (CPC-2016-2848-VZC-HD-CUB-ZAA-SPR).

Hollywood Forever Cemetary

- **CPC on 10/13. Ironing out some kinks with HH re the gate.**

East Hollywood

Target

- Ordinance amendments go into effect on 8/16. The child care item is scheduled before the RAP Board on 9/7. Still working with HCID to see if the Wilton site is feasible. Ordinance effective on 8/16. Child care in lieu fee ($1.2M) approved by Board of RAP Commissioners on 9/21/2016 after failing to get support on 9/9/2016. Virtually no discussion aside from Commissioners stating that they wanted to amend the SNAP so they would not be in this position again. Meeting with Judge on 10/21/2016 to transfer jurisdiction and amend language in original writ to allow Target to move forward with construction, hopefully in November. Told John Dewes you want to do a "ground breaking" ceremony when they are final ready to mobilize the troops.

SunWest (NW Sunset & Western) - across from Target

- Scoping meeting held. No other updates.

DeLongpre & St Andrews (Nine O'Clock Players Theater Site)

- Application filed. The theater will remain. Site Plan Review is the only approval needed. The school will be evicted but they know this. The NOP was released.

Food-4-Less

- Sounds like a code-compliant project may be coming. STILL CONFIDENTIAL and very early. Could involve 70,000 sf of retail and over 700 units. I told Mark Armbruster; design and affordable but generally very supportive of development in East Hollywood. Also asked to coordinate improvements with SunWest and Theater Site. Meeting to brief you on the project and review the design is scheduled for 8/8. SNAP issues may come up. Will look into and circle back.

1350 Western Avenue

- Application filed for construction of a mixed use project with 253 new resi units including 21 affordable units in two structures up to 7 stories in height with 4000 sf of ground floor commercial.

5750 Hollywood Boulevard

- Entitled.

Sears (CIM)

- Reached out to CIM for latest update. Demolition will start 4/25 and last one week. No further action will likely occur until September. We introduced a motion to allow them to proceed with revocable in the interim of clearing their final map conditions. Also have a motion ready to go when they are ready to deposit the required $900K into our Trust Fund. Working with Planning to clear one additional outstanding condition. Buildings are coming down. Will look into policy changes to address alcohol and signage. Our motion regarding the vacation heard in Committee on 5/9. Need to discuss offline. Meeting with Kevin Keller and Lisa Webber and CIM to discuss Planning issues related to signage and CUBs. Important for the project to move forward.

Kaiser Hospital

- Call w/former colleague Gretchen Seimers 3/9/2016 for update on project. Call cancelled. Nothing on calendar yet.

4900 Hollywood (@Edgemont)

- Retained Bill Roshen services for much better design. Presented to our DRC on 2/8/2016. Item was scheduled for CPC on 7/28 but was continued. DCP recommended denial of the project because of impact on UNESCO designation and lack of affordable housing for 140% DB. Need to discuss in person. In response to Planning's recommendation of denial, the applicant reduced the building by one story, decreased the units from 200 to 175 and increased the affordability so that it is closer in line with the density bonus table in our Code. CP will reach out to the Foundation to make sure they are supportive and we asked that they reach out to HH as well, but both CP and I feel the revised project is supportable pending looming tenant displacement issues.

Western & Franklin (Gas Station)

- New affordable housing project on the SE Corner. Scheduled for DRC on 4/11. Will file application soon. DB case. No zone change. DRC made some comments about fitting into the community better. Comments were generally well received and we will see what they come back with. Afriat has been retained. Meeting coming up soon. Modern design. Lots of affordable units. Community outreach has started and will continue.

B. PLANNING AND LAND USE POLICY (CD 13 - INITIATED)

Hollywood Community Plan Update (HCPU)

- Work ongoing.

Value Capture

- Shawn provided his "comments" on the report on 9/19. We need to set up a meeting to discuss in more detail. Unhappy with his approach on this one. Spoke with Kevin O in passing and apparently they are looking to get this on calendar for 10/18. Trying to set up a meeting... Shawn has allegedly informed Planning of the policy approach that they would like to take on this without consulting our office.

Small Lot Subdivision

- See CP's report.

Open For Business

- Reviewed DCP's draft report internally and discussed. Per Lisa Webber, they have already eliminated grant terms. Need to strategize on next steps. Working internally to flesh out program details in the interim. Meeting with DCP soon.

C. PLANNING AND LAND USE POLICY (CITYWIDE)

ReCode

- Public meetings scheduled throughout the City. Info forwarded to field deputies for distribution to their networks.

BMO/BHO Amendments

- CPC approved new versions of the Baseline Mansionization Ordinance and Baseline Hillside Ordinance on 7/14. The new versions close loopholes in the existing laws, including reducing the square footage that would generally be allowed for homes in residential areas, changing it from 50%

to 45% of the lot size and counting covered porches and patios toward the legal limit on building size, rather than being exempt.

Street Standards Ordinance

- Worked closely with CD 14 to move forward with scheduling. Ordinance came back from CA for form and legality in January. Item is scheduled for PLUM on 3/15. This creates a process for applicants to request waiver of street improvements and prohibits Council motions moving forward. Reviewed ordinance and it looks fine. Recommend we support at PLUM. Has been kicked to 3/22 (hopefully). Has been kicked to April to tie up some loose ends. DCP and CD 14 know we want this.

Home Sharing Ordinance (HSO)

- Draft ordinance released on 4/15/2016. Echo Park, Hollywood and Venice were mentioned in a recent LA Times article. Although CM Bonin is driving this, we will need to be engaged since our district has received so much attention on this. Think there is an opportunity to address displacement and housing preservation issues. Still very early and have not had a chance to thoroughly review yet, but will take a more proactive role after DCP holds the initial hearings at the HO level. Then to CPC and PLUM. Planning Deputies briefing showed that HSO will be prohibited in RSO buildings which raises real equity concerns for me. This was NOT the case for the internal draft that I saw and the change was directed by CM Bonin. I brought it up at the meeting. Hotel Association of Los Angeles sent a letter supporting the HSO.

Hotel Conversion Motion for RSO Buildings

- **Internal meeting on 8/31.**

RAS4 Motion

- This is the motion we introduced for CIM. Followed up with CD14 on 9/23 to schedule. **No response from CD 14 yet. Standing down to prioritize value capture and open for business.**

D. OTHER THINGS TO REPORT

The Dream/Tao

- Completion in October hopefully.

Camden

- Grand opening on 7/29.

Related (Yucca/Argyle)

- Construction started.

The Kimpton (Yucca/Argyle)

- Topped out.

Eastown Phase 2

- Excavation underway.

Apple

- On pause to address internal issues.

1601 Vine Street (JH Snyder)

- BOE told us that the developer is doing a subsurface street merger/vacation through a Parcel Map. The problem is that they want to start construction before recording the final parcel map. During the time while the project is under construction and the time the final parcel map is recorded, the project encroaches into the existing public right of way. The revocable permit is needed to authorize for this encroachment. Once the final parcel map is recorded, the revocable permit would disappear because the land is no longer a public right of way. To do this, they need a motion which I have drafted. But, I am checking to see where the developer is at in the process for the subdivision. I can see this as a solution but want to make sure we are all clear about where they are at in the process. Turns out we already introduced a motion which covers this in 2015. Angelo helped to agendize it for first week of May. Will move it to Council and then BOE can proceed.

1816 N Wilton Place

- Confirmed that HCID will include this in its list of properties to be included in the next RFP round. Mariana is working on the request now and hopes to transmit the report to the Clerk by next week or the following. They would like to get the okay from Housing next month, but Helmi said that Committee wouldn't meet in October. Debby Kim confirmed. Once they get the okay, HCID hopes to release the RFP at the end of this year or beginning of next. When we get to that step, we will schedule a sit down with Planning/HCID to go over the specific zoning requirements per the SNAP so that we clearly spell out our expectations. Since child care is encouraged in the SNAP, the rules are more lax. As a reminder, we want child care with one affordable unit - ideally for the person providing the child care, if possible. Per State redevelopment law, we need to have an ENA executed by 3/27/2018. So, not a ton of time, but enough - so long as we move forward efficiently.

Beauty & Essex

- Hearing scheduled for 6/1/2016. Need a CUB and a ZV for off-site parking. Square feet will increase but number of seats will decrease. **Dan and I are trying to help them navigate DWP.**

1400 Cahuenga (formerly "Tommie Hotel")

- This is a stand alone SPR for a 176 room hotel. Completely code compliant with three levels of underground parking! The MND circulation date ends on 5/2/2016. This is a DIR review so there will be no hearing unless the DIR is appealed. This project is on the market.

Mama Shelter 2

- Richard and Grant acquired the lot next to Mama Shelter and the Citizen News building. They are planning another large development.

Wilcox/Shrader

- Property Disposition RFQ was released 4/18. Forwarded to a number of stakeholders. Bidders Conference was 4/25/2016. HCID is reviewing responses. We received five responses.

YMCA - 3P (Shrader/Selma)

- Kick off meeting with Dan, YMCA and DOT to discuss process and general parameters. Very early on, but the conversation started.

E. MEETINGS

Section B, Meetings lists the meetings that are scheduled for next week.

THIS WEEK

Monday
- SICK

Tuesday
- SICK

Wednesday
- None

Thursday
- Meeting w/Catherine Geanuracos
- Gerard Clute -

Friday
- Sunset & Vine Signage
- Donna Shen Tripp

2016_03_15_mary_rodriguez_to_juan_fregoso_fwd_email_about_alvarado_and_the_101_with_photograph.pdf

Good morning, Gigi.

Please see attached email for reference. I would like

(a) to obtain a copy of the original email to Mary Rodriguez from the person whose name was redacted in this copy with the name unredacted. I understand that it is CD13's policy to redact personal email addresses from records released in response to CPRA requests, and I'm not disputing the legality of that at this time, but generally CD13 does not redact the names themselves. If there was some reason beyond CD13's general policy for redacting this particular name, I ask that you state it explicitly.

(b) to obtain a copy of the attachment to the email in its native electronic format, which is JPG.

Thanks for your help,

Adrian

Good morning Dan, Gigi.

I'd like to take a look at all "Clean Team" reports like the one quoted in the attached email. I'd like to look at them for September 2016. If procedures have changed and there weren't any of these produced in September 2016, I'd like to look at them for the ultimate four week period in 2016 in which they were produced.

Thanks for your help,

Adrian

The Juanita Ave Report

3 messages

Sylvan De la Cruz <sylvan.delacruz@lacity.org> Thu, Jan 14, 2016 at 2:20 PM
To: Marisol Salguero <marisol.rodriguez@lacity.org>
Cc: Juan Fregoso <juan.fregoso@lacity.org>

Clean Team/Adrian reported for following: "*the bags they (the folks on Juanita) left for us to pick up had some syringes inside them we didn't realize until we got to the dump and a bag ripped on us. There was also a zip lock bag with blood and syringe inside we left that near that fence.*"

There's a safety issue when one doesn't know the contents of trash filled trash bags.

Wish we could give small haz-mat containers to those folks that help us by bagging their own trash, but they are so transient, we can never predict when they'll need them, when they'l be around, when they'll be able to bag their items for us to pick up Not sure if that's a helpful solution. At times, they also overfill the bags.

Such things are hard to anticipate. Any thoughts?

Ok, will do. That's the pre-clean way to handle. Unfortunately, there's no way to tell contents of every bag that others fill.
We'll continue to emphasize safety at the work sites.

2016_01_13_sylvan_de_la_cruz_to_LA_conservation_corps_cc_CD13_staff_arranging_work_sites_for_thursday_january_14.pdf

I am so sorry. This is the third time, and this time I remembered to attach the email.

Good morning, Dan, Gigi.

I would like to understand the relationship between CD13 and the LA Conservation Corps with respect to the content of the attached email. In particular I'm interested in understanding:

1. What is happening at these work sites? LA Conservation Corps is cleaning up as directed by CD13 staff? Something else?

2. What role do the assigned staff members play? Do they show up, do they work, do they coordinate with the Conservation Corps? Something else?

3. Why and how is the Conservation Corps involved? Does CD13 contract with them? Have a non-contractual arrangement? Something else?

I'm not sure what kinds of records will reflect this information, but I'm hoping you can help me figure it out so that I can make a focused request.

Thanks,

Adrian

Thursday: Field Deputy Juan Fregoso: Rampart Village

1. Return to Juanita Ave to remove filled bags and debris in the street.
Also, down the street at the corner of Juanita ave and Oakwood Ave there are additional trash bags to be removed.
You may have to bags up some loose debris.

2. Thursday: Field Deputy Aram Taslagyan: East Hollywood.

Willow Brook Ave: north side of the street near the wall of the Bureau of Street Lighting facility. Please remove shipping cart, rolled up carpet/mattress, and couch.
Also, at north west corner of Willow Brook Ave and Virgil Ave there are some trash bags that should be removed.

Thursday: Field Deputy Dan Halden: Hollywood

3. 1333 N. Bronson Ave: Remove palm fronds, Christmas trees and litter from the sidewalk at this location.
Also, Please remove Christmas trees and palm fronds, litter and debris on N. Bronson ave (same side of street) from 1333 to Fountain Ave.

Let me know if any issues arise.

Thank you!

Adrian Riskin CPRA Requests.xlsx

Jeanne,
We now have **SIX** open CPRA requests from Adrian Riskin. Three came in at the end of December and I've already sent him that we need an extension of time; the absolute last date to send him those documents will be **2/19/16.**

Three new ones came in over the last few days and will involve other CD13 staff to what seems like a fairly large extent (see attached).

Can you please take a look and then give me a call? This is going to require multiple hands on deck.

Thanks!

2016_01_07 lao moua of PATH re webinar training not able to do outreach at encampments on tuesday jan 12.pdf

Good morning, Dan, Gigi.

I'm trying to determine how far in advance of a HE clean-up CD13 is aware of the date it is going to be cleaned up. As you can see from the attached email, on Thursday January 7, 2016, Juan Fregoso is discussing clean-ups scheduled for Wednesday January 13, 2016. This suggests that in some circumstances CD13 is aware of HE clean-up dates six days in advance.

I would like to see enough records to allow me to understand the normal range of CD13's advance knowledge. In particular, this should include all emails or other communications between anyone and Juan Fregoso which resulted in his knowing on January 7 about HE clean-ups scheduled for January 13.

If whatever course of events occurred for that incident is no longer standard, can you please also let me see corresponding records for the most recent instance of CD13 becoming aware of the actual scheduled dates of an HE clean-up?

Again, I'm trying to determine how far in advance CD13 becomes aware of an impending clean-up, so I would like records that reflect the current process by which they become aware. In this request I am not concerned with any particular clean-ups, so records from any example that are representative of the general process will be fine.

Thanks for your help,

Adrian

CD13 Team,

This is informative: PATH outreach team will be partaking a webinar on 01.13.2016 at 9:00am—12:00pm.

This webinar includes a training for Version 2.1 of the CES packet. It'll definitely be important that each PATH outreach staff remains keen—the old 1.1 & 1.2 versions will no longer be utilized and information will no longer be allowed to enter into HMIS.

The Outreach team looks forward to using Friday (01.15.2016) to set appointments and meet CD13 clients.

If you have any question or concerns, please don't hesitate to call me or re: to discuss any matter.

Sincerely,

Lao Moua, MML

Thanks Lao for the update. We will still need the outreach team to reach out to the encampment locations on Tuesday and leave trash bags letting them know we are coming. Please let me know if your team needs any more bags.

Are there any other Wednesdays PATH will not be able to join us? I know some things just come up at times, but we need to have the Outreach Team join us on Wednesdays, PATH is a key to our outreach. If there is anyone at PATH that can join us on the 13th it would be greatly appreciated.

Ill send locations over tomorrow and any report questions that come up.

Thanks

Good Morning Juan and CD 13 team! We are going to see if any of the Hollywood team are available for support this Wednesday. We will continue to avoid scheduling things on Wednesday. However, it unfortunately depends on LAHSA and when they schedule their trainings. We apologize that it was unavoidable this time but we are also confident that this training will further help our staff connect people to housing resources in the future.

We will let you know if we are able to find coverage for Wednesday. Also, Jenny and Sandi will be coming by today for trash bags. If you can let us know the locations as soon as you know so they can inform the people.

Warmly,

Darlene Fernandez

Hi again Juan, and thanks!! Our team was able to stop by and pick up some trash bags. They are crammed full of obligations tomorrow but as soon as you know of the locations, they will see what they can do.

Also, we were unfortunately unable to pull staff from other outreach teams for tomorrow due to the same training. If there is another way we can be of support, please let me know. We should be back in the full swing of things in CD 13 on Friday, January 15th.

Take care,

Darlene Fernandez

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org, mediadistrict.org, andrewsinternational.com, universalpro.com, hollywoodchamber.net, or ehbid.org from between January 31, 2015 and October 5, 2015.

Thanks, as always, for your help!

Adrian

adrian@the-hanged-man.net <adrian@the-hanged-man.net> Thu, Oct 8, 2015 at 5:55 PM
To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to inspect, at your convenience, copies of all records in the possession of CD13 on the subject of nightclubs in Hollywood including but not limited to emails, minutes of meetings, letters sent or received, calendar items, and so on.

I expect there will be some overlap between the records responsive to this request and those responsive to my previous still-pending request. We can handle this in any way that's convenient for you.

Thanks, as always, for your help!

Adrian

Capt. Zarcone, Lt. Baez, and Jackie:
I am closing out a Public Records request from a gentleman in Hollywood. He has asked for all documents that we have related to Hollywood nightclubs; we are prepared to hand over all pertinent emails and documents from the year 2015.

We want to be sure that we do not release sensitive or confidential information. For example, I consulted with Homicide and they instructed not to include correspondence regarding the investigation into the death of the DJ at Cashmere in August.

I'm attaching some correspondence between myself and Hollywood Vice, as well as myself and Jackie. Some of it pertains to violations and investigations. Can you please let me know if anything should remain confidential and NOT included in this release of documents?

Thank you so much...

Dan Halden <daniel.halden@lacity.org> Fri, Sep 4, 2015 at 11:47 AM
To: JEFFRY POOLE <36827@lapd.lacity.org>
Cc: Amy Ablakat <amy.ablakat@lacity.org>

Hi Jeff,

Just tried calling you at the office. Are you able to speak this morning?

Just wanted to confirm the following, based on the below email and the CAD reports you sent over. Please see below and advise:

Cashmere Club - 6757 Hollywood Blvd
1/17/14 - 8/23/15 - 6 CUP violations (possibly more)
4/4/14 - 8/23/15 - 5 arrests at location
10/3/14 - 8/25/15 - 15 calls for service at location
9/19/14 - 7/26/15 - 8 incidents of crime reported at location

Additionally, there was the homicide on 8/22/15 which is **NOT** part of this log.

Log for Hollywood/McCadden
8/14/14 - 8/7/15 - 10 arrests
5/11/14 - 6/5/15 - 10 calls for service
3/11/15 - 1 incident of crime reported

Can you please confirm? I will be heading out in a bit; my personal cell is [redacted]

Thanks!

WE NEED YOUR INPUT! TAKE THE SMALL BUSINESS SURVEY

On Thu, Sep 3, 2015 at 8:28 PM, JEFFRY POOLE <36827@lapd.lacity.org> wrote:

Dan,

During the period of January 9, 2014-May 9, 2014, the Vice unit conducted (12) investigations (Including 4 undercover operation) at Cashmere. Those investigation yielded (9) arrests. (4 for Prostitution, 2 for CUP violations, 2 for existing arrest warrants on security guards employed by the club, and one Worker's compensation Insurance violation.

I believe the club then temporarily shut down to "hire new management and correct the violations". They have since re-opened and are only operating (1-2) nights a week. However, we began immediately receiving citizen complaints regarding the noise and the location not acting as a bona fide restaurant (As well as other CUP violations). We began conducting both uniformed and undercover checks of the location. Below is a short list of some of the results.

1/17/14 - Cited for CUP violation
4/4/14 - Cited for CUP violation
4/10/15 - Cited for CUP violation
7/3/15 - Cited for multiple CUP violations
8/14/15 - Observed multiple CUP violations, not cited due to investigation being interrupted by illegal rave club at another location.
8/23/15 - Cited for noise violation

12/1/14 - Battery Investigation of former employee assaulting current employee at the location.
11/26/14 - Rape investigation that was reported to the Berkley Police Department and subsequently forwarded to us.

The management of the club is also in charge of the club at 6364 Hollywood (Cosmo).

The following are just a couple of the occurrences at Club Cosmo.

1/7/15- Various CUP violations were observed, and (2) security guards were cited for not having valid guard cards. In addition, one of the undercover officers was solicited to purchase marijuana, and observed the club goer blatantly attempting to sell narcotics to numerous other patrons.

3/5/15- CUP violation for holding a private party (They are allowed up to 12 per year) without notifying LAPD HWD Vice at least (7) days in advance.

In addition, we recently received information from citizens that the operators of the clubs were holding after hours parties at both clubs. Violating both CUP and ABC conditions. When Lt Dibell confronted them about it, they admitted to having done so, but "promised" to stop.

As I mentioned I should have a more complete list by the end of the day tomorrow, but hopefully this will serve Councilman O'Farrell in the interim.

Feel free to call tomorrow if you have any questions.

To: "Halden, Dan" <daniel.halden@lacity.org>

That is correct as far as it goes. As I mentioned on the phone, the only caveat being a few of the arrests can't be directly attributed to the club itself, due to the fact they occurred outside (either in front of or nearby) and not inside the club itself. The rest is accurate for the period from April 2014 to August 2015.

Here is what I have so far from Officer Poole with VICE:

FYI not every arrest can be DIRECTLY attributed to Cashmere specifically but the address IS what is in the log.

Cashmere Club - 6757 Hollywood Blvd
1/17/14 - 8/23/15 - 6 CUP violations (possibly more)
4/4/14 - 8/23/15 - 5 arrests at location
10/3/14 - 8/25/15 - 15 calls for service at location
9/19/14 - 7/26/15 - 8 incidents of crime reported at location

Additionally, there was the homicide on 8/22/15 which is **NOT** part of this log.

Log for Hollywood/McCadden
8/14/14 - 8/7/15 - 10 arrests
5/11/14 - 6/5/15 - 10 calls for service
3/11/15 - 1 incident of crime reported

Cc: Jeanne Min <jeanne.min@lacity.org>, Tony Arranaga <tony.arranaga@lacity.org>, Marisol Rodriguez <marisol.rodriguez@lacity.org>

PS. From LAPD, some additional and more specific details on the nature of the CUP violations:

The violations that were cited for and those that were observed and not cited during the period mentioned included;
1. Issues with line queing
2. Guards without guard cards/Not enough security
3. required signs not posted
4. Private special event w/o prior notification to LAPD
5. No food service
6. Adult Entertainment
7. Using outside promoters
8. Allowing under 21 after 10 pm
9. Disparate cover charge ($10 for females $20 for males)
10. No the correct amount of required seating.

Officers also observed open Marijuana usage within the club and were solicited to purchase marijuana as well.

Fwd: Hollywood Hookah Lounge and the Play House Night Club

6 messages

Jacquelyn Lawson <jacquelyn.lawson@lacity.org> Thu, Jul 23, 2015 at 7:16 AM
To: Daniel Halden <daniel.halden@lacity.org>

Hi Dan,
Since our respective offices continue to coordinate our efforts with LAPD and other law enforcement agencies and city departments, to address the nuisance related to public safety activities in the HED, this summarizes the upcoming events, most of which, I believe you are aware of but just in case, here goes:

Please see the attached email about upcoming nightclub and hookah (tobacco) training and enforcement. When the hookah training is scheduled I will let you know.

On 8/18 at 4 pm, there is a nightclub CPAB. I attended the nightclub CPAB in June and found it worthwhile and plan to attend the next CPAB as well.

Pursuant to our recent nightclub parking lot scoping expedition, hopefully, by the end of August the parking lots will be properly posted per ABC guidelines pursuant to ACE and other enforcement.

As for the commercial vehicles (party buses, limos, ride share, tour buses), the upcoming PUC training (8/4 at 8 am) and dedicated PUC LAPD vehicle should provide the much needed constant enforcement to ensure the public is transported to the HED and throughout Hollywood safely.

If you can think of anything else to address the nuisance and public safety issues related to the nighttime activities or anything else in the HWD please advise.

By the way, I couldn't have a better partner in crime (reduction) - I couldn't do it without your constant support, guidance, and determination.

Thank you,

Jackie

>>> Jacquelyn Lawson <jacquelyn.lawson@lacity.org> 7/17/2015 2:05 PM >>>
Dear Celina,
Hollywood Hookah is an ongoing problem location in Hollywood. Rather than going into detail it is probably easier to read the attached email from Lt. Baez - who is copied on this email. Yesterday, I spoke with Lt. Baez about scheduling the hookah training and forming a task force to include Vice, EDD, DSVD, and whatever entity or agency that can address the issues raised in the email. What is your availability to do the training and/or meet with Lt. Baez?

Thanks,

>>> ALEX BAEZ 7/17/2015 4:21 AM >>>
Hi Jackie,
Thank you for your insight on the Play House and Hollywood Hookah Lounge today. As we discussed the ongoing crowd control issues are causing crime and traffic issues for us. Tonight Sergeant Vazquez and I met with one of the owners of the Play House Night Club, Tommy Karas. He was very defensive and basically did not acknowledge any crowd control issues with the club. We did discuss crowd control strategies with his security staff. Mr. Karas and the his staff were receptive to advice and promised to implement them. The HED units deployed in the area tonight and wrote 15 parking citations for vehicles parking in front of the night club in the Bus (Red Zone).
At 0200 I personally monitored the flow of patrons exiting the night club and loitering in front of the club. Mr. Kara's assured me that this never happens. I had him meet me in front and he had no excuse for the loitering. His security advised they would continue to work on strategies to address the issue. In addition the Valet service was operating out of the Bus, Red Zone, No Stopping area. We will continue to monitor the club and work with your office and our VICE unit to address these issues.
In addition we met with the management from the Hollywood Hookah Lounge. We entered the establishment and to my surprise the Hollywood Hookah Lounge operates as food, beverage, Wine and Beer establishment with an ABC License. I have attached a copy of their C-U-P and photos of all the food and liquor. I did request VICE units to respond and was advised that we can only cite patrons or the owner but not employees for these Labor Code Violations. Please advise on this for future reference The manager advised us that they are building a patio outside the back area of the lounge in preparation for the renewal of their C-U-P and ABC License, which expires in September of 2015. The manager also advised he would hire more security to help deal with the crowd control issues. I discussed the issue with Lieutenant Dibell from Hollywood VICE and he advised that ABC has not followed up on previous enforcements efforts of the Hookah Lounge. Please advise on how we can address these licensing concerns.
Thank you

Alex

Thanks, Jackie, for all this and for everything! :)

I will attend the Nightclub CPAB meeting on 8/18 at 4 PM. I also invited you to a meeting on 8/6 with Vice to discuss possible CUP/ABC legislation ideas.

For the PUC training on 8/4, do you know if it is happening at Hollywood PD station?

Thanks,

Hey Dan:

Info only but Luminita reached out to our Noise Abatement Unit as well. I have a call into the officer to give him some perspective.

I got your e-mail from the other resident regarding last Friday. Interesting that he keeps talking about gun shots but we have absolutely no calls or reports regarding shootings anytime recently….

Have a great weekend! I will be here as usual.

Dan,

Attached are the Crime Analysis Detail reports on Cashmere. I am still sifting through the reports to eliminate the stuff not related to Cashmere and I am still gathering all the actual reports and scanning them into the computer. I plan on finishing most of it up by the end of the day tomorrow.

If you or the councilman have any questions on these stat runs, please call. I get in at 9am and I should be in the office most of the day.

Jeff

JEFFRY POOLE <36827@lapd.lacity.org> Thu, Sep 3, 2015 at 8:28 PM
To: Daniel Halden <daniel.halden@lacity.org>

Dan,

During the period of January 9, 2014-May 9, 2014, the Vice unit conducted (12) investigations (Including 4 undercover operation) at Cashmere. Those investigation yielded (9) arrests. (4 for Prostitution, 2 for CUP violations, 2 for existing arrest warrants on security guards employed by the club, and one Worker's compensation Insurance violation.

I believe the club then temporarily shut down to "hire new management and correct the violations". They have since re-opened and are only operating (1-2) nights a week. However, we began immediately receiving citizen complaints regarding the noise and the location not acting as a bona fide restaurant (As well as other CUP violations). We began conducting both uniformed and undercover checks of the location. Below is a short list of some of the results.

1/17/14 - Cited for CUP violation
4/4/14 - Cited for CUP violation
4/10/15 - Cited for CUP violation
7/3/15 - Cited for multiple CUP violations
8/14/15 - Observed multiple CUP violations, not cited due to investigation being interrupted by illegal rave club at another location.
8/23/15 - Cited for noise violation

12/1/14 - Battery Investigation of former employee assaulting current employee at the location.
11/26/14 - Rape investigation that was reported to the Berkley Police Department and subsequently forwarded to us.

The management of the club is also in charge of the club at 6364 Hollywood (Cosmo).

The following are just a couple of the occurrences at Club Cosmo.

1/7/15- Various CUP violations were observed, and (2) security guards were cited for not having valid guard cards. In addition, one of the undercover officers was solicited to purchase marijuana, and observed the club goer blatantly attempting to sell narcotics to numerous other patrons.

3/5/15- CUP violation for holding a private party (They are allowed up to 12 per year) without notifying LAPD HWD Vice at least (7) days in advance.

In addition, we recently received information from citizens that the operators of the clubs were holding after hours parties at both clubs. Violating both CUP and ABC conditions. When Lt Dibell confronted them about it, they admitted to having done so, but "promised" to stop.

As I mentioned I should have a more complete list by the end of the day tomorrow, but hopefully this will serve Councilman O'Farrell in the interim.

Feel free to call tomorrow if you have any questions.

Report on Cashmere Club for MOF

1 message

Dan Halden <daniel.halden@lacity.org> Fri, Sep 4, 2015 at 12:05 PM
To: Jeanne Min <jeanne.min@lacity.org>, Tony Arranaga <tony.arranaga@lacity.org>, David Cano <david.cano@lacity.org>, Harout Semerdjian <harout.semerdjian@lacity.org>, Amy Ablakat <amy.ablakat@lacity.org>

Jeanne, Tony, Dave, Harout, Amy:

Looping in you all to the latest on the Cashmere nightclub in Hollywood (6757 Hollywood Blvd, at McCadden). Tony and Amy are already aware but want to bring everyone up to speed.

On 8/22, there was a homicide at Cashmere - a 20 year-old DJ was killed. MOF wants to get out in front of this and wants the club to be shut down. My understanding is that A) Cashmere is in repeated violation of its CUP, among other incidents (see below), but that B) LAPD has a difficult time abating and closing an entity based on CUP violations alone. Often the fine for a CUP violation is so minuscule (a few thousand dollars) compared to what the club makes in a night (tens of thousands of dollars), so they have no incentive to clean up their act or close.

MOF wants to call Michael LoGrande regarding these repeated CUP violations and tell him that he wants this taken seriously, and that he may want to have a **press conference** in front of the club next week, demanding it be shut down. Not sure if that is the route we want to take, but FYI - we can further discuss.

In the meantime, MOF asked me for some stats on Cashmere. I have provided them below. Could someone at City Hall please bring to his attention?

In the meantime, Amy has reached out to the ZA for guidance, and I have spoken to a couple different Deputy City Attorneys. One DCA in particular has stated that she can bring Cashmere to a close quickly by getting LAFD involved. In addition to Michael LoGrande, this may also be worth a call from MOF to Mike Feuer, again letting him know that our office takes this very seriously.

I will be out of the office for the rest of the day but am available on either cell phone; please do not hesitate to call if MOF needs to discuss this info with me directly.

Thank you,

Hi Jeff,

Just tried calling you at the office. Are you able to speak this morning?

Just wanted to confirm the following, based on the below email and the CAD reports you sent over. Please see below and advise:

Cashmere Club - 6757 Hollywood Blvd
1/17/14 - 8/23/15 - 6 CUP violations (possibly more)
4/4/14 - 8/23/15 - 5 arrests at location
10/3/14 - 8/25/15 - 15 calls for service at location
9/19/14 - 7/26/15 - 8 incidents of crime reported at location

Additionally, there was the homicide on 8/22/15 which is **NOT** part of this log.

Log for Hollywood/McCadden
8/14/14 - 8/7/15 - 10 arrests
5/11/14 - 6/5/15 - 10 calls for service
3/11/15 - 1 incident of crime reported

Can you please confirm? I will be heading out in a bit; my personal cell is (323) 383-1327.

Thanks!

August 3, 2016

Dear Councilmember O'Farrell,

As you may already be aware, the Hollywood Property Owners Alliance is presently holding a competition to choose artwork to adorn signal boxes in the Hollywood Entertainment District, which they contract with the City of Los Angeles to administer. As you know, the L.A. Department of Transportation requires your approval for this project to move forward. I am writing to ask you to withhold your consent from the HPOA's plan pending a revision of their stated rules which, regardless of the intent, have the effect of significantly lowering the chance that Latino artists working in some of our most vibrant local traditions will be chosen for this honor.

The problem is that the BID's stated requirements for submissions include the proviso that "NO Cartoon Images or Graffiti work of any kind will be considered."[1] Graffiti art and cartoon styles are associated in L.A. with Latino, especially Mexican-American artists. Work by Los Angeles artists in these genres has brought world renown, not just to the artists themselves, but to our City. Thus it's hard to understand why it's not good enough to appear on the signal boxes of Hollywood. The mystery only deepens when one considers that the HPOA's requirements also state that "Text Art" will be given full consideration, as if Graffiti art were not also "Text Art."

While by no means all Latino artists work in these styles, most of the local artists who do work in these styles are Latino or Latino-influenced. Graffiti art has been a site of contention in Los Angeles for decades. It began to gain some legitimacy during the 1990s, which explains the choice of the beautiful and iconic art by Gilbert Luján which adorns the Hollywood and Vine Red Line Station, work which would not be considered under the guidelines promulgated by the HPOA for their signal box project. Luján, a founding member of famous Los Angeles Chicano art collective Los Four, once said about their eclectic styles, which incorporated both cartoon images and graffiti influences, that:

> The significance of Los Four mirrored the socio-political introspection and concerns of Raza at that time besides providing some iconographic vocabulary to initiate definitions of our ethno-art forms. Our Los Four Xicano contingency ran against some Euro-aesthetic standards of the period.

---

[1] Capitalization in original document.

The point is not that the HPOA is trying intentionally to exclude Latino artists from consideration by requiring art that meets these "Euro-aesthetic standards," but that their requirements will clearly have the effect of limiting the pool of eligible Latinos more than they limit the pool of artists working in other traditions. They also eliminate the possibility that artwork in genres strongly associated with Latinismo will be chosen to represent Hollywood, a neighborhood steeped in centuries of indigenous Latino culture. It seems to me that such effects are unacceptable in twenty-first century multicultural Los Angeles.

I realize that the HPOA's requirements do not contradict LADOT's guidelines for signal box art, but I think that that's more a problem with the guidelines than than an indication that the requirements are acceptable. Thus I urge you to use your influence with the BID to get them to reconsider their rules before granting your approval.

Capt. Zarcone, Lt. Baez, and Jackie:
I am closing out a Public Records request from a gentleman in Hollywood. He has asked for all documents that we have related to Hollywood nightclubs; we are prepared to hand over all pertinent emails and documents from the year 2015.

We want to be sure that we do not release sensitive or confidential information. For example, I consulted with Homicide and they instructed not to include correspondence regarding the investigation into the death of the DJ at Cashmere in August.

I'm attaching some correspondence between myself and Hollywood Vice, as well as myself and Jackie. Some of it pertains to violations and investigations. Can you please let me know if anything should remain confidential and NOT included in this release of documents?

Thank you so much...

Hi Jeff,

Just tried calling you at the office. Are you able to speak this morning?

Just wanted to confirm the following, based on the below email and the CAD reports you sent over. Please see below and advise:

Cashmere Club - 6757 Hollywood Blvd
1/17/14 - 8/23/15 - 6 CUP violations (possibly more)
4/4/14 - 8/23/15 - 5 arrests at location
10/3/14 - 8/25/15 - 15 calls for service at location
9/19/14 - 7/26/15 - 8 incidents of crime reported at location

Additionally, there was the homicide on 8/22/15 which is **NOT** part of this log.

Log for Hollywood/McCadden
8/14/14 - 8/7/15 - 10 arrests
5/11/14 - 6/5/15 - 10 calls for service
3/11/15 - 1 incident of crime reported

Can you please confirm? I will be heading out in a bit; my personal cell is [redacted]

Thanks!

Dan,

During the period of January 9, 2014-May 9, 2014, the Vice unit conducted (12) investigations (Including 4 undercover operation) at Cashmere. Those investigation yielded (9) arrests. (4 for Prostitution, 2 for CUP violations, 2 for existing arrest warrants on security guards employed by the club, and one Worker's compensation Insurance violation.

I believe the club then temporarily shut down to "hire new management and correct the violations". They have since re-opened and are only operating (1-2) nights a week. However, we began immediately receiving citizen complaints regarding the noise and the location not acting as a bona fide restaurant (As well as other CUP violations). We began conducting both uniformed and undercover checks of the location. Below is a short list of some of the results.

1/17/14 - Cited for CUP violation
4/4/14 - Cited for CUP violation
4/10/15 - Cited for CUP violation
7/3/15 - Cited for multiple CUP violations
8/14/15 - Observed multiple CUP violations, not cited due to investigation being interrupted by illegal rave club at another location.
8/23/15 - Cited for noise violation

12/1/14 - Battery Investigation of former employee assaulting current employee at the location.
11/26/14 - Rape investigation that was reported to the Berkley Police Department and subsequently forwarded to us.

The management of the club is also in charge of the club at 6364 Hollywood (Cosmo).

The following are just a couple of the occurrences at Club Cosmo.

1/7/15- Various CUP violations were observed, and (2) security guards were cited for not having valid guard cards. In addition, one of the undercover officers was solicited to purchase marijuana, and observed the club goer blatantly attempting to sell narcotics to numerous other patrons.

3/5/15- CUP violation for holding a private party (They are allowed up to 12 per year) without notifying LAPD HWD Vice at least (7) days in advance.

In addition, we recently received information from citizens that the operators of the clubs were holding after hours parties at both clubs. Violating both CUP and ABC conditions. When Lt Dibell confronted them about it, they admitted to having done so, but "promised" to stop.

As I mentioned I should have a more complete list by the end of the day tomorrow, but hopefully this will serve Councilman O'Farrell in the interim.

Feel free to call tomorrow if you have any questions.

That is correct as far as it goes. As I mentioned on the phone, the only caveat being a few of the arrests can't be directly attributed to the club itself, due to the fact they occurred outside (either in front of or nearby) and not inside the club itself. The rest is accurate for the period from April 2014 to August 2015.

Here is what I have so far from Officer Poole with VICE:

FYI not every arrest can be DIRECTLY attributed to Cashmere specifically but the address IS what is in the log.

Cashmere Club - 6757 Hollywood Blvd
1/17/14 - 8/23/15 - 6 CUP violations (possibly more)
4/4/14 - 8/23/15 - 5 arrests at location
10/3/14 - 8/25/15 - 15 calls for service at location
9/19/14 - 7/26/15 - 8 incidents of crime reported at location

Additionally, there was the homicide on 8/22/15 which is **NOT** part of this log.

Log for Hollywood/McCadden
8/14/14 - 8/7/15 - 10 arrests
5/11/14 - 6/5/15 - 10 calls for service
3/11/15 - 1 incident of crime reported

PS. From LAPD, some additional and more specific details on the nature of the CUP violations:

The violations that were cited for and those that were observed and not cited during the period mentioned included;
1. Issues with line queing
2. Guards without guard cards/Not enough security
3. required signs not posted
4. Private special event w/o prior notification to LAPD
5. No food service
6. Adult Entertainment
7. Using outside promoters
8. Allowing under 21 after 10 pm
9. Disparate cover charge ($10 for females $20 for males)
10. No the correct amount of required seating.

Officers also observed open Marijuana usage within the club and were solicited to purchase marijuana as well.

Fwd: Hollywood Hookah Lounge and the Play House Night Club

6 messages

Jacquelyn Lawson <jacquelyn.lawson@lacity.org> Thu, Jul 23, 2015 at 7:16 AM
To: Daniel Halden <daniel.halden@lacity.org>

Hi Dan,
Since our respective offices continue to coordinate our efforts with LAPD and other law enforcement agencies and city departments, to address the nuisance related to public safety activities in the HED, this summarizes the upcoming events, most of which, I believe you are aware of but just in case, here goes:

Please see the attached email about upcoming nightclub and hookah (tobacco) training and enforcement. When the hookah training is scheduled I will let you know.

On 8/18 at 4 pm, there is a nightclub CPAB. I attended the nightclub CPAB in June and found it worthwhile and plan to attend the next CPAB as well.

Pursuant to our recent nightclub parking lot scoping expedition, hopefully, by the end of August the parking lots will be properly posted per ABC guidelines pursuant to ACE and other enforcement.

As for the commercial vehicles (party buses, limos, ride share, tour buses), the upcoming PUC training (8/4 at 8 am) and dedicated PUC LAPD vehicle should provide the much needed constant enforcement to ensure the public is transported to the HED and throughout Hollywood safely.

If you can think of anything else to address the nuisance and public safety issues related to the nighttime activities or anything else in the HWD please advise.

By the way, I couldn't have a better partner in crime (reduction) - I couldn't do it without your constant support, guidance, and determination.

Thank you,

Jackie

Dear Celina,
Hollywood Hookah is an ongoing problem location in Hollywood. Rather than going into detail it is probably easier to read the attached email from Lt. Baez - who is copied on this email. Yesterday, I spoke with Lt. Baez about scheduling the hookah training and forming a task force to include Vice, EDD, DSVD, and whatever entity or agency that can address the issues raised in the email. What is your availability to do the training and/or meet with Lt. Baez?

Thanks,

Hi Jackie,
Thank you for your insight on the Play House and Hollywood Hookah Lounge today. As we discussed the ongoing crowd control issues are causing crime and traffic issues for us. Tonight Sergeant Vazquez and I met with one of the owners of the Play House Night Club, Tommy Karas. He was very defensive and basically did not acknowledge any crowd control issues with the club. We did discuss crowd control strategies with his security staff. Mr. Karas and the his staff were receptive to advice and promised to implement them. The HED units deployed in the area tonight and wrote 15 parking citations for vehicles parking in front of the night club in the Bus (Red Zone).
At 0200 I personally monitored the flow of patrons exiting the night club and loitering in front of the club. Mr. Kara's assured me that this never happens. I had him meet me in front and he had no excuse for the loitering. His security advised they would continue to work on strategies to address the issue. In addition the Valet service was operating out of the Bus, Red Zone, No Stopping area. We will continue to monitor the club and work with your office and our VICE unit to address these issues.
In addition we met with the management from the Hollywood Hookah Lounge. We entered the establishment and to my surprise the Hollywood Hookah Lounge operates as food, beverage, Wine and Beer establishment with an ABC License. I have attached a copy of their C-U-P and photos of all the food and liquor. I did request VICE units to respond and was advised that we can only cite patrons or the owner but not employees for these Labor Code Violations. Please advise on this for future reference The manager advised us that they are building a patio outside the back area of the lounge in preparation for the renewal of their C-U-P and ABC License, which expires in September of 2015. The manager also advised he would hire more security to help deal with the crowd control issues. I discussed the issue with Lieutenant Dibell from Hollywood VICE and he advised that ABC has not followed up on previous enforcements efforts of the Hookah Lounge. Please advise on how we can address these licensing concerns.
Thank you

Alex

Hey Dan:

Info only but Luminita reached out to our Noise Abatement Unit as well. I have a call into the officer to give him some perspective.

I got your e-mail from the other resident regarding last Friday. Interesting that he keeps talking about gun shots but we have absolutely no calls or reports regarding shootings anytime recently....

Have a great weekend! I will be here as usual.

Dan,

Attached are the Crime Analysis Detail reports on Cashmere. I am still sifting through the reports to eliminate the stuff not related to Cashmere and I am still gathering all the actual reports and scanning them into the computer. I plan on finishing most of it up by the end of the day tomorrow.

If you or the councilman have any questions on these stat runs, please call. I get in at 9am and I should be in the office most of the day.

Jeff

Dan,

Lt. just approved my overtime, I will have some quick numbers for you within the hour on CUP violations, etc. They won't be final numbers, but it should give you some ammo for the councilman to use.

Jeff

To: Daniel Halden <daniel.halden@lacity.org>

Dan,

During the period of January 9, 2014-May 9, 2014, the Vice unit conducted (12) investigations (Including 4 undercover operation) at Cashmere. Those investigation yielded (9) arrests. (4 for Prostitution, 2 for CUP violations, 2 for existing arrest warrants on security guards employed by the club, and one Worker's compensation Insurance violation.

I believe the club then temporarily shut down to "hire new management and correct the violations". They have since re-opened and are only operating (1-2) nights a week. However, we began immediately receiving citizen complaints regarding the noise and the location not acting as a bona fide restaurant (As well as other CUP violations). We began conducting both uniformed and undercover checks of the location. Below is a short list of some of the results.

1/17/14 - Cited for CUP violation
4/4/14 - Cited for CUP violation
4/10/15 - Cited for CUP violation
7/3/15 - Cited for multiple CUP violations
8/14/15 - Observed multiple CUP violations, not cited due to investigation being interrupted by illegal rave club at another location.
8/23/15 - Cited for noise violation

12/1/14 - Battery Investigation of former employee assaulting current employee at the location.
11/26/14 - Rape investigation that was reported to the Berkley Police Department and subsequently forwarded to us.

The management of the club is also in charge of the club at 6364 Hollywood (Cosmo).

The following are just a couple of the occurrences at Club Cosmo.

1/7/15- Various CUP violations were observed, and (2) security guards were cited for not having valid guard cards. In addition, one of the undercover officers was solicited to purchase marijuana, and observed the club goer blatantly attempting to sell narcotics to numerous other patrons.

3/5/15- CUP violation for holding a private party (They are allowed up to 12 per year) without notifying LAPD HWD Vice at least (7) days in advance.

In addition, we recently received information from citizens that the operators of the clubs were holding after hours parties at both clubs. Violating both CUP and ABC conditions. When Lt Dibell confronted them about it, they admitted to having done so, but "promised" to stop.

As I mentioned I should have a more complete list by the end of the day tomorrow, but hopefully this will serve Councilman O'Farrell in the interim.

Feel free to call tomorrow if you have any questions.

Report on Cashmere Club for MOF

1 message

Dan Halden <daniel.halden@lacity.org> Fri, Sep 4, 2015 at 12:05 PM
To: Jeanne Min <jeanne.min@lacity.org>, Tony Arranaga <tony.arranaga@lacity.org>, David Cano <david.cano@lacity.org>, Harout Semerdjian <harout.semerdjian@lacity.org>, Amy Ablakat <amy.ablakat@lacity.org>

Jeanne, Tony, Dave, Harout, Amy:

Looping in you all to the latest on the Cashmere nightclub in Hollywood (6757 Hollywood Blvd, at McCadden). Tony and Amy are already aware but want to bring everyone up to speed.

On 8/22, there was a homicide at Cashmere - a 20 year-old DJ was killed. MOF wants to get out in front of this and wants the club to be shut down. My understanding is that A) Cashmere is in repeated violation of its CUP, among other incidents (see below), but that B) LAPD has a difficult time abating and closing an entity based on CUP violations alone. Often the fine for a CUP violation is so minuscule (a few thousand dollars) compared to what the club makes in a night (tens of thousands of dollars), so they have no incentive to clean up their act or close.

MOF wants to call Michael LoGrande regarding these repeated CUP violations and tell him that he wants this taken seriously, and that he may want to have a **press conference** in front of the club next week, demanding it be shut down. Not sure if that is the route we want to take, but FYI - we can further discuss.

In the meantime, MOF asked me for some stats on Cashmere. I have provided them below. Could someone at City Hall please bring to his attention?

In the meantime, Amy has reached out to the ZA for guidance, and I have spoken to a couple different Deputy City Attorneys. One DCA in particular has stated that she can bring Cashmere to a close quickly by getting LAFD involved. In addition to Michael LoGrande, this may also be worth a call from MOF to Mike Feuer, again letting him know that our office takes this very seriously.

I will be out of the office for the rest of the day but am available on either cell phone; please do not hesitate to call if MOF needs to discuss this info with me directly.

Thank you,

Hi Jeff,

Just tried calling you at the office. Are you able to speak this morning?

Just wanted to confirm the following, based on the below email and the CAD reports you sent over. Please see below and advise:

Cashmere Club - 6757 Hollywood Blvd
1/17/14 - 8/23/15 - 6 CUP violations (possibly more)
4/4/14 - 8/23/15 - 5 arrests at location
10/3/14 - 8/25/15 - 15 calls for service at location
9/19/14 - 7/26/15 - 8 incidents of crime reported at location

Additionally, there was the homicide on 8/22/15 which is **NOT** part of this log.

Log for Hollywood/McCadden
8/14/14 - 8/7/15 - 10 arrests
5/11/14 - 6/5/15 - 10 calls for service
3/11/15 - 1 incident of crime reported

Can you please confirm? I will be heading out in a bit; my personal cell is (323) 383-1327.

Thanks!

Subject: CPRA request (LAATTY.2016.08.11.a)
page3.pdf

Dear Mike,

Marisol Rodriguez at CD13 told me that I should make this request to your office. I assume this means that CD13 has no responsive documents, although she did not state that explicitly.

I'd like to understand how CD13 staff learnt or learn what the procedure for cleaning up homeless encampments is, when to apply it, how to apply it lawfully, how to explain it to constituents and people who aren't constituents but to whom CD13 staff are explaining it anyway, and so on. I imagine this request will encompass memos, emails, chat logs, material stored in GEECS, briefing papers, and so on.

The procedure I'm talking about is the one discussed in the attached email sent by CD13 intern Sean Starkey to Bryan Kim. At this point I'm not so much interested in what the procedure is as I am in how CD13 understands it and how they came to understand it that way.

Thanks,

Adrian

Mr. Kim,

Below is the steps we go through with all homeless encampments. There is not a specific timeline for the process. It all depends on each agency. We do not have an internal report, other than the one I sent you previous on how we address them.

-- Reported to BSS
-- BSS assigns investigator to the site who visually inspects the site
-- BSS contacts LAHSA
-- LAHSA conducts outreach and offers services
-- LAHSA makes second visit
-- LAHSA signs off
-- Public Works signs off
-- Sanitation allocates days to Council Offices
-- Sanitation posts at the site 72 hours prior
-- Council Office coordinates LAPD

Mr. Sean,

Good to speak with you. This is helpful. Can you please forward the policy and procedure documentation along with the timeline for clearing the homeless from the discussed area? Thank you. Do you have an encampment report internally or one for the general public or building owner on what they need to know or can do to alleviate this ongoing issue? Thank you.

LADWP Letterhead

LA CITY COUNCILMEMBER DAVID RYU, LOS ANGELES DEPARTMENT OF WATER & POWER & LA CITY RECREATION & PARKS ANNOUNCE THE RE-OPENING OF RUNYON CANYON PARK ON AUGUST 2, 2016

Water pipeline replacement project completed ahead of schedule and under budget

LOS ANGELES — Fourth District Councilmember David Ryu, the Los Angeles Department of Water and Power (LADWP) and the Department of Recreation and Parks announced today that Runyon Canyon Park will re-open on Tuesday, August 2, 2016, following a water mainline replacement project that was completed under budget.

"After much needed public safety and infrastructure upgrades, the City of Los Angeles is thrilled to reopen one of the City's most highly used and beloved parks. Thanks to the hard work of LADWP, a 90-year-old water pipeline has been replaced and new fire hydrants added, which are crucial to the fire protection of the park, park-goers and nearby residents. We worked closely with the Department of Recreation and Parks and LADWP to shorten the time of the overall project. LADWP finished under budget by $1 million dollars – that is a huge saving for rate payers and the Department of Recreation and Parks was able to add other important upgrades like erosion control and water fountains. Thank you to the community for supporting these efforts and thank you to the Departments for your service," said Councilmember David Ryu.

Runyon Canyon Park was closed in April 2016 for the Runyon Canyon Water System Improvement Project which replaced approximately one mile of six-inch pipe that runs through the park. The project was undertaken to improve the area's fire protection system, reduce the risk of pipe breaks, and improve local water quality. Thanks to the full closure of the park, LADWP was able to perform this complicated work quickly and safely, completing the water main construction ahead of schedule and saving over $1 million for Los Angeles ratepayers.

Construction for the project included the excavation of a trench along the fire road trail, installation of the new pipeline, and backfilling of the trench. The new mainline will benefit LADWP customers by significantly reducing ongoing maintenance and repair costs attributable to leaks and breaks from the 90-year-old pipe it replaces.

"Runyon Canyon Park is a local treasure used by Angelenos and visitors alike," Senior Assistant General Manager Martin Adams said. "The full closure was a temporary inconvenience, but one that will allow us to preserve this LA icon as a safe and enjoyable hiking and recreation destination for years to come."

During the closure, LADWP, the Department of Recreation and Parks, and the office of Councilmember David Ryu worked in concert to conduct much needed park improvements including restoring and paving the Park's fire road trail, installing new drinking fountains, installing new erosion controls, and performing general clean-up and landscape maintenance throughout the Park.

"The Department of Recreation and Parks worked closely with Councilmember Ryu's office and LADWP to execute these improvements at Runyon Canyon Park," said Michael A. Shull, General Manager, Recreation and Parks. "With the completion of this project, we are re-opening Runyon Canyon Park to the community with safer hiking trails and improved erosion control to preserve this popular park for generations to come."

APRIL 2016

LAWSUIT LEADS TO CONSTRUCTION HALT IN RUNYON CANYON PARK

In response to the filing of lawsuit by the firm on behalf of Hollywood Hills neighbors and Runyon Canyon Park users, the City of Los Angeles has halted construction of a basketball court with a private company logo.

City Councilmember David Ryu asked City officials to stop construction after the lawsuit exposed that the project had been approved without proper notice to neighbors, Park users and the Hollywood Hills West Neighborhood Council.

Partner Rob Glushon, who filed the lawsuit on behalf of Citizens Preserving Runyon, commended Ryu for keeping his commitment to ensure transparency and trust in City Hall decisions. The lawsuit stated that the City failed to require environmental review and that the project did not comply with the Park's Master Plan which expressly prohibits sports courts and instead is intended to preserve the natural wilderness area with hiking trails and an off-leash dog park of 136 acres that is enjoyed by 35,000 people each week.

City officials have agreed to conduct a public hearing, with notice, to reconsider the project including a commercial logo.

LADWP finished under budget by $1 million dollars – that is a huge saving for rate payers and the Department of Recreation and Parks was able to add other important upgrades like erosion control and water fountains. Thank you to the community for supporting these efforts and thank you to the Departments for your service." said Councilmember David Ryu.

Runyon Canyon Park was closed in April 2016 for the Runyon Canyon Water System Improvement Project which replaced approximately one mile of six-inch pipe that runs through the park. The project was undertaken to improve the area's fire protection system, reduce the risk of pipe breaks, and improve local water quality. Thanks to the full closure of the park, LADWP was able to perform this complicated work quickly and safely, completing the water main construction ahead of schedule and saving over $1 million for Los Angeles ratepayers.

Construction for the project included the excavation of a trench along the fire road trail, installation of the new pipeline, and backfilling of the trench. The new mainline will benefit LADWP customers by significantly reducing ongoing maintenance and repair costs attributable to leaks and breaks from the 90-year-old pipe it replaces.

"Runyon Canyon Park is a local treasure used by Angelenos and visitors alike," Senior Assistant General Manager Martin Adams said, "The full closure was a temporary inconvenience, but one that will allow us to preserve this LA icon as a safe and enjoyable hiking and recreation destination for years to come."

During the closure, LADWP, the Department of Recreation and Parks, and the office of Councilmember David Ryu worked in concert to conduct much needed park improvements including restoring and paving the Park's fire road trail, installing new drinking fountains, installing new erosion controls, and performing general clean-up and landscape maintenance throughout the Park.

"The Department of Recreation and Parks worked closely with Councilmember Ryu's office and LADWP to execute these improvements at Runyon Canyon Park," said Michael A. Shull, General Manager, Recreation and Parks. "With the completion of this project, we are re-opening Runyon Canyon Park to the community with safer hiking trails and improved erosion control to preserve this popular park for generations to come."

Hi Jeanne,

Here is the one I remember. Let me know if this is the one. Is there anything we should be aware of?

https://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccfi.viewrecord&cfnumber=06-2512

Thank you,

Star
:)

PATH
MAKING IT HOME

CD 13 Team,

Greetings, this was a busy week in CD1 that included requests, maintenance, and outreach (formally called clean up) as well as general outreach and engagements.

CD13 requests were carried out but no actual contact was made.
Silver lake coffee shop on Glendale – white male with the orange sweater
(we spoke with the BOA security guard)
Under the freeway @ Fletcher Dr. – belongings but no one present.
We will continue to try to make contact.

Monday- January 11, 2016

Picked up trash bags from CD13 O'Farrell's office. We made direct contact with a total of 12 people, 4 who were new contacts, encouraged clean up of their area, informed them of the maintenance and engagements effort for Wednesday, provided support, offered services, gave out hygiene kits, and passed out trash bags.

- Team met with 12 people.
- 4 were new contacts
- No CES's were completed, made appointments for engagement next week to provide support and offer services.
- No Veterans

Hoover Underpass

- [redacted] a new contact who was willing to engage with team and agreed to meet with us again next week.
- [redacted] a new contact who was not as willing to engage but team will continue to outreach and engage him.
- [redacted] is a new contact who was engaged and expressed that he would like services but could not do any paperwork today. He agreed to meet with us next week.
- [redacted] made an appointment for next week to go get her TB test.
- Met with a total of 7 people
- One woman refused to give her name but said she would clean up her area, accepted trash bags, and our contact information, but said she didn't want services at this time. Team will continue to outreach and engage with her.
- [redacted] was well engaged and agreed to meet with us again next week for possible services.
- [redacted] was very agitated, team backed off but left him trash bags.
- [redacted] and his encampment is overflowing with trash. Teamed coached him and encouraged him to keep his area clean. He agreed that he would put in the maximum effort to clean up the trash.

Wednesday January 13, 2016

Team participated in the maintenance and engagement, and was requested to come out a second time later in the afternoon to Juanita location. Coordinated with maintenance crew for additional clean up on Friday, due to the trucks being full.

- All others at this location participated in the maintenance clean up.
- Hoover- 6 people, 2 were new contacts
- [redacted] no one was present however encampment was there
- [redacted] no one was present encampment was there
- [redacted] 7 ppl, no new contact (already included in your email below)

Subject: CD13 Weekly Summary

Weekly Summary CD13 February 16-19, 2016

This week was very busy in CD13 . We continued to outreach as many people as possible, and complied with CD13 requests that included Shatto Pl. and Maplewood. Additionally, we participated in the Maintenance and Outreach on Wednesday, and participated in the Homeless Health Care SEW event on Friday.

- **This week we worked with approximately 31 people**
    - Of these, 11 were new contacts

- **The locations that we visited this week,**
    - (7) Hoover
    - (3) Virgil
    - (4) Juanita
    - (2) Oakwood
    - (2) Shatto Pl.
    - (1) Maplewood
    - (1) Griffith Park Adult Center * matched to HHC RR Voucher
    - (4) Madison
    - (4) Alvarado & Wilshire
    - (3) Lafayette Park

- Approximately 8 people may be identified as the most vulnerable clients
- 1 *exceptionally* vulnerable female, connect her to DMH
- 1 pregnant connected to Family Solutions
- **3 seniors,**

  - One connected to Bonnie Brae
  - One connected and transported into PATH Hollywood Shelter, 90 day program
  - One transported and supported with matching to RR Section 8
- **2 special request vulnerable outreach,**
  - one transported to parole, will recommend for DMH outreach
  - one declined services
- 1 was sent to hospital for pneumonia symptoms
- 6 follow up appointments made

Hello CD 13, below is the summary for PATH outreach in CD 13 last week. PATH is contracted to perform 8 hours on Mondays and Wednesdays for a total of 16 hours per week in CD 13.

- This week we worked with approximately 20 people
    - Of these, 17 were new contacts
- From the locations that we visited this week, we identified **Vermont/Hollywood as being the most populated and Lucas/Beverly being the least populated.**
- Approximately 4 people have been identified as being more vulnerable
- 5 people have potential permanent housing referral options.

Special notes and targeted outreach requests

- *The Silverlake underpass encampments*: have all completely relocated to unknown locations due to clean ups.
- *St. John Encampments:* The team continues to consistently outreach a man on St. John who has become known to business owners in the area due to his high amount of "trash" and odorous camp. Although the team has made significant progress engaging this man, he has proven to be very reluctant to engage overall and is on our team's "Long Engagement" and "Most Vulnerable" lists. Although there are other people at this location, these are people who have simply relocated for various reasons from other parts of CD 13. The team is actively working with these other people as well on case management and possible linkage to programs.
- *LA River Bike path encampments:* The team outreach a small encampment on the LA River per the request of Hector, CD 13 field deputy. The team discovered that this was a couple that the team had previously engaged but then lost contact with (so, thank you Hector!!) The team was able to re-engage and are currently working with the couple on case management tasks to link them to appropriate support (including the possibility of Family Solution Center linkage.)

CES

- 1 individual completed a CES assessment
    - C.R. – Score 4

Permanent Housing Referrals, Acceptance, and/or lease Ups.

- B.A. Accepted into Interim housing shelter.
- C.A., S.T., J.S.,K.H., referred to Homeless Healthcare for possible permanent housing opportunities.

Veterans

- 1 Veteran referred to SSVF

Please let us know if you have any questions,

CD13 Weekly Summary 3/21/16-3/25/16

Brianna Conforti <BriannaC@epath.org> Mon, Mar 28, 2016 at 1:31 PM
To: "aram.taslagyan@lacity.org" <aram.taslagyan@lacity.org>, "juan.fregoso@lacity.org" <juan.fregoso@lacity.org>, "mary.d.rodriguez@lacity.org" <mary.d.rodriguez@lacity.org>, "hector.vega@lacity.org" <hector.vega@lacity.org>, "daniel.halden@lacity.org" <daniel.halden@lacity.org>, "marisol.rodriguez@lacity.org" <marisol.rodriguez@lacity.org>
Cc: Darlene Fernandez <DarleneF@epath.org>, Jennifer Mauries <JenniferM@epath.org>, Sandra Provencial <SandraP@epath.org>

Hello CD 13,

Below is the summary for PATH outreach in CD 13 last week. PATH is contracted to perform 8 hours on Mondays and Wednesdays for a total of 16 hours per week in CD 13.

- This week we worked with approximately 11 people
  - Of these, 5 were new contacts
- From the locations that we visited this week, we identified **Coronado Terrace as being the most populated and Lucas/Beverly being the least populated.**
- Approximately 4 people have been identified as being more vulnerable
- 2 people have potential permanent housing referral options.

Special notes and targeted outreach requests

- *Coronado Terrace:* Outreached this encampment at the request of CD13, and encountered 5 residents. Provided case management, offered services and was able to create goals with 3 of the individuals. Of the 5 individuals at this location, 2 are on the most vulnerable list, one senior gentleman with health issues, and one who is difficult to engage due to mental health challenges. # of the individuals have made follow up appointments for Monday to go to DMV to get Identification. The team will continue to engage and work with these individuals with on going case management and goal progression, with hopeful linkage to resources and programs.

- *Maltman Ave:* At the request of CD13 the team explored this area for the man in question. After being unable to locate this person of concern, we engaged with Tracy, the home owner who initially made the request. She informed the team that he has relocated in the last few days, however we were able to give her our direct contact numbers should he come back to the area, and she agreed to call with any updates.
- *LA River Bike path encampments:* The team has been in telephone communication with one of the individuals that we outreached last week. Although they were unable to meet with the team on the scheduled date, they are still in need of services and have agreed to meet next week. Discussed a case management plan with Family Solutions, and they will attempt to do an assessment on the next scheduled appointment.

- *3533 Madera – Atwater Village:* At the request of CD13 the team has not yet made contact with the woman in question at this location. The has this particular location in the calendar for both Monday and Wednesday of next week, to attempt to engage, build rapport, and offer services.

- **CES**

- 1 individual completed a CES assessment-VETERAN SEE BELOW

Veterans

- 1 Veteran completed CES – referred SSVF
  - WJV – score 8

connected. The team is working with this Veteran to connect him with a new VA program that may be better matched for his needs.

Thank you for partnering with PATH. We welcome any comments or questions. Have a great weekend!

Hello CD 13. Below is the summary for PATH outreach in CD 13 this week. PATH is contracted to perform 8 hours on two days a week for a total of 16 hours per week in CD 13. (12 field and 4 administrative.) This week the CD 13 team was out one day due to vacation and illness and completed about 10 hours in the field. Due to many permanent housing appointments happening next week, the team anticipates doing extra hours in the Council District next week.

- This week we worked with approximately 13 people
    - Of these, 10 were new contacts due to new M&O sites.
- Liberty St./Glendale was the most populated and 711 Atwater Village/Madera being the least populated.
- Approximately 5 people have been identified as being more vulnerable.

Special notes and targeted outreach requests

- **M&O Wednesdays.** This included Liberty St., Glendale Blvd., John St. and Beverly/Lucas. Hygiene kits, trash bags, food, water gloves, and shirts were distributed. The gentleman who is usually at Beverly/Lucas Ave was not around. The team will continue to follow-up with this man. One new contact is a confirmed Veteran. (See Veteran notes below.)

- ***3533 Madera – Atwater Village:*** At the request of CD13 the team made contact with M.A. and offered services. She was not directly at this location but was down the street, and so it is actually uncertain if this is the actual requested person to outreach. This woman was well engaged, disclosed to us much of her life history, but declined services. She has been on the streets for over 10 years and does not trust the system. The team will continue to outreach, and build rapport and trust, and offer services and resources.
- ***Beverly/Lucas;*** The team is currently working with several people at this location and is in the process of building rapport and linking them to services.
- ***LA River/ Bike Path;*** The team is currently outreaching and identifying individuals at this location. Several of them have been outreached by the team. However, many have moved their locations and the team was unable to locate and follow up with services/resources until now. The team will continue to outreach this area and identify individuals, and offer services, as well as expand the locations/area for engagement.

Housing opportunities

Two seniors (F.R and L.R.) moved forward this week toward receiving permanent housing vouchers through Homeless Health Care Los Angeles (HHCLA.) Specifically, they will be connected through the Housing Authority of the City of Los Angeles (HACLA) with housing subsidies for seniors. The team continues to help them gather and complete HACLA required documents and, along with workers at HHCLA, are supporting them through their housing appointments.

Veterans

- PATH encountered one Veteran this week. He was recently discharged from VASH but is interested in being re-

Hello,

Below is the weekly summary for PATH outreach in CD13. Please review and let us know if you have any questions.

- This week we worked with approximately **20** people.
    - Of these, **7** were new contacts.
- From the locations that we visited this week, we identified Effie Street and Glendale Blvd. as the most populated.
- Approximately **11** people are the most vulnerable.

Special Notes

- The Team participated in the Maintenance and Outreach (M&O) at three pre-determined outreach locations: **Benton Way Alley, Liberty Street, Effie St./ Glendale Blvd.**

  Other outreach locations that were visited: **John St.**

- 3 people were transported for showers and received hygiene kits with soap and clean shirts.
- The outreach team transported and accompanied 3 individuals to the Hollywood DMV and provided them with DMV vouchers and bus tokens to get back to their encampment location after their appointments. The outreach team also provided case management and support to these three individuals.
- The outreach team completed with 2 individuals Housing Authority of the City of Los Angeles (HACLA) Voucher applications. Transported and accompanied these 2 individuals to HACLA for their Voucher application interviews. The outreach team also provided case management and support to these two individuals.
- The outreach team transported and accompanied 1 individual to Housing Authority for Voucher issuance. The outreach team provided case management and support to this individual.
- The outreach team connected 1 Veteran to the Supportive Services Veterans and Families (SSVF) program and plans on doing a follow-up for services.

CES

No CES's were completed this week.

Housing Authority Voucher Issuance and Application Interviews

- Larry R. – 1518501 Voucher Issuance
- James H. – 1825451 Application Interview With Housing Authority
- Jamond H. –1638737 Application Interview with Housing Authority

Thank you!

Hello everyone,

Below is the revised weekly summary for last week. The team realized that there was a type-o in the amount of hours worked in CD 13. The team completed the minimum 24 hours in CD 13, as reflected by the changes below.

Thank you!

CD13 Weekly Summary

TGIF Friday! This week, the team outreached a total of 20 hours and covered 4 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week we worked with approximately 19 people**
    - Of these, 10 were new contacts
- **LA Riverbed continues to have the most contacts**
    - **-3 currently have potential housing referral options:**
    - **-Of these, 1 will need pet-friendly options**
- **Approximately 7 people may have been identified as the most vulnerable clients**

- **Special notes and request**

o Outreach provided case management and supportive services to 1 person (F.R.) on Friday to the Housing Authority of the City of Los Angeles (HACLA) for his voucher issuance appointment. F.R. has received his section 8 voucher and has started searching for apartments.

o **Special Request** for telephone conference with Mary, Marisol, Jenny, Sandi, Tescia and Brianna to create a plan for LA Riverbed Outreach.

- Mondays- still pass out trash bags in new locations with new areas that are going to be visited during the Wednesday M&O event
- Monday will be LA River outreach focused for two hours
- Wednesdays- M&O, follow-ups
- Fridays- still is a follow-up day

- **CES**

-0 completed

- **Veterans**

-Team has worked with 0 veterans this week

If you have any question, please feel free to reach out.

Hello everyone,

I hope that you all had a wonderful weekend! I wanted to clear up a few things regarding the weekly summary that I sent you on Friday. I noticed that the outreach summary for CD13 was very low in hours. I spoke with the team and cleared up as to why it was so low and wanted to communicate that with you all. The CD13 outreach team was short-staffed on Monday due to illnesses and time off requests, therefore there was no one in the field on that day. The total number of field work hours for last week was 10 hours total. The CD13 outreach team then spent a total of 6 hours completing and catching up on paperwork for their clients in the district.

Below is the updated weekly summary that reflects the above changes:

Hello,

This week, the CD13 outreach team outreached for a total of 10 hours and spent 6 hours completing paperwork for their clients, which totaled 16 hours out of the required 24 hours for the CD13 contract. The CD13 outreach team was not in the field on Monday due to illnesses and time-off requests. Below is our weekly summary, please review.

Happy Friday! This week, the CD13 team outreached a total of 18 hours and spent 6 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week, we worked with approximately 21 people**
  - o Of these, 11 of the 21 contacts were new contacts
- **The LA River continues to have the most contacts, as well as Madison Ave.**
- **4 clients currently have housing vouchers and are in the process of searching for homes:**
  - o Of these, 0 will need pet-friendly options

Approximately 9 people may have been identified as the most vulnerable clients

Special notes and request:

o The outreach team met with 3 people at the LA River and made an appointment for 1 follow-up appointment for next week to complete a CES packet

Events:

- The outreach team spent 3 hours at the LA River on Monday, May 9th
- The outreach team participated in the Wednesday Maintenance & Outreach Event
- The outreach team participated in the Homeless Health Care Event at MacArthur Park on Friday, May 13th
  - o Problem-solved SSI benefits for existing client, J.A.S. and learned that his check is in the mail.
- CES
  - o 4 completed this week
- Veterans

- The outreach team worked with 1 Veterans this week:

  § [redacted] is not a new contact, but completed a CES and the team is referring to SSVF for housing eligibility -- UCI 1906561
